

Final Proposed Filing - Coversheet

Instructions:

In accordance with Title 3 Chapter 25 of the Vermont Statutes Annotated and the “Rule on Rulemaking” adopted by the Office of the Secretary of State, this filing will be considered complete upon filing and acceptance of these forms with the Office of the Secretary of State, and the Legislative Committee on Administrative Rules.

All forms shall be submitted at the Office of the Secretary of State, no later than 3:30 pm on the last scheduled day of the work week.

The data provided in text areas of these forms will be used to generate a notice of rulemaking in the portal of “Proposed Rule Postings” online, and the newspapers of record if the rule is marked for publication. Publication of notices will be charged back to the promulgating agency.

PLEASE REMOVE ANY COVERSHEET OR FORM NOT REQUIRED WITH THE CURRENT FILING BEFORE DELIVERY!

Certification Statement: As the adopting Authority of this rule (see 3 V.S.A. § 801 (b) (11) for a definition), I approve the contents of this filing entitled:

15 V.S.A. § 654, 45 C.F.R. § 302.56 (e), and 3 V.S.A. § 801(b)(11)

8. EXPLANATION OF HOW THE RULE IS WITHIN THE AUTHORITY OF THE AGENCY:

15 V.S.A. § 654 mandates that the Secretary of Human Services shall prescribe by rule a guideline for child support that reflects the percent of combined available income that parents living in the same household in Vermont ordinarily spend on their children. This rule fulfills the mandate of 15 V.S.A. § 654.

9. THE FILING HAS NOT CHANGED SINCE THE FILING OF THE PROPOSED RULE.

10. THE AGENCY HAS NOT INCLUDED WITH THIS FILING A LETTER EXPLAINING IN DETAIL WHAT CHANGES WERE MADE, CITING CHAPTER AND SECTION WHERE APPLICABLE.

11. SUBSTANTIAL ARGUMENTS AND CONSIDERATIONS WERE NOT RAISED FOR OR AGAINST THE ORIGINAL PROPOSAL.

12. THE AGENCY HAS NOT INCLUDED COPIES OF ALL WRITTEN SUBMISSIONS AND SYNOPSES OF ORAL COMMENTS RECEIVED.

13. THE AGENCY HAS NOT INCLUDED A LETTER EXPLAINING IN DETAIL THE REASONS FOR THE AGENCY'S DECISION TO REJECT OR ADOPT THEM.

14. CONCISE SUMMARY (150 WORDS OR LESS):

This rule governs the guidelines used for calculating child support obligations in Vermont. 15 V.S.A. § 654 states that the Secretary may amend the guideline from time to time as may be necessary, but not less than once every four years. Federal law, 45 C.F.R. § 302.56 (e), mandates that the child support guidelines be reviewed, and revised, if appropriate, at least once every four years to ensure the application results in appropriate child support order amounts. The existing child support guidelines went into effect 1/2/2020, so OCS has conducted a review to ensure the associated tables that convert gross income to after tax income and identify expenditures on children adjust for current tax rates and economic conditions.

15. EXPLANATION OF WHY THE RULE IS NECESSARY:

Both federal and state law require that Vermont review and amend, if appropriate, the child support guidelines at least once every four years to ensure that they are based on recent and reliable data to reflect children's needs accurately. The effective date of Vermont's current guidelines tables is 1/2/2020. This revision is being submitted with a proposed effective date of 1/2/2024 to conform with the four year standard. It updates the tables using current tax rates and current price levels according to the Consumer Price Index, which is a measure of the average change over time in the prices paid by urban consumers for a market basket of consumer goods and services.

16. EXPLANATION OF HOW THE RULE IS NOT ARBITRARY:

This rule is not arbitrary because the child support guidelines must reflect the percent of combined available income that parents living in the same household in Vermont ordinarily spend on their children. The amended child support guidelines proposed by this rule are the product of research and analysis performed by economist Jane Venohr, Ph.D. with the Center for Policy Research. Dr. Venohr accounted not only for changes to federal tax legislation but also for child support calculation practices of Vermont's neighboring states in determining the revisions to this rule. In doing so, her analysis shows the cost of child-rearing has increased in every category, regardless of household income and number of children. Vermont's current child support guidelines do not accurately reflect what an intact family would be expending on their children and need to be adjusted to align with current economic conditions.

17. LIST OF PEOPLE, ENTERPRISES AND GOVERNMENT ENTITIES AFFECTED BY THIS RULE:

Children of separated parents; custodial parents; non-custodial parents; guardians and custodial caretakers; Superior Court Family Division Case Managers, Judges, and Magistrates; Office of Child Support staff; the Department for Children & Families Economic Services Division; and attorneys involved in child support cases.

18. BRIEF SUMMARY OF ECONOMIC IMPACT (150 WORDS OR LESS):

The amount of child support varies depending on the parents' incomes and the relationship between those incomes (how much the obligor earns in relation to how much the obligee earns), the number of children and various other factors. This rule change is intended to provide updated child support guideline calculations using the most current economic data available, 2023 state and federal tax rates and price levels, without major methodological changes. Since the last update in 2020, price levels have increased 19.3%. Child-rearing costs have increased in every category, regardless of household income and number of children. Vermont's current child support guidelines do not accurately reflect current expenditures on children and need to be adjusted to align with current economic conditions.

Instructions:

This form must accompany each filing made during the rulemaking process:

Note: To satisfy the requirement for an annotated text, an agency must submit the entire rule in annotated form with proposed and final proposed filings. Filing an annotated paragraph or page of a larger rule is not sufficient. Annotation must clearly show the changes to the rule.

When possible, the agency shall file the annotated text, using the appropriate page or pages from the Code of Vermont Rules as a basis for the annotated version. New rules need not be accompanied by an annotated text.

Proposed Rule: Child Support Guidelines, Agency of Human Services, Department for Children and Families, Office of Child Support

Presented By: Kyle Hatt and Jessica Seman

Motion made to accept the rule and change the piece in the language in the rule (as noted in #1 below) that relates to the quadrennial versus the annual time frame within which to do that work by John Kessler, seconded by Nicole Dubuque, and passed unanimously except for Brendan Atwood who abstained, with the following recommendations:

1. Proposed rule: Change language from “The Intact Family Expenditures Table and the tax tables will be reviewed annually and adjusted to reflect changes in tax rates and in the cost of living as indicated by the consumer price index for the preceding year.” to new language: “The Intact Family Expenditures Table and the tax tables will be reviewed at least quadrennially and adjusted to reflect changes in tax rates and in the cost of living as indicated by the consumer price index.”
2. Proposed Filing – Coversheet, #8: Include what exactly the change in the rule is. Indicate that the tax conversion and intact family expenditures tables were updated.
3. Economic Impact Analysis, #3: Use some of the details provided in the Proposed Filing Coversheet, #12 pertaining to how it effects individuals, including parents, for when the tables changed, and the estimated cost and benefits anticipated.
4. Public Input Maximization Plan, #3: Include the list of impacted parties if already identified.

