An act relating to preventing duplication in certain public health records

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. 18 V.S.A. § 1001(b) is amended to read:

(b)(1) Public health records that relate to HIV or AIDS that contain any personally identifying information, or any information that may indirectly identify a person and was developed or acquired by state or local public health agencies, shall be confidential and shall only be disclosed following notice to the individual subject of the public health record or the individual's legal representative and pursuant to a written authorization voluntarily executed by the individual or the individual's legal representative. ~~Such~~ Except as provided in subdivision (2) of this subsection, notice and authorization is required prior to all disclosures, including disclosures to other states, the federal government, and other programs, departments, or agencies of state government.

(2) Notwithstanding the provisions of subdivision (1) of this subsection, disclosure without notification shall be permitted to other states' infectious disease surveillance programs for the sole purpose of comparing the details of case reports identified as possibly duplicative, provided such information shall be shared using the least identifying information first so that the individual's name shall be used only as a last resort.
