H.R. 9 House resolution supporting a woman's right to decide her own reproductive choices, commemoration the 44th anniversary of the U.S. Supreme Court's decision in Roe v. Wade, and the 52nd anniversary of Planned Parenthood of Northern New England

Should the resolution be adopted?

Rep. Christie of Hartford explained his vote as follows:

"Madam Speaker:

On Nov. 21, 2016 Pope Francis gave priests the authority to give absolution for abortion."

Rep. Donahue of Northfield explained her vote as follows:

"Madam Speaker:

Abortion has remained a difficult subject for half a century and beyond, because it pits a woman's control over what is happening within her body against the life of a unique human person growing and developing there. This terrible tension should never be dismissed or minimized; those who promote the right to choose abortion should respect the rights of those who do not wish to be a party to it, and should be balanced in the way this traumatic issue is discussed with women. Planned Parenthood does not do that. The subject of a woman's right to end a pregnancy that is already underway should always be a sobering reflection of our power over life itself. It should never be a cause for celebration. That is why I do not support this resolution."

Rep. Mrowicki of Putney explained his vote as follows:

"Madam Speaker:

Given the current assaults on liberties by the new regime in Washington, I vote yes for women to be able to make their own choices in regards to their health and I vote yes for my daughters and future generations of women to enjoy these same rights."

Rep. Myers of Essex explained her vote as follows:

"Madam Speaker:

I voted "yes" on this resolution as I have for many years. I am pro-choice and support Planned Parenthood. But I rise today, as I did a few years ago, to express my disappointment in the year after year offering of this resolution. There is nothing this will do to further the state's support of Planned Parenthood, and Roe v. Wade. Those are firmly entrenched. But what this resolution does is continue, and enlarge, the rift among members of this body. That is very disheartening to me. In my opinion we should be working to bring greater collegiality in this chamber, not working to create further discord."

Rep. Poirier of Barre City explained his vote as follows:

"Madam Speaker:

I voted yes as a means to express my strong support for women's reproductive rights. Also, this yes vote is my only legislative way to express my resentment to the Trump administration's attempt to send women back to the days of backroom medical procedures for women."

Rep. Stuart of Brattleboro explained her vote as follows:

"Madam Speaker:

Now that we have a known misogynist who wears the sacred title of president, it is more important than ever to stand up for women's right to choose."

Page 14

H.R.8 House resolution relating to conducting a recount in the election for the House of Representatives for the Orange-1 District

Shall the resolution be amended as offered by Rep. Haas of Rochester?

Rep. Cina of Burlington explained his vote as follows:

"Madam Speaker:

If a recount is going to be conducted, then every ballot ought to be re-inspected as part of that process. We have a responsibility to the people of Vermont to ensure that we count every valid vote in an election."

Page 17

H.R.8 House resolution relating to conducting a recount in the election for the House of Representatives for the Orange-1 District

Shall the resolution be adopted as amended?

Rep. Bartholomew of Hartland explained his vote as follows:

"Madam Speaker:

I represent three Vermont towns. One of these is small enough that votes still are hand counted. The other two towns now use vote tabulators, but the leadership for one of these, my home town, was extremely reluctant to embrace the use of this technology. One of their concerns related to the accuracy of results. These town officials will not be pleased to learn that the margin of error introduced by these devices may exceed the potential for errors when hand counting votes. My vote relates to the uncertainty introduced by the tabulators. The election process is taken very seriously in my district. I feel certain that my constituents will agree that every reasonable effort be made to determine the intention of the voters to determine the winner in close elections. This is will only make our democracy stronger. This is why I voted for this resolution."

Rep. Graham of Williamstown explained his vote as follows:

"Madam Speaker:

It's a sad day in Vermont and our country when we elected officials cannot trust the many people we elected to oversee our elections and we cannot trust our Judiciary system overseeing recounts."

Rep. Mrowicki of Putney explained his vote as follows:

"Madam Speaker:

Democracy is not easy. It is not clean and neat and especially in this instance it is not quick and expeditious. It does require a clean and clear result. My vote is for the process to play out until, we get to a clear resolution. Today not only are the voters served but the Constitution."

Rep. Turner of Milton explained his vote as follows:

“Madam Speaker:

Today I vote “no”! This Vermont House of Representatives voted on party lines to judge the election and qualifications of a member. However, it does not hold the power to override the democratic processes of the collective will of the people. Authorizing another recount of a settled election sets a problematic precedent and amounts to a shameful corruption of our legislative duty. It’s unfortunate that the majority is using Washington style partisan politics here in Vermont rather than resolving this issue the “Vermont way”. I’m very disappointed that the majority, by adopting this resolution has failed to reject what is a blatantly prejudiced effort to challenge the legitimacy of a democratically elected official, and the competence of the voters, town clerks and judiciary involved in the Orange-1 district election and recount.”

Page 18

S.1 An act relating to the determination of average daily membership for the 2016-2017 school year and equalized pupil count for fiscal year 2018

Shall the House propose to the Senate to amend the bill as offered by Rep. Poirier of Barre City?

Rep. Copeland-Hanzas of Bradford explained her vote as follows:

“Madam Speaker:

I vote no. This date change is part of a larger proposal that dumps \$138M of new spending on to property tax payers. I don’t think very highly of the budget proposal that shifts costs onto our property taxes, forces local school districts to throw out their hard-worked budgets and imposes a top-down restriction that will hurt kids as it costs us all more on our property tax bills. Boards are doing hard work to find efficiencies by consolidating with neighboring districts. This is a step backwards.”

Rep. Krowinski of Burlington explained her vote as follows:

“Madam Speaker:

We must work together to find solutions to improve education without raising taxes on the backs of hard-working property tax payers and teachers. Let’s make sure we give all Vermont kids a fair shot.”

Rep. Lefebvre of Newark explained his vote as follows:

“Madam Speaker:

I voted yes on this amendment because I want to stand up whenever I can to support the call to change the way we fund education.”

Rep. McCoy of Poultney explained her vote as follows:

“Madam Speaker:

We are in crisis as far as our Education Funding system is concerned. I’ve heard this body referred to as a ship that takes time to change its direction. We are the Titanic, Madam Speaker, as you used the analogy during the first speech; we are just trying to point out the rocks.”

Rep. Sharp of Bristol explained his vote as follows:

“Madam Speaker:

This date is the lynch pin of the Governor’s education budget plan which will raise taxes and hurt the education of Vermont’s children.”

Rep. Sheldon of Middlebury explained her vote as follows:

“Madam Speaker:

Using the blunt tool of requiring zero funded school budgets by May 23rd is disrespectful of the hard work our school boards have already done and an irresponsible approach to addressing our budget challenges.”

Rep. Stuart of Brattleboro explained her vote as follows:

“Madam Speaker:

This is too much, too late!”

