

Unanswered Questions About the VTSU Restructuring

Cuts to Libraries

- What is the cost of moving to a primarily digital library, including initial and ongoing costs?
- Will the digital library be run by a for-profit company?
- Will high school students and other community members be able to access the digital library in the same way they can access the current libraries?
- What will be the net savings (if any) of the switch to a primarily digital library?
- How has the reputation and enrollment of VTSU been hurt by the state and national press regarding this decision?
- How many other in-person institutions have switched to a primarily digital library? What was their experience?

Cuts to Sports

- How many students have already started the transfer process because of the cuts to Sports?
- How many potential students won't apply at the VTSU?
- Do the cuts to Sports disproportionately impact students of color?

Administration Consolidation

- System wide, have there been savings around administrative consolidation this fiscal year?
- System wide, what are the budgeted savings for next fiscal year?

Enrollment

- Given that Vermont has one of the highest high school graduation rates, and one of the lowest post-secondary enrollment rates, what has the VtSU administration done to increase enrollment? Have those efforts been successful?
