14 consumer with reasonable certainty.

15 (B) “Brokered personal information” does not include publicly
16 available information to the extent that it is related to a consumer’s business or
17 profession.

18 ~~(2)~~(3) “Business” means a commercial entity, including a sole
19 proprietorship, partnership, corporation, association, limited liability company,
20 or other group, however organized and whether or not organized to operate at a

1 license or authorization certificate under the laws of this State, any other state,
2 the United States, or any other country, or the parent, affiliate, or subsidiary of
3 a financial institution, but does not include the State, a State agency, any
4 political subdivision of the State, or a vendor acting solely on behalf of, and at
5 the direction of, the State.

6 ~~(3)~~(4) “Consumer” means an individual residing in this State.

7 ~~(4)~~(5)(A) “Data broker” means a business, or unit or units of a business,
8 separately or together, that knowingly collects and sells or licenses to third
9 parties the brokered personal information of a consumer with whom the
10 business does not have a direct relationship.

11 (B) Examples of a direct relationship with a business include if the

14 business’s goods or services;

15 (ii) employee, contractor, or agent of the business;

17 (iv) donor to the business.

18 (C) The following activities conducted by a business, and the

1 (i) developing or maintaining third-party e-commerce or
2 application platforms;

3 (ii) providing 411 directory assistance or directory information
4 services, including name, address, and telephone number, on behalf of or as a
5 function of a telecommunications carrier;

6 (iii) providing publicly available information related to a
7 consumer’s business or profession; or

8 (iv) providing publicly available information via real-time or near-
9 real-time alert services for health or safety purposes.

10 (D) The phrase “sells or licenses” does not include:

11 (i) a one-time or occasional sale of assets of a business as part of a
12 transfer of control of those assets that is not part of the ordinary conduct of the
13 business; or

14 (ii) a sale or license of data that is merely incidental to the
15 business.

16 ~~(5)(6)~~(A) “Data broker security breach” means an unauthorized
17 acquisition or a reasonable belief of an unauthorized acquisition of more than
18 one element of brokered personal information maintained by a data broker
19 when the brokered personal information is not encrypted, redacted, or
20 protected by another method that renders the information unreadable or
21 unusable by an unauthorized person.

1 (B) “Data broker security breach” does not include good faith but
2 unauthorized acquisition of brokered personal information by an employee or
3 agent of the data broker for a legitimate purpose of the data broker, provided
4 that the brokered personal information is not used for a purpose unrelated to
5 the data broker’s business or subject to further unauthorized disclosure.

6 (C) In determining whether brokered personal information has been
7 acquired or is reasonably believed to have been acquired by a person without
8 valid authorization, a data broker may consider the following factors, among
9 others:

10 (i) indications that the brokered personal information is in the
11 physical possession and control of a person without valid authorization, such
12 as a lost or stolen computer or other device containing brokered personal
13 information;

14 (ii) indications that the brokered personal information has been
15 downloaded or copied;

16 (iii) indications that the brokered personal information was used

3 universities, privately and publicly held corporations, limited liability
4 companies, financial institutions, and retail operators.

5 (8) “De-identified data means data that cannot reasonably be used to
6 infer information about, or otherwise be linked to, an identified or identifiable
7 individual, or to a device linked to the individual, if the data collector or data
8 broker that possesses the data:

9 (A) takes reasonable measures to ensure that the data cannot be
10 associated with an individual;

11 (B) publicly commits to process the data in a de-identified fashion
12 and not attempt to re-identify the data; and

13 (C) contractually obligates a recipient of the data to satisfy the
14 criteria established in subdivisions (8)(A) and (B) of this section.

15 ~~(7)~~(9) “Encryption” means use of an algorithmic process to transform
16 data into a form in which the data is rendered unreadable or unusable without
17 use of a confidential process or key.

18 (10) “Identified or identifiable individual” means an individual who can
19 be readily identified, directly or indirectly.

20 ~~(8)~~(11) “License” means a grant of access to, or distribution of, data by
21 one person to another in exchange for consideration. A use of data for the sole

2 use of the data, is not a license.

3 ~~(9)~~(12) “Login credentials” means a consumer’s user name or e-mail
4 address, in combination with a password or an answer to a security question,
5 that together permit access to an online account.