Rep. Troiano of Stannard explained his vote as follows:

“Madam Speaker:

I voted no. As I looked at the Hardwick Gazette this morning the first 2 pages were filled with articles on each of many towns who have just finalized their school budgets in preparation for town meeting. School boards whose members have reached out to me, school boards who have worked for the past 4 months to get these budgets done have asked me to not support this change. Walden moved their school budget vote to May and the next year the voters voted the budget vote back to March.”

Rep. Turner of Milton explained his vote as follows:

“Madam Speaker:

I vote yes on this amendment in support of moving the date of school budgets out to May 23rd. This will allow the legislature to provide all pertinent information to Vermonters before they vote on school budgets unlike what occurs today. This does not require school boards to change their FY18 budgets or increase property taxes! Thank you.”

Rep. Webb of Shelburne explained her vote as follows:

“Madam Speaker:

Simply moving the school budget vote date creates a distraction for towns facing merger votes, stymies collective bargaining conversations around the state, makes timely implementation of S1 all but impossible and ultimately stand s to increase not decrease pressure on the property tax.”

Page 19

S.1 An act relating to the determination of average daily membership for the 2016_2017 school year and equalized pupil count for fiscal year 2018

Shall the House propose to the Senate to amend the bill as offered by Rep. Beck of St. Johnsbury?

Rep. Copeland-Hanzas of Bradford explained her vote as follows:

“Madam Speaker:

School districts already have the freedom to change the date of their vote. If there’s wisdom in the plan I trust they’ll make the changes without our interference.”

Rep. Dunn of Essex explained her vote as follows:

“Madam Speaker:

I voted no on this bill. I do believe that there are systemic changes needed in our educational system. I do not believe that this measure does that. This assembly passed Act 46 in the last biennium. I think we should allow that work to go forward.”

Rep. Long of Newfane explained her vote as follows:

“Madam Speaker:

While the Governor’s education proposal may contain some laudable goals, among other things, it also takes away our local authority to decide how much to spend on our public schools and instead, creates imposed spending limits from Montpelier. I have spent the last 22 years in my role as a school board member listening to my local tax payers – and I cannot support this because a change in date will not change anything.”

Rep. Sharpe of Bristol explained his vote as follows:

“Madam Speaker:

I would like to thank the body to allow S.1, the counting of pre-K pupils, to move forward unscathed.”

Rep. Shaw of Pittsford explained his vote as follows:

“Madam Speaker:

If today’s exercise moves the education funding conversation forward it was certainly worth our time spent today.”

Rep. Till of Jericho explained his vote as follows:

“Madam Speaker:

I vote no. Changing the date of a vote on school budgets does absolutely nothing to reduce school spending or property taxes.”

Rep. Wright of Burlington explained his vote as follows:

“Madam Speaker:

There are reasons to support this amendment, and reasons to oppose it as well. Voters will have more information in May, but do they really want another election, up to 4 in one year? If by this vote alone we moved the election to May, I could not support it. I vote yes strictly as a conversation starter, one that would need testimony, and much public input before ever adopting it.”

Page 22

H.171 An act relating to expungement

Shall the bill pass?

Rep. Willhoit of St. Johnsbury explained his vote as follows:

“Madam Speaker:

I am proud to vote YES here before my beloved daughter, Liz. Thanks to second chances, I stand here today as her father and represent our beloved community of St. Johnsbury. I vote yes so more Vermonters may have such second chances.”

Page 23

H.218 An act relating to the shelter of dogs and cats

Shall the bill be amended as recommended by the Committee on Agriculture and Forestry?

Rep. Wright of Burlington explained his vote as follows:

“Madam Speaker:

Despite my concerns, I will support this bill and hope that the other body can find ways to make the language clearer.”

Page 24

S.79 An act relating to freedom from compulsory collection of personal information

Shall the bill be read a third time?

Rep. Hubert of Milton explained his vote as follows:

“Madam Speaker:

I vote no. I cannot support this bill as I believe it is in direct conflict with my own oath of office.”

Rep. Stuart of Brattleboro explained her vote as follows:

“Madam Speaker:

I am proud to vote in support of S.79 in collaboration with my colleagues on all sides of the aisle here in the people’s house of the great state of Vermont. Madam Speaker, I hope this is just one of the measures my republican, democratic progressive and independent colleagues and I will take during this biennium to push back against the Trump administration’s draconian measures which appeal to the darker sides of human nature and fan the fires of fear and hate in order to win votes and keep a morally flawed and dishonest president in power.”

Rep. Van Wyck of Ferrisburg explained his vote as follows:

“Madam Speaker:

I voted No. The short-term satisfaction of primarily minor restatements of some settled policies and procedures is outweighed by the long-term prospects of major negative unintended consequences. What could go wrong?

I think of the face of Kathryn Steinle.”

Page 25

H.422 An act relating to removal of firearms from a person arrested or cited for domestic assault

Shall the bill be amended as recommended by the Committee on Judiciary?

Rep. Krowinski of Burlington explained her vote as follows:

“Madam Speaker:

We have a domestic violence problem in our state. By creating a cooling off period we give families and law enforcement one more tool to prevent escalation. 18 states have similar laws on the books. I vote yes to support and protect victims.”

Rep. Rachelson of Burlington explained her vote as follows:

“Madam Speaker:

I voted yes. In many states these laws have already made a difference. This bill could truly save lives by giving people a chance to make safety plans without fearing for their lives. It is my hope that Stella, the brave mother who testified on this bill, will feel some comfort knowing she’s helped to save some others from the tragic loss she experienced from her daughter’s murder in 2013.”

Rep. Stuart of Brattleboro explained her vote as follows:

“Madam Speaker:

I proudly vote yes on behalf of H.422. It would be a sad day for Vermont to be surpassed by New Hampshire, which passed a bill that actually goes further than this bill does, in terms of protecting those who suffer at the hands of domestic abusers. Madam speaker, this bill is not about the second amendment. And this bill does not take away anyone's rights. Madam speaker, New Hampshire's motto is: "live free or die". Madam speaker my question is: how many more women need to die at the hands of domestic abusers? And how many children must suffer the trauma of seeing their mothers murdered or be left without one of the most important person in their lives? Madam speaker, Vermont can and must do better. God bless the green mountain state for passing this bill.

Rep. Wright of Burlington explained his vote as follows:

“Madam Speaker:

We do have a problem with domestic violence in Vermont, but this bill is constitutionally challenged and much of what the bill proposes to accomplish can be done through existing law. Let’s be serious about domestic violence and pass legislation that helps to convict abusers and put them away for much longer than 5 days.”

Page 27

H.136 An act relating to accommodations for pregnant employees

Shall the bill pass?

Rep. Murphy of Fairfax explained her vote as follows:

“Madam Speaker:

I vote no despite my support for the “intent” of this bill to mandate accommodations that should be simple common courtesy within any employee/employer relationship. The inclusion of “time off to recover from childbirth” is a greater consideration and should not be included unless a fiscal note or appropriation review has been given.”

