## Economic Impact Analysis

### **Instructions:**

In completing the economic impact analysis, an agency analyzes and evaluates the anticipated costs and benefits to be expected from adoption of the rule; estimates the costs and benefits for each category of people enterprises and government entities affected by the rule; compares alternatives to adopting the rule; and explains their analysis concluding that rulemaking is the most appropriate method of achieving the regulatory purpose. If no impacts are anticipated, please specify “No impact anticipated” in the field.

Rules affecting or regulating schools or school districts must include cost implications to local school districts and taxpayers in the impact statement, a clear statement of associated costs, and consideration of alternatives to the rule to reduce or ameliorate costs to local school districts while still achieving the objectives of the rule (see 3 V.S.A. § 832b for details).

Rules affecting small businesses (excluding impacts incidental to the purchase and payment of goods and services by the State or an agency thereof), must include ways that a business can reduce the cost or burden of compliance or an explanation of why the agency determines that such evaluation isn’t appropriate, and an evaluation of creative, innovative or flexible methods of compliance that would not significantly impair the effectiveness of the rule or increase the risk to the health, safety, or welfare of the public or those affected by the rule.

## Title 33 : Human Services

### Chapter 019 : Medical Assistance

#### Subchapter 001 : Medicaid

(Cite as: 33 V.S.A. § 1901)

#### § 1901. Administration of program

(a)(1) The Secretary of Human Services or designee shall take appropriate action, including making of rules, required to administer a medical assistance program under Title XIX (Medicaid) and Title XXI (SCHIP) of the Social Security Act.

(2) The Secretary or designee shall seek approval from the General Assembly prior to applying for and implementing a waiver of Title XIX or Title XXI of the Social Security Act, an amendment to an existing waiver, or a new state option that would restrict eligibility or benefits pursuant to the Deficit Reduction Act of 2005. Approval by the General Assembly under this subdivision constitutes approval only for the changes that are scheduled for implementation.

(3) [Repealed.]

(4) A manufacturer of pharmaceuticals purchased by individuals receiving State pharmaceutical assistance in programs administered under this chapter shall pay to the Department of Vermont Health Access, as the Secretary's designee, a rebate on all pharmaceutical claims for which State-only funds are expended in an amount that is in proportion to the State share of the total cost of the claim, as calculated annually on an aggregate basis, and based on the full Medicaid rebate amount as provided for in Section 1927(a) through (c) of the federal Social Security Act, 42 U.S.C. § 1396r-8.

(b) [Repealed.]

(c) The Secretary may charge a monthly premium, in amounts set by the General Assembly, per family for pregnant women and children eligible for medical assistance under Sections 1902(a)(10)(A)(i)(III), (IV), (VI), and (VII) of Title XIX of the Social Security Act, whose family income exceeds 195 percent of the federal poverty level, as permitted under section 1902(r)(2) of that act. Fees collected under this subsection shall be credited to the State Health Care Resources Fund established in section 1901d of this title and shall be available to the Agency to offset the costs of providing Medicaid services. Any co-payments, coinsurance, or other cost sharing to be charged shall also be authorized and set by the General Assembly.

(d)(1) To enable the State to manage public resources effectively while preserving and

enhancing access to health care services in the State, the Department of Vermont Health Access is authorized to serve as a publicly operated managed care organization (MCO).

(2) To the extent permitted under federal law, the Department of Vermont Health Access shall be exempt from any health maintenance organization (HMO) or MCO statutes in Vermont law and shall not be considered to be an HMO or MCO for purposes of State regulatory and reporting requirements. The MCO shall comply with the federal rules governing managed care organizations in 42 C.F.R. Part 438. The Vermont rules on the primary care case management in the Medicaid program shall be amended to apply to the MCO except to the extent that the rules conflict with the federal rules.

(3) The Agency of Human Services and Department of Vermont Health Access shall report to the Health Care Oversight Committee about implementation of Global Commitment in a manner and at a frequency to be determined by the Committee. Reporting shall, at a minimum, enable the tracking of expenditures by eligibility category, the type of care received, and to the extent possible allow historical comparison with expenditures under the previous Medicaid appropriation model (by department and program) and, if appropriate, with the amounts transferred by another department to the Department of Vermont Health Access. Reporting shall include spending in comparison to any applicable budget neutrality standards.

(e) [Repealed.]

(f) The Secretary shall not impose a prescription co-payment for individuals under age 21 enrolled in Medicaid or Dr. Dynasaur.

(g) The Department of Vermont Health Access shall post prominently on its website the total per-member per-month cost for each of its Medicaid and Medicaid waiver programs and the amount of the State's share and the beneficiary's share of such cost.

(h) To the extent required to avoid federal antitrust violations, the Department of Vermont Health Access shall facilitate and supervise the participation of health care professionals and health care facilities in the planning and implementation of payment reform in the Medicaid and SCHIP programs. The Department shall ensure that the process and implementation include sufficient State supervision over these entities to comply with federal antitrust provisions and shall refer to the Attorney General for appropriate action the activities of any individual or entity that the Department determines, after notice and an opportunity to be heard, violate State or federal antitrust laws without a countervailing benefit of improving patient care, improving access to health care, increasing efficiency, or reducing costs by modifying payment methods. (Added 1967, No. 147, § 6; amended 1997, No. 155 (Adj. Sess.), § 21; 2005, No. 159 (Adj. Sess.), § 2; 2005, No. 215 (Adj. Sess.), § 308, eff. May 31, 2006; 2007, No. 74, § 3, eff.
