

Better Places

Empowering Vermonters to Create Vibrant Public Places

Community Planning + Revitalization

The CP+R team uses a collaborative, **place-based approach** to land-use planning and community development that **empowers state and local leaders** to plan for and build **vibrant, inclusive, and resilient** downtowns, villages, and neighborhoods.

3

Wrap up and Q&A

Conclusion and Q&A

Co-Created and Collective Action

The Better Places program was **co-developed and co-created** by the Vermont Department of Housing and Community Development in partnership with:

- The Vermont Legislature (led by the House Commerce Committee)
- The Vermont Community Foundation
- Vermont Department of Health
- Patronicity

Better Places relies on the expertise and **generous support** of the Better Places Partners which include:

- Vermont Arts Council
- AARP Vermont
- Local Motion
- Preservation Trust of Vermont
- National Life Group Foundation
- Vermont Agency of Transportation
- Vermont Agency of Agriculture, Food, and Markets.

Special thanks to all the local placemakers across the state doing this important work and for the Vermont Legislature and Governor Phil Scott for supporting the Better Places program.

Program Overview

Better Places is a community matching grant program empowering Vermonters to **create inclusive and vibrant public places** serving Vermont's [designated downtowns, village centers, new town centers, or neighborhood development areas](#).

The Better Places program provides one-on-one project coaching, local fundraising support, and two to one (2:1) matching **grants ranging from \$5,000 to \$40,000** to make your community-led placemaking ideas happen.

Inclusion and Equity as a CORE VALUE

The Better Places partners believe that all Vermonters deserve access to vibrant and welcoming public places in their lives and communities. We are **committed to lifting up placemaking projects, policies, and practices which contribute to social and racial equity for a more just, inclusive, and equitable Vermont.**

Program Details

What?

Better Places grants support **community-led projects that create, revitalize, or activate public spaces**, that bring people together to build welcoming and thriving communities across Vermont. All projects must be open to and accessible to all people, with no charge of admission.

Program Details

Who?

Municipalities, local community groups, and nonprofit entities with municipal support may apply. Nonprofits and community-based organizations must have permission from the property owners (municipality or private owner) where the project is proposed. Community groups must use a fiscal sponsor and abide by Vermont Community Foundation's [fiscal sponsor agreement](#).

Program Details

Where?

Projects must be located in, connected to, or in direct safe walking distance to a state **designated downtowns, village centers, new town centers, or neighborhood development areas**. Projects must have proper site control secured prior to applying to ensure permission to use (or improve) the space. To determine if your community has a state designation, visit the [Vermont Planning Atlas](#).

Program Details

When?

Applications will be accepted on a rolling basis while funding is available. There is no application deadline. Projects must be completed within one year of executed grant agreement.

Program Details

How?

The Better Places program will support local crowdfunded placemaking projects **through a two-to-one (2:1) match, providing grants from \$5,000 to \$40,000.** Better Places grants will support both permanent and temporary projects that create, revitalize, or activate a public space. However, public space activations and programming, events, music and cultural performances, temporary improvements, and demonstration projects are limited to a maximum grant award of \$10,000.

What is Crowdfunding?

Crowdfunding is the process of gathering a community to provide financial support for a project within a set period of time.

What is Crowdgranting?

This powerful model combines the power of a grant with the power of crowdfunding!

The **COMMUNITY**
crowdfunds
\$15,000

The **SPONSOR or GRANTOR**
awards a matching grant of
\$30,000

The **TOTAL INVESTMENT**
in the community is
\$45,000

Crowdfunding Process and Support

Running your own crowdfunding campaign may seem daunting, but we will be there to support you every step of the way! We provide:

"[E]veryone who donated really feels like they are a part of the project, and are incredibly emotionally invested in it. It remains a vibrant symbol of pride and inspiration of what we the citizens of Vermont can accomplish together if we combine our talents and resources! The completion of this large, multi-tiered public art project has exceeded my high expectations for civic engagement and placemaking. We successfully worked together to transform a neglected public space into something everyone is proud of and thankful for, I see visitors taking pictures of the mural throughout the day, I hear other citizens express their inspirations as to how this work can continue to improve other spaces. It has created economic opportunities for the artists to paint other projects. I have seen elected officials who were at first skeptical, begin enthusiastically documenting the progress of the mural and cheer us on. Through the scope of the project the artists themselves built lasting friendships across cultures and plan to work together again in the future. This beautiful and inspiring success really could not have been possible without the matching support of Better Places."