Page 28

H.422 An act relating to removal of firearms from a person arrested or cited for domestic assault

Shall the bill pass?

Rep. Grad of Moretown explained her vote as follows:

“Madam Speaker:

I vote yes on H.422. This bill is the most effective way to address the problem of domestic violence related homicides in Vermont.

While there are many ways to address domestic violence in our state, law enforcement lacks the effective tool that this bill provides to address domestic violence related homicides.

Data show that there is a strong connection between domestic violence homicides and the presence of firearms. This bill is an effective way to prevent those deaths.”

Rep. Wright of Burlington explained his vote as follows:

“Madam Speaker:

My amendment would have significantly reduced one of the constitutional issues with this bill, while still providing the same protection. Forty-eight hours would have left ample time for a relief of abuse order to have been granted, and guns could have then been kept for a longer period of time. Without that amendment I cannot support this bill.”

Page 29

H.230 An act relating to consent by minors for mental health treatment

Shall the bill pass?

Representative Graham of Williamstown explained his vote as follows:

“Madam Speaker:

I believe parents have the right to know what’s going on with their minor children. There are many parents in the chambers here today. Am I to understand you won’t want to know about your children?”

Representative Lucke of Hartford explained her vote as follows:

“Madam Speaker:

While some parents can be the greatest advocates, others can be adversaries when it comes to certain issues children are wrestling with. My vote today is one of hope that minors have access to explore who they are becoming and in many cases help them and their families celebrate who they are.”

Representative Mrowicki of Putney explained his vote as follows:

“Madam Speaker:

One again our children look to us to find safe haven under delicate and sometimes dangerous circumstances. This bill says you are safe to be who you are, in Vermont.”

Representative Stuart of Brattleboro explained her vote as follows:

“Madam Speaker:

Children with gender identity and sexual orientation differences have rights, too. Madam Speaker, many of these individuals become young adults that take their own lives at far greater rates than the rest

of the population. The rate of suicide among these youth ranges from approximately 20 to 42 percent higher than their peers.

Madam Speaker, I am proud to vote in favor of H. 230. The world needs to become a kinder, gentler place. Our strength as a nation is diversity. We need to learn to fully embrace our differences.”

Representative Tate of Mendon explained his vote as follows:

“Madam Speaker:

We talk about removing “barriers to care” without fully acknowledging that by that we mean that parents are the barriers. I am not a barrier to my child’s care. It is, rather, my life’s calling.”

Representative Van Wyck of Ferrisburgh explained his vote as follows:

“Madam Speaker:

I voted No. In extreme cases the judiciary is empowered to terminate parental rights. With this bill, certain parental rights are terminated universally without due process. This is appalling and the overall effects will be negative.”

Page 30

H.509 An act relating to calculating statewide education tax rates

Shall the bill pass?

Rep. Donahue of Northfield explained her vote as follows:

“Madam Speaker:

I do not support these increases, but I did not vote for them – all those who voted for increases in their school budgets did. We cannot override the decisions of local districts; we can only attempt to make the increases equitable. The challenge in relating local budget decisions to personal tax impacts remains, disappointingly, unsolved.”

Rep. Rachelson of Burlington explained her vote as follows:

“Madam Speaker:

While I voted yes, I have grave concerns about the complexity of our funding formula, our current school structure in Vermont, the high cost per student rate we ask taxpayers to fund, and the inefficiencies that are built into this system. We owe it to students to maximize the funding that goes towards their learning and to taxpayers to not pay excess costs to deliver education that is not providing our students with the education they need and deserve.”

Rep. Scheuermann of Stowe explained her vote as follows:

“Madam Speaker:

I had planned to vote in favor of this bill, but in the end I simply couldn’t. I fear that we are not treating the different classes of taxpayers fairly – and I believe we should. Changing from establishing tax rates to yields has further complicated our education funding system and has me exceptionally confused about the real impact of this bill. For that reason I have to vote no.”

Rep. Sibilias of Dover explained her vote as follows:

“Madam Speaker:

I vote yes to support the collective decisions that have already been made throughout Vermont on school budgets. Today’s discussion illustrates what we have heard, again and again and again, that we must reform our education financing system. We must do that in a way that ensures equity . The current system is delivering unpredictable results to taxpayers and penalties that encourage inequity in access to education opportunities for Vermont students.”

Rep. Stuart of Brattleboro explained her vote as follows:

“Madam Speaker:

Having served on the Education Committee for four years, I know full well that – when it comes to all things education in the great state of Vermont – there are no easy answers.

Madam Speaker, I vote strongly in favor of this bill. Here in Vermont, I think we can all agree, we care deeply about education.

But Madam Speaker, we want local control and we want to reign in our rising education costs and local property taxes.

We also want poor kids and wealthy kids to benefit equally from our education system. In short, we want it all.

Madam Speaker, I remember well three or four years ago, when those of us on the House Education – from both sides of the aisle – asked then Speaker Shap Smith to give what was at the time solely a policy committee some say on education finance. He did so several years later.

Madam Speaker, this bill does not do all the things we want – but it is a step in the right direction. I commend the House Education Committee for its hard work on this challenging issue.

Rep. Wright of Burlington explained his vote as follows:

“Madam Speaker:

There is no doubt the educational system we have in place now is confusing and complex. It needs to be reformed in a way that controls costs and reconnects voters with their local spending decisions. There are bills on walls now that could help. The vote we cast today is simply a ministerial function getting the yield to pay for all those local spending decisions across the state. A defeat of this proposal would result in a 6 cent increase in the non-residential property tax rate.”

Page 31

H.516 An act relating to miscellaneous tax changes

Shall the bill be read a third time?

Rep. Tate of Mendon explained his vote as follows:

“Madam Speaker:

Bravo.

Thank you, Madam Speaker.”

Page 32

H.518 An act relating to making appropriations for the support of government

Shall the bill be read a third time?

Rep. Hubert of Milton explained his vote as follows:

“Madam Speaker:

I voted yes for the first time in nine years. We are passing a budget that does not over spend our projected income. And not raising taxes or fees.”

Rep. Rachelson of Burlington explained her vote as follows:

“Madam Speaker:

The Appropriations Committee is to be commended for their tri-partisan work on this fiscally responsible budget. We must stay vigilant as it’s implemented to assure that our Vermont values of caring for each other, especially assuring the basic needs for our most vulnerable residents, are not compromised.”

Page 35

H.492 An act relating to the Racial Justice Oversight Board

Shall the bill be amended as recommended by the Committee on Judiciary, as amended?

Rep. Toll of Danville explained her vote as follows:

“Madam Speaker:

My yes vote is in support of the individuals who are not in the majority of this body. Simply – a yes for equal rights and justice for all.”

Page 37

H.R.14 House resolution disapproving Executive Order 07-17

Shall the House adopt the resolution?

