Rep. Webster of Brattleboro explained his vote as follows: "Mr. Speaker: I have no high hopes about drug prices in the future. I have questions about the amendment – legal and practical. But given the stranglehold on prescription drug prices by the industry and our federal government on this issue, I had a choice. Am I Don Quixote or Sancho Panza? Charge!"

Rep. Amidon of Charlotte explained his vote as follows: "Mr. Speaker: The only effect of this amendment is to set maximum retail prices in Vermont. Today we have heard that our pharmacists are hurting and going out of business. We have heard nothing about retail price gouging. The amendment does not effect wholesale prices. In order to lower prices the proposed Review Board would have to put more of our pharmacists out of business by requiring them to sell under wholesale."

Vote explanations for **H. 144, An act relating to sex offender registration and community notification**, amendment by Rep. Bourdeau of Hyde Park et al:

Rep. Atkins of Winooski, explained his vote as follows:

"Mr. Speaker: I would never "throw away a child". By voting yes on the amendment to have juveniles on the registry, I am voting to not set them up for failure. Is it wise for an alcoholic to seek employment as a bartender? Should a compulsive gambler work in a casino? If this change in policy helps one person stay away from temptation, it is worth a yes vote."

Rep. Dakin of Colchester, explained her vote as follows:

"Mr. Speaker: My "no" vote was cast not on the merits of the amendments, but on the statement from the reporters of the bill that this amendment was a major public policy change which the Judiciary committee didn't have a position on at this time."

Rep. Driscoll of Burlington, explained her vote as follows:

"Mr. Speaker: I vote against this amendment as an advocate for our youth, in order to maintain the current, necessary protection of privacy, and our dedication to rehabilitation. I believe the state's attorney has the ability to try a juvenile as an adult when it is deemed necessary, thus, subjecting the youth to adult consequences. I will continue to be sensitive to this issue, and will work for adjustments as necessary."

Rep. Keenan of St. Albans City, explained her vote as follows:

"Mr. Speaker: I cannot support a floor amendment that the committee of jurisdiction has no position on. Either the amendment is without merit or the committee process is flawed."

Rep. Kilmartin of Newport City, explained his vote as follows:

"Mr. Speaker: I vote for the amendment for the following reasons: Three twelve year old boys raping and killing by strangulation, an eight year old girl, if they are to be released from prison in their forties, or from juvenile detention at 21, need to be registered for life. Treating these 3 "boys" differently because they were adjudicated as "delinquents" is an abdication of our responsibilities to all citizens, especially parents and innocent children, if the underlying bill passes, to which I am opposed."

Rep. Wright of Burlington, explained his vote as follows:

"Mr. Speaker: Despite my concerns about privacy and process, my yes vote reflects my belief that public safety, especially surrounding children, is the number one issue here, and that sexual predators should never be in a position to be working around children."

Rep. Symington of Jericho explained her vote as follows: "Mr. Speaker: I have voted for this budget adjustment although I recognize that it forgoes the opportunity to reduce the cost of debt we pass on to our children and it diverts funds away from improving school buildings across the state. The proponents of this bill have assured us that these funds will be used, among other things, to reduce Vermont's reliance on property taxes to fund schools. Since all Vermonters will forgo opportunities by the actions taken here, I hope and expect that, all Vermonters will in turn benefit equitably from the yet to be determined modifications and improvements to Act 60."

Rep. Vincent of Waterbury explained her vote as follows: "Mr. Speaker: I strongly support the principle of one man one vote. But I cannot support this bill. I believe it is the responsibility of superintendents to guide their schools board to comply with Vermont state law. Also, Mr. Speaker, the commissioner of Education has many pressing issues in working to improve public education. This Legislature should not be passing make work bills because superintendents are not doing their job."

Rep. Young of Orwell explained his vote as follows: "Mr. Speaker: I believe that Vermont's current statutes and, for that matter the Constitution, already address this issue. I voted no because it should be unnecessary for this body to pass law to tell union high school boards, the Commissioner of Education and the courts to follow existing law."

Rep. Paquin of Fairfax, explained his vote as follows: "Mr. Speaker: Anyone who wants an accurate characterization of my position on how marriage should be defined can note that at least twice last year I voted affirmatively that it is a union of one man and one woman. My view has not changed, nor has my support of civil union, but I won't participate in a transparently political attempt to administer salt to a barely healing wound."

Vote explanations for H. 485, amendment by Rep. Sweaney of Windsor et al:

Rep. Atkins of Winooski explained his vote as follows:

"Mr. Speaker: I have thought long and hard about Rule 75 – conflict of interest. After consulting with the Clerk of the House, I was told that I was one of many who could benefit and Rule 75 does not prohibit my voting. I felt this vote was very important to our communities, our kids and our teachers active and retired. I voted yes out of respect to them."