Economic Impact Analysis

Instructions:

In completing the economic impact analysis, an agency analyzes and evaluates the anticipated costs and benefits to be expected from adoption of the rule; estimates the costs and benefits for each category of people enterprises and government entities affected by the rule; compares alternatives to adopting the rule; and explains their analysis concluding that rulemaking is the most appropriate method of achieving the regulatory purpose. If no impacts are anticipated, please specify “No impact anticipated” in the field.

Rules affecting or regulating schools or school districts must include cost implications to local school districts and taxpayers in the impact statement, a clear statement of associated costs, and consideration of alternatives to the rule to reduce or ameliorate costs to local school districts while still achieving the objectives of the rule (see 3 V.S.A. § 832b for details).

Rules affecting small businesses (excluding impacts incidental to the purchase and payment of goods and services by the State or an agency thereof), must include ways that a business can reduce the cost or burden of compliance or an explanation of why the agency determines that such evaluation isn’t appropriate, and an evaluation of creative, innovative or flexible methods of compliance that would not significantly impair the effectiveness of the rule or increase the risk to the health, safety, or welfare of the public or those affected by the rule.

1. TITLE OF RULE FILING:

Child Support Guidelines

2. ADOPTING AGENCY:

Agency of Human Services, Department for Children and Families, Office of Child Support

3. CATEGORY OF AFFECTED PARTIES:

LIST CATEGORIES OF PEOPLE, ENTERPRISES, AND GOVERNMENTAL ENTITIES POTENTIALLY AFFECTED BY THE ADOPTION OF THIS RULE AND THE ESTIMATED COSTS AND BENEFITS ANTICIPATED:

Children of separated parents, custodial parents and non-custodial parents, who are recipients and payors of child support, will be the people directly affected by the changes in the guidelines amounts. The amount of child support varies depending on the parents’ incomes and the relationship between those incomes (how much

the obligor earns in relation to how much the obligee earns), the number of children and various other factors. This rule change is intended to provide updated child support guideline calculations using the most current economic data available, 2023 state and federal tax rates and price levels, without major methodological changes. Since the last update in 2020, price levels have increased 19.3%. Child-rearing costs have increased in every category, regardless of household income and number of children. Vermont's current child support guidelines do not accurately reflect current expenditures on children and need to be adjusted to align with current economic conditions. The Economic Services Division (ESD) of the Department for Children & Families may also be impacted by this rule change because the child support program transfers a portion of receipts in TANF cases to ESD for program recovery. Superior Court Family Division Case Managers, Magistrates, and Judges, Office of Child Support staff, and attorneys involved in child support cases are affected only indirectly by the changes in the tables in that they need to be aware of the changes so their calculations in establishing the child support amount will be correct. There is no economic impact on this group of people. It is anticipated that expenditures on children will be higher across the board due to the fact that average child-rearing expenditures as a portion of total expenditures has increased in all categories. How this impacts custodial and non-custodial parents directly depends on their proportionate incomes and number of children. Please see Economic Impact Analysis Addendum.

4. IMPACT ON SCHOOLS:

INDICATE ANY IMPACT THAT THE RULE WILL HAVE ON PUBLIC EDUCATION, PUBLIC SCHOOLS, LOCAL SCHOOL DISTRICTS AND/OR TAXPAYERS CLEARLY STATING ANY ASSOCIATED COSTS:

This rule does not have a direct impact on schools.

5. ALTERNATIVES: *CONSIDERATION OF ALTERNATIVES TO THE RULE TO REDUCE OR AMELIORATE COSTS TO LOCAL SCHOOL DISTRICTS WHILE STILL ACHIEVING THE OBJECTIVE OF THE RULE.*

This rule does not cause any costs to be incurred by local school districts.

6. IMPACT ON SMALL BUSINESSES:

INDICATE ANY IMPACT THAT THE RULE WILL HAVE ON SMALL BUSINESSES (EXCLUDING IMPACTS INCIDENTAL TO THE PURCHASE AND PAYMENT OF GOODS AND SERVICES BY THE STATE OR AN AGENCY THEREOF):

This rule does not directly impact small businesses.

7. SMALL BUSINESS COMPLIANCE: EXPLAIN WAYS A BUSINESS CAN REDUCE THE COST/BURDEN OF COMPLIANCE OR AN EXPLANATION OF WHY THE AGENCY DETERMINES THAT SUCH EVALUATION ISN'T APPROPRIATE.

This rule does not cause any costs to be incurred by small businesses.

8. COMPARISON:

COMPARE THE IMPACT OF THE RULE WITH THE ECONOMIC IMPACT OF OTHER ALTERNATIVES TO THE RULE, INCLUDING NO RULE ON THE SUBJECT OR A RULE HAVING SEPARATE REQUIREMENTS FOR SMALL BUSINESS:

The child support guidelines were originally mandated and adopted by Vermont in order to bring equity and a level of uniformity to the amounts of child support obligations ordered by the courts throughout the state. Vermont chose to base its child support guidelines on the "income shares model," which is the model used by the majority of states, including our neighboring states. The effect of no rule on this subject would be to return the state to an inequitable system of calculating child support obligations. The effect of not updating this rule would be to subject families to support amounts calculated on outdated tax and economic information. This rule does not directly impact small businesses.

9. SUFFICIENCY: DESCRIBE HOW THE ANALYSIS WAS CONDUCTED, IDENTIFYING RELEVANT INTERNAL AND/OR EXTERNAL SOURCES OF INFORMATION USED.

The economic impact analysis of this rule was provided by Dr. Jane Venohr with the Center for Policy Research. Dr. Venohr is a nationally recognized authority on child support guidelines who has assisted more than 25 states with revision of their guidelines tables. The analysis was sufficient because of the depth and breadth of Dr. Venohr's process and analysis. Dr.

Venohr also provided a more extensive report detailing her economic impact analysis, which can be found at <https://dcf.vermont.gov/ocs/parents/calculator>.

Environmental Impact Analysis

Instructions:

In completing the environmental impact analysis, an agency analyzes and evaluates the anticipated environmental impacts (positive or negative) to be expected from adoption of the rule; compares alternatives to adopting the rule; explains the sufficiency of the environmental impact analysis. If no impacts are anticipated, please specify “No impact anticipated” in the field.