Rep. Graham of Williamstown explained his vote as follows:

“Madam Speaker:

A sad day for Vermonters when we won’t let the Governor save taxpayers money.”

Rep Krowinski of Burlington explained her vote as follows:

“Madam Speaker:

I support this resolution. The proposal by the governor will affect thousands of Vermonters and Vermont businesses. This is a huge policy change and we need to this done right.”

Rep. Scheuermann of Stowe explained her vote as follows:

“Madam Speaker:

This body just had the opportunity to show Vermonters that we do want to restructure our state government to bring it into the 21st century so that it works for Vermonters again. It only makes sense that liquor and lottery will serve the same clients; be housed (not necessarily physically) under one roof; be led by one commissioner directly accountable to the Governor; and be governed by one board. We just voted for the status quo to be maintained. Madam Speaker, what a missed opportunity to be an agent for common sense change.”

Page 39

H.197 An act relating to mental health parity for workers’ compensation

Shall the Recommendation of Amendment of the Committee on Health Care be amended as recommended by the Committee on Commerce and Economic Development in the second instance [subdivision (11)(J)]?

Rep. Browning of Arlington explained her vote as follows:

“Madam Speaker:

I vote no because I cannot commit taxpayer dollars and private business dollars to an uncertain mandated cost. The fiscal note from JFO says that the cost is ‘unknown.’ Provision should have been made to insure against that risk so that the legitimate purpose of the bill could be attained in a fiscally responsible way.”

Rep. Copeland-Hanzas of Bradford explained her vote as follows:

“Madam Speaker:

To vote against this bill language is to tell our first responders ‘your post-traumatic stress is not an injury.’ It flies in the face of logic to suggest that because fire fighters, police and EMT’s respond to traumatic events every day they should not be able to be injured. If we can’t take care of the heroes who take care of us now when they are injured, who will be there to take care of us?”

Rep. Yacovone of Morristown explained his vote as follows:

“Madam Speaker:

The cost to our communities to deny this coverage extracts a most heavy toll from all of us. While the exact amount is unknown, make no mistake, they are very real: broken families, damaged marriages, traumatized children. These are the costs. It is time we faced these costs, to ignore them is very expensive.”

Page 40

H.197 An act relating to mental health parity for workers’ compensation

Shall the bill be amended as offered by Rep. Browning of Arlington?

Rep. Browning of Arlington explained her vote as follows:

“Madam Speaker:

I vote yes to protect property taxpayers from the possible costs of yet another unfunded state mandate.”

Rep. Copeland-Hanzas of Bradford explained her vote as follows:

“Madam Speaker:

I voted No. To carve out and require the state to reimburse for a mental injury, as if those are somehow less valid, less debilitating, less tragic for the injured worker and her family is a violation of the goal that we have expressed as a body here: injury is injury.

Instead I should hope we would celebrate the savings to our families and their employers that timely treatment of an injury has meant; that she could return to work, support her family, continue to do the job she loves, that her employer didn’t have to incur added expense of OT or substitute pay, and our municipal agencies and schools remain strong for us because their experienced individuals can remain on the job.”

Rep. Donahue of Northfield explained her vote as follows:

“Madam Speaker:

“This amendment says that a separate funding stream for mental health injuries is an acceptable funding mechanism. We learned a long time ago that separate but equal is only separate, never equal.”

Page 43

H.333 An act relating to identification of gender-free restrooms in public buildings and places of worship

Shall the bill be read a third time?

Rep. Frenier of Chelsea explained his vote as follows:

“Madam Speaker:

People come to know their God best when they worship with members of their own gender. Their custom is to have separated restrooms. The smallest temples, mosques and churches have only single stall restrooms. We have stepped on their customs.”

Rep. Gamache of Swanton explained her vote as follows:

“Madam Speaker:

I voted no on H.333 because there is no accommodation for houses of worship. This is overreach by the Vermont State Government and violates the traditional practice of religious freedom guaranteed by the U.S. Constitution and 1st amendment.”

Rep. Krowinski of Burlington explained her vote as follows:

“Madam Speaker:

I support this legislation because it sends the message that we value all Vermonters and strive for inclusiveness in all communities.”

Rep. Rachelson of Burlington explained her vote as follows:

“Madam Speaker:

H.333 will bring safety to people who get threatened by picking what others deem the “wrong bathroom.” I know many will experience less trauma, including children, in having a very basic need met.”

Page 44

S.127 An act relating to miscellaneous changes to laws related to vehicles and vessels

Shall the recommendation of amendment by the Committee on Transportation be amended as offered by Rep. Keefe of Manchester?

Rep. Graham of Williamstown explained his vote as follows:

“Madam Speaker:

We pass laws expecting people to obey. Now we’re passing laws to allow people to violate federal law. I just don’t get it.”

Rep. Stuart of Brattleboro explained her vote as follows:

“Madam Speaker:

I wholeheartedly commend the Transportation Committee for their excellent work on S.127 and for their ongoing commitment to improve our transportation system.

I also commend the ongoing work of my colleague Representative Mollie Burke of Brattleboro who has worked for years — in collaboration — with Transportation Committee veterans like chair Pat Brennan and Dave Potter to improve our transportation system and infrastructure while striving to safeguard the needs of poor Vermonters. Representative Burke, in particular, has worked tirelessly as a member of the Commerce Committee to implement and combat global climate change.

While I commend the intent of this amendment, I voted against it because I respect the committee process and believe it’s important to investigate fully how instituting higher inspection requirements would affect poor Vermonters.”

Page 45

S.127 An act relating to miscellaneous changes to laws related to vehicles and vessels

Shall the House proposal of amendment be amended as offered by Rep. Till of Jericho?

Rep. Christie of Hartford explained his vote as follows:

“Madam Speaker:

As past 1st responder and presently a certified safe driver instructor I believe in seat belt use. My no vote was one about process. I trust your House Committee on Transportation’s request to DMV to emphasize the improvement of our usage data, and report back, so we can truly inform our decision.”

Rep. Dunn of Essex explained her vote as follows:

“Madam Speaker:

The number of deaths and total brain injuries that are a result of motor vehicle accidents when the driver and/or the passengers are not wearing seat belts is growing.

Not only is this a cost to the health care system, but more importantly it is a great cost to the families and communities involved. It can have a profound effect on the survivors as well.”

Rep. Poirier of Barre City explained his vote as follows:

“Madam Speaker:

I voted yes because this issue has been before us in the past. The arguments against this amendment are the same as they have been in the past. I do not know how many times we need further study for issue that makes sense and can reduce the carnage on our highways.”

Page 46

S.10 An act relating to liability for the contamination of potable water supplies

Shall the House propose to the Senate to amend the bill as recommended by the Committee on Natural Resources, Fish and Wildlife?

Rep. Donahue of Northfield explained her vote as follows:

“Madam Speaker:

Actions to impose new, strict liability sanctions on a retroactive basis are highly problematic to me. At a minimum this should have closely scrutinized by our Judiciary Committee.”

