

Hello,

My name is Beth Wilson, a resident of Williston. Our son is 22 and is on the Autism Spectrum with Anxiety disorder and ADHD. He has tried living independently, but he was not successful living on his own and is back home with us. We expect he will always need staff-supported housing. What will happen when we die?? There is no other family.

We support the \$10.82 million for the implementation of the pilot planning grant housing begun by Act 186. We would like to encourage you to support this proposal.

Sincerely,

Beth A. Wilson
