

**No. 46. An act relating to adult protective services reporting requirements.**

(H.105)

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. FINDINGS

The General Assembly finds that:

(1) According to the 2012 Annual Report on Adult Protective Services, the Adult Protective Services program received 1,829 reports of abuse, neglect, and exploitation in 2012 and opened 872 investigations.

(2) According to an August 2012 report prepared by the Self-Neglect Task Force convened by the Department of Disabilities, Aging, and Independent Living, in 2010 the Department's Adult Protective Services program received 263 reports of self-neglect and investigated 42 of those reports.

(3) The Task Force report explains that although Adult Protective Services makes numerous referrals to law enforcement and other agencies, the available data do not identify the number of referrals that were made in response to allegations of self-neglect or to whom reporters or persons who were self-neglecting were referred.

(4) The Department of Disabilities, Aging, and Independent Living recently awarded grants to Vermont's five Area Agencies on Aging to support and enhance coordinated community responses to persons who are self-neglecting. The request for proposals for the grants contained an acknowledgment by the Self-Neglect Task Force that data are lacking at both

the state and community levels to determine the scope of the problem of self-neglect.

(D) the report was based on “resident on resident” abuse;