Rep. Koch of Barre Town explained his vote as follows:

"Mr. Speaker: This is a painful vote, because I do support the "eight-fifty" proposal sought by our retired teachers. I recognize, however, the fiscal limitations withing which our appropriations committee has had to work. I hope that the present proposal is just the first step in achieving the "eighty-fifty" goal."

Rep. Wright of Burlington, explained his vote as follows:

"Mr. Speaker: I have the greatest respect for teachers, and I do not want this vote cast as a vote against teachers, it is a vote for teachers – for the highest coverage they have had – and it is also a vote for taxpayers across this state."

Rep. Connell of Warren explained her vote as follows: "Mr. Speaker: There is an oft-quoted thought by Albert Einstein that we cannot solve our problems with the same thinking that created them. From what I have seen and read, beltways have not solved the problem of congestion. My "yes" vote is a yes vote for Vermonters' innovation, of solving our major city's traffic problems. It is a vote for flexible working hours, for using cars less, for working from home, for mass transit, for walking and biking and for many other solutions that will benefit Burlington and Vermont and protect our unique quality of life."

Vote explanations for H. 485, amendment by Rep. Deen of Westminster:

Rep. Amidon of Charlotte explained his vote as follows: "Mr. Speaker: The issue is not public access to House proceedings. No one disagrees with this principle. The issue I voted on is whether a long established House Rule should be changed in the context of the second full day of debate on the appropriations bill."

Rep. Carey of Chester explained her vote as follows: "Mr. Speaker: As a freshman in this House, I've learned a great deal about rules and how the process works. I voted no, not because I fear the public seeing or hearing what I say or do, but out of respect for the *Rules and Orders of the House of Representatives* and how the process works. I look forward to hearing the discussion when the Rules committee works on this issue and seeing future debates on public access TV when the money is appropriated."

Rep. Duffy of Rutland City explained her vote as follows: "Mr. Speaker: This is an inept question that should be fully aired through the Rules committee process and not decided here on the fly for what maybe partisan reasons."

Rep. Mullin of Rutland Town explained his vote as follows: "My vote today is not against opening the People's House to the eye's of the public through modern video technology. I support the public broadcast of State House proceedings. An informed public is essential for a successful democracy. I sincerely hope that we can implement a fair and unbiased system for video broadcasting. However, I do not support spending taxpayer's dollars on a proposal that has neither been thoroughly studied nor analyzed. Let's stop the political gamesmanship and focus on the issues of importance to people throughout Vermont. Rep. Vinton of Colchester explained his vote as follows: "Mr. Speaker: I agree with this and when it comes to this body through the proper process I will vote for it."

Rep. Zuckerman of Burlington explained his vote as follows: "Mr. Speaker: I voted yes, but I do not believe that this amendment fully addresses the underlying issue of censorship in the House chamber. I hope that we can all come together to resolve this issue through a Rules Committee change or by a committee of the whole. The day we start restricting access to the debate on this floor is a very sad day for representative government in Vermont."

H. 485 An act making appropriations for the support of government

Amendment by Rep. Goodridge of Albany et al, offered in substitution for an amendment by Rep. Fisher of Lincoln et al, regarding appropriations to the Governor's Commission on Women, the Vermont Coalition of Teen Centers, and a post-adoption consortium.

Rep. Dakin of Colchester explained her vote as follows: "Mr. Speaker: My decision to vote for this budget was difficult. Two members of my caucus on the Appropriations Committee voted "yes" and two voted "no". Among other things, I'm delighted \$2M for the Circ. Highway was not cut; disappointed that we didn't restore money to the Governor's Commission on Women. But it's time to acknowledge everyone's hard work, send a budget to the Senate, and trust that we've been able to balance all the competing interests we deal with as public servants."

Rep. Seibert of Norwich explained her vote as follows: "Mr. Speaker: We heard a lot about balance in the past few days, but I have to note that 'imbalance'; the women and children of Vermont did not do well in this budget. 'Might does not make right'.

Rep. Driscoll of Burlington explained her vote as follows: "Mr. Speaker: No new fee for no new service. This fee will generate an additional appropriation to a department for services it already provides. I don't remember a decrease to the department's general fund dollars to account for the generation of new fees. I'm leery of inflated budgets."

Rep. Young of Orwell explained his vote as follows: "Mr. Speaker: I vote yes. The real reason for filing a "well completion report" is so that the state knows who has wells when it comes time to raise more fees."

