An act relating to the Vermont Uniform Power of Attorney Act.

**Reported favorably with recommendation of proposal of amendment by Senator Sears for the Committee on Judiciary.**

The Committee recommends that the Senate propose to the House to amend the bill by striking out all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. 14 V.S.A. chapter 127 is added to read:

CHAPTER 127. VERMONT UNIFORM POWER OF ATTORNEY ACT

Subchapter 1. General Provisions

§ 4001. SHORT TITLE

This chapter may be cited as the Vermont Uniform Power of Attorney Act.

§ 4002. DEFINITIONS

As used in this chapter:

(1) “Agent” means a person granted authority to act for a principal under a power of attorney, whether denominated an agent, attorney-in-fact, or otherwise. The term includes an original agent, coagent, successor agent, and a person to which an agent’s authority is delegated.

(2) “Durable,” with respect to a power of attorney, means not terminated by the principal’s incapacity or unavailability.

(3) “Electronic” means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.

(4) “Electronic signature” means an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.

(5) “General power of attorney” means a power of attorney that is not limited by its terms to a specified transaction or series of transactions, to a

specific purpose, or to a specific asset or set of assets, or a power of attorney that grants an agent the authority to do any one or more of the acts described in subsection 4031(e) of this title.

(6) “Good faith” means honesty in fact.

(7)(A) “Incapacity” means the inability of an individual to manage property or business affairs because the individual has an impairment in the ability to receive and evaluate information or make or communicate decisions even with the use of technological assistance.

(B) “Unavailability” means the inability of an individual to manage property or business affairs because the individual is:

(i) missing;

(ii) detained, including incarcerated in a penal system; or

(iii) outside the United States and unable to return.

(8) “Person” means an individual; corporation; business trust; estate; trust; partnership; limited liability company; association; joint venture; public corporation; government or governmental subdivision, agency, or instrumentality; or any other legal or commercial entity.

(9) “Power of attorney” means a writing or other record that grants authority to an agent to act in the place of the principal, whether or not the term power of attorney is used.

(10) “Presently exercisable general power of appointment,” with respect to property or a property interest subject to a power of appointment, means power exercisable at the time in question to vest absolute ownership in the principal individually, the principal’s estate, the principal’s creditors, or the creditors of the principal’s estate. The term includes a power of appointment not exercisable until the occurrence of a specified event, the satisfaction of an ascertainable standard, or the passage of a specified period only after the occurrence of the specified event, the satisfaction of the ascertainable standard, or the passage of the specified period. The term does not include a power exercisable in a fiduciary capacity or only by will.

(11) “Principal” means an individual who grants authority to an agent in a power of attorney.

(12) “Property” means anything that may be the subject of ownership, whether real or personal, or legal or equitable, or any interest or right therein.

(13) “Record” means information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in

perceivable form.

(14) “Sign” means, with present intent to authenticate or adopt a record:

(A) to execute or adopt a tangible symbol; or

(B) to attach to or logically associate with the record an electronic sound, symbol, or process.

(15) “State” means a state of the United States, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, or any territory or insular possession subject to the jurisdiction of the United States.

(16) “Stocks and bonds” means stocks, bonds, mutual funds, and all other types of securities and financial instruments, whether held directly, indirectly, or in any other manner. The term does not include commodity futures contracts and call or put options on stocks or stock indexes.

#### § 4003. APPLICABILITY

This chapter applies to all powers of attorney except:

(1) a power to the extent it is coupled with an interest in the subject of the power, including a power given to or for the benefit of a creditor in connection with a credit transaction;

(2) a power to make health-care decisions;

(3) a proxy or other delegation to exercise voting rights or management rights with respect to an entity;

(4) a power created on a form prescribed by a government or governmental subdivision, agency, or instrumentality for a governmental purpose; and

(5) a power of reciprocal insurers under 8 V.S.A. § 4838.

#### § 4004. POWER OF ATTORNEY IS DURABLE

A power of attorney created under this chapter is durable unless it expressly provides that it is terminated by the incapacity or unavailability of the principal.

#### § 4005. EXECUTION OF POWER OF ATTORNEY

A power of attorney shall be signed by the principal or in the principal’s conscious presence by another individual directed by the principal to sign the principal’s name on the power of attorney. A signature on a power of attorney is presumed to be genuine if the principal acknowledges the signature before a notary public or other individual authorized by law to take acknowledgments.

§ 4006. VALIDITY OF POWER OF ATTORNEY

(a) A power of attorney executed in this State on or after July 1, 2023 is valid if its execution complies with section 4005 of this title.

(b) A power of attorney executed in this State before July 1, 2023 is valid if its execution complied with the law of this State as it existed at the time of execution.

(c) A power of attorney executed other than in this State is valid in this State if, when the power of attorney was executed, the execution complied with:

(1) the law of the jurisdiction that determines the meaning and effect of the power of attorney pursuant to section 4007 of this title; or

(2) the requirements for a military power of attorney pursuant to 10 U.S.C. § 1044b, as amended.

(d) Except as otherwise provided by statute other than this chapter, a photocopy or electronically transmitted copy of an original power of attorney has the same effect as the original.

(e) Except as otherwise provided by statute other than this chapter, a power of attorney that complies with this chapter is valid.

§ 4007. MEANING AND EFFECT OF POWER OF ATTORNEY

The meaning and effect of a power of attorney is determined by the law of the jurisdiction indicated in the power of attorney and, in the absence of an indication of jurisdiction, by the law of the jurisdiction in which the power of attorney was executed.

§ 4008. NOMINATION OF GUARDIAN; RELATION OF AGENT TO COURT-APPOINTED FIDUCIARY

(a) In a power of attorney, a principal may nominate a guardian of the principal's estate or a guardian of the principal's person for consideration by the court if protective proceedings for the principal's estate or person are begun after the principal executes the power of attorney. Except for good cause shown or disqualification, the court shall make its appointment in accordance with the principal's most recent nomination.

(b) If, after a principal executes a power of attorney, a court appoints a guardian of the principal's estate or other fiduciary charged with the management of some or all of the principal's property, the agent is accountable to the fiduciary as well as to the principal. The power of attorney is not terminated, and the agent's authority continues unless limited, suspended, or

terminated by the court.

§ 4009. WHEN POWER OF ATTORNEY EFFECTIVE

(a) A power of attorney is effective when executed unless the principal provides in the power of attorney that it becomes effective at a future date or upon the occurrence of a future event or contingency.

(b) If a power of attorney becomes effective upon the occurrence of a future event or contingency, the principal, in the power of attorney, may authorize one or more persons to determine in a writing or other record that the event or contingency has occurred.

(c) If a power of attorney becomes effective upon the principal's incapacity or unavailability and the principal has not authorized a person to determine whether the principal is incapacitated or unavailable, or the person authorized is unable or unwilling to make the determination, the power of attorney becomes effective upon a determination in a writing or other record by:

(1) a licensed health care professional working within the professional's scope of practice, including a physician licensed pursuant to 26 V.S.A. chapter 23 or 33 and a psychologist licensed pursuant to 26 V.S.A. chapter 55, that the principal is incapacitated within the meaning of subdivision 4002(7)(A) of this chapter; or

(2) an attorney at law, a judge, or an appropriate governmental official that the principal is unavailable within the meaning of 4002(7)(B) of this chapter.

(d) A person authorized by the principal in the power of attorney to determine that the principal is incapacitated or unavailable may act as the principal's personal representative pursuant to the Health Insurance Portability and Accountability Act; Sections 1171 through 1179 of the Social Security Act; 42 U.S.C. § 1320d, as amended; and applicable regulations to obtain access to the principal's health-care information and communicate with the principal's health-care provider.

§ 4010. TERMINATION OF POWER OF ATTORNEY OR AGENT'S AUTHORITY

(a) A power of attorney terminates when:

(1) the principal dies;

(2) the principal becomes incapacitated or unavailable, if the power of attorney is not durable;

(3) the principal revokes the power of attorney;

(4) the power of attorney provides that it terminates;

(5) the purpose of the power of attorney is accomplished; or

(6) the principal revokes the agent's authority or the agent dies, becomes incapacitated or unavailable, or resigns, and the power of attorney does not provide for another agent to act under the power of attorney.

(b) An agent's authority terminates when:

(1) the principal revokes the authority;

(2) the agent dies, becomes incapacitated or unavailable, or resigns;

(3) a petition for divorce, annulment, separation, or a decree of nullity is filed with respect to the agent's marriage to the principal, unless the power of attorney otherwise provides; or

(4) the power of attorney terminates.

(c) Unless the power of attorney otherwise provides, an agent's authority is exercisable until the authority terminates under subsection (b) of this section, notwithstanding a lapse of time since the execution of the power of attorney.

(d) Termination of an agent's authority or of a power of attorney is not effective as to the agent or another person that, without actual knowledge of the termination, acts in good faith under the power of attorney. An act so performed, unless otherwise invalid or unenforceable, binds the principal and the principal's successors in interest.

(e) Incapacity or unavailability of the principal of a power of attorney that is not durable does not revoke or terminate the power of attorney as to an agent or other person that, without actual knowledge of the incapacity or unavailability, acts in good faith under the power of attorney. An act so performed, unless otherwise invalid or unenforceable, binds the principal and the principal's successors in interest.

(f) The execution of a power of attorney does not revoke a power of attorney previously executed by the principal unless the subsequent power of attorney provides that the previous power of attorney is revoked or that all other powers of attorney are revoked.

(g) The principal of a power of attorney may not revoke the power of attorney if the principal has been determined to be incapacitated.

#### § 4011. CO-AGENTS AND SUCCESSOR AGENTS

(a) A principal may designate two or more persons to act as co-agents. Unless the power of attorney otherwise provides, each co-agent may exercise

its authority independently.

(b) A principal may designate one or more successor agents to act if an agent resigns, dies, becomes incapacitated or unavailable, is not qualified to serve, or declines to serve. A principal may grant authority to designate one or more successor agents to an agent or other person designated by name, office, or function. Unless the power of attorney otherwise provides, a successor agent:

(1) has the same authority as that granted to the original agent; and

(2) may not act until all predecessor agents have resigned, died, become incapacitated or unavailable, are no longer qualified to serve, or have declined to serve.

(c) Except as otherwise provided in the power of attorney and subsection (d) of this section, an agent who does not participate in or conceal a breach of fiduciary duty committed by another agent, including a predecessor agent, is not liable for the actions of the other agent.

(d) An agent who has actual knowledge of a breach or imminent breach of fiduciary duty by another agent shall notify the principal and, if the principal is incapacitated or unavailable, take any action reasonably appropriate in the circumstances to safeguard the principal's best interests. An agent who fails to notify the principal or take action as required by this subsection is liable for the reasonably foreseeable damages that could have been avoided if the agent had notified the principal or taken such action.

#### § 4012. REIMBURSEMENT AND COMPENSATION OF AGENT

Unless the power of attorney otherwise provides, an agent is entitled to reimbursement of expenses reasonably incurred on behalf of the principal and to compensation that is reasonable under the circumstances.

#### § 4013. AGENT'S ACCEPTANCE

Except as otherwise provided in the power of attorney, a person accepts appointment as an agent under a power of attorney by exercising authority or performing duties as an agent or by any other assertion or conduct indicating acceptance.

#### § 4014. AGENT'S DUTIES

(a) Notwithstanding provisions in the power of attorney, an agent who has accepted appointment shall:

(1) act in accordance with the principal's reasonable expectations to the extent actually known by the agent and otherwise in the principal's best

interests;

(2) act in good faith; and

(3) act only within the scope of authority granted in the power of attorney.

