*The following are the House Rules governing voting in the House.*

**XI  
OF VOTING**

69. The alphabetical roll call shall be called upon any question if demanded by five members.

70. Explanations of votes will be allowed only after the roll call is complete and immediately before the result thereof is announced. Explanations shall be submitted immediately to the Clerk in writing.

71. A division of the House shall be had upon order of the Speaker or upon demand of one member. If the vote be taken by division, a voting member who is unable to stand need not rise to express his or her vote but shall indicate the vote in some other manner.

72. No member or other person may remain by the Clerk's desk when the roll is being called.

73. When a vote is taken, every member present shall vote unless excused by the House; but no member may be compelled to vote who was absent when the question was stated from the Chair.

74. At the conclusion of the call of the roll, the alphabetical roll of the absentees will be called and, subject to Rule 73, members who were absent when their names were first called and who are now present shall then vote. Members not present when their names were called the second time shall not be permitted to vote, except by leave of the House.

75. Members shall not be permitted to vote upon any question in which they are immediately or directly interested.

76. The Speaker shall not be permitted to vote except in cases of elections by ballot, or when the House is equally divided, or when the Speaker's vote, if given to the minority, will make the division equal. In case of an equal division, the question shall be lost.

**Rep. Milne of Washington** explained her vote as follows:

“Mr. Speaker:

As a small business owner (who knows how hard it can be to make the payroll during the bad times) and as a former Chamber President, after much thought and deliberation, I decided to vote for this bill because I strongly believe every working man and woman in this state should be able to earn a living wage.”

**Rep. Schiavone of Shelburne** explained his vote as follows:

“Mr. Speaker:

Vermonters are noted for their compassion and I believe we in this assembly are all well meaning but I'm convinced the best way to demonstrate our compassion to those that are trying to earn better wages is through expanded economic development in the state and this bill works against that.”

**Rep. Milne of Washington** explained her vote as follows:

“Mr. Speaker:

I voted no very reluctantly as I wholeheartedly support the fuel assistance program but no one has convinced me that the funding is necessary at this time.”

**Rep. Perry of Richford** explained his vote as follows:

“Mr. Speaker:

This is an unnecessary tax! Our tax burden in Vermont is already higher than most states. The low income heating energy assistance program is a top priority program and should be funded within existing state and federal resources!”

**Rep. Coleman of Londonderry** explained his vote as follows:

“Mr. Speaker:

This is only the second time in eight years that I have formally explained my vote.

At this point it makes no difference to me what is in this bill. I would vote no. Too many people are, of necessity, missing, because it is so late and we were not communicated with in advance. This could head us down the road to where we were the last few years.

We may not have broken any rules tonight, but I don't think this is the way a democratic deliberative body should run. I believe we can do better.”

**Rep. Howrigan of Fairfield** explained his vote as follows:

“Mr. Speaker:

I voted no because all oars must be in the water if we are to co-exist and develop a tax plan for the State of Vermont.”

**Rep. Krasnow of Charlotte** explained his vote as follows:

“Mr. Speaker:

This budget so far has not yet asked all Vermonters to share equally in the sacrifices needed to achieve a responsible balanced budget. I look forward to tomorrow's amendments.”

"Mr. Speaker:

I changed from a yes to a no vote because of the promises put forth here today - and I, and I assume others, will hold the members to those promises"

**Rep. Darrow of Putney** explained his vote as follows:

"Mr. Speaker:

I voted no because this amendment needs work and the Ways and Means committee has assured us they will do that work and bring it back to us and they better!"

**Rep. Houston of Ferrisburg** explained her vote as follows:

"Mr. Speaker:

I was the only member of the Ways and Means committee to support this amendment as I realize use value appraisal which offers real tax relief to our landowners and forest land will be held hostage in our committee as a bargaining tool!"

**Rep. Weeks of Wallingford** explained his vote as follows:

"Mr. Speaker:

Solution of the use value problem is a significant policy issue that must be solved and solved soon. This issue should not be strapped on the back of the appropriations bill."

**Rep. Bohi of Hartford** explained her vote as follows:

“Mr. Speaker:

I held my nose and voted yes. While I don't like many of the cuts and some of the funding in this budget, I don't want Montpelier to mimic Washington, D.C. We need to pass a budget. This seems to be the best we can do this year.”

**Rep. Bouricius of Burlington** explained his vote as follows:

“Mr. Speaker:

I voted “no” because this budget, which spreads real pain, cuts basic services for the needy, shifts the tax burden on to the regressive property tax, and expands gambling, is based on an unworthy imperative - that is to preserve the huge tax cuts for the rich.”

**Rep. Christiansen of East Montpelier** explained his vote as follows:

“Mr. Speaker:

We cannot cut our way to a “sustainable” budget while maintaining an out of control welfare system for the wealthy.

We can no longer pretend that we have a “balanced” budget when it is based on a totally unbalanced tax structure.

After seven consecutive years of cuts, it is hard to believe that anyone would be delusional enough to once again suggest that this is a “sustainable” and “balanced” budget, and that we should stick to the “bottom line”.

Until we have drastically cut the welfare benefits flowing to the rich, there is no “bottom line”, only a sinking line.”

**Rep. Hudson of East Montpelier** explained his vote as follows:

“Mr. Speaker:

I voted no because my beliefs tell me that it is not right to take money away from someone and spend it on something they would not have spent it on themselves. I wish to represent the interests of my constituents and not abuse the power that my vote has. If this budget were a referendum (and if the people of the state could see an itemization of the thing) I'd bet you the entire seven hundred and eleven million, that it would not pass. And I'd consider my gamble to be much better odds than Powerball. Thank you.”

