~~I'm humbled before this body tonight.~~ Thank You for all the sacrifices and
good you have done for our state

We are 4
Change!

~~Vermonters don't want the most schools,~~
~~Vermonters don't want the least number of schools.~~
Vermonters want the best schools for the best opportunities for our children.

~~we~~ ~~live in a consolidated school district.~~ ~~we~~ ~~live on the edge of that district.~~
~~we~~ ~~live closer to two schools than the school in my district.~~ I pass five
elementary schools twice day every Mon through Fri. Any of these schools
are more convenient and provide more opportunity for ~~my family~~
~~us.~~

RE DISTRICTING,
SCHOOL CHOICE, FUNDING

Cook & Catter Districts

My wife is on five weeks of reserve duty out of state. Last year she came
back after 15 months in Afghanistan, so I know what it is like to be a single
parent trying to take care of kids and work in Vermont. School Choice is huge
to make the daily grind work. For kids at the far reaches of their school
district, bigger districts are just going to make it worse. ~~the~~ ~~in~~ ~~school~~ ~~day~~
This should not be left up to the school boards. ~~least~~

Ladies and Gentlemen of this Legislature, THIS IS YOUR CHANCE TO LEAVE
YOUR LEGACY. Please soften the blow of consolidation. Find the courage to
give the best education and life opportunities to generations to come, ~~urge~~
~~you~~ to bring school choice to Vermont.