(b) Except as otherwise provided in the power of attorney or other provision of this chapter, an agent that has accepted appointment shall have no further obligation to act under the power of attorney. However, with respect to any action taken by the agent under the power of attorney, the agent shall:

(1) act loyally for the principal's benefit;

(2) act so as not to create a conflict of interest that impairs the agent's ability to act impartially in the principal's best interests;

(3) act with the care, competence, and diligence ordinarily exercised by agents in similar circumstances;

(4) keep a record of all receipts, disbursements, and transactions made on behalf of the principal;

(5) cooperate with a person who has authority to make health-care decisions for the principal to carry out the principal's reasonable expectations to the extent actually known by the agent and otherwise act in the principal's best interests; and

(6) attempt to preserve the principal's estate plan, to the extent actually known by the agent, if preserving the plan is consistent with the principal's best interests based on all relevant factors, including:

(A) the value and nature of the principal's property;

(B) the principal's foreseeable obligations and need for maintenance;

(C) minimization of taxes, including income, estate, inheritance, generation-skipping transfer, and gift taxes; and

(D) eligibility for a benefit, a program, or assistance under a statute or regulation.

(c) An agent who acts in good faith is not liable to any beneficiary of the principal's estate plan for failure to preserve the plan.

(d) An agent who acts with care, competence, and diligence for the best interests of the principal is not liable solely because the agent also benefits from the act or has an individual or conflicting interest in relation to the property or affairs of the principal.

(e) If an agent is selected by the principal because of special skills or

expertise possessed by the agent or in reliance on the agent's representation that the agent has special skills or expertise, the special skills or expertise must be considered in determining whether the agent has acted with care, competence, and diligence under the circumstances.

(f) Absent a breach of duty to the principal, an agent is not liable if the value of the principal's property declines.

(g) An agent who exercises authority to delegate to another person the authority granted by the principal or who engages another person on behalf of the principal is not liable for an act, error of judgment, or default of that person if the agent exercises care, competence, and diligence in selecting and monitoring the person.

(h) Except as otherwise provided in the power of attorney, an agent is not required to disclose receipts, disbursements, or transactions conducted on behalf of the principal unless ordered by a court or requested by the principal, a guardian, a conservator, another fiduciary acting for the principal, a governmental agency having authority to protect the welfare of the principal, or, upon the death of the principal, by the personal representative or successor in interest of the principal's estate. If so requested, within 30 days the agent shall comply with the request or provide a writing or other record substantiating why additional time is needed and shall comply with the request within an additional 30 days.

#### § 4015. EXONERATION OF AGENT

A provision in a power of attorney relieving an agent of liability for breach of duty is binding on the principal and the principal's successors in interest except to the extent the provision:

(1) relieves the agent of liability for breach of duty committed:

(A) dishonestly;

(B) in bad faith;

(C) with reckless indifference to the purposes of the power of attorney;

(D) through willful misconduct;

(E) through gross negligence; or

(F) with actual fraud; or

(2) was inserted as a result of an abuse of a confidential or fiduciary relationship with the principal.

§ 4016. JUDICIAL RELIEF

(a) The following persons may petition a court to construe a power of attorney or review the agent's conduct and grant appropriate relief:

- (1) the principal or the agent;
- (2) a guardian or other fiduciary acting for the principal, including an executor or administrator of the estate of a deceased principal;
- (3) a person authorized to make health-care decisions for the principal;
- (4) the principal's spouse, parent, or descendant;
- (5) an individual who would qualify as an heir of the principal under the laws of intestacy;
- (6) a person named as a beneficiary to receive any property, benefit, or contractual right on the principal's death or as a beneficiary of a trust created by or for the principal who has a financial interest in the principal's estate;
- (7) a governmental agency having regulatory authority to protect the welfare of the principal;
- (8) the principal's caregiver or another person who demonstrates sufficient interest in the principal's welfare; and
- (9) a person asked to accept the power of attorney.

(b) Upon motion by the principal, the court shall dismiss a petition filed under this section, unless the court finds that the principal lacks capacity to revoke the agent's authority or the power of attorney.

§ 4017. AGENT'S LIABILITY

An agent who violates this chapter is liable to the principal or the principal's successors in interest for the amount required to:

- (1) restore the value of the principal's property to what it would have been had the violation not occurred;
- (2) reimburse the principal or the principal's successors in interest for the attorney's fees and costs paid on the agent's behalf;
- (3) reimburse the reasonable attorney's fees and costs incurred by the principal or the principal's successor in interest in pursuing rectification of the violation by the agent; and
- (4) pay such other amounts, damages, costs, or expenses that the court may award.

§ 4018. AGENT’S RESIGNATION; NOTICE

Unless the power of attorney provides a different method for an agent’s resignation, an agent may resign by giving written notice to the principal and, if the principal is incapacitated or unavailable:

(1) to the guardian, if one has been appointed for the principal, and a coagent or successor agent; or

(2) if there is no person described in subdivision (1) of this section, to:

(A) the principal’s caregiver;

(B) another person reasonably believed by the agent to have sufficient interest in the principal’s welfare; or

(C) a governmental agency having authority to protect the welfare of the principal.

§ 4019. ACCEPTANCE OF AND RELIANCE UPON ACKNOWLEDGED POWER OF ATTORNEY

(a) As used in this section and section 4020 of this title, “acknowledged” means purportedly verified before a notary public or other individual authorized to take acknowledgements.

(b) A person who in good faith accepts an acknowledged power of attorney without actual knowledge that the signature is not genuine may rely upon the presumption under section 4005 of this title that the signature is genuine.

(c) A person who effects a transaction in reliance upon an acknowledged power of attorney without actual knowledge that the power of attorney is void, invalid, or terminated; that the purported agent’s authority is void, invalid, or terminated; or that the agent is exceeding or improperly exercising the agent’s authority may rely upon the power of attorney as if the power of attorney were genuine, valid, and still in effect; the agent’s authority were genuine, valid, and still in effect; and the agent had not exceeded and has properly exercised the authority.

(d) A person who is asked to accept an acknowledged power of attorney may request and rely upon, without further investigation:

(1) an agent’s certification under penalty of perjury of any factual matter concerning the principal, agent, or power of attorney; or

(2) an English translation of the power of attorney if the power of attorney contains, in whole or in part, language other than English; and

(3) an opinion of counsel as to any matter of law concerning the power

of attorney if the person making the request provides in a writing or other record the reason for the request.

(e) A certification presented pursuant to subsection (d) of this section shall state that:

(1) the person presenting themselves as the agent and signing the affidavit or declaration is the person so named in the power of attorney;

(2) if the agent is named in the power of attorney as a successor agent, the circumstances or conditions stated in the power of attorney that would cause that person to become the acting agent have occurred;

(3) to the best of the agent's knowledge, the principal is still alive;

(4) to the best of the agent's knowledge, at the time the power of attorney was signed, the principal was competent to execute the document and was not under undue influence to sign the document;

(5) all events necessary to making the power of attorney effective have occurred;

(6) the agent does not have actual knowledge of the revocation, termination, limitation, or modification of the power of attorney or of the agent's authority;

(7) if the agent was married to or in a state-registered domestic partnership with the principal at the time of execution of the power of attorney, then at the time of signing the affidavit or declaration, the marriage or state-registered domestic partnership of the principal and the agent has not been dissolved or declared invalid, and no action is pending for the dissolution of the marriage or domestic partnership for legal separation; and

(8) the agent is acting in good faith pursuant to the authority given under the power of attorney.

(f) An English translation or an opinion of counsel requested under this section must be provided at the principal's expense unless the request is made more than seven business days after the power of attorney is presented for acceptance.

(g) For purposes of this section and section 4020 of this title, a person who conducts activities through employees is without actual knowledge of a fact relating to a power of attorney, a principal, or an agent if the employee conducting the transaction involving the power of attorney is without actual knowledge of the fact.

§ 4020. LIABILITY FOR REFUSAL TO ACCEPT ACKNOWLEDGED  
STATUTORY FORM POWER OF ATTORNEY

(a) As used in this section, “statutory form power of attorney” means a power of attorney substantially in the form provided in section 4051 or 4052 of this title or that meets the requirements for a military power of attorney pursuant to 10 U.S.C. § 1044b, as amended.

(b) Except as otherwise provided in subsection (c) of this section:

(1) a person shall either accept an acknowledged statutory form power of attorney or request a certification, a translation, or an opinion of counsel under subsection 4019(d) of this title not later than seven business days after presentation of the power of attorney for acceptance;

(2) if a person requests a certification, a translation, or an opinion of counsel under subsection 4019(d) of this title, the person shall accept the statutory form power of attorney not later than five business days after receipt of the certification, translation, or opinion of counsel; and

(3) a person may not require an additional or different form of power of attorney for authority granted in the statutory form power of attorney presented.

(c) A person is not required to accept an acknowledged statutory form power of attorney if:

(1) the person is not otherwise required to engage in a transaction with the principal in the same circumstances;

(2) engaging in a transaction with the agent or the principal in the same circumstances would be inconsistent with federal or state law;

(3) the person has actual knowledge of the termination of the agent’s authority or of the power of attorney before exercise of the power;

(4) a request for a certification, a translation, or an opinion of counsel under subsection 4019(d) of this title is refused;

(5) the person in good faith believes that the power is not valid or that the agent does not have the authority to perform the act requested, whether or not a certification, a translation, or an opinion of counsel under subsection 4019(d) of this title has been requested or provided; or

(6) the person makes, or has actual knowledge that another person has made, a report to the Adult Protective Services program or other appropriate entity within the Department of Disabilities, Aging, and Independent Living or to a law enforcement agency stating a good faith belief that the principal may

be subject to physical or financial abuse, neglect, exploitation, or abandonment by the agent or a person acting for or with the agent.

(d) A person who refuses in violation of this section to accept an acknowledged statutory form power of attorney is subject to:

(1) a court order mandating acceptance of the power of attorney; and

(2) liability for reasonable attorney's fees and costs incurred in any action or proceeding that confirms the validity of the power of attorney or mandates acceptance of the power of attorney.

#### § 4021. PRINCIPLES OF LAW AND EQUITY

Unless displaced by a provision of this chapter, the principles of law and equity supplement this chapter.

#### § 4022. LAWS APPLICABLE TO FINANCIAL INSTITUTIONS AND ENTITIES

This chapter does not supersede any other law applicable to financial institutions or other entities, and the other law controls if inconsistent with this chapter.

#### § 4023. REMEDIES UNDER OTHER LAW

The remedies under this chapter are not exclusive and do not abrogate any right or remedy under the law of this State other than this chapter.

### Subchapter 2. Authority

#### § 4031. AUTHORITY THAT REQUIRES SPECIFIC GRANT; GRANT OF GENERAL AUTHORITY

(a) An agent under a power of attorney may do the following on behalf of the principal or with the principal's property only if the power of attorney expressly grants the agent the authority and exercise of the authority is not otherwise prohibited by another agreement or instrument to which the authority or property is subject:

(1) create, amend, revoke, or terminate an inter vivos trust;

(2) make a gift;

(3) create or change rights of survivorship;

(4) create or change a beneficiary designation;

(5) delegate authority granted under the power of attorney;

(6) waive the principal's right to be a beneficiary of a joint and survivor annuity, including a survivor benefit under a retirement plan;

(7) authorize another person to exercise the authority granted under the power of attorney;

(8) exercise authority over the content of an electronic communication of the principal in accordance with chapter 125 of this title (Vermont Revised Uniform Fiduciary Access to Digital Assets Act);

(9) disclaim property, including a power of appointment;

(10) exercise a written waiver of spousal rights under section 323 of this title;

(11) exercise authority with respect to intellectual property, including copyrights, contracts for payment of royalties, and trademarks; or

(12) convey, or revoke or revise a grantee designation, by enhanced life estate deed pursuant to chapter 6 of Title 27 or under common law.

