The following are the House Rules governing voting in the House

**XI
OF VOTING**

69. The alphabetical roll call shall be called upon any question if demanded by five members.

70. Explanations of votes will be allowed only after the roll call is complete and immediately before the result thereof is announced. Explanations shall be submitted immediately to the Clerk in writing.

71. A division of the House shall be had upon order of the Speaker or upon demand of one member. If the vote be taken by division, a voting member who is unable to stand need not rise to express his or her vote but shall indicate the vote in some other manner.

72. No member or other person may remain by the Clerk's desk when the roll is being called.

73. When a vote is taken, every member present shall vote unless excused by the House; but no member may be compelled to vote who was absent when the question was stated from the Chair.

74. At the conclusion of the call of the roll, the alphabetical roll of the absentees will be called and, subject to Rule 73, members who were absent when their names were first called and who are now present shall then vote. Members not present when their names were called the second time shall not be permitted to vote, except by leave of the House.

75. Members shall not be permitted to vote upon any question in which they are immediately or directly interested.

76. The Speaker shall not be permitted to vote except in cases of elections by ballot, or when the House is equally divided, or when the Speaker's vote, if given to the minority, will make the division equal. In case of an equal division, the question shall be lost.

Rep. Bouricius of Burlington explained his vote as follows:

"Mr. Speaker:

The sponsor of the amendment is correct in pointing out a loop-hole that allows money to be laundered through a party (whether from in-state or out-of-state). But this is better remedied by the Bouricius-Hallowell amendment to be offered subsequently."

Rep. Walker of Brownington explained his vote as follows:

"Mr. Speaker:

I don't think people in Vermont want outsiders running our state any more than they already are."

Rep. Richardson of Weathersfield explained his vote as follows:

"Mr. Speaker:

This bill is for the children of Vermont, children now will be paying for our campaign."

Rep. Young of Orwell explained his vote as follows:

"Mr. Speaker:

I voted no - but I am anxious the next time people complain about the proliferation of yard signs, remind them they are paying for them when next they, or their minor children, file their tax forms."

Rep. Corren of Burlington explained his vote as follows:

"Mr. Speaker:

It is my fervent hope that the good this bill does to make our government represent Vermonters rather than dollars, will itself serve to undo the harm we do with its radically unfair funding scheme."

Rep. Howard of Rutland Town, explained his vote as follows:

"Mr. Speaker:

In five years serving in this assembly, I have never explained my vote, and I wished I did not feel compelled to this evening. I voted in favor of H. 28 because it includes some very good and genuine efforts to reform election financing. However, I did so with great sadness and anguish as I believe this bill tramples on the Constitutional freedoms of speech and the freedom of association. I voted yes despite these beliefs because I am confident and hopeful that the Judiciary branch will reject these aspects of this bill which unintentionally threatens to lock women and non main stream candidates out of the corridors of power."

Rep. Allard of St. Albans Town explained his vote as follows:

"Mr. Speaker:

I voted no to this amendment because I feel we should take the driver off the road, not the car that his or her family depends on for their transportation needs.

Rep. Bristol of Brattleboro explained his vote as follows:

Mr. Speaker:

I voted no. I advocate being tough on people who drive with a suspended license or are revoked in this state.

Driving violation laws need change, but only after thoughtful deliberation, well drafted legislation and comprehensive review.

This amendment does not go far enough and is not comprehensive enough. Therefore, I will cast a yes vote for the people of Brattleboro and our state when a proper bill comes forward.

Rep. Houston of Ferrisburg explained her vote as follows:

"Mr. Speaker:

I voted "yes" as I believe public safety of Vermonters should be the priority of this House."

Rep. LaBarge of Grand Isle explained his vote as follows:

"Mr. Speaker:

I voted yes because as a law maker representing Vermont, I am not willing to see more innocent people die while this body waits to do something.

Rep. Nuovo of Middlebury explained her vote as follows:

"Mr. Speaker:

I voted no. I believe this amendment should be reviewed by the Judiciary committee first."

Rep. Walker of Brownington explained his vote as follows:

"Mr. Speaker: I have a hard time when politics plays with human lives"

Rep. Weiss of Northfield, explained his vote as follows:

"Mr. Speaker:

My vote on H. 213 is made with an understanding of its purported advantages to both labor and management.

