An act relating to banning flavored tobacco products and e-liquids.

Was taken up.

The House proposes to the Senate to amend the bill by striking out all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. FINDINGS

The General Assembly finds that:

(1) Tobacco use is costly. Vermont spends more than \$400 million annually to treat tobacco-caused illnesses, including more than \$90 million each year in Medicaid expenses. This translates into a tax burden each year of over \$1,000.00 per Vermont household. Smoking-related productivity losses add another \$576 million in additional costs each year.

(2) Youth tobacco use is growing due to e-cigarettes. Seven percent of Vermont high school students smoke, but if e-cigarette use is included, 28 percent of Vermont youths use some form of tobacco product. More than one in four Vermont high school students now uses e-cigarettes. Use more than doubled among this age group, from 12 percent to 26 percent, between 2017 and 2019.

(3) Menthol cigarette use is more prevalent among persons of color who smoke than among white persons who smoke and is more common among lesbian, gay, bisexual, and transgender smokers than among heterosexual smokers. Eighty-five percent of African American adult smokers use menthol cigarettes, and of Black youths 12–17 years of age who smoke, seven out of 10 use menthol cigarettes. Tobacco industry documents show a concerted effort to target African Americans through specific advertising efforts.

Sec. 2. 7 V.S.A. chapter 40 is amended to read:
