

1 H.754

2 Introduced by Representative McCormack of Burlington

3 Referred to Committee on

4 Date:

5 Subject: Electric utilities; renewable energy; billing

6 Statement of purpose of bill as introduced: This bill proposes to require
7 electric utilities to list, on customer bills, the sources of electricity sold during
8 each billing period by sector and the tons of carbon dioxide emissions
9 produced by each sector.

10 An act relating to electric utility billing

11 It is hereby enacted by the General Assembly of the State of Vermont:

12 Sec. 1. 30 V.S.A. § 236 is added to read:

13 § 236. IDENTIFICATION OF ELECTRICITY SOURCES ON

14 CUSTOMER BILLS

15 Each electric distribution company shall print on all bill statements to
16 customers the sources of electricity, by sector, sold to customers during the
17 billing period, listed as a percentage of total electricity sold. These sectors
18 shall include, as applicable, nuclear, hydroelectric, solar, wind, natural gas, and
19 other categories of generation technology. For each sector, the bill shall state
20 the tons of carbon dioxide produced during the billing period.

1 Sec. 2. EFFECTIVE DATE

2 This act shall take effect on October 1, 2014.