Page 47

H.136 An act relating to accommodations for pregnant employees

Shall the House concur in the Senate Proposal of Amendment?

Rep. Van Wyck of Ferrisburg explained his vote as follows:

“Madam Speaker:

I voted no. Businesses can figure this out. It’s another full employment bill for lawyers.”

Page 52

H.513 An act relating to making miscellaneous changes to education law

Shall the House concur with the Senate proposal of amendment with further amendment thereto, as offered by Rep. Conlon of Cornwall, as amended?

Rep. Sharpe of Bristol explained his vote as follows:

“Madam Speaker:

I want to thank the body for their strong support of the work your Education Committee has put in to modernize our school system in order to protect our small community elementary schools and improve opportunities for students as they move to high school graduation and beyond, all within property taxes that Vermont communities support in response to declining student populations.”

Rep. Sibilia of Dover explained her vote as follows:

“Madam Speaker:

I appreciate the significant efforts of both bodies to provide more flexibility in complying with Act 46. There is much more work to be done. We will need to maintain that sense of flexibility in the coming years as we seek to right size and right finance education in Vermont, while not abandoning students in rural Vermont.”

Page 53

J.R.S. 18 Joint resolution in support of combating the rise in hate crimes and bigotry

Shall the resolution be read a third time?

Rep. Frenier of Chelsea explained his vote as follows:

“Madam Speaker:

The reference in this resolution to a purported rise in hate crimes during the 2016 election cycle strikes me as a thinly veiled anti-Trump comment without foundation and the Southern Poverty Law Center is a biased source of information about bigotry. I voted no in protest to these references. I detest bigotry.”

Page 54

S.16 An act relating to expanding patient access to the Medical Marijuana Registry

Shall the bill pass in Concurrence with proposal of amendment?

Rep. Troiano of Stannard explained his vote as follows:

“Madam Speaker:

I want to thank our committee for the work on this bill. I am confident that it will bring symptom relief to many veterans who suffer from PTSD as I have walked in those shoes.”

Page 55

H.196 An act relating to paid family leave

Shall the amendment offered by Rep. Donahue of Northfield be substituted for the recommendation of the amendment of the Committee on Ways and Means?

Rep. Donahue of Northfield explained her vote as follows:

“Madam Speaker:

If the 70% of Vermonters who are reported to want this insurance, voluntarily participated, there would be no problem in sustaining it fiscally – and we would not have to impose it on those who do not want it.”

Page 56

H.196 An act relating to paid family leave

Shall the report of the Committee of General, Housing and Military Affairs be amended as recommended by the Committee of Ways and Means?

Rep. Chesnut-Tangerman of Middletown Springs explained his vote as follows:

“Madam Speaker:

My vote for this bill is not supporting an unwarranted tax. It is my direct investment in the health and wellbeing of my state.”

Rep. Kimbell of Woodstock explained his vote as follows:

“Madam Speaker:

I opposed the original bill that came out of Ways and Means because of the cost to small businesses and the length of the leave at 12 weeks. I am concerned about the impact on small businesses. I was slow to embrace the amendment from Ways and Means, but now accept it, still with reservations, but find it more palatable. I trust that we will see this bill again after the Senate considers it in the next few months.”

Rep. Morris of Bennington explained her vote as follows

“Madam Speaker:

I stand in support of this amendment because it fundamentally changes the experience of working Vermonters in a way that honors their humanity. Last year, I watched my husband anguish over having to choose between his employment, financial insecurity or being present to care for his little sister Karen in the times that hospice could not be there. Her own son was absent when she finally passed after a long journey with cancer because no other option was available. I voted to end this cycle and dismantle the unjust narrative we currently have. Working Vermonters deserve better.

Rep. Stuart of Brattleboro explained her vote as follows:

“Madam Speaker:

I wholeheartedly support the committee’s work on this amendment and the General, Housing and Military Affairs committee work on the underlying bill. Madam Speaker, My husband’s firm took it on the chin for the last four years when his secretary of sixteen years was dying. For the last year, my husband’s secretary was barely at his firm because she wanted to be where she rightly belonged, by her cancer-ridden husband’s side. Madam Speaker, My husband’s firm took it on the chin for the last year, as his secretary stayed by her husband’s side as he perished from this earth. Madam Speaker, this amendment and this bill are the right thing to do.”

Rep. Toleno of Brattleboro explained his vote as follows:

“Madam Speaker:

When Vermonters are forced to choose between economic security and investing in critical life moments such as bonding with a new child or caring for an ill or injured loved one, no one wins. The private markets have not found a way to solve this problem, leaving many of us vulnerable and without choices. This is exactly the kind of complex problem that Vermonters expect and need us to solve and I am proud of the work of our committees to forge a new path forward. This is an important start toward healthier families, a thriving state economy, and more competitive small businesses.”

Page 57

S.8 An act relating to establishing the State Ethics Commission and standards of governmental ethical conduct

Shall the House proposal of amendment be further amended as offered by Rep. Poirier of Barre City?

Rep. McCullough of Williston explained his vote as follows:

“Madam Speaker:

I voted to keep the cops out of my medicine cabinet some years ago. I vote for this amendment as well. These are two places the public do not need to look.”

Page 58

S. 8 An act relating to establishing the State Ethics Commission and standards of governmental ethical conduct

Shall the bill pass in concurrence with proposal of amendment?

Rep. Webb of Shelburne explained her vote as follows:

“Madam Speaker:

With an ethics commission, Vermont can finally be as ethical as New Jersey”

Page 61

H.170 An act relating to possession and cultivation of marijuana by a person 21 years of age or older

Shall the report of the Committee on Judiciary, as amended, be further amended as offered by Rep. O’Sullivan of Burlington?

Rep. Copeland-Hanzas of Bradford explained her vote as follows:

“Madam Speaker:

A little over a year from now we will have regulated retail markets for cannabis on our northern and southern borders and in our neighboring state of Maine. The sooner we recognize that treating cannabis the way we treat other intoxicating substances the sooner will be able to achieve the youth prevention we are so sorely failing at now.”

Rep. Yacovone of Morristown explained his vote as follows:

“Madam Speaker:

Eighty thousand Vermonters using without any regulation. If that does not scare you I don’t know what will.”

Page 62

H.170 An act relating to possession and cultivation of marijuana by a person 21 years of age or older

Shall the bill be amended as recommended by the Committee on Judiciary as amended?

Rep. Poirier of Barre City explained his vote as follows:

“Madam Speaker:

I voted no for the three Barre citizens who were killed by drug impaired drivers this year.”

Page 63

H.196 An act relating to paid family leave

Shall the bill pass?

Rep. Stevens of Waterbury explained his vote as follows:

“Madam Speaker:

H.196 is a great example of what we talk about when we talk about making Vermont an affordable and attractive place to live. Voting yes on this bill is a clear sign to Vermonters young and old – we care if you live here, we care if you build a business here, and certainly care if you want to have a baby or need to take care of a sick parent. I vote yes.”