I voted "no" based upon the fact that the bill mandates binding arbitration, a process which under law, local governments can invoke with citizen approval."

Rep. Young of Orwell explained his vote as follows:

"Mr. Speaker:

We have a legal obligation to pay the defined benefit retirement to those to which we have made a promise. We talk about a shortfall of \$34,000,000 and the future. The future could be tomorrow. A 10% correction in the stock market would create a \$109,000,000 hole, that unfortunately our children will end up paying, to fill."

Rep. Bouricius of Burlington explained his vote as follows:

"Mr. Speaker:

I voted yes reluctantly. This amendment, as amended by the member from Rockingham, is essentially useless, underfunding our obligation to the pension fund. If any money does go into the fund as a result of this amendment, which I doubt, it will not be until fiscal year 1999! This is the fiscal year 1998 budget. Our underfunding is now, and any increase must be now, as well as in the future. I fear this amendment will serve as a fig leaf for those unwilling to live up to our commitments."

Rep. Corren of Burlington explained his vote as follows:

"Mr. Speaker:

As a sponsor of the original amendment, I consider it, as amended, to be no more than hollow verbiage rather than a genuine fulfilment of our obligation to fund teachers' retirement. It would speculatively add two million dollars in FY99, never coming near to funding our FY98 obligation, at which time, based on its past and current practice, this House is likely to simply underfund teachers retirement by a further two million dollars, to compensate. It may salve the conscience but does nothing to meet our fiscal '98 obligation."

Rep. Zuckerman of Burlington explained his vote as follows:

"Mr. Speaker:

Supporting this amendment, as amended, when the projected rainy day fund in the original budget is \$6.9 million, is pure politics. I fully support the teacher retirement fund as shown by our amendment yesterday. But this is now a facade of support to look good, but in all likelihood it has no substance. This is not good policy and therefore I cannot give it my support."

"Mr. Speaker:

The wife and I had seven children. At no time was abortion a consideration. We are pleased that decision was ours to make."

Rep. Sheltra of Derby explained her vote as follows:

"Mr. Speaker:

In government, it is always easier to think about our part played when looking at a bright, healthy baby; than to take responsibility for our role in supporting the actions that produced the lifeless child which succumbed to an abortion."

Rep. Deen of Westminster explained his vote as follows:

"Mr. Speaker:

I support lowering the sales tax to 5% but this is not a responsible amendment. I choose not to vote to kill education finance reform by supporting this amendment."

Rep. Bouricius of Burlington explained his vote as follows:

"Mr. Speaker:

I support cutting the sales tax as a regressive and unfair tax. But since this amendment creates a hole that it does not refill with an alternate revenue source, it is incomplete and unsupportable. I would need to know whether the sales tax would be replaced with a more regressive tax, such as the property tax, or a more progressive tax, such as the income tax."

Rep. Richardson of Weathersfield explained his vote as follows:

"Mr. Speaker:

This is the way to reduce taxes. It is not devisive, as are other major tax policies we have, and everybody shares in the benefit. It's something like a Gross Receipts Tax in reverse."

H. 527

An act relating to equal educational opportunity
Explanation of votes House Journal 6/12/97

Rep. Alberico of Rutland City explained his vote as follows:

"Mr. Speaker:

I voted yes, although I find the transition time of four years (to the year 2000) to be too long a period!"

Rep. Bourdeau of Hyde Park explained her vote as follows:

"Mr. Speaker:

I voted no. Not one person has asked me to vote for this bill, but alot have asked me not to and alot still want a bill using gross receipts.

Property tax reform that gives a little relief with one hand and puts its other hand in your back pocket to steal back what the first hand just gave you, is not the property tax relief that the people I represent were looking for. This bill is like a majic act. It seems real when you are doing it, but everyone knows it is just a trick. Only the very naive believe otherwise."

Rep. Bouricius of Burlington explained his vote as follows:

"Mr. Speaker:

I voted yes with great disappointment. In its favor this bill substantially, though too slowly and inadequately, improves equity between schools in terms of per pupil spending. Unfortunately, it fails as an attempt at genuine property tax reform, by which I mean reducing reliance on property taxes and substituting taxes that are based on ability to pay such as the income tax. Some, though not most, low income home-owners will actually have to pay higher total taxes under this bill. Most renters will get bigger renter rebates than last year - but still less than they got prior to the cuts of 1991. This does not mark the end of the property tax reform battle. Because of the Governor's and Senate's obstruction, we must return to fight that battle next year and probably beyond."