Vote explanations for H. 502, passage:

Rep. Fisher of Lincoln explained his vote as follows: "Mr. Speaker: I voted no because of the serious negative financial and business impacts of this bill, because of the many important unanswered family court issues that are brought up by this bill and because I believe my gay and lesbian neighbors deserve at least a respectful parallel to marriage... not less."

Rep. Haas of Rutland City explained his vote as follows: "Mr. Speaker: It is not government's place to provide benefits to special groups for solely private concern. Government's role in bestowing benefits to married couples was to protect the vulnerable natural product of their relationship... children. I had hoped that we could fully restore traditional marriage to its rightful place in society by repealing the Civil Union Law. Since that vote did not occur, I have reconsidered my opposition to H. 502 and will now support this legislation to at least remove same-sex partnerships from our marriage statutes and abolish state certification and sanctioning of these relationships. Passage of H. 502 is a step in the right direction."

Rep. Hall of Newport City explained his vote as follows: "Mr. Speaker: Yes. It was the right thing to do."

Rep. Miller of Shaftsbury explained her vote as follows: "Mr. Speaker: I believe deeply in the ten commandments: Thou Shalt not Kill. Thou Shalt not Commit Adultery. Thou Shalt Honor Thy Father and Mother. But I believe deeply that we should not be allowed to marry them. And that's what H. 502 permits us to do."

Rep. Sheltra of Derby explained her vote as follows: "Mr. Speaker: This legislation won't achieve what Vermonters have asked us to do. I voted yes for H. 502 in hopes that Vermonters will know some of us have tried for more and though we have not been at this time successful, we will still forge ahead one step at a time and someday we will reach the light at the end of the tunnel."

Rep. Driscoll of Burlington explained her vote as follows: "Mr. Speaker: This body, in a previous vote, accurately exempted minors from being charged with 'unlawful restraint in the second degree', for example, the case of a minor friend harboring a runaway minor friend. This conference committee report no longer contains this language, therefore, impedes on the rights of minors. It makes everyone a criminal so we may pick and choose who to charge."

Vote explanations for J.R.H. 104, adoption of the resolution:

Rep. DePoy of Rutland City explained his vote as follows: "Mr. Speaker: It is true that I have not agreed with the Rutland Herald's editorials regarding certain issues in the past. I am sure this will not change in the future as well. I do, however, recognize the magnitude of such an award being bestowed upon my home town newspaper and I extend my sincere congratulations to David Moats and his staff."

Rep. Howrigan of Fairfield explained his vote as follows: "Mr. Speaker: I voted yes, not because of the editorial quality. The collections of materials printed needed many quotes. The award should go to Representative Lippert."

Rep. Mullin of Rutland Town explained his vote as follows: "Mr. Speaker: This House just voted overwhelmingly to improve J.R.S. 56 which has almost identical language. What a waste of our time and taxpayer's money to have a roll call vote on a simple resolution of congratulations that has already been approved. There are more important issues that we could, and should, be spending our time on."

Rep. Kilmartin of Newport City explained his vote as follows: "Mr. Speaker: The Pulitzer Prize is awarded after satisfying several cumulative tests, two of which are moral purpose and sound reasoning. In my opinion, David Moats editorials, on what are now known as civil unions, fail each of these tests. The prize is now one of political correctness, not of moral purpose."

J.R.S. 9 Joint resolution in opposition to the desecration of the United States Flag

Amendment offered by Rep. Koch of Barre Town, et al, amending an amendment offered by Rep. Deen of Westminster et al, inserting language urging the U.S. Congress to pass a proposed amendment to the U.S. Constitution giving Congress the power to prohibit the physical desecration of the U.S. Flag.

Rep. Randall of Bradford, explained his vote as follows: "Mr. Speaker: It is because of my deep respect for our flag, but my much deeper respect for the principles of liberty for which it stands and my reverence for those who sacrificed so much to protect the principles, that I could not vote for what seems to me to destroy those principles, to protect the symbol. To do so would render the symbol meaningless."

Rep. Seibert of Norwich, explained her vote as follows: "Mr. Speaker: My stars and stripes have flown above you for over two hundred years. As I am free, so you are free. I am not diminished by those who wrap themselves in my folds and cry, "We love you more." And I cannot be desecrated by those who trample or burn my cloth in rage only. Those who would use me to divide this nation and to undermine the principles for which I stand do a true injustice to their country. Neither rhetoric nor laws can put me in bondage, for freedom is an idea that will not be bound. Patriots, let me be! (by Dean Seibert, 1995)"