Examples of Environmental Impacts include but are not limited to:

- Impacts on the emission of greenhouse gases
- Impacts on the discharge of pollutants to water
- Impacts on the arability of land
- Impacts on the climate
- Impacts on the flow of water
- Impacts on recreation
- Or other environmental impacts

1. TITLE OF RULE FILING:

Child Support Guidelines

2. ADOPTING AGENCY:

Agency of Human Services, Department for Children and Families, Office of Child Support

3. GREENHOUSE GAS: *EXPLAIN HOW THE RULE IMPACTS THE EMISSION OF GREENHOUSE GASES (E.G. TRANSPORTATION OF PEOPLE OR GOODS; BUILDING INFRASTRUCTURE; LAND USE AND DEVELOPMENT, WASTE GENERATION, ETC.):*
No impact.

4. WATER: *EXPLAIN HOW THE RULE IMPACTS WATER (E.G. DISCHARGE / ELIMINATION OF POLLUTION INTO VERMONT WATERS, THE FLOW OF WATER IN THE STATE, WATER QUALITY ETC.):*
No impact.

5. LAND: *EXPLAIN HOW THE RULE IMPACTS LAND (E.G. IMPACTS ON FORESTRY, AGRICULTURE ETC.):*
No impact.

6. **RECREATION:** *EXPLAIN HOW THE RULE IMPACTS RECREATION IN THE STATE:*
No impact.

7. **CLIMATE:** *EXPLAIN HOW THE RULE IMPACTS THE CLIMATE IN THE STATE:*
No impact.

8. **OTHER:** *EXPLAIN HOW THE RULE IMPACT OTHER ASPECTS OF VERMONT'S ENVIRONMENT:*
No impact.

9. **SUFFICIENCY:** *DESCRIBE HOW THE ANALYSIS WAS CONDUCTED, IDENTIFYING RELEVANT INTERNAL AND/OR EXTERNAL SOURCES OF INFORMATION USED.*
The impact of this rule is limited to the financial well-being of Vermont's children, which does not relate to the environment in any way.

Public Input Maximization Plan

Instructions:

Agencies are encouraged to hold hearings as part of their strategy to maximize the involvement of the public in the development of rules. Please complete the form below by describing the agency's strategy for maximizing public input (what it did do, or will do to maximize the involvement of the public).

This form must accompany each filing made during the rulemaking process:

1. TITLE OF RULE FILING:

Child Support Guidelines

2. ADOPTING AGENCY:

Agency of Human Services, Department for Children and Families, Office of Child Support

3. PLEASE DESCRIBE THE AGENCY'S STRATEGY TO MAXIMIZE PUBLIC INVOLVEMENT IN THE DEVELOPMENT OF THE PROPOSED RULE, LISTING THE STEPS THAT HAVE BEEN OR WILL BE TAKEN TO COMPLY WITH THAT STRATEGY:

The Office of Child Support (OCS) held a public hearing in order to obtain comments on the proposed rule. OCS also held a comment period during which the public was invited to submit written comments to the proposed rule. In addition, OCS identified a list of impacted parties who were sent a notice of the public hearing and the website where the proposed rule is posted, as referenced in No. 4 below.

4. BEYOND GENERAL ADVERTISEMENTS, PLEASE LIST THE PEOPLE AND ORGANIZATIONS THAT HAVE BEEN OR WILL BE INVOLVED IN THE DEVELOPMENT OF THE PROPOSED RULE:

OCS posted the proposed rule, the public hearing information, and the time period and contact information for public comment on its website. In addition, the Family Law section of the Vermont Bar Association and the following organizations were sent notification of the proposed rule, public hearing, and public comment period: Somali Bantu Community

Public Input

Association of Vermont, Inc. (Burlington); Dad Guild (Burlington); Early Education Services (Brattleboro); Addison County Parent Child Center; St. Johnsbury Parent Child Center & Outreach; Northwestern Counseling & Support Services (St. Albans); Newport Parent Child Center; Family Center of Washington County (Montpelier); Orange County Parent Child Center (Tunbridge); The Family Place (Norwich); Rutland County Parent Child Center (Rutland); Lamoille Family Center (Morrisville); Springfield Area Parent Child Center; Lund (Burlington); Sunrise Family Resource Center (Bennington); The Janet S. Munt Family Room (Burlington). The Center for Policy Research (CPR) has been involved in the development of the proposed rule. The Office of Child Support contracted with CPR to update the Intact Family Expenditures Table and the Gross to After Tax Income Tables which feed into the child support guidelines.

Scientific Information Statement

THIS FORM IS ONLY REQUIRED IF THE RULE RELIES ON SCIENTIFIC INFORMATION FOR ITS VALIDITY.

PLEASE REMOVE THIS FORM PRIOR TO DELIVERY IF IT DOES NOT APPLY TO THIS RULE FILING:

Instructions:

In completing the Scientific Information Statement, an agency shall provide a summary of the scientific information including reference to any scientific studies upon which the proposed rule is based, for the purpose of validity.

1. TITLE OF RULE FILING:

Child Support Guidelines

2. ADOPTING AGENCY:

Agency of Human Services, Department for Children and Families, Office of Child Support

3. BRIEF EXPLANATION OF SCIENTIFIC INFORMATION:

Both the existing and proposed Vermont Child Support Guidelines are based on the Income Shares model, which was developed under the Child Support Guidelines Project funded by the United States Office of Child Support Services (OCSS) and administered by the National Center for State Courts. The Income Shares model is based on the concept that the child should receive the same proportion of parental income that the child would have received if the parents lived together. The income of both parents is determined using the Gross to After Tax Conversion Tables for the appropriate custody type (sole, split, or shared) and is then combined. That figure is applied to the Intact Family Expenditures on Children Table to determine the child support obligation. Other additions such as child care expenses are added to the basic child support obligation to come up with the presumptive child support obligation. The presumptive child support

obligation is then prorated between the parents based on their percentage of combined income. Please see Scientific Information Statement Addendum.

4. CITATION OF SOURCE DOCUMENTATION OF SCIENTIFIC INFORMATION:

The Vermont Office of Child Support contracted with the Center for Policy Research, Dr. Jane Venohr, to perform the necessary economic assessments and updates to the child support guidelines tables. The Center for Policy Research provided the Office of Child Support with a written report detailing the methodology used to make the economic estimates to the tables.

5. INSTRUCTIONS ON HOW TO OBTAIN COPIES OF THE SOURCE DOCUMENTS OF THE SCIENTIFIC INFORMATION FROM THE AGENCY OR OTHER PUBLISHING ENTITY:

A copy of the report can be obtained by contacting the Vermont Office of Child Support at (802) 241-2319 or by visiting the Vermont Office of Child Support's website at <http://dcf.vermont.gov/ocs>.

