# The University of Vermont

## UVM Facilities Funding Sources

## Key Points

- UVM has 5.4 million square feet of space in 280 buildings
- 64% of UVM's buildings were built before 1975 and several were built before 1900
- UVM has made significant investments to address maintenance and repair needs, as well as new construction to replace obsolete buildings
- State capital appropriations were \$2M/year for several years but were reduced to \$1.3 - \$1.5M in recent years (\$1.5M in FY 23)
- **UVM's capital request for FY 24 – FY 25 is \$4.1M**