**Rep. Lafayette of Burlington** explained her vote as follows:

“Mr. Speaker:

This is the first time I've ever risen to explain my vote and that vote is one that I'm not particularly comfortable with. I have ended up supporting items I did not like, like Powerball, because of the desperate need of the programs that revenue would support, and against those policies I do support like use value appraisal, because the only way to fund them is to shift the burden on to the property tax payer once again. Although I twice supported what I thought were responsible tax revenues to fund property tax rebates and state aid to education, it was not the will of this body.

This budget is the end result of only cutting and not achieving fair and equitable taxing policies. I hope the Senate will see their responsibility more clearly.”

**Rep. Milne of Washington** explained her vote as follows:

“Mr. Speaker:

I would like to explain why I voted NO even though I support several amendments to restore funding to children and human services.

At the time, I was hopeful that this Chamber would do the right thing, but passing a bill that increases the burden of property taxes in the hopes that some other reform will come as a result, is plainly bad policy.

I believe we should act in this Chamber as though all we do is final and complete in itself and not as a bargaining tool for some other bill.”

**Rep. Pugh of South Burlington** explained her vote as follows:

“Mr. Speaker:

In voting yes for this budget I was confronted with a dilemma.

“Dilemma; a choice or situation involving choice between equally unsatisfactory alternatives,” Webster's Ninth New Collegiate Dictionary”

**Rep. Reidel of Ferrisburg** explained his vote as follows:

“Mr. Speaker:

In voting yes, I am voting for a responsible one-year emergency budget, not a sustainable state financial plan. Shifting expenses to towns and relying on new gambling revenue is not a stable, long-term resolution of Vermont's budget crisis. A truly sustainable financial plan will require new broad-based tax revenues which reflect ability to pay and which are dedicated to substantial reduction in property taxes - especially on farm and forest land - and to ensuring that every child in Vermont has an equal educational opportunity.”

**Rep. Towne of Berlin** explained her vote as follows:

“Mr. Speaker:

I voted no - this quote from Calvin Coolidge sums up my feelings. “Nothing is easier than spending the public's money”. It does not appear to belong to anyone. The urge to bestow it upon someone is irresistible” Mr. Speaker, we spent it all - every cent, and more!”

**Rep. Weeks of Wallingford** explained his vote as follows:

“Mr. Speaker:

I voted against this bill because while it feeds funds to the bloated bureaucracy, and a wide variety of social programs, it starves funds for the towns and the people in these towns”

**Rep. Baker of Randolph** explained his vote as follows:

“Mr. Speaker:

In a suspension of the rules, when a member has the temerity to request that a completely non-germane amendment be made germane, I must support such a request. Ergo, I voted ‘yes’.”

**Rep. Richardson of Weathersfield** explained his vote as follows:

“Mr. Speaker:

I voted to allow debate on the amendment proposed by the member from Bennington because this is not an amendment on smoking. It is an amendment on freedom, and our job is to protect that freedom, not to eliminate it. This subject must be debated, in any situation that comes along. It’s that important.”

**Rep. Christiansen of East Montpelier** explained his vote as follows:

“Mr. Speaker:

Under the rules of this House, a member can change his vote not once, not twice, but any number of times before the vote is announced.

In the judgment of what was best for this state, I changed my vote twice, with some confusion about the stage of process, but certainly under no influence from anyone other than myself.

As for the charge that flash cards were displayed, I have no knowledge of such.”

**Rep. Alberico of Rutland City** explained his vote as follows:

“Mr. Speaker”

I voted yes although I believe this to be too important a step to be taken so quickly and emotionally. I have concerns that this “quick fix” may well give us a false sense of security at the expense of an erosion of our privacy!”

**Rep. Young of Orwell** explained his vote as follows:

“Mr. Speaker:

I have nothing- absolutely nothing- to hide, but I think my days as a volunteer bus driver are nearly over. To volunteer I'm going to have to have a C.D.L. refresher course, physicals - drug and alcohol testing and now may someday have to submit my fingerprints - so much for volunteering.”

**Rep. Rose of Williston** explained his vote as follows:

“Mr. Speaker:

I voted “yes” for this win/win deal with the understanding that the negotiator engaged by the state will take into consideration the market value of the respective tracts involved, including the status of their development rights and future development potential. The 1,092 acres currently on the table have only one set of development rights.”

**Rep. Reidel of Ferrisburg** explained his vote as follows:

“Mr. Speaker:

I voted yes with the understanding that it is the intent of the House that the Secretary of Administration’s negotiator will review all conditions of the Mt. Mansfield Co. land exchange, including the valuation of the exchange lands reflecting any transfers of development rights from the present Mr. Mansfield-owned lands to the 25 acres of the state lands to be exchanged; and that the negotiator is authorized to require a new appraisal if he/she so deems such is necessary to protect the interests of the state.”

**Rep. Brunelle of Winooski** explained his vote as follows:

“Mr. Speaker:

I can not vote for a budget that contains a broken promise to the taxpayers of Vermont. That promise was to sunset the Vermont sales tax increase initiated to solve past years deficits.

Mr. Speaker, it didn't happen last year and it didn't happen this year. Evidently the term “sunset” has no meaning in the Vermont budgetary process.

Thank you Mr. Speaker.”

**Rep. Kinsey of Craftsbury** explained his vote as follows:

“Mr. Speaker:

When your three conferees first met on this document, our first comments on this task were “How are we going to do all this?”

Well Mr. Speaker, my chairman rose to the occasion. He was like General Eisenhower in 1944. He kept jabbing here and there all along the Western Front. Also keeping in mind the personalities of all the Generals from Field Marshall Montgomery to General Patton to General Bradley.

In this manner my chairman produced this document we have before us. I know he wore out two pair of track shoes chasing down his committee.

Mr. Speaker, I personally want to congratulate and thank the other member from Rockingham for his leadership in this effort.”
