

Act No. 137 (H.578). Conservation and land development; government operations; potable water supply and wastewater systems

An act relating to administering State funds for loans to individuals for replacement of failed wastewater systems and potable water supplies

This act gives the Agency of Natural Resources (ANR) the authority to contract with a community development financial institution, as that term is defined in 12 U.S.C. § 4702, in order to administer the Vermont Wastewater and Potable Water Revolving Loan Fund (Fund) program, which provides loans to individual homeowners for failed wastewater systems or potable water supplies. The act also authorizes ANR to use monies from the Fund to pay for administration of the program.