(b) Notwithstanding a grant of authority to do an act described in subsection (a) of this section, unless the power of attorney otherwise provides, an agent that is not an ancestor, spouse, or descendant of the principal may not exercise authority under a power of attorney to create in the agent, or in an individual to whom the agent owes a legal obligation of support, an interest in the principal's property, whether by gift, right of survivorship, beneficiary designation, disclaimer, or otherwise.

(c) Subject to subsections (a), (b), (d), and (e) of this section, if a power of attorney grants to an agent authority to do all acts that a principal could do, the agent has the general authority described in sections 4034-4046 of this title.

(d) Unless the power of attorney otherwise provides, a grant of authority to make a gift is subject to section 4047 of this title.

(e) Subject to subsections (a), (b), and (d) of this section, if the subjects over which authority is granted in a power of attorney are similar or overlap, the broadest authority controls.

Sec. 2. FISCAL YEAR 2024 TRANSPORTATION INVESTMENTS  
INTENDED TO REDUCE TRANSPORTATION-RELATED  
GREENHOUSE GAS EMISSIONS, REDUCE FOSSIL FUEL  
USE, AND SAVE VERMONT HOUSEHOLDS MONEY

This act includes the State’s fiscal year 2024 transportation investments intended to reduce transportation-related greenhouse gas emissions, reduce fossil fuel use, and save Vermont households money in furtherance of the policies articulated in 19 V.S.A. § 10b and the goals of the Comprehensive Energy Plan and the Vermont Climate Action Plan and to satisfy the Executive and Legislative Branches’ commitments to the Paris Agreement climate goals. In fiscal year 2024, these efforts will include the following:

(1) Park and Ride Program. This act provides for a fiscal year expenditure of \$2,266,045.00, which will fund one construction project to create a new park-and-ride facility; the design and construction of improvements to one existing park-and-ride facility; the design of improvements to one existing park-and-ride facility scheduled for construction in future fiscal years; and paving projects for existing park-and-ride facilities. This year’s Park and Ride Program will create 202 new State-owned spaces. Specific additions and improvements include:

(A) Manchester—construction of 50 new spaces;

(B) Sharon—design for 10 new spaces; and

(C) Williston—construction of 142 new spaces.

(ii) the small-scale municipal bicycle and pedestrian grant program for projects to be selected during the fiscal year;

(iii) projects funded through the Safe Routes to School program;

(iv) education and outreach to K–8 schools to encourage higher levels of walking and bicycling to school; and

(v) community grants along the Lamoille Valley Rail Trail (LVRT).

(B) Sec. 5 of this act also creates the Rail Trail Community Connectivity Grants, with the purpose to continue the build out and enhancement of LVRT amenities and improve visitor experience.

#### § 2905. ANNUAL REPORTING

(a) The Agency shall annually evaluate the programs established under this chapter to gauge effectiveness and shall submit a written report on the effectiveness of the programs to the House and Senate Committees on Transportation, the House Committee on Environment and Energy, and the Senate Committee on Finance on or before the 31st day of January in each year following a year that an incentive was provided through one of the programs.

(b) The report shall also include:

(1) any intended modifications to program guidelines for the upcoming fiscal year along with an explanation for the reasoning behind the modifications and how the modifications will yield greater uptake of PEVs and other means of transportation that will reduce greenhouse gas emissions; and

\* \* \* Mileage-Based User Fee (MBUF) \* \* \*

Sec. 23. MILEAGE-BASED USER FEE LEGISLATIVE INTENT

It is the intent of the General Assembly for the State:

(1) to start collecting a mileage-based user fee from all battery-electric vehicles registered in Vermont starting on July 1, 2025, which is expected to be the first day of the first fiscal year when more than 15 percent of new pleasure car registrations in the State are plug-in electric vehicles (PEVs);

(2) to start subjecting plug-in hybrid electric vehicles (PHEVs) that are a pleasure car to an increased annual or a biennial registration fee starting on July 1, 2025, and that PHEVs shall not be subject to a mileage-based user fee;

(3) to work towards collecting a fee on kWhs that are dispensed through certain electric vehicle supply equipment available to the public so as to supplant lost gas tax revenue from PEVs; and

(4) to not commence collecting a mileage-based user fee until such authorizing language is codified in statute and becomes effective.

## Sec. 24. MILEAGE-BASED USER FEE AUTHORIZATION

(a) Within the Agency of Transportation’s Proposed Fiscal Year 2024 Transportation Program for Environmental Policy and Sustainability, the Agency of Transportation, including the Department of Motor Vehicles, is authorized to apply for and accept a competitive federal Strategic Innovation for Revenue Collection grant established pursuant to the Infrastructure Investment and Jobs Act, Pub. L. No. 117-58 (IIJA), Sec. 13001, with up to \$350,000.00 in Transportation Fund monies authorized for the nonfederal match in fiscal year 2024 and a to-be-determined amount for the nonfederal match in subsequent fiscal years.

(B) the average mileage-based user fee collected for a BEV with low, medium, and high annual vehicle miles traveled in the prior fiscal year;

(C) an estimate of the average amount in motor fuel revenue that was collected for a pleasure car that is not a plug-in electric vehicle with low, medium, and high annual vehicle miles traveled in the prior fiscal year;

(D) an estimate of the average amount in motor fuel revenue and increased registration fee that was collected for a pleasure car that is a plug-in hybrid electric vehicle with low, medium, and high annual vehicle miles traveled in the prior fiscal year;

(E) the total number of delinquent mileage-based user fees in the prior fiscal year;

(F) the total number of outstanding payment plans for delinquent mileage-based user fees; and

(4) an outline of what the Agency intends to adopt, if authorized, as rule in order to commence collecting, on July 1, 2025, a mileage-based user fee for miles driven by a BEV registered in Vermont, which shall, at a minimum, establish:

(A) a process to calculate and report the annual vehicle miles traveled by a BEV registered in Vermont;

(B) payment periods and other payment methods and procedures for the payment of the mileage-based user fee, which shall include the option to prepay the anticipated mileage-based user fee in installments on a monthly, quarterly, or annual basis;

(C) standards for mileage reporting mechanisms for an owner or

lessee of a BEV to report vehicle miles traveled throughout the year;

(D) procedures to provide security and protection of personal information and data connected to a mileage-based user fee;

(E) penalty and appeal procedures necessary for the collection of a mileage-based user fee, which, to the extent practicable, shall duplicate and build upon existing Department of Motor Vehicles processes; and

(F) Agency oversight of any account manager, including privacy protection of personal information and access and auditing capability of financial and other records related to administration of the process to collect a mileage-based user fee; and

#### § 2402. STATE POLICY

(a) Agency of Transportation funded, designed, or funded and designed projects shall seek to increase and encourage more pedestrian, bicycle, and public transit trips, with the State goal to promote intermodal access to the maximum extent feasible, which will help the State meet the transportation-related recommendations outlined in the Comprehensive Energy Plan (CEP) issued under 30 V.S.A. § 202b and the recommendations of the Vermont Climate Action Plan (CAP) issued under 10 V.S.A. § 592.

(b) Except in the case of projects or project components involving unpaved highways, for all transportation projects and project phases managed by the Agency or a municipality, including planning, development, construction, or maintenance, it is the policy of this State for the Agency and municipalities, as applicable, to incorporate complete streets principles that:

(1) serve individuals of all ages and abilities, including vulnerable users as defined in 23 V.S.A. § 4(81);

(2) follow state-of-the-practice design guidance; and

(3) are sensitive to the surrounding community, including current and planned buildings, parks, and trails and current and expected transportation needs.

§ 2403. PROJECTS NOT INCORPORATING COMPLETE STREETS PRINCIPLES

(1) Use of the transportation facility by pedestrians, bicyclists, or other users is prohibited by law.

(2) The cost of incorporating complete streets principles is disproportionate to the need or probable use as determined by factors including land use, current and projected user volumes, population density, crash data, historic and natural resource constraints, and maintenance requirements. The Agency shall consult local and regional plans, as appropriate, in assessing these and any other relevant factors. If the project manager bases the written determination required under this subsection in whole or in part on this subdivision then the project manager shall provide a supplemental written determination with specific details on costs, needs, and probable uses, as applicable.

(3) Incorporating complete streets principles is outside the limited scope of a project as defined in the latest version of the Agency's Complete Streets Guidance.

(b) Municipal projects. A municipally managed project shall incorporate complete streets principles unless the municipality managing the project makes a written determination, supported by documentation, that one or more of the following circumstances exist:

(1) Use of the transportation facility by pedestrians, bicyclists, or other users is prohibited by law.

(2) The cost of incorporating complete streets principles is disproportionate to the need or probable use as determined by factors such as land use, current and projected user volumes, population density, crash data, historic and natural resource constraints, and maintenance requirements. The municipality shall consult local and regional plans, as appropriate, in assessing these and any other relevant factors. If the municipality managing the project bases the written determination required under this subsection in whole or in part on this subdivision then the project manager shall provide a supplemental written determination with specific details on costs, needs, and probable uses, as applicable.

Sec. 3. ONE-TIME APPROPRIATION; DEPARTMENT OF TAXES

In fiscal year 2024, \$50,000.00 shall be appropriated from the General Fund to the Department of Taxes to contract with one or more consultants with expertise in statewide reappraisal systems to assist the Department in preparing the implementation proposal required under this act.

STATEWIDE REAPPRAISALS; GRAND LIST PROPERTIES;  
DEPARTMENT OF TAXES

(a) On or before December 15, 2023, the Department of Taxes shall submit in writing to the House Committees on Government Operations and Military Affairs and on Ways and Means and the Senate Committees on Finance and on Government Operations a progress report on the first six months of work on the implementation plan and recommendations required under subsection (b) of this section. The progress report shall include the following:

(1) With regard to the proposal to implement a statewide reappraisal system, a preliminary schedule to phase in full reappraisals for each municipality every six years with the first municipalities scheduled to reappraise with a completion date on or before April 1, 2027. In setting the proposed six-year reappraisal schedule, the Department shall prioritize the following factors:

- (A) municipalities for which the last year of reappraisal is the oldest;
- (B) the geographic proximity of municipalities; and
- (C) any other relevant municipal data metrics.

(2) With regard to the recommendations on obtaining detailed, accurate, and consistent data on all properties throughout the State, a study of existing municipal data metrics that could be used to identify and differentiate between properties on the municipal and statewide education grand lists based on property types and characteristics, including use, occupancy or vacancy, square footage, and any other relevant factors.

(3) Options for and any implementation of implicit bias reduction training for listers and assessors.

(b)(1) On or before December 15, 2024, in consultation with relevant stakeholders, including groups that represent individuals from different

socioeconomic backgrounds and that promote diversity, equity, and inclusion, the Department of Taxes shall submit in writing to the House Committees on Government Operations and Military Affairs and on Ways and Means and the Senate Committees on Finance and on Government Operations:

(A) a detailed implementation proposal for creating a statewide system to conduct reappraisals of municipal and statewide education grand lists administered by the State within the Division of Property Valuation and Review of the Department of Taxes; and

(B) recommendations to distinguish between different types and uses of property on the municipal and statewide education grand lists and a detailed proposal for designating new or updated property types and integrating them into the municipal and statewide education grand lists, as applicable, and the overall property taxation system beginning on January 1, 2026.

(2) The written submission required under this subsection shall identify and recommend the means to achieve consistency in property valuation and taxation across the State in order to prioritize the elimination of racial, socioeconomic, and other implicit biases. Pursuant to this subdivision, the Department shall review and revise State training programs and guidance provided to listers and assessors, including the Vermont Department of Taxes, Division of Property Valuation and Review publication titled “Lister and Assessor Handbook A Guide for Vermont Listers and Assessors,” for instances of racial, socioeconomic, and other implicit biases and report on any revisions made or planned to be made to those training programs and guidance.

