

Act No. 194 (S.264). Judiciary, technical corrections

An act relating to technical corrections to civil and criminal procedure statutes

This act makes several technical corrections related to civil and criminal procedure statutes. The act also provides the Judicial Nominating Board with the ability to revise the application form for a person applying to be a judge without having to make the changes through the formal administrative rules process and the Legislative Committee on Administrative Rules, requires a person to produce identification when requested to do so by a law enforcement officer who reasonably suspects the person has committed certain civil violations, and extends from 2014 to 2017 the prohibition on incarcerating a person solely on account of the person's inebriation.