6 ~~(10)~~(13)(A) “Personally identifiable information” means a consumer’s
7 first name or first initial and last name in combination with one or more of the
8 following digital data elements, when the data elements are not encrypted,
9 redacted, or protected by another method that renders them unreadable or
10 unusable by unauthorized persons:

11 (i) a Social Security number;

12 (ii) a driver license or nondriver State identification card number,
13 individual taxpayer identification number, passport number, military
14 identification card number, or other identification number that originates from
15 a government identification document that is commonly used to verify identity
16 for a commercial transaction;

17 (iii) a financial account number or credit or debit card number, if
18 the number could be used without additional identifying information, access
19 codes, or passwords;

20 (iv) a password, personal identification number, or other access
21 code for a financial account;

1 (v) ~~unique biometric data generated from measurements or~~
2 ~~technical analysis of human body characteristics used by the owner or licensee~~

13 available information that is lawfully made available to the general public from
14 federal, State, or local government records.

15 (14) “Personal information” means any information that identifies,
16 relates to, describes, or is capable of being associated with a particular
17 consumer, and includes personally identifiable information, brokered personal
18 information, login credentials, and covered information as defined in the
19 Health Insurance Portability and Accountability Act of 1996.

20 (15) “Predictive analytics” means any form of automated processing of
21 personal information to evaluate, analyze, or predict personal aspects

1 concerning an identified or identifiable individual’s economic situation, health,

4 performed, whether by manual or automated means, on personal information
5 or on sets of personal information, including the collection, use, storage,
6 disclosure, analysis, deletion, or modification of personal information.

7 (17) “Publicly available information” means information that:

8 (A) is lawfully made available through federal, state, or municipal
9 government records or widely-distributed media; and

10 (B) a data collector or a data broker has a reasonable basis to believe
11 a consumer has lawfully made available to the general public.

12 ~~(11)~~(18) “Record” means any material on which written, drawn, spoken,
13 visual, or electromagnetic information is recorded or preserved, regardless of
14 physical form or characteristics.

15 ~~(12)~~(19) “Redaction” means the rendering of data so that the data are
16 unreadable or are truncated so that no more than the last four digits of the
17 identification number are accessible as part of the data.

18 ~~(13)~~(20)(A) “Security breach” means unauthorized acquisition of
19 electronic data, or a reasonable belief of an unauthorized acquisition of
20 electronic data, that compromises the security, confidentiality, or integrity of a

1 consumer’s personally identifiable information or login credentials maintained
2 by a data collector.

3 (B) “Security breach” does not include good faith but unauthorized
4 acquisition of personally identifiable information or login credentials by an
5 employee or agent of the data collector for a legitimate purpose of the data
6 collector, provided that the personally identifiable information or login
7 credentials are not used for a purpose unrelated to the data collector’s business
8 or subject to further unauthorized disclosure.

9 (C) In determining whether personally identifiable information or
10 login credentials have been acquired or is reasonably believed to have been
11 acquired by a person without valid authorization, a data collector may consider
12 the following factors, among others:

13 (i) indications that the information is in the physical possession
14 and control of a person without valid authorization, such as a lost or stolen
15 computer or other device containing information;

16 (ii) indications that the information has been downloaded or
17 copied;

18 (iii) indications that the information was used by an unauthorized
19 person, such as fraudulent accounts opened or instances of identity theft
20 reported; or

21 (iv) that the information has been made public.

1 The provisions of this chapter apply to a person that conducts business in
2 this State or that produce products or services that are targeted to residents of
3 this State.

4 § 2433. GENERAL REQUIREMENTS FOR COLLECTION AND USE OF
5 DATA

6 (a) Data minimization. A data collector’s collection, use, retention, and
7 sharing of personal information shall be reasonably necessary and
8 proportionate to achieve the purposes for which the personal information was
9 collected or processed.

10 (b) Duties.

11 (1) A data collector that controls the collection of a consumer’s personal
12 information shall, at or before the point of collection, inform the consumers of
13 the categories of personal information to be collected and the purposes for
14 which the categories of personal information are collected or used and whether
15 that information is sold or shared.

16 (2) A data collector that obtains personal information from a consumer
17 shall not use that information for an additional purpose that is inconsistent with
18 the purpose for which it was initially collected without providing the consumer
19 notice consistent with this subsection.

21 determine the initial purpose, notice, or consent described in this subsection.

1 (c) Non-discrimination. A data collector shall not discriminate against a
2 consumer for exercising a right provided in subsection (e) of this section,
3 including denying goods or services, charging different prices or rates for
4 goods or services, or providing a different level of quality of goods or services
5 to the consumer.

6 (d) Rights of consumers. A consumer shall have the right to:

7 (1) confirm whether a data collector or data broker is processing the
8 consumer's personal information and to access the consumer's personal
9 information, unless the confirmation or access would require the data collector
10 or data broker to reveal a trade secret;

11 (2) correct inaccuracies in the consumer's personal information, taking
12 into account the nature of the personal information and the purposes of the
13 processing of the consumer's personal information;

14 (3) delete personal information provided by, or obtained about, the
15 consumer;

16 (4) obtain a copy of the consumer's personal information processed by a
17 data collector, in a portable and, to the extent technically feasible, readily
18 usable format that allows the consumer to transmit the data to another data
19 collector without hindrance, where the processing is carried out by automated
20 means, provided such data collector shall not be required to reveal any trade
21 secret; and

1 (5) opt out of the processing of the personal information for purposes of
2 targeted advertising, the sale of personal information, or profiling in
3 furtherance of solely automated decisions that produce legal or similarly
4 significant effects concerning the consumer.