ECONOMIC IMPACT ANALYSIS Addendum

The amount of child support varies depending on the parents' incomes and the relationship between those incomes, i.e., how much the obligor earns in relation to how much the obligee earns, the number of children, and various other factors. This rule change is intended to provide updated child support guideline calculations using the most current economic data available and without major methodological changes. Mainly, this limits the update to changes in price levels and federal and Vermont tax rates since this rule was last adopted in 2020.

The methodology behind the new, proposed guidelines is explained in *2023 Child Support Guidelines Review for Vermont, Review of Economic Data on the Cost of Raising Children and Updated Tables*, prepared by Dr. Jane Venohr of the Center for Policy Research, and summarized on Pages 22-26 therein. Whereas the current guidelines are based upon analysis of household-expenditure data collected from 2004-2009, the proposed guidelines are derived from data collected by the Federal Bureau of Labor Statistic's Consumer Expenditure Survey from 2013 to 2019, which is the most recent data now available. In addition, the new guidelines rely upon research incorporating a refined measurement of taxes for purposes of assessing household expenditures.

The new guidelines, including the proposed Intact Family Expenditures Table, are based upon data collected before the Covid-19 Pandemic. The Pandemic's effect on economic factors bearing upon Vermont's child support guidelines, such as household expenditures, have yet to be studied. However, the proposed guidelines do account for post-Pandemic inflation by utilizing April 2023 price levels.

In sum, the proposed guidelines would be a more accurate reflection of Vermonters' current economic circumstances, including the financial needs of children, and therefore provide for correspondingly appropriate support awards in actual cases. Comparisons of support calculations under the current and proposed guidelines in various case scenarios are detailed on Pages 31-40 of Dr. Venohr's report.

SCIENTIFIC INFORMATION STATEMENT Addendum

When the Vermont Child Support Guidelines were first drafted in 1987, the State implemented the national Income Shares model recommended by the Child Support Guidelines Project. Like most Income Shares states at this time, Vermont based its Intact Family Expenditures Table (Table), which contains estimates of the costs of raising children for intact families at various income levels, on estimates of child rearing expenditures as a proportion of household consumption developed by Dr. Thomas Espenshade. The Espenshade estimates, which are published in *Investing in Children* (Urban Institute Press: Washington, D.C., 1984), were derived from national data on household expenditures from the 1972-73 Consumer Expenditure Survey conducted by the U.S. Bureau of Labor Statistics. They were the most current and most reliable economic estimates at the time.

As part of the 1995 child support guidelines review, the Vermont Table was updated to include new economic measurements of child rearing costs. Those measurements were developed by Dr. David Betson, Professor of Economics, University of Notre Dame. They were developed for the United States Department of Health and Human Services for the purpose of assisting States with the development and revision of child support guidelines.¹ Dr. Betson's measurements were also based on the Consumer Expenditure Survey (CES), but they relied on data collected from 1980-86.

In 1999, the child support guidelines were reviewed, but there were no new measurements of child rearing costs appropriate for updating the Table, and so the Table was only updated for changes in price levels. The 2004 guidelines review was based on 2003 price levels. In addition, the Table update as part of the 2004 review was derived from Dr. Betson's 2001 study, which relied on expenditure data collected from families surveyed in the 1996-1999 Consumer Expenditure Survey. The Adjusted Gross to After Tax Income Conversion Tables for the 2004 update relied on federal and Vermont personal tax rates and FICA from June 2003.

The child support guidelines were revised again in 2008, 2012, 2016, and 2020 based upon then-available economic data and tax rates.

The new proposed guidelines update the Table using economic data collected from 2013 through 2019 and analyzed in a study published by Dr. Betson in 2020, which is the most recent analyzed data now available. The proposed Table utilizes price levels from April 2023. Tables converting gross income to after-tax income for child support purposes, pursuant to Vermont law, consider 2023 federal, including FICA, and Vermont tax rates.

ECONOMIC EVIDENCE USED TO DEVELOP NEW, PROPOSED SCHEDULE

Measuring child rearing expenditures is not a straightforward task. Expenditures made on behalf of children are commingled with spending on behalf of adults for the largest expenditure categories (e.g., food, housing, and transportation, etc.). This commingling of household expenditures is the most important reason that equitable child support awards are so difficult to set on a case-by-case basis. Since the child's direct share of household consumption cannot be easily observed accurately, it must be estimated based on the best available economic evidence

¹David M. Betson, *Alternative Estimates of the Cost of Children from the 1980-86 Consumer Expenditure Survey*, Report to U.S. Department of Health and Human Services (Office of the Assistant Secretary for Planning and Evaluation), University of Wisconsin Institute for Research on Poverty (September 1990).

on child-rearing expenditures. This evidence provides estimates of expenditures on children as proportions of parental income levels across a broad spectrum of family incomes.

Betson-Rothbarth Estimates

When Dr. Betson conducted his 1990 study for the United States Department of Health and Human Services, he used five different methodologies to separate child-rearing expenditures from adult expenditures. Of the methodologies used by Dr. Betson for estimating child-rearing expenditures, Dr. Betson concluded that the “Rothbarth estimator” had the most economic validity. Consequently, most States using the Income Shares model, which include Vermont, that have updated their Table in the past ten years now rely on the Betson-Rothbarth estimates. Nonetheless, the Rothbarth estimator is generally believed to be the lower bound in the range of estimates of child-rearing expenditures.²

Using data from the national 1996-99 Consumer Expenditure Survey, Dr. Betson updated his economic estimates in 2001. For this study, he used two different estimating models, but still concluded that the Rothbarth was the soundest theoretically and empirically.

In early 2006, Dr. Betson used data from the 1998-2004 Consumer Expenditure Survey to update his economic estimates. For this study, he used the Rothbarth estimating model. He applied the same assumptions and method but used more recent data.

In 2010, Dr. Betson once again updated his Rothbarth estimates with CES data from 2004 through the first quarter of 2009 for the State of California. Betson made no changes to the Rothbarth methodology during the 2010 review, but his 2010 measurements did reflect two changes in the CES data used for the estimation. The first change was that Betson used the newly created income data field that the Bureau of Labor Statistics believes corrects some of the problems with low income non-reporting in the CES. The other change was to switch from using “expenditures” data to “outlays” where outlays capture finance charges and mortgage principal payments while expenditures do not.

UPDATING THE VERMONT SCHEDULE

Dr. Betson’s research provides estimates of the proportion of household consumption expenditures ascribed to children. As referenced above, whereas the current child support guidelines use Betson-Rothbarth estimates based upon household expenditure data collected from 2004-2009, the new, proposed Table uses Betson-Rothbarth estimates derived from data collected by the Bureau of Labor Statistic’s Consumer Expenditure Survey from 2013 to 2019, which is the most recent data now available.

