2 Date:

3 Subject: Education; approved independent schools; tuition

4 Statement of purpose of bill as introduced: This bill proposes to require  
5 approved independent schools to meet specific requirements in order to be  
6 approved as eligible to receive public tuition, including (1) agreeing to enroll  
7 any student who requires special education services under specific  
8 circumstances; (2) accreditation by specific school accreditation organizations;  
9 (3) agreeing to report attendance, enrollment changes, State-mandated  
10 assessment results, and student performance data to a tuitioned student's local  
11 education agency; (4) agreeing to adopt and implement policies and procedures  
12 to comply with the Vermont Public Accommodations Act and the Vermont  
13 Fair Employment Practices Act; (5) maintaining an open enrollment process  
14 for publicly tuitioned students; (6) maintaining a tuition rate for publicly  
15 tuitioned students that is the same as or lower than the tuition rate for private  
16 payer students; and (7) attesting to compliance with all laws and rules  
17 applicable to approved independent schools. The bill also proposes to make  
18 conforming changes throughout Title 16 based on these new requirements, as  
19 well as establishes a moratorium on the approval of new initial applications for  
20 approved independent schools.

1 An act relating to the eligibility of approved independent schools to receive  
2 public tuition

3 It is hereby enacted by the General Assembly of the State of Vermont:

4 \* \* \* Findings \* \* \*

5 Sec. 1. FINDINGS AND PURPOSE

6 (a) The Vermont Constitution provides that “a competent number of  
7 schools ought to be maintained in each town unless the general assembly  
8 permits other provisions for the convenient instruction of youth.” VT Const.  
9 Ch II, § 68. Interpreting this provision in Brigham v. State, 692 A.2d 384  
10 (1997), the Vermont Supreme Court stated that “[t]he state may delegate to  
11 local towns and cities the authority to finance and administer the schools  
12 within their borders; it cannot, however, abdicate the basic responsibility for  
13 education by passing it on to local governments, which are themselves  
14 creations of the state.” Id. at 395.

15 (b) From this, it is evident that the State has a constitutional obligation to  
16 provide public education to its youth. Many Vermont school districts operate  
17 schools, but others do not. Vermont is a relatively sparsely populated and  
18 mountainous state that has made the operation of public schools unviable in  
19 certain regions of the State. Students who live in these regions do not have the  
20 choice of enrolling in a public school in their district; their only choice is to  
21 enroll in a public school operated by another school district or an independent  
22 school or to be homeschooled.

1        (c) Therefore, in order to fulfill its constitutional requirement to provide  
2        public education to its youth, the State permits school districts that do not  
3        operate schools (nonoperating school districts) to use public funds to send their  
4        resident youth to public schools operated by other school districts or to certain  
5        independent schools.

6        (d) In 2020, the Office of the Vermont State Auditor authored a report  
7        comparing the statutes and rules applicable to public schools in Vermont to the  
8        statutes and rules applicable to Vermont’s independent schools. In a letter  
9        dated December 17, 2020, the Secretary of Education provided comments on a  
10       draft of the Auditor’s report. In his closing, the Secretary stated, “This  
11       evolution in education policy has taken place in the absence of a single,  
12       coherent design for the system as a whole. The resulting differences  
13       highlighted in this report should not come as a surprise. They should, along  
14       with all education statutes and regulations, be examined to determine whether  
15       the current framework makes sense, and whether it enables the state to provide  
16       all students equal access to a high-quality education.”

17       (e) Statistic: amount of public funds to independent schools.

19       Sec. 2. 16 V.S.A. § 166 is amended to read:

20       § 166. APPROVED AND RECOGNIZED INDEPENDENT SCHOOLS

1 (a) Authority. An independent school may operate and provide elementary  
2 education or secondary education if it is either approved or recognized as set  
3 forth in this section.

4 (b) Approved independent schools. On application, the State Board shall  
5 approve an independent school that offers elementary or secondary education  
6 if it finds, after opportunity for hearing, that the school provides a minimum  
7 course of study pursuant to section 906 of this title and that it substantially  
8 complies with all statutory requirements for approved independent schools and  
9 the Board's rules for approved independent schools. ~~An independent school  
10 that intends to accept public tuition shall be approved by the State Board only  
11 on the condition that the school agrees, notwithstanding any provision of law  
12 to the contrary, to enroll any student who requires special education services  
13 and who is placed in or referred to the approved independent school as an  
14 appropriate placement and least restrictive environment for the student by the  
15 student's individualized education program team or by the local education  
16 agency; provided, however, that this requirement shall not apply to an  
17 independent school that limits enrollment to students who are on an  
18 individualized education program or a plan under Section 504 of the  
19 Rehabilitation Act of 1973, 29 U.S.C. § 794, and who are enrolled pursuant to  
20 a written agreement between the local education agency and the school. Except  
21 as provided in subdivision (6) of this subsection, the Board's rules must at~~

1 minimum require that the school have the resources required to meet its stated  
2 objectives, including financial capacity, faculty who are qualified by training  
3 and experience in the areas in which they are assigned, and physical facilities  
4 and special services that are in accordance with any State or federal law or  
5 regulation. Approval may be granted without State Board evaluation in the  
6 case of any school accredited by a private, State, or regional agency recognized  
7 by the State Board for accrediting purposes, provided that the State Board shall  
8 determine that the school complies with all student enrollment provisions  
9 required by law.