(3) The implementation proposal required under subdivision (1)(A) of this subsection regarding the creation of a statewide reappraisal system shall make recommendations and propose legislative language, as applicable or needed to achieve the Department’s recommendations, regarding the following:

(A) Adequate funding, including cost-saving measures and potentially reallocating the revenues from the per-parcel fee under 32 V.S.A. § 4041a(a) to operate a statewide reappraisal system. The implementation proposal shall address staffing costs for hiring or contracting with trained assessors, or both, to carry out reappraisals and hearing officers to hold appeals at locations across the State.

(B)(i) Administration of full and statistical reappraisals of each municipality’s municipal and statewide education grand list, including:

(I) selection and prioritization criteria;

(II) any proposed adjustments to the coefficient of dispersion

threshold that causes a reappraisal order pursuant to 32 V.S.A. § 4041a;

(III) the frequency and efficacy of conducting full and statistical reappraisals on a set schedule; and

(IV) any other recommendations for establishing a reappraisal schedule.

(ii) The implementation proposal shall list the municipalities that, at the time of passage of this act, have been ordered to reappraise pursuant to 32 V.S.A. § 4041a for the longest period of time and propose the means to prioritize a first State-level reappraisal for those municipalities' grand lists, provided no municipality shall be required to reappraise in fewer than six years after completion of the most recent full reappraisal. The implementation proposal shall further list the municipalities that have recently undergone or are currently undergoing a reappraisal and propose the means to ensure that those municipalities' grand lists are not scheduled for a first State-level reappraisal in fewer than six years after completion of the most recent full reappraisal.

(C) Creation of a reappraisal appeal structure that:

(i) ensures impartiality and installs procedural safeguards against conflicts of interest;

(ii) ensures all communities have convenient and reasonable access to State appeal hearings, regardless of the geographical location of the appellant;

(iii) based on a study of other State administrative appeal structures, incorporates the strengths and advantages of those appeal structures; and

(iv) takes into consideration any other matters identified by the Department relating to appeals, including a recommendation on potentially narrowing or eliminating the role of Boards of Civil Authority within the appraisal appeal process.

(D) Streamlining, integrating, and updating State and municipal software vendor agreements and information technology systems relating to reappraisals and maintaining municipal and statewide education grand lists, including the integration of any new or updated property types into municipal and statewide education grand lists, as applicable, and the overall property taxation system beginning on January 1, 2026. The implementation proposal shall further estimate costs and analyze any other considerations regarding software vendor agreements.

(E) Existing definitions and data metrics currently gathered by municipal Computer Assisted Mass Appraisal (CAMA) systems and the potential for using those definitions and data to collect information on the number of residential units, land value distinct from the value of buildings or other improvements on the land, the year of construction for buildings or other improvements, and any other pertinent data relating to properties in this State.

(F) Distinguishing between contiguous parcels for purposes of property valuation and the payment of the per-parcel fee under 32 V.S.A. § 5405(f).

(G) Incentivizing municipalities to submit grand list parcel map data to the Vermont Center for Geographic Information, including conditioning payment of higher per grand list parcel fees on the submission of data.

(H) Incorporating the principles of a high-quality tax system into a potential statewide reappraisal system as enumerated by the National Conference of State Legislatures, “Tax Policy Handbook for State Legislators” (February 2010), 3rd ed., including sustainability, reliability, fairness, simplicity, economic competitiveness, tax neutrality, and accountability.

(4) The recommendations and detailed proposal required under subdivision (1)(B) of this subsection regarding new or updated property types that apply to municipal and statewide education grand lists and the overall property taxation system shall include the following:

(A)(i) Legislative language, as applicable or needed to achieve the Department’s recommendations, that differentiates between grand list properties based on property type and characteristics, including use, occupancy or vacancy, square footage, and any other relevant factors. The detailed proposal shall recommend how certain property types and characteristics could be identified and data could be collected, including:

(I) different types of rental and affordable housing properties;

(II) the number of residential units in this State, including the number of residential units per parcel;

(III) land value distinct from the value of buildings or other improvements on the land;

(IV) the year of construction for buildings or other improvements; and

(V) any other pertinent data relating to properties in this State.

(ii) The recommendation under this subdivision (4)(A) shall consider the way that existing municipal and statewide education grand list

property categories used for purposes of the equalization study could be reconfigured and consolidated and any other means to identify properties in order to obtain detailed, accurate, and consistent data on all properties throughout the State.

(B) Updating existing information technology systems or creating a new data collection and reporting system, or both, and creating a designation process for integrating different property types into the municipal and statewide education grand lists and the overall property taxation system in a detailed, accurate, and consistent way that takes into consideration the compliance and administrative burdens placed on both property owners and municipal and State administrators. The detailed proposal shall provide clear and actionable guidance on any new or updated property types and the designation process for both property owners and municipal listers and assessors.

(C) Assistance during the transition period for municipal listers and assessors with conducting the initial designation, data collection, and reporting of any new or updated property types.

(D) Integration of new or updated property types into a potential statewide reappraisal system and into the overall property taxation system.

## **House Proposal of Amendment**

### **S. 5.**

An act relating to affordably meeting the mandated greenhouse gas reductions for the thermal sector through efficiency, weatherization measures, electrification, and decarbonization

The House proposes to the Senate to amend the bill by striking out all after the enacting clause and inserting in lieu thereof the following:

#### Sec. 1. SHORT TITLE

This act shall be known and may be cited as the “Affordable Heat Act.”

#### Sec. 2. FINDINGS

The General Assembly finds:

(1) All of the legislative findings made in 2020 Acts and Resolves No. 153, Sec. 2, the Vermont Global Warming Solutions Act of 2020 (GWSA), remain true and are incorporated by reference here.

(2) Under the GWSA and 10 V.S.A. § 578, Vermont has a legal obligation to reduce greenhouse gas emissions to specific levels by 2025, 2030, and 2050.

(3) The Vermont Climate Council was established under the GWSA and was tasked with, among other things, recommending necessary legislation to reduce greenhouse gas emissions. The Initial Vermont Climate Action Plan calls for the General Assembly to adopt legislation authorizing the Public Utility Commission to administer the Clean Heat Standard consistent with the recommendations of the Energy Action Network’s Clean Heat Standard Working Group.

(4) As required by the GWSA, the Vermont Climate Council published the Initial Vermont Climate Action Plan on December 1, 2021. As noted in that plan, over one-third of Vermont’s greenhouse gas emissions in 2018 came from the thermal sector. In that year, approximately 72 percent of Vermont’s thermal energy use was fossil based, including 29 percent from the burning of heating oil, 24 percent from fossil gas, and 19 percent from propane.

(5) To meet the greenhouse gas emission reductions required by the GWSA, Vermont needs to transition away from its current carbon-intensive building heating practices to lower-carbon alternatives. It also needs to do this

equitably, recognizing economic effects on energy users, especially energy-burdened users; on the workforce currently providing these services; and on the overall economy.

(6) Vermonters have an unprecedented opportunity to invest in eligible clean heat measures with funding from new federal laws including the Infrastructure Investment and Jobs Act of 2021 and the Inflation Reduction Act of 2022.

Sec. 3. 30 V.S.A. chapter 94 is added to read:

#### CHAPTER 94. CLEAN HEAT STANDARD

##### § 8121. INTENT

Pursuant to 2 V.S.A. § 205(a), it is the intent of the General Assembly that the Clean Heat Standard be designed and implemented in a manner that achieves Vermont's thermal sector greenhouse gas emissions reductions necessary to meet the requirements of 10 V.S.A. § 578(a)(2) and (3), minimizes costs to customers, protects public health, and recognizes that affordable heating is essential for Vermonters. It shall enhance social equity by prioritizing customers with low income and moderate income and those households with the highest energy burdens. The Clean Heat Standard shall, to the greatest extent possible, maximize the use of available federal funds to deliver clean heat measures.

##### § 8122. CLEAN HEAT STANDARD

(a) The Clean Heat Standard is established. Under this program, obligated parties shall reduce greenhouse gas emissions attributable to the Vermont thermal sector by retiring required amounts of clean heat credits to meet the thermal sector portion of the greenhouse gas emission reduction obligations of the Global Warming Solutions Act.

(b) By rule or order, the Commission shall establish or adopt a system of tradeable clean heat credits earned from the delivery of clean heat measures that reduce greenhouse gas emissions.

(c) An obligated party shall obtain the required amount of clean heat credits through delivery of eligible clean heat measures by a default delivery agent, unless the obligated party receives prior approval from the Commission to use another method as described in section 8125 of this title.

(d) The Commission shall adopt rules and may issue orders to implement and enforce the Clean Heat Standard program.

## § 8123. DEFINITIONS

As used in this chapter:

(1) “Carbon intensity value” means the amount of lifecycle greenhouse gas emissions per unit of energy of fuel expressed in grams of carbon dioxide equivalent per megajoule (gCO<sub>2</sub>e/MJ).

(2) “Clean heat credit” means a tradeable, nontangible commodity that represents the amount of greenhouse gas reduction attributable to a clean heat measure. The Commission shall establish a system of management for clean heat credits pursuant to this chapter.

(3) “Clean heat measure” means fuel delivered and technologies installed to end-use customers in Vermont that reduce greenhouse gas emissions from the thermal sector. Clean heat measures shall not include switching from one fossil fuel use to another fossil fuel use. The Commission may adopt a list of acceptable actions that qualify as clean heat measures.

(4) “Commission” means the Public Utility Commission.

(5) “Customer with low income” means a customer with a household income of up to 60 percent of the area or statewide median income, whichever is greater, as published annually by the U.S. Department of Housing and Urban Development or a customer who qualifies for a government-sponsored, low-income energy subsidy.

(6) “Customer with moderate income” means a customer with a household income between 60 percent and 120 percent of the area or statewide median income, whichever is greater, as published annually by the U.S. Department of Housing and Urban Development.

(7) “Default delivery agent” means an entity designated by the Commission to provide services that generate clean heat measures.

(8) “Energy burden” means the annual spending on thermal energy as a percentage of household income.

(9) “Entity” means any individual, trustee, agency, partnership, association, corporation, company, municipality, political subdivision, or any other form of organization.

(10) “Fuel pathway” means a detailed description of all stages of fuel production and use for any particular fuel, including feedstock generation or extraction, production, transportation, distribution, and combustion of the fuel by the consumer. The fuel pathway is used in the calculation of the carbon intensity value and lifecycle greenhouse gas emissions of each fuel.

(11) “Heating fuel” means fossil-based heating fuel, including oil, propane, natural gas, coal, and kerosene.

(12) “Obligated party” means:

(A) A regulated natural gas utility serving customers in Vermont.

(B) For other heating fuels, the entity that imports heating fuel for ultimate consumption within the State, or the entity that produces, refines, manufactures, or compounds heating fuel within the State for ultimate consumption within the State. For the purpose of this section, the entity that imports heating fuel is the entity that has ownership title to the heating fuel at the time it is brought into Vermont.

(13) “Thermal sector” has the same meaning as the “Residential, Commercial and Industrial Fuel Use” sector as used in the Vermont Greenhouse Gas Emissions Inventory and Forecast and does not include nonroad diesel or any other transportation or other fuel use categorized elsewhere in the Vermont Greenhouse Gas Emissions Inventory and Forecast.

#### § 8124. CLEAN HEAT STANDARD COMPLIANCE

(a) Required amounts.

(1) The Commission shall establish the number of clean heat credits that each obligated party is required to retire each calendar year. The size of the annual requirement shall be set at a pace sufficient for Vermont’s thermal sector to achieve lifecycle carbon dioxide equivalent (CO<sub>2</sub>e) emission reductions consistent with the requirements of 10 V.S.A. § 578(a)(2) and (3) expressed as lifecycle greenhouse gas emissions pursuant to subsection 8127(g) of this title.

