

1 TO THE HOUSE OF REPRESENTATIVES:

2 The Committee on Agriculture, Food Resiliency, and Forestry to which was  
3 referred House Bill No. 165 entitled “An act relating to school food programs  
4 and universal school meals” respectfully reports that it has considered the same  
5 and recommends that the bill be amended by striking out all after the enacting  
6 clause and inserting in lieu thereof the following:

7 \* \* \* Findings \* \* \*

8 Sec. 1. FINDINGS

9 The General Assembly finds that:

10 (1) According to the Vermont Agency of Education, an average of 38  
11 percent of students across all supervisory unions during the 2019–2020 school  
12 year qualified for free or reduced-price lunch. As a result, some  
13 schoolchildren face more challenges than others in succeeding in school and in  
14 life. The General Assembly recognizes that students need fresh and nutritional  
15 foods to enable them to focus on their education and that many students come  
16 to school hungry. Providing universal school meals offered at no cost to  
17 students or their families creates a necessary foundation for learning readiness  
18 during the school day.

19 (2) A 2021 study by the National Food Access and COVID Research  
20 Team found that in the first year of the pandemic, nearly one-third of persons  
21 in Vermont faced hunger, and families with children were five times more

1 likely to face hunger. Food insecurity rates remained above prepandemic  
2 levels a year after the start of the pandemic.

3 (3) In a 2019 research report, the Urban Institute found that up to 42  
4 percent of children living in food-insecure homes may not be eligible for free  
5 or reduced-price school meals.

6 (4) In 2016, the Center for Rural Studies at the University of Vermont  
7 (UVM) partnered with the Vermont Farm to School Network to measure the  
8 economic contribution and impacts of Farm to School programs in Vermont.  
9 The final report found that school meal programs support a vibrant agricultural  
10 economy, with every \$1.00 spent on local food in schools contributing \$1.60 to  
11 the Vermont economy.

12 (5) A study analyzing trends in food sources and diet quality published  
13 in 2021 found that the most nutritious meals consumed by children in the  
14 United States are school meals, including when compared to meals cooked at  
15 home.

16 (6) A study conducted by UVM found that universal school meals  
17 programs in Vermont were associated with, among other benefits, improved  
18 overall school social climate as a result of financial difference being less  
19 visible and improved readiness to learn among students overall.

1 Act, as amended, to each attending student who qualifies for those meals under  
2 these acts every school day.

3 (B) In addition, each school board operating a public school shall  
4 cause to operate within each school in the school district the same school  
5 breakfast and school lunch program made available to students who qualify for  
6 those meals under the Child Nutrition Act and the National School Lunch Act,  
7 each as amended, for each attending student every school day at no charge. An  
8 approved independent school operating a school lunch and school breakfast  
9 program made available to students who qualify for those meals under the  
10 Child Nutrition Act and the National School Lunch Act, each as amended,  
11 shall offer the same to each attending student every school day at no charge in  
12 order to qualify for the universal meals supplement.

13 (C) In operating its school breakfast and lunch program, a school  
14 district and an approved independent school shall seek to achieve the highest  
15 level of student participation, which may include any or all of the following:

16 (i) providing breakfast meals that can be picked up by students;

17 (ii) making breakfast available to students in classrooms after the  
18 start of the school day; and

19 (iii) for school districts, collaborating with the school's wellness  
20 community advisory council, as established under subsection 136(e) of this  
21 title, in planning school meals.

1 ~~the boards of the affected school district and supervisory union in writing that~~  
2 ~~the exemption will expire.~~

3 ~~(d) Following a meeting held pursuant to subsection (b) of this section, the~~  
4 ~~school board shall send a copy of the agenda and minutes to the Secretary and~~  
5 ~~the superintendent of the supervisory union.~~

6 ~~(e) The Secretary may grant a supervisory union or a school district a~~  
7 ~~waiver from duties required of it under this subchapter upon a demonstration~~  
8 ~~that the duties would be performed more efficiently and effectively in another~~  
9 ~~manner. [Repealed.]~~

11 Sec. 3. 16 V.S.A. § 4017 is added to read:

12 § 4017. UNIVERSAL MEALS SUPPLEMENT

13 (a) Definition. For the purpose of this section, “universal meals  
14 supplement” has the same meaning as that term has in subdivision 1261a(5) of  
15 this title.