10 \* \* \*

11 (5) The State Board may revoke, suspend, or impose conditions upon  
12 the approval of an approved independent school, after having provided an  
13 opportunity for a hearing, for substantial failure to comply with the minimum  
14 course of study, for failure to demonstrate that the school has the resources  
15 required to meet its stated objectives, for failure to comply with statutory  
16 requirements or the Board’s rules for approved independent schools, or for  
17 failure to report under subdivision (4) of this subsection (b). Upon that  
18 revocation or suspension, students required to attend school who are enrolled  
19 in that school shall become truant unless they enroll in a public school, an  
20 approved or recognized independent school, or a home study program.

21 \* \* \*

1           (9)(A) An approved independent school that intends to accept public  
2           tuition shall be approved by the State Board as eligible to receive public tuition  
3           only on the condition that the school complies with the following  
4           requirements; provided, however, that this subdivision (9) shall not apply to  
5           therapeutic approved independent schools as defined in subdivision 11(36) of  
6           this title:

7                   (i) the school agrees, notwithstanding any provision of law to the  
8                   contrary, to enroll any student who requires special education services and who  
9                   is placed in or referred to the approved independent school as an appropriate  
10                  placement and least restrictive environment for the student by the student’s  
11                  individualized education program team or by the local education agency;

12                   (ii) the school is accredited by the Association of Independent  
13                  Schools in New England or the New England Association of Schools and  
14                  Colleges;

15                   (iii) the school agrees to provide local education agencies with an  
16                  attendance report for students attending the school on public tuition at an  
17                  interval determined by and in a format approved by the Agency;

18                   (iv) the school agrees to provide local education agencies with a  
19                  report of the academic progress of students attending the school on public  
20                  tuition at an interval determined by and in a format approved by the Agency;

1                   (v) the school agrees to provide local education agencies with a  
2                   report of any enrollment change for students attending the school on public  
3                   tuition, including withdrawals, suspensions, or expulsions, provided that the  
4                   school shall notify a local education agency the same school day if the school  
5                   is considering expelling a publicly tuitioned student;

6                   (vi) the school has adopted and implemented policies and  
7                   procedures to comply with the Vermont Public Accommodations Act,  
8                   9 V.S.A. chapter 139 and the Vermont Fair Employment Practices Act,  
9                   21 V.S.A. chapter 5, subchapter 6;

10                   (vii) the school agrees not to use an admissions process for  
11                   publicly tuitioned students that includes interviews, entrance exams, academic  
12                   history, required campus visits, or consideration of ability to pay for any costs  
13                   or fees, provided that:

14                   (I) the school may set a capacity limit on the number of  
15                   publicly tuitioned students the school will accept; and

16                   (II) the school shall establish a nondiscriminatory selection  
17                   process, such as a lottery, when the number of publicly tuitioned student

20                   assessments of students on public tuition to the Agency of Education, which

1 shall publish the results on its website in a manner consistent with the  
2 publication of the same results for public school students;

3 (ix) the school’s tuition rate for publicly tuitioned students shall be  
4 the same as or lower than the tuition rate for private payer students and both  
5 tuition rates shall be published on the school’s website and reported to the  
6 Agency of Education annually;

7 (x) publicly tuitioned students shall not be charged an application  
8 fee, **an academic fee, or any other fees for academic materials**; and

12 approved independent schools, on a form created by the Agency, including  
13 documentation of the following:

17 Vermont Fair Employment Practices Act, 21 V.S.A. chapter 5, subchapter 6;

6       V.S.A. § 166(b)(A)(9)(vi).

7       (c) Report. In conjunction with developing the compliance attestation form  
8       under subsection (b) of this section, the Agency shall review all laws, rules,  
9       quality standards, reporting requirements, and required policies applicable to  
10       public schools and make a written recommendation to the House and Senate  
11       Committees on Education regarding whether any public school requirements  
12       not already applicable should also apply to approved independent schools  
13       eligible to receive public tuition. In conducting its review, the Agency shall  
14       consult the Vermont Independent School Association, the Vermont School  
15       Boards Association, and the Vermont National Education Agency. The