The following additional steps were taken to arrive at this new, proposed Table, as explained on Pages 22-24 of *2023 Child Support Guidelines Review for Vermont, Review of Economic Data on the Cost of Raising Children and Updated Tables (2023 Report)*, prepared by Dr. Jane Venohr of the Center for Policy Research:

1. *Adjust estimates of child-rearing expenditures to current price levels.* Dr. Betson’s most recent estimates are based on March 2020 price levels. These estimates were updated to April 2023 price levels using changes in the Consumer Price Index developed by the U.S. Bureau of Labor Statistics.

²Lewin/ICF, *Estimates of Expenditures on Children and Child Support Guidelines*, Report to U.S. Department of Health and Human Services (Office of the Assistant Secretary for Planning and Evaluation), Lewin/ICF (October 1990).

2. *Subtract childcare expenses; health insurance premiums; and extraordinary, uninsured health care expenses from estimates of child-rearing expenditures.* This step is necessary because the actual amounts of these expenses are considered in other areas of the child support guidelines when calculating the obligation amount.

3. *Extend the estimates of child-rearing expenditures to cover four and more children.* There are an insufficient number of families with four or more children in the CES. Hence, the estimates are extended to four and more children using economic equivalence scales developed by the National Research Council.

4. *Relate the estimates of child-rearing expenditures to net incomes.* Dr. Betson's estimates are based on a percentage of total household expenditures; whereas, the Vermont obligation table is based on available income, which is essentially after-tax income. After-tax income is found using the Tax Conversion Tables that convert gross income to after-tax income.

5. *Calculate marginal percentages.* This step is necessary to gradually phase-in the estimates of child-rearing expenditures between income ranges similar to how a tax table phases in different tax rates between income ranges. Otherwise, there would be sudden changes in amounts as the table moved between income ranges. This was done by taking the ratio of (a) the difference in the base support amount between one income bracket and the next bracket and (b) the difference in the monthly net income between the same brackets. Base support is calculated by applying the percentage of net income attributable to child-rearing expenditures to the midpoint of each income range.

6. *Extrapolate estimates to higher incomes.* The Betson-Rothbarth estimates cover combined parents' available income up to about \$15,000 per month. The updated guideline table amounts between \$15,000 and \$30,000 assume that families with incomes between \$15,000 and \$30,000 net per month spend at the same rate as families with net incomes at \$15,000 per month.

UPDATING THE GROSS TO AFTER TAX INCOME TABLES

Under Vermont law, a child support obligation determined by the guidelines is based upon the parties' "available income," which is calculated by converting their "gross income" to after tax income according to certain statutorily defined tax assumptions and other factors, if applicable. *See* 15 V.S.A. §§ 653-657. The final step in updating the Vermont Child Support Guidelines, then, is building tables that convert gross to after tax income.

By statute, Vermont currently relies on two gross to net income conversion tables: one for sole and split custody cases and the other for shared custody cases. 15 V.S.A. §§ 656, 657. These tables simulate federal, state, and Federal Insurance Contributions Act (FICA) taxes for custodial parents and non-custodial parents in non-shared custody cases, and either parent for shared custody cases based on the number of children. This update includes the most recent available tax information.

The updated gross to net conversion tables are based on the following assumptions and tax documents, as explained on Pages 25-26 of the *2023 Report*:

- *Taxable Income.* Parents' respective taxable income is based on the standard deduction and exemptions specified by Vermont statute 15 V.S.A. § 653. IRS 2023 Form 1040-ES states the deduction amounts: The standard deduction is \$13,850 per year for single tax

filers, which is the tax status to be used for the non-custodial parent in sole custody cases, and \$20,800 per year for head of households, which is the tax status to be used for the custodial parent in sole custody cases and for either parent in shared custody cases.

- According to the Vermont statute mentioned above, each parent can claim a personal exemption and the custodial parent in sole custody cases can also claim the exemptions for the number of children for whom support is being determined. In shared custody cases, the exemptions for the children for whom support is being determined are split equally between the parents.
- *Federal and State Tax Rates.* 2023 federal tax rate schedules published in IRS Form 1040-ES are applied to taxable income as determined above. Similarly, 2023 Vermont tax rate schedules published by the Vermont Department of Taxes are applied to taxable income as determined above.
- *FICA.* “FICA consists of a 6.2% social security tax and a 1.45% Medicare tax. The employee tax rate for social security of 6.2 percent is applied to gross incomes of up to \$160,200 per year. The wage base limit is published in IRS Publication 15 (Circular E), Employer’s Tax Guide for 2023. In addition, the Medicare tax of 1.45 percent is applied. There is also a 0.9% additional Medicare tax for wages in excess of \$200,000 per year. There is no wage base limit on the Medicare tax.” 2023 Report, Pages 25-26.
- *Child Tax Credit and Earned Income Credit (EIC).* The EIC and child tax credits are calculated using the instructions on IRS 2022 1040 Instructions. Please see the 2023 Report for more details.

OTHER ADJUSTMENTS

The support obligation computed using the Rothbarth parameters is meant to be a basic obligation. To that obligation should be added the costs of other necessary expenditures such as work-related childcare costs and extraordinary medical expenses. These additional costs of child rearing are not factored into the Table of Intact Family Expenditures.

Vermont Child Support Guidelines

Responsiveness Summary, 3 V.S.A. § 841(b)(2).

October 30, 2023

Comment: “I’m trying to find some information on what the “Self Reserve” in the child support calculation is intended to cover for the parent? \$1,458..... Food, shelter, gas for a month? If you send me any information that would be great thanks!”

Response: “‘Self-support reserve’ means the needs standard established annually, and calculated at 120 percent of the U.S. Department of Health and Human Services poverty guideline per year for a single individual.” 15 V.S.A. § 653(7). The self-support reserve is an amount understood to be required for one to support oneself on a monthly basis. Effective February 6, 2023, the current self-support reserve is \$1,458 per month.

Vermont statute requires consideration of whether a parent’s income available to pay child support is below the self-support reserve or payment of a support amount under the child support guidelines would put the parent’s income below the self-support reserve. *See* 15 V.S.A. § 656(b)-(c).

The current version of the Guidelines Rule, Vt. Admin. Code 12-3-400:1001, includes the following discussion of the Self-Support Reserve, which is retained in the final proposed rule:

“The Self-Support Reserve to be used with the Child Support Guidelines is an amount intended to provide a child support payer with a reasonable subsistence, compatible with health and decency, prior to determining the payer’s support obligation.