(2) Annual requirements shall be expressed as a percent of each obligated party’s contribution to the thermal sector’s lifecycle CO<sub>2</sub>e emissions in the previous year. The annual percentage reduction shall be the same for all obligated parties. To ensure understanding among obligated parties, the Commission shall publicly provide a description of the annual requirements in plain terms.

(3) To support the ability of the obligated parties to plan for the future, the Commission shall establish and update annual clean heat credit requirements for the next 10 years. Every three years, the Commission shall extend the requirements three years; shall assess emission reductions actually achieved in the thermal sector; and, if necessary, revise the pace of clean heat credit requirements for future years to ensure that the thermal sector portion of the emission reduction requirements of 10 V.S.A. § 578(a)(2) and (3) for 2030 and 2050 will be achieved.

(4) The Commission may temporarily, for a period not to exceed 36 months, adjust the annual requirements for good cause after notice and opportunity for public process. Good cause may include a shortage of clean heat credits, market conditions as identified by the Department's potential study conducted pursuant to section 8125 of this title, or undue adverse financial impacts on particular customers or demographic segments. The Commission shall ensure that any downward adjustment has the minimum impact possible on the State's ability to comply with the thermal sector portion of the requirements of 10 V.S.A. § 578(a)(2) and (3).

(b) Annual registration.

(1) Each entity that sells heating fuel into or in Vermont shall register annually with the Commission by an annual deadline established by the Commission. The first registration deadline is January 31, 2024, and the annual deadline shall remain January 31 of each year unless a different deadline is established by the Commission. The form and information required in the registration shall be determined by the Commission and shall include all data necessary to establish annual requirements under this chapter. The Commission shall use the information provided in the registration to determine whether the entity shall be considered an obligated party and the amount of its annual requirement.

(2) At a minimum, the Commission shall require registration information to include legal name; doing business as name, if applicable; municipality; state; types of heating fuel sold; and the exact amount of gallons of each type of heating fuels sold into or in the State for final sale or consumption in the State in the calendar year immediately preceding the calendar year in which the entity is registering with the Commission, separated by type, that was purchased by the submitting entity and the name and location of the entity from which it was purchased.

(3) Each year, and not later than 30 days following the annual registration deadline established by the Commission, the Commission shall share complete registration information of obligated parties with the Agency of Natural Resources and the Department of Public Service for purposes of updating the Vermont Greenhouse Gas Emissions Inventory and Forecast and meeting the requirements of 10 V.S.A. § 591(b)(3).

(4) The Commission shall maintain, and update annually, a list of registered entities on its website that contains the required registration information.

(5) For any entity not registered on or before January 31, 2024, the first registration form shall be due 30 days after the first sale of heating fuel to a location in Vermont.

(6) Clean heat requirements shall transfer to entities that acquire an obligated party.

(7) Entities that cease to operate shall retain their clean heat requirement for their final year of operation.

(c) Early action credits. Beginning on January 1, 2023, clean heat measures that are installed and provide emission reductions are creditable. Upon the establishment of the clean heat credit system, entities may register credits for actions taken starting in 2023.

(d) Equitable distribution of clean heat measures.

(1) The Clean Heat Standard shall be designed and implemented to enhance social equity by prioritizing customers with low income, moderate income, those households with the highest energy burdens, residents of manufactured homes, and renter households with tenant-paid energy bills. The design shall ensure all customers have an equitable opportunity to participate in, and benefit from, clean heat measures regardless of heating fuel used, income level, geographic location, residential building type, or homeownership status.

(2) Of their annual requirement, each obligated party shall retire at least 16 percent from customers with low income and an additional 16 percent from customers with low or moderate income. For each of these groups, at least one-half of these credits shall be from installed clean heat measures that require capital investments in homes, have measure lives of 10 years or more, and are estimated by the Technical Advisory Group to lower annual energy bills. Examples shall include weatherization improvements and installation of heat pumps, heat pump water heaters, and advanced wood heating systems. The Commission may identify additional measures that qualify as installed measures.

(3) The Commission shall, to the extent reasonably possible, frontload the credit requirements for customers with low income and moderate income so that the greatest proportion of clean heat measures reach Vermonters with low income and moderate income in the earlier years.

(4) With consideration to how to best serve customers with low income and moderate income, the Commission shall have authority to change the percentages established in subdivision (2) of this subsection for good cause after notice and opportunity for public process. Good cause may include a

shortage of clean heat credits or undue adverse financial impacts on particular customers or demographic segments.

(5) In determining whether to exceed the minimum percentages of clean heat measures that must be delivered to customers with low income and moderate income, the Commission shall take into account participation in other government-sponsored low-income and moderate-income weatherization programs. Participation in other government-sponsored low-income and moderate-income weatherization programs shall not limit the ability of those households to participate in programs under this chapter.

(6) A clean heat measure delivered to a customer qualifying for a government-sponsored, low-income energy subsidy shall qualify for clean heat credits required by subdivision (2) of this subsection.

(7) Customer income data collected shall be kept confidential by the Commission, the Department of Public Service, the obligated parties, and any entity that delivers clean heat measures.

(e) Credit banking. The Commission shall allow an obligated party that has met its annual requirement in a given year to retain clean heat credits in excess of that amount for future sale or application to the obligated party's annual requirements in future compliance periods, as determined by the Commission.

(f) Enforcement.

(1) The Commission shall have the authority to enforce the requirements of this chapter and any rules or orders adopted to implement the provisions of this chapter. The Commission may use its existing authority under this title. As part of an enforcement order, the Commission may order penalties and injunctive relief.

(2) The Commission shall order an obligated party that fails to retire the number of clean heat credits required in a given year, including the required amounts from customers with low income and moderate income, to make a noncompliance payment to the default delivery agent for the number of credits deficient. The per-credit amount of the noncompliance payment shall be two times the amount established by the Commission for timely per-credit payments to the default delivery agent.

(3) However, the Commission may waive the noncompliance payment required by subdivision (2) of this subsection for an obligated party if the Commission:

(A) finds that the obligated party made a good faith effort to acquire the required amount and its failure resulted from market factors beyond its control; and

(B) directs the obligated party to add the number of credits deficient to one or more future years.

(4) False or misleading statements or other representations made to the Commission by obligated parties related to compliance with the Clean Heat Standard are subject to the Commission's enforcement authority, including the power to investigate and assess penalties, under this title.

(5) The Commission's enforcement authority does not in any way impede the enforcement authority of other entities such as the Attorney General's office.

(6) Failure to register with the Commission as required by this section is a violation of the Consumer Protection Act in 9 V.S.A. chapter 63.

(g) Records. The Commission shall establish requirements for the types of records to be submitted by obligated parties, a record retention schedule for required records, and a process for verification of records and data submitted in compliance with the requirements of this chapter.

(h) Reports.

(1) As used in this subsection, "standing committees" means the House Committee on Environment and Energy and the Senate Committees on Finance and on Natural Resources and Energy.

(2) After the adoption of the rules implementing this chapter, the Commission shall submit a written report to the standing committees detailing the efforts undertaken to establish the Clean Heat Standard pursuant to this chapter.

(3) On or before January 15 of each year following the year in which the rules are first adopted under this chapter, the Commission shall submit to the standing committees a written report detailing the implementation and operation of the Clean Heat Standard. This report shall include an assessment on the equitable adoption of clean heat measures required by subsection (d) of this section, along with recommendations to increase participation for the households with the highest energy burdens. The provisions of 2 V.S.A. § 20(d) (expiration of required reports) shall not apply to the report to be made under this subsection.

(i) LIHEAP pricing. The Margin Over Rack pricing program for fuel assistance shall reflect the default delivery agent credit cost established by the Commission.

#### § 8125. DEFAULT DELIVERY AGENT

(a) Default delivery agent designated. In place of obligated-party specific programs, the Commission shall provide for the development and implementation of statewide clean heat programs and measures by one or more default delivery agents appointed by the Commission for these purposes. The Commission may specify that appointment of a default delivery agent to deliver clean heat services, on behalf of obligated entities who pay the per-credit fee to the default delivery agent, satisfies those entities' corresponding obligations under this chapter.

(b) Appointment. The default delivery agent shall be one or more statewide entities capable of providing a variety of clean heat measures. The Commission shall designate the first default delivery agent on or before June 1, 2024. The designation of an entity under this subsection may be by order of appointment or contract. A designation, whether by order of appointment or by contract, may only be issued after notice and opportunity for hearing. An existing order of appointment issued by the Commission under section 209 of this title may be amended to include the responsibilities of the default delivery agent. An order of appointment shall be for a limited duration not to exceed 12 years, although an entity may be reappointed by order or contract. An order of appointment may include any conditions and requirements that the Commission deems appropriate to promote the public good. For good cause, after notice and opportunity for hearing, the Commission may amend or revoke an order of appointment.

(c) Supervision. Any entity appointed by order of appointment under this section that is not an electric or gas utility already regulated under this title shall not be considered to be a company as defined under section 201 of this title but shall be subject to the provisions of sections 18–21, 30–32, 205–208; subsection 209(a); sections 219 and 221; and subsection 231(b) of this title, to the same extent as a company as defined under section 201 of this title. The Commission and the Department of Public Service shall have jurisdiction under those sections over the entity, its directors, receivers, trustees, lessees, or other persons or companies owning or operating the entity and of all plants, equipment, and property of that entity used in or about the business carried on by it in this State as covered and included in this section. This jurisdiction shall be exercised by the Commission and the Department so far as may be necessary to enable them to perform the duties and exercise the powers conferred upon them by law. The Commission and the Department each may,

when they deem the public good requires, examine the plants, equipment, and property of any entity appointed by order of appointment to serve as a default delivery agent.

(d) Use of default delivery agent.

(1) An obligated party shall meet its annual requirement through a designated default delivery agent appointed by the Commission. However, the obligated party may seek to meet its requirement, in whole or in part, through one or more of the following ways: by delivering eligible clean heat measures, by contracting for delivery of eligible clean heat measures, or through the market purchase of clean heat credits. An obligated party shall be approved by the Commission to meet its annual requirement using a method other than the default delivery agent if it provides sufficient details on the party's capacity and resources to achieve the emissions reductions. This approval shall not be unreasonably withheld.

(2) The Commission shall provide a form for an obligated party to indicate how it intends to meet its requirement. The form shall require sufficient information to determine the nature of the credits that the default delivery agent will be responsible to deliver on behalf of the obligated party. If the Commission approves of a plan for an obligated party to meet its obligation through a mechanism other than payment to a designated default delivery agent, then the Commission shall make such approvals known to the default delivery agent as soon as practicable.

(3) The Commission shall by rule or order establish a standard timeline under which the default delivery agent credit cost or costs are established and by which an obligated party must file its form. The default delivery agent's schedule of costs shall include sufficient costs to deliver installed measures and shall specify separately the costs to deliver measures to customers with low income and customers with moderate income as required by subsection 8124(d) of this title. The Commission shall provide not less than 120 days' notice of default delivery agent credit cost or costs prior to the deadline for an obligated party to file its election form so an obligated party can assess options and inform the Commission of its intent to procure credits in whole or in part as fulfillment of its requirement.

(4) The default delivery agent shall deliver creditable clean heat measures either directly or indirectly to end-use customer locations in Vermont sufficient to meet the total aggregated annual requirement assigned to it, along with any additional amount achievable through noncompliance payments as described in subdivision 8124(f)(2) of this title. Clean heat credits generated through installed measures delivered by the default delivery agent on behalf of

an obligated party are creditable in future years. Those credits not required to meet the obligated party's existing obligations shall be owned by the obligated party.

(e) Budget.