Rep. Ranney of Castleton explained his vote as follows:

"Mr. Speaker:

- A prescription for the disappearance of economic development and prosperity;
- A prescription for the loss of local government;
- Provides only token short term property tax relief when one considers the net effects of the existing rebate programs and increased general fund taxes which average \$153.00/household.

This bill has too many studies at the tail end, rather than the front end."

Rep. Young of Orwell explained his vote as follows:

"Mr. Speaker:

As treasurer of the town of Orwell, I don't want to be mad at myself

Rep. Steele of Waterbury explained her vote as follows:

"Mr. Speaker:

So be it! It is tragic that this ombudsman for the old, frail and handicapped is voted down today, yet the same people who voted 'No' today - voted 'yes' yesterday for an ombudsman for the under 65 population to help them receive help, services and advocacy for their unmet medical needs. Ironic!

The Assembly of Home Health Agencies supported being taxed to provide ombudsman services for consumers. Ironic not to support their position!

Act 160 stresses the needs for more advocacy for this population. Heaven help anyone of you that God allows to age and has needs of an advocate to support Home Care to get services from Medicaid. Where is quality assurance? Are the elder and handicapped population not entitled to equal protection and advocacy in Vermont?"

Rep. Deen of Westminster explained his vote as follows:

"Mr. Speaker:

In nine years of representing the citizens of Westminster, I have received only one petition. Usually people just talk to me one-on-one about issues that concern them. Yet they felt strongly enough about the powerball issue to send me a petition to vote no on powerball."

Rep. Gray of Barre Town explained his vote as follows:

"Mr. Speaker:

I voted for this amendment to add powerball to H. 542 not for the purpose of having, or not having powerball lottery in Vermont, but so that Governor Dean will veto all of the many increases in fees for licenses and services that this bill will cost Vermonters."

Rep. Milne of Washington explained her vote as follows:

"Mr. Speaker:

Whoever said we legislators have an easy job? We are faced daily with difficult choices. That is what we are here for each of us has to examine our conscience and vote for what we believe is right for the people of this great state. No one of us has all the right answers, especially not me.

In this case, although I applaud and support the goals of this amendment, I felt compelled to vote No because of the funding source."

Rep. Nelson of Ryegate explained her vote as follows:

"Mr. Speaker:

I vote in favor of this amendment only because of my concern for the businesses located in the Connecticut River Valley."

Rep. Sinnott of Bennington explained his vote as follows:

"Mr. Speaker:

I oppose the aerial spraying of herbicides over vast areas of our forests until the impacts can be fully studied. The Fish and Wildlife amendment does this. I do not feel it is appropriate to prohibit any ground spraying at this time since this issue has not been properly studied by the Forest Resources Advisory Council."

Rep. Ranney of Castleton explained his vote as follows:

Mr. Speaker:

I believe it is vitally important that we stop discriminating against the forest products industry insofar as their use of appropriate tools."

Rep. Towne of Berlin explained her vote as follows:

"Mr. Speaker:

I voted yes because it is time to make the point Americans are the best fed people in the world and little appreciate the people who provide this bounty. As our farm numbers decrease the time may come when we regret this constant management of landowners. We do not know what it is to be hungry in this country. Ask the people in France who remember the Nazi occupation of France in WWII. This is why French farmers are treated like the elite and need only to ask for favorable legislation and the government responds in a blink with whatever they want! Landowners in general, and farmers in particular, get a lot of lip service in this body, it does not buy the baby a nightshirt or put food on the table or pay the taxes!"

Rep. Zuckerman of Burlington explained his vote as follows:

"Mr. Speaker:

I vote no on this amendment because farmers have already started this year's monoculture crops and field layouts. While in the long run I do hope these herbicides are barred, it needs to be done over a few years so that the soils and farmers have time to adjust.

We took no testimony on this, it is pure politics to the bill. I believe the next step is to remove herbicides from use on our suburban lawns that are currently being used purely for aesthetics and then over time, as consistent with current state law, we should remove them from all uses."