The Self-Support Reserve for an individual is calculated at 120 percent of the United States Department of Health and Human Services poverty guideline per year for a single individual. The Self-Support Reserve is deducted from the noncustodial parent’s available income, the amount remaining is compared to the noncustodial parent’s child support obligation to determine if he or she has sufficient income to meet the obligation.

Any update of the poverty guideline by the United States Department of Health and Human Services shall operate as an update of the Self Support Reserve effective on the third Monday after the publication of the poverty guideline in the Federal Register.”

Child Support Guidelines

Child support guidelines are used to determine the child support obligations of noncustodial parents. The guidelines are based on two premises:

- 1) children should receive a share of their parents' income equal to what they would receive if their parents were living together as an intact family; and
- 2) each parent's contribution to the support of his or her children should be proportional to each parent's contribution to the family's total income.

The child support guidelines are contained within a Table of Intact Family Expenditures that derives an estimate of child-related expenditures from the number of children in the family, and family income. The table uses the most reliable data available on child-rearing expenditure patterns of intact Vermont families.

The income figure entered into the Intact Family Expenditures table is available family income which is the combined available incomes of both parents. Available income means after-tax income less spousal support or preexisting child support actually paid, the actual cost to a parent of health insurance coverage for the children, and an adjustment for the support of additional dependents. Tax tables that include all current FICA, federal and state income taxes, and federal and state earned income tax credits are used to convert gross to after-tax income.

~~The Intact Family Expenditures Table and the tax tables will be reviewed annually and adjusted to reflect changes in tax rates and in the cost of living as indicated by the consumer price index for the preceding year.~~

The Intact Family Expenditures Table and the tax tables will be reviewed at least quadrennially and adjusted to reflect changes in tax rates and in the cost of living as indicated by the consumer price index.

The tables and any forms developed by the Office of Child Support to be used in conjunction with the Child Support Guidelines are provided to all Vermont courts for use in cases involving child support.

1. Self-Support Reserve

The Self-Support Reserve to be used with the Child Support Guidelines is an amount intended to provide a child support payer with a reasonable subsistence, compatible with health and decency, prior to determining the payer's support obligation.

The Self-Support Reserve for an individual is calculated at 120 percent of the United States Department of Health and Human Services poverty guideline per year for a single individual. The Self-Support Reserve is deducted from the noncustodial parent's available income, the amount remaining is compared to the noncustodial parent's child support obligation to determine if he or she has sufficient income to meet the obligation.

Any update of the poverty guideline by the United States Department of Health and

Human Services shall operate as an update of the Self Support Reserve effective on the third Monday after the publication of the poverty guideline in the Federal Register.

2. Shared Custody

Custody is shared whenever each parent has physical custody of the child(ren) at least 25 percent of the calendar year. Under these circumstances, it is presumed that both parents will incur additional cost to maintain two households that are adequate for child-rearing, and that each parent's child support obligation should be adjusted in proportion to the amount of time each has custody of the child(ren).

The adjustment is calculated by increasing by one-half the child expenditures from the Intact Family Expenditures Table, and then subtracting from each parent's support obligation a credit based on the proportion of the time the child(ren) spend(s) with that parent.

For parents who have custody of the child(ren) 30 percent or more of the year, the credit is determined by multiplying 150 percent of the child expenditures by the percentage of time that parent has custody of the child(ren). For parents who have physical custody of the children for 25 percent or more but less than 30 percent, the credit is reduced from 2-10 percent according to a table (see Shared Costs Table).

Vt. Admin. Code 12-3-400:1001
Child Support Guidelines

Child support guidelines are used to determine the child support obligations of noncustodial parents. The guidelines are based on two premises:

- 1) children should receive a share of their parents' income equal to what they would receive if their parents were living together as an intact family; and
- 2) each parent's contribution to the support of his or her children should be proportional to each parent's contribution to the family's total income.

The child support guidelines are contained within a Table of Intact Family Expenditures that derives an estimate of child-related expenditures from the number of children in the family, and family income. The table uses the most reliable data available on child-rearing expenditure patterns of intact Vermont families.

The income figure entered into the Intact Family Expenditures table is available family income which is the combined available incomes of both parents. Available income means after-tax income less spousal support or preexisting child support actually paid, the actual cost to a parent of health insurance coverage for the children, and an adjustment for the support of additional dependents. Tax tables that include all current FICA, federal and state income taxes, and federal and state earned income tax credits are used to convert gross to after-tax income.

The Intact Family Expenditures Table and the tax tables will be reviewed at least quadrennially and adjusted to reflect changes in tax rates and in the cost of living as indicated by the consumer price index.

The tables and any forms developed by the Office of Child Support to be used in conjunction with the Child Support Guidelines are provided to all Vermont courts for use in cases involving child support.

1. Self-Support Reserve

The Self-Support Reserve to be used with the Child Support Guidelines is an amount intended to provide a child support payer with a reasonable subsistence, compatible with health and decency, prior to determining the payer's support obligation.

The Self-Support Reserve for an individual is calculated at 120 percent of the United States Department of Health and Human Services poverty guideline per year for a single individual. The Self-Support Reserve is deducted from the noncustodial parent's available income, the amount remaining is compared to the noncustodial parent's child support obligation to determine if he or she has sufficient income to meet the obligation.

Any update of the poverty guideline by the United States Department of Health and

Human Services shall operate as an update of the Self Support Reserve effective on the third Monday after the publication of the poverty guideline in the Federal Register.

2. Shared Custody

Custody is shared whenever each parent has physical custody of the child(ren) at least 25 percent of the calendar year. Under these circumstances, it is presumed that both parents will incur additional cost to maintain two households that are adequate for child-rearing, and that each parent's child support obligation should be adjusted in proportion to the amount of time each has custody of the child(ren).

The adjustment is calculated by increasing by one-half the child expenditures from the Intact Family Expenditures Table, and then subtracting from each parent's support obligation a credit based on the proportion of the time the child(ren) spend(s) with that parent.

For parents who have custody of the child(ren) 30 percent or more of the year, the credit is determined by multiplying 150 percent of the child expenditures by the percentage of time that parent has custody of the child(ren). For parents who have physical custody of the children for 25 percent or more but less than 30 percent, the credit is reduced from 2-10 percent according to a table (see Shared Costs Table).