(1) The Commission shall open a proceeding on or before July 1, 2023 and at least every three years thereafter to establish the default delivery agent credit cost or costs and the quantity of credits to be generated for the subsequent three-year period. That proceeding shall include:

(A) a potential study conducted by the Department of Public Service, the first of which shall be completed not later than September 1, 2024, to include an assessment and quantification of technically available, maximum achievable, and program achievable thermal resources. The results shall include a comparison to the legal obligations of the thermal sector portion of the requirements of 10 V.S.A. § 578(a)(2) and (3). The potential study shall consider and evaluate market conditions for delivery of clean heat measures within the State, including an assessment of workforce characteristics capable of meeting consumer demand and meeting the obligations of 10 V.S.A. § 578(a)(2) and (3);

(B) the development of a three-year plan and associated proposed budget by the default delivery agent to be informed by the final results of the Department's potential study. The default delivery agent may propose a portion of its budget towards promotion and market uplift, workforce development, and trainings for clean heat measures; and

(C) opportunity for public participation.

(2) Once the Commission provides the default delivery agent with the obligated parties' plan to meet the requirements, the default delivery agent shall be granted the opportunity to amend its plan and budget before the Commission.

(f) Compliance funds. All funds received from noncompliance payments pursuant to subdivision 8124(f)(2) of this title shall be used by the default delivery agent to provide clean heat measures to customers with low income.

(g) Specific programs. The default delivery agent shall create specific programs for multiunit dwellings, condominiums, rental properties, commercial and industrial buildings, and manufactured homes.

§ 8126. RULEMAKING

(a) The Commission shall adopt rules and may issue orders to implement and enforce the Clean Heat Standard program.

(b) The requirements to adopt rules and any requirements regarding the need for legislative approval before any part of the Clean Heat Standard goes into effect do not in any way impair the Commission's authority to issue orders or take any other actions, both before and after final rules take effect, to implement and enforce the Clean Heat Standard.

(c) The Commission's rules may include a provision that allows the Commission to revise its Clean Heat Standard rules by order of the Commission without the revisions being subject to the rulemaking requirements of the 3 V.S.A. chapter 25, provided the Commission:

(1) provides notice of any proposed changes;

(2) allows for a 30-day comment period;

(3) responds to all comments received on the proposed change;

(4) provides a notice of language assistance services on all public outreach materials; and

(5) arranges for language assistance to be provided to members of the public as requested using professional language services companies.

(d) Any order issued under this chapter shall be subject to appeal to the Vermont Supreme Court under section 12 of this title, and the Commission must immediately file any orders, a redline, and clean version of the revised rules with the Secretary of State, with notice simultaneously provided to the House Committee on Environment and Energy and the Senate Committees on Finance and on Natural Resources and Energy.

#### § 8127. TRADEABLE CLEAN HEAT CREDITS

(a) Credits established. By rule or order, the Commission shall establish or adopt a system of tradeable clean heat credits that are earned by reducing greenhouse gas emissions through the delivery of clean heat measures. While credit denominations may be in simple terms for public understanding and ease of use, the underlying value shall be based on units of carbon dioxide equivalent (CO<sub>2</sub>e). The system shall provide a process for the recognition, approval, and monitoring of the clean heat credits. The Department of Public Service shall perform the verification of clean heat credit claims and submit results of the verification and evaluation to the Commission annually.

(b) Credit ownership. The Commission, in consultation with the Technical Advisory Group, shall establish a standard methodology for determining what party or parties shall be the owner of a clean heat credit upon its creation. The owner or owners may transfer those credits to a third party or to an obligated party.

(c) Credit values. Clean heat credits shall be based on the accurate and verifiable lifecycle CO<sub>2</sub>e emission reductions in Vermont's thermal sector that result from the delivery of eligible clean heat measures to existing or new end-use customer locations into or in Vermont.

(1) For clean heat measures that are installed, credits will be created for each year of the expected life of the installed measure. The annual value of the clean heat credits for installed measures in each year shall be equal to the lifecycle CO<sub>2</sub>e emissions of the fuel use that is avoided in a given year because of the installation of the measure, minus the lifecycle emissions of the fuel that is used instead in that year.

(2) For clean heat measures that are fuels, clean heat credits will be created only for the year the fuel is delivered to the end-use customer. The value of the clean heat credits for fuels shall be the lifecycle CO<sub>2</sub>e emissions of the fuel use that is avoided, minus the lifecycle CO<sub>2</sub>e emissions of the fuel that is used instead.

(d) List of eligible measures. Eligible clean heat measures delivered to or installed in residential, commercial, and industrial buildings in Vermont shall include:

(1) thermal energy efficiency improvements and weatherization;

(2) cold-climate air, ground source, and other heat pumps, including district, network, grid, microgrid, and building geothermal systems;

(3) heat pump water heaters;

(4) utility-controlled electric water heaters;

(5) solar hot water systems;

(6) electric appliances providing thermal end uses;

(7) advanced wood heating;

(8) noncombustion or renewable energy-based district heating services;

(9) the supply of sustainably sourced biofuels;

(10) the supply of green hydrogen;

(11) the replacement of a manufactured home with a high efficiency manufactured home and weatherization or other efficiency or electrification measures in manufactured homes; and

(12) line extensions that connect facilities with thermal loads to the grid.

(e) Renewable natural gas. For pipeline renewable natural gas and other renewably generated natural gas substitutes to be eligible, an obligated party

shall purchase renewable natural gas and its associated renewable attributes and demonstrate that it has secured a contractual pathway for the physical delivery of the gas from the point of injection into the pipeline to the obligated party's delivery system.

(f) Carbon intensity of fuels.

(1) To be eligible as a clean heat measure, a liquid or gaseous clean heat measure shall have a carbon intensity value as follows:

(A) below 80 in 2025;

(B) below 60 in 2030; and

(C) below 20 in 2050, provided the Commission may allow liquid and gaseous clean heat measures with a carbon intensity value greater than 20 if excluding them would be impracticable based on the characteristics of Vermont's buildings, the workforce available in Vermont to deliver lower carbon intensity clean heat measures, cost, or the effective administration of the Clean Heat Standard.

(2) The Commission shall establish and publish the rate at which carbon intensity values shall decrease annually for liquid and gaseous clean heat measures consistent with subdivision (1) of this subsection as follows:

(A) on or before January 1, 2025 for 2025 to 2030; and

(B) on or before January 1, 2030 for 2031 to 2050.

(3) For the purpose of this section, the carbon intensity values shall be understood relative to No. 2 fuel oil delivered into or in Vermont in 2023 having a carbon intensity value of 100. Carbon intensity values shall be measured based on fuel pathways.

(g) Emissions schedule.

(1) To promote certainty for obligated parties and clean heat providers, the Commission shall, by rule or order, establish a schedule of lifecycle emission rates for heating fuels and any fuel that is used in a clean heat measure, including electricity, or is itself a clean heat measure, including biofuels. The schedule shall be based on transparent, verifiable, and accurate emissions accounting adapting the Argonne National Laboratory GREET Model, Intergovernmental Panel on Climate Change (IPCC) modeling, or an alternative of comparable analytical rigor to fit the Vermont thermal sector context, and the requirements of 10 V.S.A. § 578(a)(2) and (3).

(2) For each fuel pathway, the schedule shall account for greenhouse gas emissions from biogenic and geologic sources, including fugitive emissions

and loss of stored carbon. In determining the baseline emission rates for clean heat measures that are fuels, emissions baselines shall fully account for methane emissions reductions or captures already occurring, or expected to occur, for each fuel pathway as a result of local, State, or federal legal requirements that have been enacted or adopted that reduce greenhouse gas emissions.

(3) The schedule may be amended based upon changes in technology or evidence on emissions, but clean heat credits previously awarded or already under contract to be produced shall not be adjusted retroactively.

(h) Review of consequences. The Commission shall biennially assess harmful consequences that may arise in Vermont or elsewhere from the implementation of specific types of clean heat measures and shall set standards or limits to prevent those consequences. Such consequences shall include environmental burdens as defined in 3 V.S.A. § 6002, public health, deforestation or forest degradation, conversion of grasslands, increased emissions of criteria pollutants, damage to watersheds, or the creation of new methane to meet fuel demand.

(i) Time stamp. Clean heat credits shall be “time stamped” for the year in which the clean heat measure delivered emission reductions. For each subsequent year during which the measure produces emission reductions, credits shall be generated for that year. Only clean heat credits that have not been retired shall be eligible to satisfy the current year obligation.

(j) Delivery in Vermont. Clean heat credits shall be earned only in proportion to the deemed or measured thermal sector greenhouse gas emission reductions achieved by a clean heat measure delivered in Vermont. Other emissions offsets, wherever located, shall not be eligible measures.

(k) Credit eligibility.

(1) All eligible clean heat measures that are delivered in Vermont beginning on January 1, 2023 shall be eligible for clean heat credits and may be retired and count towards an obligated party’s emission reduction obligations, regardless of who creates or delivers them and regardless of whether their creation or delivery was required or funded in whole or in part by other federal or State policies and programs. This includes individual initiatives, emission reductions resulting from the State’s energy efficiency programs, the low-income weatherization program, and the Renewable Energy Standard Tier 3 program. Clean heat measures delivered or installed pursuant to any local, State, or federal program or policy may count both towards goals or requirements of such programs and policies and be eligible clean heat measures that count towards the emission reduction obligations of this chapter.

(2) The owner or owners of a clean heat credit are not required to sell the credit.

(3) Regardless of the programs or pathways contributing to clean heat credits being earned, an individual credit may be counted only once towards satisfying an obligated party's emission reduction obligation.

(l) Credit registration.

(1) The Commission shall create an administrative system to register, sell, transfer, and trade credits to obligated parties. The Commission may hire a third-party consultant to evaluate, develop, implement, maintain, and support a database or other means for tracking clean heat credits and compliance with the annual requirements of obligated parties.

(2) The system shall require entities to submit the following information to receive the credit: the location of the clean heat measure, whether the customer or tenant has a low or moderate income, the type of property where the clean heat measure was installed or sold, the type of clean heat measure, and any other information as required by the Commission. Customer income data collected shall be kept confidential by the Commission, the Department of Public Service, the obligated parties, and any entity that delivers clean heat measures.

(m) Greenhouse Gas Emissions Inventory and Forecast. Nothing in this chapter shall limit the authority of the Secretary of Natural Resources to compile and publish the Vermont Greenhouse Gas Emissions Inventory and Forecast in accordance with 10 V.S.A. § 582.

#### § 8128. CLEAN HEAT STANDARD TECHNICAL ADVISORY GROUP

(a) The Commission shall establish the Clean Heat Standard Technical Advisory Group (TAG) to assist the Commission in the ongoing management of the Clean Heat Standard. Its duties shall include:

(1) establishing and revising the lifecycle carbon dioxide equivalent (CO<sub>2</sub>e) emissions accounting methodology to be used to determine each obligated party's annual requirement pursuant to subdivision 8124(a)(2) of this chapter;

(2) establishing and revising the clean heat credit value for different clean heat measures;

(3) periodically assessing and reporting to the Commission on the sustainability of the production of clean heat measures by considering factors including greenhouse gas emissions; carbon sequestration and storage; human health impacts; land use changes; ecological and biodiversity impacts;

groundwater and surface water impacts; air, water, and soil pollution; and impacts on food costs;

(4) setting the expected life length of clean heat measures for the purpose of calculating credit amounts;

(5) establishing credit values for each year over a clean heat measure's expected life, including adjustments to account for increasing interactions between clean heat measures over time so as to not double-count emission reductions;

(6) facilitating the program's coordination with other energy programs;

(7) calculating the impact of the cost of clean heat credits and the cost savings associated with delivered clean heat measures on per-unit heating fuel prices;

(8) calculating the savings associated with public health benefits due to clean heat measures;

(9) coordinating with the Agency of Natural Resources to ensure that greenhouse gas emissions reductions achieved in another sector through the implementation of the Clean Heat Standard are not double-counted in the Vermont Greenhouse Gas Emissions Inventory and Forecast;

(10) advising the Commission on the periodic assessment and revision requirement established in subdivision 8124(a)(3) of this chapter; and

(11) any other matters referred to the TAG by the Commission.

