Subject: Today's Hearing on the 2015 Fiscal Budget

Hello! My name is Matt Kimball. I am a service coordinator with Pathways Vermont's Housing First Team in Chittenden County. Unfortunately, I will not be able to attend today's hearing, as I will be meeting with a housing first client, who is in the process of moving and needs some help with managing their expenses. I do, however, wish to communicate to you the importance of our program and how it is genuinely helping Vermonters who would otherwise be on the street and actually cost the state more money. Please consider funding our program for the 2015 fiscal year. Without it, hundreds of Vermonters could be on the street again.