5 (e) Do not track.

6 (1) On or after July 1, 2023, a data collector that processes for purposes
7 of targeted advertising, predictive analytics, tracking, or the sale of personal
8 information or that is a data broker shall allow consumers to exercise the right
9 to opt out of the processing of personal information concerning the consumer
10 for purposes of targeted advertising, predictive analytics, tracking, or the sale
11 of personal information through a user-selected universal opt-out mechanism.

12 (2)(A) A consumer may designate another person to serve as the
13 consumer's authorized agent, and act on the consumer's behalf, to opt out of the
14 processing of the consumer's personal data for one or more of the purposes
15 specified in subdivision (1) of this subsection.

16 (B) The consumer may designate an authorized agent by one or more
17 methods, including an Internet link or a browser setting, browser extension, or
18 global device setting, indicating the consumer's intent to opt out of processing.

19 (C) A data collector or data broker shall comply with an opt out
20 request received from an authorized agent if the data collector or data broker is

1 able to verify, with commercially reasonable effort, the identity of the
2 consumer and the authorized agent's authority to act on the consumer's behalf.

3 (f) Exemptions. Nothing in this section shall be construed to restrict a data
4 collector or data broker's ability to:

5 (1) comply with federal, state, or municipal law;

6 (2) comply with a civil, criminal, or regulatory inquiry, investigation,
7 subpoena, or summons by federal, state, municipal or other governmental
8 authorities;

9 (3) cooperate with law enforcement agencies concerning conduct or
10 activity that the data collector or data broker reasonably and in good faith
11 believes may violate federal, state, or municipal law;

13 (5) provide a product or service specifically requested by a consumer;

14 (6) perform under a contract to which a consumer is a party, including
15 fulfilling the terms of a written warranty;

16 (7) take steps at the request of a consumer prior to entering into a
17 contract;

18 (8) take immediate steps to protect an interest that is essential for the life
19 or physical safety of the consumer or another individual, and where the
20 processing cannot be manifestly based on another legal basis;

1 (9) prevent, detect, protect against, or respond to security incidents,
2 identity theft, fraud, harassment, malicious or deceptive activities, or any
3 illegal activity; preserve the integrity or security of systems; or investigate,
4 report, or prosecute those responsible for any such action;

5 (10) engage in public or peer-reviewed scientific or statistical research
6 in the public interest that adheres to all other applicable ethics and privacy
7 laws;

8 (11) assist another data collector, data broker, or third party with any of
9 the obligations under this section; or

10 (12) process personal information for reasons of public interest in the
11 area of public health, community health or population health, but solely to the
12 extent that such processing is:

13 (A) subject to suitable and specific measures to safeguard the rights
14 of the consumer whose personal information is being processed; and

15 (B) under the responsibility of a professional subject to
16 confidentiality obligations under federal, state, or local law.

18 following purposes or laws, as may be amended from time to time:

17 * * *

18 § 2436. NOTICE OF DATA BROKER SECURITY BREACH

19 (a) Short title. This section shall be known as the Data Broker Security
20 Breach Notice Act.

21 (b) Notice of breach.

1 (1) Except as otherwise provided in subsection (d) of this section, any
2 data broker shall notify the consumer that there has been a data broker security
3 breach following discovery or notification to the data broker of the breach.
4 Notice of the security breach shall be made in the most expedient time possible
5 and without unreasonable delay, but not later than 45 days after the discovery
6 or notification, consistent with the legitimate needs of the law enforcement
7 agency, as provided in subdivisions (3) and (4) of this subsection, or with any
8 measures necessary to determine the scope of the security breach and restore
9 the reasonable integrity, security, and confidentiality of the data system.

10 (2) A data broker shall provide notice of a breach to the Attorney
11 General as follows:

12 (A)(i) The data broker shall notify the Attorney General of the date of
13 the security breach and the date of discovery of the breach and shall provide a
14 preliminary description of the breach within 14 business days, consistent with
15 the legitimate needs of the law enforcement agency, as provided in subdivision
16 (3) and subdivision (4) of this subsection (b), after the data broker’s discovery
17 of the security breach or when the data broker provides notice to consumers
18 pursuant to this section, whichever is sooner.