Title 15 : Domestic Relations

Chapter 011 : Annulment and Divorce

Subchapter 003A : Child Custody and Support

(Cite as: 15 V.S.A. § 654)

§ 654. Support guideline

The Secretary of Human Services shall prescribe by rule a guideline for child support that reflects the percent of combined available income that parents living in the same household in Vermont ordinarily spend on their children. The rule shall be based on the concept that children should receive the same proportion of parental income after separation or divorce of their parents as they would receive if their parents were living together in one household. The rule shall be based on the financial needs of Vermont children, established by such reliable data as most accurately reflect their needs. The amounts of child support determined under the guideline shall be expressed in dollars and shall be presumed to be the total support obligation of parents. The Secretary may amend the guideline from time to time as may be necessary, but not less than once every four years. The Secretary shall also prepare and make available forms suitable for calculating amounts payable under this section. (Added 1985, No. 180 (Adj. Sess.), § 2, eff. April 1, 1987; amended 1989, No. 220 (Adj. Sess.), § 17.)

§ 302.55 Incentive payments to States and political subdivisions.

Effective October 1, 1985, in order for the State to be eligible to receive any incentive payments under §304.12 and part 305 of this chapter, the State plan shall provide that, if one or more political subdivisions of the State participate in the costs of carrying out the activities under the State plan during any period, each such subdivision shall be entitled to receive an appropriate share of any incentive payments made to the State for such period, as determined by the State in accordance with §303.52 of this chapter, taking into account the efficiency and effectiveness of the political subdivision in carrying out the activities under the State plan.

§ 302.56 Guidelines for setting child support awards.

(a) Effective October 13, 1989, as a condition of approval of its State plan, the State shall establish one set of guidelines by law or by judicial or administrative action for setting and modifying child support award amounts within the State.

(b) The State shall have procedures for making the guidelines available to all persons in the State whose duty it is to set child support award amounts.

(c) The guidelines established under paragraph (a) of this section must at a minimum:

(1) Take into consideration all earnings and income of the noncustodial parent;

(2) Be based on specific descriptive and numeric criteria and result in a computation of the support obligation; and

(3) Address how the parents will provide for the child(ren)'s health care needs through health insurance coverage and/or through cash medical support in accordance with §303.31 of this chapter.

(d) The State must include a copy of the guidelines in its State plan.

(e) The State must review, and revise, if appropriate, the guidelines established under paragraph (a) of this section at least once every four years to ensure that their application results in the determination of appropriate child support award amounts.

(f) Effective October 13, 1989, the State must provide that there shall be a rebuttable presumption, in any judicial or administrative proceeding for the award of child support, that the amount of the award which would result from the application of the guidelines established under paragraph (a) of this section is the correct amount of child support to be awarded.

(g) A written finding or specific finding on the record of a judicial or administrative proceeding for the award of child support that the application of the guidelines established under paragraph (a) of this section would be unjust or inappropriate in a particular case shall be sufficient to rebut the presumption in that case, as determined under criteria established by the State. Such criteria must take into consideration the best interests of the child. Findings that rebut the guidelines shall state the amount of support that would have been required under the guidelines and include a justification of why the order varies from the guidelines.

(h) As part of the review of a State's guidelines required under paragraph (e) of this section, a State must consider economic data on the cost of raising children and analyze case data, gathered through sampling or other methods, on the application of, and deviations from, the guidelines. The analysis of the data must be used in the

§ 302.65 Withholding of unemployment compensation.

The State plan shall provide that the requirements of this section are met.

(a) *Definitions.* When used in this section:

Legal process means a writ, order, summons or other similar process in the nature of a garnishment, which is issued by a court of competent jurisdiction or by an authorized official pursuant to an order of such court or pursuant to State or local law.

State employment security agency or *SESA* means the State agency charged with the administration of the State unemployment compensation laws in accordance with title III of the Act.

Unemployment compensation means any compensation payable under State unemployment compensation law (including amounts payable in accordance with agreements under any Federal unemployment compensation law). It includes extended benefits, unemployment compensation for Federal employees, unemployment compensation for ex-servicemen, trade readjustment allowances, disaster unemployment assistance, and payments under the Redwood National Park Expansion Act.

(b) *Agreement.* The State IV-D agency shall enter into a written agreement with the SESA in its State for the purpose of withholding unemployment compensation from individuals with unmet support obligations being enforced by the IV-D agency. The IV-D agency shall agree only to a withholding program that it expects to be cost-effective and to reimbursement for the SESA's actual, incremental costs of providing services to the IV-D agency.

(c) *Functions to be performed by the IV-D agency.* The IV-D agency shall:

(1) Determine periodically from information provided by the SESA under section 508 of the Unemployment Compensation Amendments of 1976 whether individuals applying for or receiving unemployment compensation owe support obligations that are being enforced by the IV-D agency.

(2) Enforce unmet support obligations by arranging for the withholding of unemployment compensation based on a voluntary agreement with the individual who owes the support, or in appropriate cases which meet the case selection criteria established under paragraph (c)(3), through legal process pursuant to State or local law. If a voluntary agreement is obtained, the IV-D agency must give the SESA a copy of the voluntary agreement.

(3) Establish and use written criteria for selecting cases to pursue via the withholding of unemployment compensation for support purposes. These criteria must be designed to insure maximum case selection and minimal discretion in the selection process.

(4) Provide a receipt at least annually to an individual who requests a receipt for the support paid via the withholding of unemployment compensation, if receipts are not provided through other means.

(5) Maintain direct contact with the SESA in its State:

(i) By processing cases through the SESA in its own State or through IV-D agencies in other States; and

(ii) By receiving all amounts withheld by the SESA in its own State and forwarding any amounts withheld on behalf of IV-D agencies in other States to those agencies.

Title 3 : Executive

Chapter 025 : Administrative Procedure

Subchapter 001 : General Provisions

(Cite as: 3 V.S.A. § 801)

§ 801. Short title and definitions

(a) This chapter may be cited as the “Vermont Administrative Procedure Act.”

(b) As used in this chapter:

(1) “Agency” means a State board, commission, department, agency, or other entity or officer of State government, other than the Legislature, the courts, the Commander in Chief, and the Military Department, authorized by law to make rules or to determine contested cases.

(2) “Contested case” means a proceeding, including but not restricted to rate-making and licensing, in which the legal rights, duties, or privileges of a party are required by law to be determined by an agency after an opportunity for hearing.

(3) “License” includes the whole or part of any agency permit, certificate, approval, registration, charter, or similar form of permission required by law.

(4) “Licensing” includes the agency process respecting the grant, denial, renewal, revocation, suspension, annulment, withdrawal, or amendment of a license.

(5) “Party” means each person or agency named or admitted as a party, or properly seeking and entitled as of right to be admitted as a party.

(6) “Person” means any individual, partnership, corporation, association, governmental subdivision, or public or private organization of any character other than an agency.

(7) “Practice” means a substantive or procedural requirement of an agency, affecting one or more persons who are not employees of the agency, that is used by the

agency in the discharge of its powers and duties. The term includes all such requirements, regardless of whether they are stated in writing.