(b) The Clean Heat Standard Technical Advisory Group shall consist of up to 15 members appointed by the Commission. The Commission shall establish the procedure for the TAG, including member term lengths and meeting procedures. Members of the TAG shall be appointed by the Commission and shall include the Department of Public Service, the Agency of Natural Resources, the Department of Health, and parties who have, or whose representatives have, expertise in one or more of the following areas: technical and analytical expertise in measuring lifecycle greenhouse gas emissions, energy modeling and data analysis, clean heat measures and energy technologies, sustainability and non-greenhouse gas emissions strategies designed to reduce and avoid impacts to the environment, mitigating environmental burdens as defined in 3 V.S.A. § 6002, public health impacts of air quality and climate change, delivery of heating fuels, land use changes, deforestation and forest degradation, and climate change mitigation policy and law. The Commission shall accept and review motions to join the TAG from interested parties who have, or whose representatives have, expertise in one or more of the areas listed in this subsection. Members who are not otherwise

compensated by their employer shall be entitled to per diem compensation and reimbursement for expenses under 32 V.S.A. § 1010.

(c) The Commission shall hire a third-party consultant responsible for developing clean heat measure characterizations and relevant assumptions, including CO2e lifecycle emissions analyses. The TAG shall provide input and feedback on the consultant's work. The Commission may use appropriated funds to hire the consultant.

(d) Emission analyses and associated assumptions developed by the consultant shall be reviewed and approved annually by the Commission. In reviewing the consultant's work, the Commission shall provide a public comment period on the work. The Commission may approve or adjust the consultant's work as it deems necessary based on its review and the public comments received.

#### § 8129. CLEAN HEAT STANDARD EQUITY ADVISORY GROUP

(a) The Commission shall establish the Clean Heat Standard Equity Advisory Group to assist the Commission in developing and implementing the Clean Heat Standard in a manner that ensures an equitable share of clean heat measures are delivered to Vermonters with low income and moderate income and that Vermonters with low income and moderate income who are not early participants in clean heat measures are not negatively impacted in their ability to afford heating fuel. Its duties shall include:

(1) providing feedback to the Commission on strategies for engaging Vermonters with low income and moderate income in the public process for developing the Clean Heat Standard program;

(2) supporting the Commission in assessing whether customers are equitably served by clean heat measures and how to increase equity;

(3) identifying actions needed to provide customers with low income and moderate income with better service and to mitigate the fuel price impacts calculated in section 8128 of this title;

(4) recommending any additional programs, incentives, or funding needed to support customers with low income and moderate income and organizations that provide social services to Vermonters in affording heating fuel and other heating expenses;

(5) providing feedback to the Commission on the impact of the Clean Heat Standard on the experience of Vermonters with low income and moderate income; and

(6) providing information to the Commission on the challenges renters and residents of manufactured homes face in equitably accessing clean heat measures and recommendations to ensure that renters and residents of manufactured homes have equitable access to clean heat measures.

(b) The Clean Heat Standard Equity Advisory Group shall consist of up to 10 members appointed by the Commission and at a minimum shall include at least one representative from each of the following groups: the Department of Public Service; the Department for Children and Families' Office of Economic Opportunity; a community action agency with expertise in low-income weatherization; a community action agency with expertise in serving residents of manufactured homes; Efficiency Vermont; the Vermont Association of Area Agencies on Aging; individuals with socioeconomically, racially, and geographically diverse backgrounds; renters; rental property owners; the Vermont Housing Finance Agency; and a member of the Vermont Fuel Dealers Association. Members who are not otherwise compensated by their employer shall be entitled to per diem compensation and reimbursement for expenses under 32 V.S.A. § 1010.

(c) The Equity Advisory Group shall cease to exist when the initial Clean Heat Standard rules are adopted. Thereafter, the issues described in subsection (a) of this section shall be reviewed by the Commission, in compliance with 3 V.S.A. chapter 72.

#### § 8130. SEVERABILITY

If any provision of this chapter or its application to any person or circumstance is held invalid or in violation of the Constitution or laws of the United States or in violation of the Constitution or laws of Vermont, the invalidity or the violation shall not affect other provisions of this chapter that can be given effect without the invalid provision or application, and to this end, the provisions of this chapter are severable.

#### § 8131. RULEMAKING AUTHORITY

Notwithstanding any other provision of law to the contrary, the Commission shall not file proposed rules with the Secretary of State implementing the Clean Heat Standard without specific authorization enacted by the General Assembly.

Sec. 4. 10 V.S.A. § 582 is amended to read:

#### § 582. GREENHOUSE GAS INVENTORIES; REGISTRY

(a) Inventory and forecasting. The Secretary shall work, in conjunction with other states or a regional consortium, to establish a periodic and consistent inventory of greenhouse gas emissions. The Secretary shall publish

the Vermont Greenhouse Gas Emission Inventory and Forecast by ~~no~~ not later than June 1, 2010, and updates shall be published annually until 2028, until a regional or national inventory and registry program is established in which Vermont participates, or until the federal National Emissions Inventory includes mandatory greenhouse gas reporting. The Secretary of Natural Resources shall include a supplemental accounting in the Vermont Greenhouse Gas Emissions Inventory and Forecast that measures the upstream and lifecycle greenhouse gas emissions of liquid, gaseous, solid geologic and biogenic fuels combusted in Vermont.

#### Sec. 5. CONFIDENTIALITY OF FUEL TAX RETURNS; 2024

(a) Notwithstanding 32 V.S.A. § 3102(a), from January 1, 2024 until December 31, 2024, the Commissioner of Taxes shall disclose to the Public Utility Commission and the Department of Public Service a return or return information related to the fuel tax imposed under 33 V.S.A. § 2503, provided the return or return information provided is necessary to verify the identity, fuel tax liability, and registration status of an entity that sells heating fuel into Vermont for purposes of administering the Clean Heat Standard established in 30 V.S.A. chapter 94.

(b) Pursuant to 32 V.S.A. § 3102(h), the person or persons receiving return or return information under this section shall be subject to the penalty provisions of 32 V.S.A. § 3102(a) for unauthorized disclosure of return or return information as if such person were the agent of the Commissioner. (c) Pursuant to 1 V.S.A. § 317(c)(6), a fuel tax return and related documents, correspondence, and certain types of substantiating forms that include the same type of information as in the tax return itself filed with or maintained by the Vermont Department of Taxes disclosed to the Public Utility Commission and the Department of Public Service under this section shall be exempt from public inspection and copying.

The Commission and the facilitator shall incorporate the Guiding Principles for a Just Transition into the public engagement process. The Commission may use funds appropriated under this act on hiring the consultant. Public engagement shall be conducted by the facilitator for the purposes of:

(1) supporting the Commission in assessing whether customers will be equitably served by clean heat measures and how to increase equity in the delivery of clean heat measures;

(2) identifying actions needed to provide customers with low income and moderate income with better service and to mitigate the fuel price impacts calculated in 30 V.S.A. § 8128;

(3) recommending any additional programs, incentives, or funding needed to support customers with low income and moderate income and organizations that provide social services to Vermonters in affording heating fuel and other heating expenses; and

(4) providing information to the Commission on the challenges renters face in equitably accessing clean heat measures and recommendations to ensure that renters have equitable access to clean heat measures.

(c) Public engagement process. Before commencing rulemaking, the Commission shall use the forms of public engagement described in this subsection to inform the design and implementation of the Clean Heat Standard. Any failure by the Commission to meet the specific procedural requirements of this section shall not affect the validity of the Commission's actions.

(1) The Commission shall allow any person to register at any time in the Commission's online case management system, ePUC, as a participant in the Clean Heat Standard proceeding. All members of the Equity Advisory Group shall be made automatic participants to that proceeding. All registered participants in the proceeding, including all members of the Equity Advisory Group, shall receive all notices of public meetings and all notices of opportunities to comment in that proceeding.

(2) The Commission shall hold at least six public hearings or workshops that shall be recorded and publicly posted on the Commission's website or on ePUC. These meetings shall be open to everyone, including all stakeholders, members of the public, and all other potentially affected parties, with translation services available to those attending.

(3) The Commission also shall provide at least three opportunities for the submission of written comments. Any person may submit written comments to the Commission.

(d) Advertising. The Commission shall use funding appropriated in this act on advertising the public meetings in order to provide notice to a wide variety of segments of the public. All advertisements of public meetings shall include a notice of language assistance services. The Commission shall arrange for language assistance to be provided to members of the public as requested using the services of professional language services companies.

(e) Draft proposed rules. The Commission shall publish draft proposed rules publicly and provide notice of them through the Commission's online case management system, ePUC, to the stakeholders in this rulemaking who registered their names and e-mail addresses with the Commission through ePUC. The Commission shall provide a 30-day comment period on the draft and accept written comments from the public and stakeholders. The Commission shall consider changes in response to the public comments before filing the proposed rules with the Secretary of State and the Legislative Committee on Administrative Rules.

(f) Final rules.

(1) On or before January 15, 2025, the Commission shall submit to the General Assembly final proposed rules to implement the Clean Heat Standard. The Commission shall not file the final proposed rules with the Secretary of State until specific authorization is enacted by the General Assembly to do so.

(2) Notwithstanding 3 V.S.A. §§ 820, 831, 836–840, and 841(a), upon affirmative authorization enacted by the General Assembly authorizing the adoption of rules implementing the Clean Heat Standard, the Commission shall file, as the final proposed rule, the rules implementing the Clean Heat Standard approved by the General Assembly with the Secretary of State and Legislative Committee on Administrative Rules pursuant to 3 V.S.A. § 841. The filing shall include everything that is required under 3 V.S.A. §§ 838(a)(1)–(5), (8)–(13), (15), and (16), (b), (c), and 841(b)(1).

(3) The review, adoption, and effect of the rules implementing the Clean Heat Standard shall be governed by 3 V.S.A. §§ 841(c); 842, exclusive of subdivision (b)(4); 843; 845; and 846, exclusive of subdivision (a)(3).

(4) Once adopted and effective, any amendments to the rules implementing the Clean Heat Standard shall be made in accordance with the Administrative Procedure Act, 3 V.S.A. chapter 25, unless the adopted rules

allow for amendments through a different process in accordance with 30 V.S.A. § 8126(c) and (d).

(5) The final proposed rules shall contain the first set of annual required amounts for obligated parties as described in 30 V.S.A. § 8124(a)(1). The first set of annual required amounts shall only be adopted through the rulemaking process established in this section, not through an order.

(g) Consultant. The Commission may contract with a consultant to assist with implementation of 30 V.S.A. § 8127 (clean heat credits).

(h) Funding. On or before February 15, 2024, the Commission shall report to the General Assembly on suggested revenue streams that may be used or created to fund the Commission's administration of the Clean Heat Standard program and shall include programs to support market transformation such as workforce development, market uplift, and training that may be administered by a third party.

(i) Check-back reports. On or before February 15, 2024 and January 15, 2025, the Commission shall submit a written report to and be available to provide oral testimony to the House Committee on Environment and Energy and the Senate Committees on Finance and on Natural Resources and Energy detailing the efforts undertaken to establish the Clean Heat Standard. The reports shall include, to the extent available, estimates of the impact of the Clean Heat Standard on customers, including impacts to customer rates and fuel bills for participating and nonparticipating customers, net impacts on total spending on energy for thermal sector end uses, fossil fuel reductions, greenhouse gas emission reductions, and, if possible, impacts on economic activity and employment. The modeled impacts shall estimate high-, medium-, and low-price impacts. The reports shall recommend any legislative action needed to address enforcement or other aspects of the Clean Heat Standard, including how to ensure fuel use that occurs outside the thermal sector is not impacted under the program.