Page 65

H.233 An act relating to protecting working forests and habitat

Shall the bill be amended as recommended by the Committee on Natural Resources, Fish and Wildlife?

Rep. Copeland-Hanzas of Bradford explained her vote as follows:

“Madam Speaker:

Fragmentation is a real and well-researched threat. ‘These green mountains and silver waters are my home’, as the song says. They belong to us. If we let the simplistic and myopic view win out we will lose something that we cannot regain. Not in our lifetimes and possibly not ever. As we can see from the landscapes of southern New England, once you lose your intact forests you lose a whole lot more. The working lands we thrive on and recreate on and hunt and fish on depend on our careful stewardship. This is a narrow strategy to make sure that large developments either avoid, mitigate, or minimize the impacts of that development on our precious landscape.

‘These green hills and silver waters are my home. They belong to me...Let us live to protect her beauty.’ H.233 is a step in the right direction.”

Rep. Mrowicki of Putney explained his vote as follows:

“Madam Speaker:

Thanks to your Natural Resources, Fish and Wildlife Committee for recognizing the need for systems thinking and foresight in addressing the balance of working forests and healthy habitat.

Vermont’s tradition of a healthy environment for us and our children will be maintained with this kind of wise stewardship of our cherished forest land.”

Page 67

H.170 An act relating to possession and cultivation of marijuana by a person 21 years of age or older

Shall the bill pass?

Rep. Cina of Burlington explained his vote as follows:

“Madam Speaker:

Substance use, in the absence of other violations of the law, ought to be treated as a healthcare issue, not a crime. The stigma that comes with prohibition creates barriers to treatment and intensifies the shame, guilt and pain that drives addiction. Instead of judging and punishing people for the way that they deal with their pain or even seek pleasure, let’s empower people to make healthier choices and to work towards health and recovery.”

Rep. Colburn of Burlington explained her vote as follows:

“Madam Speaker:

I support H.170 as an act of harm reduction and criminal justice reform. While there is no doubt that the substances like marijuana can do real damage in the lives of many who find themselves struggling with dependence, collateral consequences such as fines, criminal record and incarceration can be a detriment, rather than an aid to recovery. Numerous studies have linked access to legal marijuana with reduced rates of opioid overdose and abuse. Legalization is a step toward more sensible and equitable drug policies.”

Rep. Connor of Fairfield explained his vote as follows:

“Madam Speaker:

I would like to explain my vote, however, before I do, I want to sincerely thank the member from West Rutland for his well-researched and from the heart remarks relative to H. 170.

Madam Speaker, I have given a good deal of thought about how to do the right thing with the H. 170 legislation and be respectful of my constituents. My constituents have asked me not to support a movement to a full tax and regulate model, even though I am aware that by next year that very system will exist just a few short miles from my home community when Canada opens up its retail system.

What has changed for me is that members of my constituency have reached out asking me to support H. 170. I have been convinced that maintaining a system of fines for small amounts of personal possession does nothing to keep our young people safe or help adults to be more responsible users of marijuana. I also have come to believe that responsible home cultivation can reduce illegal commercial activity, as recreational home cultivation can reduce illegal commercial activity, as recreational users will no longer have to buy from drug dealers, the real gateway.

Madam Speaker, I could not have supported the earlier version of H. 170 that almost came to a voice vote, but I can today because my constituents recognize the good work that was done by the Human Services Committee coupled with some of the friendly amendments which add important boundaries that will help prevent negative public impacts.

Rep. Gardner of Richmond explained her vote as follows:

“Madam Speaker:

While I do not object to adults having access to cannabis, I cannot vote for a bill that neither assures the safety of our children and highways, nor guarantees that the products sold are safe and untainted.”

Rep. Grad of Moretown explained her vote as follows:

“Madam Speaker:

I vote yes. H.170 is an incremental yet important step in criminal justice reform. It furthers my priority of workforce development through effective justice reform while enhancing public safety. It eliminates discrepancies in our current “decrim” system and helps address tension between Vermonters and law enforcement. In these turbulent political times, where community policing is so key, we need to remove the barriers to Vermonters ability to feel safe to work with law enforcement.

Additionally, H.170 furthers my goal to remove the barrier a criminal record has on employment, housing and military service. Education, not incarceration is often the better way to achieve public safety.”

Rep. Harrison of Chittenden explained his vote as follows:

“Madam Speaker:

With all the problems we have today with drug usage, legalizing marijuana is counterintuitive. I vote No.”

Rep. Lefebvre of Newark explained his vote as follows:

“Madam Speaker:

I voted yes. The best way to control how marijuana is used and who uses it is through legalization.”

Rep. Rachelson of Burlington explained her vote as follows:

“Madam Speaker:

I voted yes. Let’s give back civil rights to Vermonters who are not hurting anyone. Legalizing marijuana has been shown repeatedly to decrease opioid deaths in other places. Further, we’re saving tax payers dollars by using our law enforcement and criminal justice resources instead on serious crimes and safety issues.”

Rep. Till of Jericho explained his vote as follows:

“Madam Speaker:

I voted no. This legislation tells thousands of Vermonters they can legally possess marijuana, but they have to buy it on the black market or illegally transport it across state lines. The only comparable predictor of what will happen to youth utilization is the similar unregulated legalization in Washington D.C. where youth utilization has increased substantially. The best evaluation of the science, by the National Academy of Sciences, indicates that some of the things we can expect with legalization are 1) an increase in suicide in Vermont, 2) an increase in Schizophrenia, bipolar disorder and other psychoses, 3)an increase in use of other illicit drugs, including opiates, 4) an increase in highway fatalities. I believe this approach is the wrong approach and the wrong time. What is the rush?”

Rep. Troiano of Stannard explained his vote as follows:

“Madam Speaker:

I stood behind the podium on opioid awareness day. I stand with those in the fight against addiction. What was absent from the words spoken by the Commissioner of Public Safety, Commissioner of Health and the Deputy Secretary of ADAP. What was absent was anything about cannabis. Instead, I recall all three of these officials talking about how a majority of addiction beginning with prescribed medication, readily available and legal.”

Rep. Young of Glover explained his vote as follows:

“Madam Speaker:

The war on drugs is a war on our own people. End the war on drugs.”

Page 69

H.509 An act relating to calculating statewide education tax rates

Shall the amendment offered by Rep. Ancel of Calais be amended as offered by Rep. Webb of Shelburne, and others?

Rep. Scheuermann of Stowe explained her vote as follows:

“Madam Speaker:

I vote no because this is not a substantive proposal. It is a proposal that simply tells our local, hard-working volunteer school boards to just negotiate harder. I refuse to send a message to our school boards that they are just not doing a good enough job realizing the savings that Vermonters want to see. School boards asked for help. Vermonters asked for tax relief. This proposal does neither.”