(8) “Procedure” means a practice that has been adopted in writing, either at the election of the agency or as the result of a request under subsection 831(b) of this title. The term includes any practice of any agency that has been adopted in writing, whether or not labeled as a procedure, except for each of the following:

(A) a rule adopted under sections 836-844 of this title;

(B) a written document issued in a contested case that imposes substantive or procedural requirements on the parties to the case;

(C) a statement that concerns only:

(i) the internal management of an agency and does not affect private rights or procedures available to the public;

(ii) the internal management of facilities that are secured for the safety of the public and the individuals residing within them; or

(iii) guidance regarding the safety or security of the staff of an agency or its designated service providers or of individuals being provided services by the agency or such a provider;

(D) an intergovernmental or interagency memorandum, directive, or communication that does not affect private rights or procedures available to the public;

(E) an opinion of the Attorney General; or

(F) a statement that establishes criteria or guidelines to be used by the staff of an agency in performing audits, investigations, or inspections, in settling commercial disputes or negotiating commercial arrangements, or in the defense, prosecution, or settlement of cases, if disclosure of the criteria or guidelines would compromise an investigation or the health and safety of an employee or member of the public, enable law violators to avoid detection, facilitate disregard of requirements imposed by law, or give a clearly improper advantage to persons that are in an adverse position to the State.

(9) “Rule” means each agency statement of general applicability that implements, interprets, or prescribes law or policy and that has been adopted in the manner provided by sections 836-844 of this title.

(10) “Incorporation by reference” means the use of language in the text of a regulation that expressly refers to a document other than the regulation itself.

(11) “Adopting authority” means, for agencies that are attached to the Agencies of Administration, of Commerce and Community Development, of Natural Resources, of Human Services, and of Transportation, or any of their components, the secretaries of those agencies; for agencies attached to other departments or any of their components,

the commissioners of those departments; and for other agencies, the chief officer of the agency. However, for the procedural rules of boards with quasi-judicial powers, for the Transportation Board, for the Vermont Veterans' Memorial Cemetery Advisory Board, and for the Fish and Wildlife Board, the chair or executive secretary of the board shall be the adopting authority. The Secretary of State shall be the adopting authority for the Office of Professional Regulation.

(12) "Small business" means a business employing no more than 20 full-time employees.

(13)(A) "Arbitrary," when applied to an agency rule or action, means that one or more of the following apply:

(i) There is no factual basis for the decision made by the agency.

(ii) The decision made by the agency is not rationally connected to the factual basis asserted for the decision.

(iii) The decision made by the agency would not make sense to a reasonable person.

(B) The General Assembly intends that this definition be applied in accordance with the Vermont Supreme Court's application of "arbitrary" in *Beyers v. Water Resources Board*, 2006 VT 65, and *In re Town of Sherburne*, 154 Vt. 596 (1990).

(14) "Guidance document" means a written record that has not been adopted in accordance with sections 836-844 of this title and that is issued by an agency to assist the public by providing an agency's current approach to or interpretation of law or describing how and when an agency will exercise discretionary functions. The term does not include the documents described in subdivisions (8)(A) through (F) of this section.

(15) "Index" means a searchable list of entries that contains subjects and titles with page numbers, hyperlinks, or other connections that link each entry to the text or document to which it refers. (Added 1967, No. 360 (Adj. Sess.), § 1, eff. July 1, 1969; amended 1981, No. 82, § 1; 1983, No. 158 (Adj. Sess.), eff. April 13, 1984; 1985, No. 56, § 1; 1985, No. 269 (Adj. Sess.), § 4; 1987, No. 76, § 18; 1989, No. 69, § 2, eff. May 27, 1989; 1989, No. 250 (Adj. Sess.), § 88; 2001, No. 149 (Adj. Sess.), § 46, eff. June 27, 2002; 2017, No. 113 (Adj. Sess.), § 3; 2017, No. 156 (Adj. Sess.), § 2.)

Rule Details

Rule Number:	23P032
Title:	Child Support Guidelines
Type:	Standard
Status:	Proposed
Agency:	Office of Child Support, Agency of Human Services
Legal Authority:	15 V.S.A. § 654, 45 C.F.R. § 302.56 (e), and 3 V.S.A. §801(b)(11)
Summary:	This rule governs the guidelines used for calculating child support obligations in Vermont. 15 V.S.A. § 654 states that the Secretary may amend the guideline from time to time as may be necessary, but not less than once every four years. Federal law, 45

C.F.R. § 302.56 (e), mandates that the child support guidelines be reviewed, and revised, if appropriate, at least once every four years to ensure the application results in appropriate child support order amounts. The existing child support guidelines went into effect 1/2/2020, so OCS has conducted a review to ensure the associated tables that convert gross income to after tax income and identify expenditures on children adjust for current tax rates and economic conditions.

Persons Affected:

Children of separated parents; custodial parents; noncustodial parents; guardians and custodial caretakers; Superior Court Family Division Case Managers, Judges, and Magistrates; Office of Child Support staff; the Department for Children & Families Economic Services Division; and attorneys involved in child support cases.

Economic Impact:

The amount of child support varies depending on the parents' incomes and the relationship between those incomes (how much the obligor earns in relation to how much the obligee earns), the number of children and various other factors. This rule change is intended to provide updated child support guideline calculations using the most current economic data available, 2023 state and federal tax rates and price levels, without major methodological changes. Since the last update in 2020, price levels have increased 19.3. Child-rearing costs have increased in every category, regardless of household income and number of children. Vermont's current child support guidelines do not accurately reflect current expenditures on children and need to be adjusted to align with current economic conditions.

The public notices for administrative rules are now also available online at <https://secure.vermont.gov/SOS/rules/>. The law requires an agency to hold a public hearing on a proposed rule, if requested to do so in writing by 25 persons or an association having at least 25 members.

To make special arrangements for individuals with disabilities or special needs please call or write the contact person listed below as soon as possible.

To obtain further information concerning any scheduled hearing(s), obtain copies of proposed rule(s) or submit comments regarding proposed rule(s), please call or write the contact person listed below. You may also submit comments in writing to the Legislative Committee on Administrative Rules, State House, Montpelier, Vermont 05602 (802-828-2231).

Vermont Passenger Tramway Rules.

Vermont Proposed Rule: 23P031

AGENCY: Department of Labor

CONCISE SUMMARY: This is an amendment of an existing rule, which is being revisited primarily for the purpose of adopting by reference the most recent industry standard. This is the 2022 edition of the American National Standards Institute (ANSI) B77.1, the American National Standard for Passenger Ropeways - Aerial Tramways, Aerial Lifts, Surface Lifts, Tows and Conveyors Safety Requirements. The rule also includes a Vermont-specific Addendum, further supplementing the national standard.