(j) Assistance. The Agency of Commerce and Community Development, the Department of Public Service, and other State agencies and departments shall assist the Commission with economic modeling for the required reports and rulemaking process.

(k) Report on equity issues. On or before January 15, 2025, the Equity Advisory Group shall report to the General Assembly on the Group's findings from the review of issues under 30 V.S.A. § 8129(a).

(B) any act or omission undertaken to aid or encourage, or attempt to aid or encourage, any person in the exercise and enjoyment, or attempted exercise and enjoyment, of rights to reproductive health care services or gender-affirming health care services secured by this State, provided that the provision of such a health care service by a person duly licensed under the laws of this State and physically present in this State shall be legally protected if the service is permitted under the laws of this State, regardless of the patient’s location; or

(C) the provision, issuance, or use of, or enrollment in, insurance or other health coverage for reproductive health care services or gender-affirming health care services that are legal in this State, or any act to aid or encourage, or attempt to aid or encourage, any person in the provision, issuance, or use of, or enrollment in, insurance or other health coverage for those services, regardless of the location of the insured or individual seeking insurance or health coverage, if the insurance or health coverage is permitted under the laws of this State.

(2) Except as provided in subdivision (3) of this subsection, the protections applicable to “legally protected health care activity” shall not apply to a lawsuit; judgment; or civil, criminal, or administrative action that is based on conduct for which an action would exist under the laws of this State if the course of conduct that forms the basis for liability had occurred entirely in this State.

(3) Notwithstanding subdivision (2) of this subsection, the provision of a health care service by a person duly licensed under the laws of this State and physically present in this State shall be legally protected if the service is permitted under the laws of this State, regardless of the patient’s location or whether the health care provider is licensed in the state where the patient is located at the time the service is rendered.

\* \* \* Pregnancy Centers \* \* \*

Sec. 8. 9 V.S.A. chapter 63, subchapter 11 is added to read:

Subchapter 11. Pregnancy Services Centers

§ 2491. FINDINGS; LEGISLATIVE INTENT

(a) Findings. The General Assembly finds that:

(1) Centers that seek to counsel clients against abortion, often referred to as crisis pregnancy centers or limited-services pregnancy centers, have become common across the country, including in Vermont. Accurate

information about the services that a limited-services pregnancy center performs, in addition to forthright acknowledgement of its limitations, is essential to enable individuals in this State to make informed decisions about their care. This includes individuals being informed of whether they are receiving services from a licensed and qualified health care provider at a limited-services pregnancy center, as this allows individuals to determine if they need to seek medical care elsewhere in order to continue or terminate a pregnancy.

(2) Although some limited-services pregnancy centers openly acknowledge in their advertising, on their websites, and at their facilities that they neither provide abortions nor refer clients to other providers of abortion services, others provide confusing and misleading information to pregnant individuals contemplating abortion by leading those individuals to believe that their facilities offer abortion services and unbiased counseling. Some limited-services pregnancy centers have promoted patently false or biased medical claims about abortion, pregnancy, contraception, and reproductive health care providers.

(3) False and misleading advertising by centers that do not offer or refer clients for abortion is of special concern to the State because of the time-sensitive and constitutionally protected nature of the decision to continue or terminate a pregnancy. When a pregnant individual is misled into believing that a center offers services that it does not in fact offer or receives false or misleading information regarding health care options, the individual loses time crucial to the decision whether to terminate a pregnancy and may lose the option to choose a particular method or to terminate a pregnancy at all.

(4) Telling the truth is how trained health care providers demonstrate respect for patients, foster trust, promote self-determination, and cultivate an environment where best practices in shared decision-making can flourish. Without veracity in information and communication, it is difficult for individuals to make informed, voluntary choices that are essential to one's sense of personal agency and autonomy.

(5) Advertising strategies and educational information about health care options that lack transparency, use misleading or ambiguous terminology, misrepresent or obfuscate services provided, or provide factually inaccurate information are a form of manipulation that disrespects individuals, undermines trust, broadens health disparity, and can result in patient harm.

(b) Intent.

(1) It is the intent of the General Assembly to ensure that the public is provided with accurate, factual information about the types of health care

services that are available to pregnant individuals in this State. The General Assembly respects the constitutionally protected right of each individual to personal reproductive autonomy, which includes the right to receive clear, honest, and nonmisleading information about the individual's options and to make informed, voluntary choices after considering all relevant information.

(2) The General Assembly respects the right of limited-services pregnancy centers to counsel individuals against abortion, and nothing in this subchapter should be construed to regulate, limit, or curtail such advocacy.

#### § 2492. DEFINITIONS

As used in this subchapter:

(1) "Abortion" means any medical treatment intended to induce the termination of, or to terminate, a clinically diagnosable pregnancy except for the purpose of producing a live birth.

(2) "Client" means an individual who is inquiring about or seeking services at a pregnancy services center.

(3) "Emergency contraception" means any drug approved by the U.S. Food and Drug Administration as a contraceptive method for use after sexual intercourse, whether provided over the counter or by prescription.

(4) "Health information" means any oral or written information in any form or medium that relates to health insurance or the past, present, or future physical or mental health or condition of a client.

(5) "Limited-services pregnancy center" means a pregnancy services center that does not directly provide, or provide referrals to clients for, abortions or emergency contraception.

(6) "Pregnancy services center" means a facility, including a mobile facility, where the primary purpose is to provide services to individuals who are or may be pregnant and that either offers obstetric ultrasounds, obstetric sonograms, or prenatal care to pregnant individuals or has the appearance of a medical facility. A pregnancy services center has the appearance of a medical facility if two or more of the following factors are present:

(A) The center offers pregnancy testing or pregnancy diagnosis, or both.

(B) The center has staff or volunteers who wear medical attire or uniforms.

(C) The center contains one or more examination tables.

(D) The center contains a private or semiprivate room or area

containing medical supplies or medical instruments.

(E) The center has staff or volunteers who collect health information from clients.

(F) The center is located on the same premises as a State-licensed medical facility or provider or shares facility space with a State-licensed medical provider.

(7) "Premises" means land and improvements or appurtenances or any part thereof.

#### § 2493. UNFAIR AND DECEPTIVE ACT

(a) It is an unfair and deceptive act and practice in commerce and a violation of section 2453 of this title for any limited-services pregnancy center to disseminate or cause to be disseminated to the public any advertising about the services or proposed services performed at that center that is untrue or clearly designed to mislead the public about the nature of services provided. Advertising includes representations made directly to consumers; marketing practices; communication in any print medium, such as newspapers, magazines, mailers, or handouts; and any broadcast medium, such as television or radio, telephone marketing, or advertising over the Internet such as through websites and web ads. For purposes of this chapter, advertising or the provision of services by a limited-services pregnancy center is an act in commerce.

(b) Health care providers certified, registered, or licensed under Title 26 of the Vermont Statutes Annotated who are employed by, contracted to provide services for or on behalf of, or volunteer to provide services at a limited-services pregnancy center shall be responsible for conducting and providing health care services, information, and counseling at the center. The failure of a health care professional certified, registered, or licensed under Title 26 of the Vermont Statutes Annotated to conduct or to ensure that health care services, information, and counseling at the limited-services pregnancy services center are conducted in accordance with State law and professional standards of practice may constitute unprofessional conduct under 3 V.S.A. § 129a and 26 V.S.A. § 1354.

(c) The Attorney General has the same authority to make rules, conduct civil investigations, and bring civil actions with respect to violations of subsection (a) of this section as provided under subchapter 1 of this chapter.

\* \* \*

(b) The Green Mountain Care Board, in consultation with the Secretary of Human Services or designee, shall publish on its website the Health Resource Allocation Plan identifying Vermont's critical health needs, goods, services, and resources, which shall be used to inform the Board's regulatory processes, cost containment and statewide quality of care efforts, health care payment and delivery system reform initiatives, and any allocation of health resources within the State. The Plan shall identify Vermont residents' needs for health care services, programs, and facilities; the resources available and the additional resources that would be required to realistically meet those needs and to make access to those services, programs, and facilities affordable for consumers; and the priorities for addressing those needs on a statewide basis. The Board may expand the Plan to include resources, needs, and priorities related to the social determinants of health. The Plan shall be revised periodically, but not less frequently than once every four years.

\* \* \*

(3) The Board shall receive and consider public input on the Plan at a minimum of one Board meeting and one meeting of the Advisory Committee and shall give interested persons an opportunity to submit their views orally and in writing.

(4) The Board shall include reproductive health care services and gender-affirming health care services, as those terms are defined in 1 V.S.A. § 150, in its Plan analysis.

(5) As used in this section:

(A) "Health resources" means investments into the State's health care system, including investments in personnel, equipment, and infrastructure necessary to deliver:

\* \* \*

Sec. 9a. AGENCY OF HUMAN SERVICES; STATE HEALTH ASSESSMENT; COMMUNITY PROFILES

The Agency of Human Services shall work with LGBTQA+ community stakeholders and health care providers during the upcoming State Health

Assessment and Community Profiles community engagement processes to explore barriers to equitable access to gender-affirming health care services, as defined in 1 V.S.A. § 150.

Sec. 10. BOARD OF MEDICAL PRACTICE; OFFICE OF PROFESSIONAL REGULATION; INTERSTATE COMPACTS; REPORT

On or before November 1, 2025, the Office of Professional Regulation, in consultation with the Board of Medical Practice, shall submit a report to the House Committee on Health Care and the Senate Committee on Health and Welfare with findings and recommendations for legislative action to address any concerns regarding the State’s participation, or contemplated participation, in interstate licensure compacts as a result of the provisions of this act, including the State’s participation in the Nurse Licensure Compact pursuant to 26 V.S.A. chapter 28, subchapter 5 and the Interstate Medical Licensure Compact pursuant to 26 V.S.A. chapter 23, subchapter 3A.

Sec. 10a. 26 V.S.A. chapter 56 is amended to read:

CHAPTER 56. OUT-OF-STATE TELEHEALTH LICENSURE & REGISTRATION AND INTERSTATE COMPACTS

Subchapter 1. Out-of-State Telehealth Licensure and Registration

\* \* \*

Subchapter 2. Interstate Compacts; Health Care Provider Compacts

§ 3071. HEALTH CARE PROVIDER COMPACTS; DIRECTION TO VERMONT REPRESENTATIVES

(a) The General Assembly finds that a state’s prohibition of or limitation on the provision of gender-affirming health care services or reproductive health care services, or both, as defined by 1 V.S.A. § 150, prohibits health care providers from following health care best practices and is a failure on the part of the state to provide health care services that are medically necessary and clinically appropriate for its residents. Therefore, it is the General Assembly’s intent to protect the ability of professionals licensed, certified, or registered in Vermont, and professionals from other member states seeking to practice a profession in Vermont pursuant to an interstate compact or agreement, to have the benefit of compacts and agreements while at the same time engaging in, providing, or otherwise facilitating, personally or professionally, gender-affirming health care and reproductive health care services.

(b) Vermont’s representative or delegate for an interstate compact or agreement related to health care shall seek an amendment or exception to the

language, rules, directives, or bylaws of the compact or agreement, as necessary, so that if a licensee is disciplined by another state solely for providing or assisting in the provision of gender-affirming health care services or reproductive health care services that would be legal and meet professional standards of care if provided in Vermont, the compact or agreement does not require that Vermont take professional disciplinary action against the licensee.