Rep. Wright of Burlington explained his vote as follows:

“Madam Speaker:

I voted no on this amendment. We missed an opportunity on the previous amendment to provide property tax relief and help our local school boards, all while holding teachers harmless and providing excellent health care benefits. Instead, we passed a status quo plus paperwork amendment that only adds to the burden on our local boards. A colossal missed opportunity.”

Page 71

S.131 An act relating to State’s Attorneys and Sheriffs

Shall the House propose to the Senate that the bill be amended as recommended by the Committee on Government Operations in the second instance, Section 3 to Section 16 only?

Rep. Gannon of Wilmington explained his vote as follows:

“Madam Speaker:

I voted yes because of the unique and complex employment situation in the Department of State’s Attorneys and Sheriffs.”

Rep. Keefe of Manchester explained his vote as follows:

“Madam Speaker:

I voted no because this bill has not been adequately vetted, as evidenced by the fact it is fundamentally opposite of the action we took just last night, yet the vote outcome is starkly different.”

Rep. Toleno of Brattleboro explained his vote as follows:

”Madam Speaker:

I vote yes because this bill addresses a unique challenge faced by a small number of critical employees in our judicial system. By clarifying the legal ambiguities they face, it allows all parties, partners in this compromise, to move forward.”

Rep. Turner of Milton explained his vote as follows:

“Madam Speaker:

I believe that employment contracts negotiated directly with the state are in the best interests of both the employees and the taxpayers. It should not matter if we’re talking about NEA-represented teachers or sheriffs and state’s attorneys. It’s ironic that the outcome of this vote is so different than last night’s vote for a state wide negotiation on teachers’ healthcare benefits. Thank you.”

Rep. Van Wyck of Ferrisburgh explained his vote as follows:

“Madam Speaker:

I voted no. It’s time to change the sign outside this chamber from Representatives Hall to Union Hall. I’m with FDR.”

Page 72

H. 233 An act relating to protecting working forests and habitat

Shall the bill pass?

Rep. Graham of Williamstown explained his vote as follows:

“Madam Speaker:

I voted no. My family has owned two hundred plus acres of forest land for over one hundred years. It has been logged, had a couple of homes for family added, firewood cut, maple sugaring done. Guess what, we still have trees, deer, woodchuck and more. I don’t need any help from Act 250 to manage my land.”

Rep. McCullough of Williston explained his vote as follows:

“Madam Speaker:

I voted yes on H. 233. This is a historic vote on a visionary legislation. Fifty years from today, all citizens and indeed the critters themselves will be celebrating!”

Rep. Mrowicki of Putney explained his vote as follows:

“Madam Speaker:

I voted yes to support the work of your Natural Resources, Fish and Wildlife committee taking on the challenge of balancing competing interests and still creating a sustainability plan for our working landscape, is work that I recognize as fair and effective. Such protections and planning will ensure healthy forests for generations to come.”

Rep. Norris of Shoreham explained his vote as follows:

”Madam Speaker:

As a member of the Ag and Forestry committee I feel that we should of seen this bill and taken testimony.”

Rep. Smith of Derby explained his vote as follows:

“Madam Speaker:

I am one of the few in this room that still believe in personal property rights!”

Rep. Yantachka of Charlotte explained his vote as follows:

“Madam Speaker:

I vote yes on H.233 because it is necessary to protect our valuable forest habitats which have been increasingly fragmented over the last decade. This bill does nothing to impact the occupation of forestry that is conducted according to approved forest management practices. It will instead contribute to a sustainable working landscape well into the future.”

Page 74

S.103 An act relating to the regulation of toxic substances and hazardous materials

Shall the House proposal of amendment be amended as offered by Rep. Poirier of Barre City?

Rep. Till of Jericho explained his vote as follows:

“Madam Speaker:

When a chemical in children’s products is found to be toxic I do not want unnecessary delays in adding that chemical to the list of chemicals banned from children’s products.”

Page 75

S.100 An act relating to promoting affordable and sustainable housing

Shall the House propose to the Senate to amend the bill as recommended by the Committee on Ways & Means as substituted?

Rep. Miller of Shaftsbury explained her vote as follows:

“Madam Speaker:

It will be very difficult for me to vote for any water project until the people in southwestern Vermont can turn the water on in their homes and barns without fear of drinking poisonous water or poisoning their livestock.”

Page 76

S.22 An act relating to eliminating penalties for possession of limited amounts of marijuana by adults 21 years of age and older

Shall the House concur in the Senate proposal of amendment to the House proposal of amendment to the Senate proposal of amendment to the House proposal of amendment?

Rep. Batchelor of Derby explained her vote as follows:

“Madam Speaker:

I voted NO on S.22. How can we say we value and cherish our young children and then pass a bill that could put them in harm's way?

Shame on us!"

Rep. Cina of Burlington explained his vote as follows:

"Madam Speaker:

Substance use, in the absence of other violations of the law, ought to be treated as a health care issue, not a crime. The stigma that comes with prohibition creates barriers to treatment and intensifies the shame, guilt, and pain that drive addiction. Instead of judging and punishing people for the way that they deal with pain or even seek pleasure, let's empower people to make healthier choices and to work towards wellness and recovery."

Rep. Howard of Rutland City explained her vote as follows:

"Madam Speaker:

I voted no. I sincerely hope the Marijuana Regulatory Commission develops a timely plan to develop roadside testing, increased education and increase in trained officers. I support law enforcement. Thank you."

Rep. Lucke of Hartford explained her vote as follows:

"Madam Speaker:

My vote today supports a year of intentional planning in Vermont as marijuana legalization takes root in our region of the country and Canada."

Rep. Stevens of Waterbury explained his vote as follows:

"Madam Speaker:

Newsflash! 80,000 Vermonters smoke pot. And many of them illegally pay a dealer for it because it is less risky than growing it. The drug is here. The money is here. I would rather deal with people with a legal addiction - just like opioids, alcohol, lottery, smoking, and gambling - than perpetuate the myths as we have today."

Rep. Wood of Waterbury explained her vote as follows:

"Madam Speaker:

80,000 Vermonters are proof that burying our heads in the sand has not proven effective in limiting the black market. Moving toward a regulated market will improve our ability to protect and educate our youth. That's why I voted yes."

Page 77

S.8 An act relating to establishing the State Ethics Commission and standards of governmental ethical conduct

Shall the House concur with the Senate proposal of amendment to the House proposal of amendment?

Rep. Donahue of Northfield explained her vote as follows:

"Madam Speaker:

This bill is about creating a code of ethics, but the amendment eliminates the role of public notice, and comment on, the code. Transparency does not merely support ethics, it is at the very heart of ethics. Allowing development of a code of ethics without requiring a public process is antithetical to its very definition.”