16 (b) Public schools. From State funds appropriated to the Agency from the  
17 Education Fund for the universal meals supplement, the Agency shall provide  
18 a universal meals supplement for the cost of each meal actually provided to  
19 each student in the district during the previous quarter when meals are offered  
20 to all students at no charge pursuant to subdivision 1264(a)(1)(B) of this title.

1           (1) Reimbursement from State funds shall be available only to districts  
2           that maximize access to federal funds for the cost of the school breakfast and  
3           lunch program by participating in the Community Eligibility Provision, under  
4           7 C.F.R. § 245.9(f), or Provision 2, under 7 C.F.R. § 245.9(b), of these  
5           programs, or any other federal provision that in the opinion of the Agency  
6           draws down the most possible federal funding for meals served in that  
7           program. At the start of each school year, the Agency of Education may  
8           require that a school food authority requesting the universal meals supplement  
9           begin a new cycle of the relevant federal provision and group sites in a manner  
10           the Agency determines will maximize the drawdown of federal funds.

11           (2) Second breakfasts, as allowed under 7 C.F.R. § 220.9(a), do not  
12           qualify for reimbursement under this subsection.

13           (3) A nonprofit prequalified private prekindergarten provider that is  
14           qualified pursuant to subsection 829(c) of this title and is not also an approved  
15           or recognized independent school is eligible for the universal meals  
16           supplement under this subsection if it operates a food program under a public  
17           school school food authority.

18           (c) Approved independent schools.

19           (1) From State funds appropriated to the Agency from the Education  
20           Fund for the universal meals supplement, the Agency shall provide a universal  
21           meals supplement for the cost of each meal actually provided to each

1 qualifying student on public tuition when meals are offered to all students at no  
2 charge pursuant to subdivision 1264(a)(1)(B) of this title, provided that:

3 (A) If the approved independent school participates in the food  
4 programs as a site under a public school school food authority, the public  
5 school school food authority shall be reimbursed only for students attending  
6 the approved independent school on public tuition.

7 (B) If the approved independent school participates in the  
8 Community Eligibility Provision under 7 C.F.R. § 245.9(f), or is in a year  
9 other than the base year of Provision 2 under 7 C.F.R. § 245.9(b), the school  
10 shall provide the Agency with the number of students attending the school on  
11 public tuition and the total number of students enrolled in the school. The  
12 Agency shall calculate the percentage of students attending the school on  
13 public tuition and multiply that number by the paid student percentage, the  
14 results of which shall be the number of meals the school shall be reimbursed  
15 for.

16 (2) Second breakfasts, as allowed under 7 C.F.R. § 220.9(a), do not  
17 qualify for reimbursement under this subsection.

18 (3) Students attending an approved independent school on public tuition  
19 shall include a prekindergarten child if the approved independent school also  
20 qualifies as a prequalified private provider and the child's school district of  
21 residence pays tuition to the school pursuant to section 829 of this title.

1           (4) An approved independent school is eligible for the universal meals  
2           supplement only if it operates a food program that makes available a school  
3           lunch, as provided in the National School Lunch Act as amended, and a school  
4           breakfast, as provided in the Child Nutrition Act as amended, to each attending  
5           student who qualifies for those meals under these acts every school day.

6           (5) Reimbursement from State funds shall be available only to approved  
7           independent schools that maximize access to federal funds for the cost of the  
8           school breakfast and lunch program by participating in the Community  
9           Eligibility Provision under 7 C.F.R. § 245.9(f), or Provision 2 under 7 C.F.R.  
10           § 245.9(b), of these programs, or any other federal provision that in the opinion  
11           of the Agency draws down the most possible federal funding for meals served  
12           in that program. At the start of each school year, the Agency of Education may  
13           require that a school food authority requesting the universal meals supplement  
14           begin a new cycle of the relevant federal provision and group sites in a manner  
15           the Agency determines will maximize the drawdown of federal funds.

16           (d) Universal meals supplement. The universal meals supplement amount  
17           for breakfast shall be a sum equal to the federal reimbursement rate for a free  
18           school breakfast less the federal reimbursement rate for a paid school  
19           breakfast, using rates identified annually by the Agency of Education from  
20           payment levels established annually by the U.S. Department of  
21           Agriculture. The universal meals supplement amount for lunch shall be a sum

1 equal to the federal reimbursement rate for a free school lunch less the federal  
2 reimbursement rate for a paid school lunch, using rates identified annually by  
3 the Agency of Education from payment levels established annually by the U.S.  
4 Department of Agriculture.
