Sec. 1. FINDINGS

The General Assembly finds that:

(1) Literacy, particularly in early grades, is critical for success in future education, work, and life.

(2) Roughly half of Vermont students are still at or below proficiency.

(3) Research in recent years is clear. We know how to teach reading in a proven, evidence-based manner. Yet outdated practices linger in classrooms and in educator preparation programs.

* * * Reading Assessment and Intervention * * *

Sec. 2. 16 V.S.A. § 2907 is added to read:

§ 2907. KINDERGARTEN THROUGH GRADE THREE READING
ASSESSMENT AND INTERVENTION

(a)(1) Annually, the Agency of Education shall update and publish a list of reviewed universal reading screeners and assessments to be used by supervisory unions and approved independent schools for determining reading skills and identifying students in kindergarten through grade three demonstrating reading struggles or showing characteristics associated with dyslexia.

(2) The Agency's review of universal reading screeners and assessments shall include a review of the evidence base of the screeners and assessments. In publishing the list required under subdivision (1) of this subsection, the Agency shall issue guidance on measuring skills based on grade-level predictive measures, including:

- (A) phonemic awareness;
- (B) letter naming;
- (C) letter sound correspondence;
- (D) real- and nonword reading;
- (E) oral text reading accuracy and rate;
- (F) comprehension;
- (G) handwriting; and
- (H) spelling inventory.

(3) The screeners shall align with assessment guidance from the Agency, including that they shall, at a minimum:

- (A) be brief;
- (B) assist in identifying students at risk for or currently experiencing reading deficits; and

(C) produce data that inform decisions related to the need for additional, targeted assessments and necessary layered supports, accommodations, interventions, or services for students, in accordance with existing federal and State law.

(b) All public schools and approved independent schools shall screen all students in kindergarten through grade three using age and grade-level appropriate universal reading screeners. The universal screeners shall be given in accordance with best practices and the technical specifications of the specific screener used. The Agency shall include in its guidance issued pursuant to subdivision (a)(2) of this section instances in which public and approved independent schools can leverage assessments that meet overlapping requirements and guidelines to maximize the use of assessments that provide the necessary data to understand student needs while minimizing the number of assessments used and the disruption to instructional time.

(c) Additional diagnostic assessment and evidence-based curriculum and instruction for students demonstrating a substantial deficit in reading or dyslexia characteristics shall be determined by data-informed decision-making within existing processes in accordance with required federal and State law. Specific instructional content, programs, strategies, interventions, and other identified supports for individual students shall be documented in the most appropriate plan informed by assessment and other data and as determined through team-based decision making. (4) the strategies and supports available to the student's parent or legal guardian to support the student to achieve reading proficiency.

(d) Public and approved independent schools shall not use instructional strategies that do not have an evidence base, such as the three-cueing system. Evidence-based reading instructional practices, programs, or interventions provided pursuant to subsection (c) of this section shall be effective, explicit, systematic, and consistent with federal and State guidance and shall address the foundational concepts of literacy proficiency, including phonemic awareness, phonics, fluency, vocabulary, and comprehension.

(e) The parent or guardian of any kindergarten through grade three student who exhibits a reading deficit at any time during the school year shall be notified in writing not later than 30 days after the identification of the reading deficit. Written notification shall contain information consistent with the documentation requirements contained in subsection (d) of this section and shall follow the Agency's recommendations for such notification.

(f) Each local school district and approved independent school shall engage local stakeholders, as defined by the school district or approved independent school, to discuss the importance of reading and solicit suggestions for improving literacy and plans to increase reading proficiency.

(g) The Agency shall provide professional learning opportunities for educators in evidence-based reading instructional practices that address the areas of phonemic awareness, phonics, fluency, vocabulary, and comprehension.

(2) the universal reading screeners utilized;

(3) the number and percentage of students identified with a potential reading deficit; and

(4) growth measure assessment data.