Rep. Gannon of Wilmington explained his vote as follows:

“Madam Speaker:

At a time when there are serious ethical concerns in our nation’s capital, this bill is an important step in governmental transparency and public integrity for Vermont.”

Rep. Mrowicki of Putney explained his vote as follows:

“Madam Speaker:

My yes vote is agreement with your Government Operations committee’s work that takes us a step forward. With this bill our constituents can see there are standards to which were held accountable and we can join all the other states that have passed similar legislation. And, given what’s happening on the national scene right now, we can start re-building trust in elected public officials at the state level. Thanks to your Government Operations committee for taking on this complex and necessary work.”

Page 79

H. 509 An act relating to calculating statewide education tax rates

Shall the House adopt the report of the Committee of Conference?

Rep. Beck of St. Johnsbury explained his vote as follows:

“Madam Speaker:

The H. 509 Committee of Conference Report does nothing to reduce property taxes. What it does it use phantom savings and one-time reserve money to create an illusion that voters will clearly realize, and pay for dearly in FY19.”

Rep. Sharpe of Bristol explained his vote as follows:

“Madam Speaker:

I applaud the efforts of the Speaker to reach a compromise with the Governor on this important subject. When the Governor insists on significant cost increases for hard working school support staff including bus drivers, para professional classroom aids, janitors and school cafeteria workers it leaves me no option but to disagree and help pass a bill that requires thoughtful analysis of a system to make Vermont more affordable for all.”

Rep. Stuart of Brattleboro explained her vote as follows:

“Madam Speaker:

Teachers are on the front lines every day taking care of our state's most precious assets, our children and our young people.

Madam Speaker, Those of us in the House are concerned about property taxes, and we heard Vermonters' call to lower property taxes. We did that by developing a responsible plan. Madam Speaker, as a member of the House, I am not willing to take anything away from the people who take care of our state's most precious asset, our children and our young people. Madam Speaker, I commend all those who carefully

crafted this bill, which strikes a balance between lowering property taxes and taking care of Vermont's youth."

Rep. Wright of Burlington explained his vote as follows:

"Madam Speaker:

The answer to the Governor's proposal to maximize savings to property taxes, help our local school boards deal with a massively complex issue, while still holding teachers harmless, was an illusion. We have failed our property taxpayers once again. The cry of where is the beef or where are the savings will be heard clear across Vermont."

Rep. Yantachka of Charlotte explained his vote as follows:

"Madam Speaker:

The right of employees to enter into collective bargaining with their employer is a right that was hard-fought and won over the last century and a half. It is a right that we should not throw away. My yes vote underlies my support for this sacred principle."

Page 80

H. 518 An act relating to making appropriations for the support of the government

Shall the House adopt the report of the Committee of Conference?

Rep. Botzow of Pownal explained his vote as follows:

"Madam Speaker:

The budget's support for economic development will make a difference for Vermonters. While living within our means, focused investments in career pathways, economic development marketing, microbusinesses and small business development create opportunities across our state. Thank you!"

Rep. Copeland-Hanzas of Bradford explained her voter as follows:

"Madam Speaker:

The body supported this budget a few short weeks ago. We stood together 143-1 to put in place a careful, austere budget that will protect Vermonters in the event that the administration in D.C. accomplishes the devastating cuts to human services, health care and the environment they aspire to. We stood in near unanimity a few short weeks ago to protect this state from a devastating vision from D.C. The question today is – what has changed?"

Rep. Lippert of Hinesburg explained his vote as follows:

"Madam Speaker:

I vote yes to provide critical funds to support Vermonters with mental health needs. This budget prioritizes essential crisis support services, while directing much needed increased compensation to fund services to Vermonters with employees providing direct mental health and disability service needs."

Rep. Mrowicki of Putney explained his vote as follows:

"Madam Speaker:

I whole heartedly support the hard work of you Appropriations Committee. In the best of circumstances, budgets are difficult. I especially applaud that our young children, the future of Vermont, will see a small increase of 25 million for early care and education. Given the daily chaos in Washington, I hope that chaos doesn't spread to Vermont and that the hard work on this budget doesn't get trumped by politics"

Rep. Stevens of Waterbury explained his vote as follows:

"Madam Speaker:

Congratulations to the Appropriations Committee for creating better budget that was passed nearly unanimously in April. Included in this budget is a 35 million bond that will help commercial and nonprofit housing developers create hundreds of new housing units for low and middle income Vermonters. This budget also invests in programs that will help us shelter the homeless, keep them off the streets during extreme weather and allows communities to focus on building housing with reduced permitting and costs. This bill will go a long way to adding energy to our sluggish building economy. Thanks go to our Appropriations Committee, and to the committees of jurisdiction who contribute to this well thought out budget. I'll be voting yes."

Rep. Toll of Danville explained her vote as follows:

"Madam Speaker:

The budget before the body this evening includes no new taxes and no new fees and makes critical investments in Vermonters that have had the support of this chamber, the Senate and the Governor. This is a responsible budget. Growth rates are far below the forecasted revenue growth rate. All state funds grew from FY 17 to 18 at 0.7%. This is a budget that has been widely embraced and it should be supported on its merits."

Rep. Turner of Milton explained his vote as follows:

"Madam Speaker:

This is a good budget, unfortunately it does not capture their nearly 75 million in savings achieved from new teacher healthcare policies mandated by the affordable care act. Thank you."

Page 82

H.518 An act relating to making appropriations for the support of the government

Shall the bill pass, the failure of the Governor to sign notwithstanding?

Rep. Sharpe of Bristol explained his vote as follows:

"Madam Speaker:

I voted yes to pass this budget. A vote to sustain this veto is a vote to shut down our state government D.C. style."

Rep. Turner of Milton explained his vote as follows:

"Madam Speaker:

If the Governor had not vetoed this budget we would not be having this conversation or making these steps to take advantage of this monumental once in a lifetime opportunity for savings with the transition in VEHI healthcare plans. We would not be providing all property tax payer groups with decreased or

level rates and we would not be pursuing further research into a statewide healthcare benefit. Cost containment and fiscal responsibility are our Republican core principles. We are proud to stand with the Governor. We are grateful for the Governor's persistence and leadership on this issue.

Thank you."

Page 85

H.R. 15 House resolution strongly opposing the announced U.S. withdrawal from the Paris Climate Agreement of the United Nations Framework Convention on Climate Change and recognizing Governor Philip Scott's enrolling Vermont in the U.S. Climate Alliance

Shall the House adopt the resolution?

Rep. Keefe of Manchester explained his vote as follows:

"Madam Speaker:

I support Governor Scott working with the other Governor's within the U.S. Climate Alliance.

This resolution goes much further, declaring it imperative that we get 90% of our energy from renewables by date certain.

This is the first time this issue has come up this year. No committees. No discussion. No cost estimates.

We were just told we will need to stop using single occupancy vehicles powered by gasoline.

I suggest we ponder that as we drive ourselves home tonight."
