## **July 2014 Vermont DOC Segregation, Self Harm & SFI Summary**

### **Inmates Designated Serious Functionally Impaired (SFI)**

- During the month of July 2014, a total of 139 inmates designated SFI were housed in a VDOC facility (including units out of state) for one or more days.
- The average daily number of SFI inmates during this month was 121. This represents approximately 8% of in-state ADP and approximately 6.0% of total ADP (including OOS facilities).
- During July 2014 there were 14 instances of re-admission to custody or new designation of an SFI inmate, and 22 instances of the release from incarceration or removal from designation of such inmates.

### **Segregation:**

- In July 2014, 305 inmates were placed on either administrative or disciplinary segregation status for one or more days. This is approximately 12% of all inmates housed in-state during that period for one or more days.
- These 305 inmates were involved in 269 total episodes of segregation status.
- Of the 114 episodes of administrative segregation status, 12 involved inmates designated SFI, or approximately 11% of such episodes.
- Of the 159 episodes of disciplinary segregation status, 15 involved inmates designated SFI, or approximately 9.0% of such episodes.

### **Close Custody:**

- In addition to those counted above, 25 inmates designated SFI resided in units outside of general population for one or more days due to close custody status.

### **Self-Harm:**

- A total of 48 episodes of self-harm related behavior were recorded in July 2014
- Of these 48 events, a total of 15 occurred during segregation or close custody housing, 4 of which involved SFI designated inmates.
- Another 4 episodes of self harm related behavior occurred in locations set aside for therapeutic management, 4 of which involved SFI designated inmates.
- Of the 48 episodes of reported self harm related behaviors, 1 episode was of medium lethality (substantial injury or danger requiring care outside of DOC facilities), No episode was of high lethality (severely life threatening), and no deaths occurred as a result of self harm.