19 (ii) If the date of the breach is unknown at the time notice is sent
20 to the Attorney General, the data broker shall send the Attorney General the
21 date of the breach as soon as it is known.

1 (iii) Unless otherwise ordered by a court of this State for good
2 cause shown, a notice provided under this subdivision (2)(A) shall not be
3 disclosed to any person other than the authorized agent or representative of the
4 Attorney General, a State’s Attorney, or another law enforcement officer
5 engaged in legitimate law enforcement activities without the consent of the
6 data broker.

7 (B)(i) When the data broker provides notice of the breach pursuant to
8 subdivision (1) of this subsection (b), the data broker shall notify the Attorney
9 General of the number of Vermont consumers affected, if known to the data
10 broker, and shall provide a copy of the notice provided to consumers under
11 subdivision (1) of this subsection (b).

12 (ii) The data broker may send to the Attorney General a second
13 copy of the consumer notice, from which is redacted the type of brokered
14 personal information that was subject to the breach, that the Attorney General
15 shall use for any public disclosure of the breach.

16 (3) The notice to a consumer required by this subsection shall be
17 delayed upon request of a law enforcement agency. A law enforcement agency
18 may request the delay if it believes that notification may impede a law
19 enforcement investigation or a national or Homeland Security investigation or
20 jeopardize public safety or national or Homeland Security interests. In the
21 event law enforcement makes the request for a delay in a manner other than in

1 writing, the data broker shall document such request contemporaneously in
2 writing and include the name of the law enforcement officer making the
3 request and the officer’s law enforcement agency engaged in the investigation.
4 A law enforcement agency shall promptly notify the data broker in writing
5 when the law enforcement agency no longer believes that notification may
6 impede a law enforcement investigation or a national or Homeland Security
7 investigation, or jeopardize public safety or national or Homeland Security
8 interests. The data broker shall provide notice required by this section without
9 unreasonable delay upon receipt of a written communication, which includes
10 facsimile or electronic communication, from the law enforcement agency
11 withdrawing its request for delay.

12 (4) The notice to a consumer required in subdivision (1) of this
13 subsection shall be clear and conspicuous. A notice to a consumer of a
14 security breach involving brokered personal information shall include a
15 description of each of the following, if known to the data broker:

16 (A) the incident in general terms;

17 (B) the type of brokered personal information that was subject to the
18 security breach;

19 (C) the general acts of the data broker to protect the brokered
20 personal information from further security breach;

1 (D) a telephone number, toll-free if available, that the consumer may
2 call for further information and assistance;

3 (E) advice that directs the consumer to remain vigilant by reviewing
4 account statements and monitoring free credit reports; and

5 (F) the approximate date of the data broker security breach.

6 (5) A data broker may provide notice of a security breach involving
7 brokered personal information to a consumer by one or more of the following
8 methods:

9 (A) written notice mailed to the consumer’s residence;

10 (B) electronic notice, for those consumers for whom the data broker
11 has a valid e-mail address, if:

12 (i) the data broker’s primary method of communication with the
13 consumer is by electronic means, the electronic notice does not request or
14 contain a hypertext link to a request that the consumer provide personal
15 information, and the electronic notice conspicuously warns consumers not to
16 provide personal information in response to electronic communications
17 regarding security breaches; or

18 (ii) the notice is consistent with the provisions regarding electronic
19 records and signatures for notices in 15 U.S.C. § 7001; or

20 (C) telephonic notice, provided that telephonic contact is made
21 directly with each affected consumer and not through a prerecorded message.

1 (c) Exception.

2 (1) Notice of a security breach pursuant to subsection (b) of this section
3 is not required if the data broker establishes that misuse of brokered personal
4 information is not reasonably possible and the data broker provides notice of
5 the determination that the misuse of the brokered personal information is not
6 reasonably possible pursuant to the requirements of this subsection. If the data
7 broker establishes that misuse of the brokered personal information is not
8 reasonably possible, the data broker shall provide notice of its determination
9 that misuse of the brokered personal information is not reasonably possible and
10 a detailed explanation for said determination to the Vermont Attorney General.
11 The data broker may designate its notice and detailed explanation to the
12 Vermont Attorney General as a trade secret if the notice and detailed
13 explanation meet the definition of trade secret contained in 1 V.S.A. §
14 317(c)(9).

15 (2) If a data broker established that misuse of brokered personal
16 information was not reasonably possible under subdivision (1) of this
17 subsection and subsequently obtains facts indicating that misuse of the
18 brokered personal information has occurred or is occurring, the data broker
19 shall provide notice of the security breach pursuant to subsection (b) of this
20 section.

1 (d) Waiver. Any waiver of the provisions of this subchapter is contrary to
2 public policy and is void and unenforceable.
