

## The Vermont State Colleges

### Castleton State College

Castleton is small enough to be a community where every student matters, yet large enough to offer 30 academic programs, 20 varsity sports, and more than 40 clubs. Castleton stresses community engagement and sustainability and provides exceptional programs for first-year students.

### Community College of Vermont

CCV is Vermont's second largest college, serving 7,000 students each semester. With 12 locations and extensive online learning options, our students don't have to travel far from their communities to access 20 degree and six certificate programs, workforce, secondary and continuing education opportunities, and academic and veterans support services. Each semester, CCV offers over 1,300 courses statewide with convenient day, evening, weekend, or online options for flexible scheduling.

### Johnson State College

With signature programs in the fine and performing arts, environmental sciences and education, Johnson State College engages students in the classroom and in the community through extensive field-based research, internships and service-learning opportunities. In addition to its 25 bachelor's and four master's degree programs, JSC takes pride in a community-based External Degree Program that serves 550+ students per semester throughout Vermont.

### Lyndon State College

Lyndon is known for experiential learning, friendly community, a spectacular hilltop campus, and distinctive professional programs including Atmospheric Sciences, Electronic Journalism, Exercise Science, Graphic Design and Video Production, Mountain Recreation, Music Business, and Sustainability Studies. First and foremost, our faculty and staff are committed to the personal and professional success of each of our 1,500 students.

### Vermont Tech

Ranked among *U.S. News & World Report's* top 10 public baccalaureate colleges in the north, Vermont Tech offers hands-on education and experience in more than 25 bachelor's and associate degree programs in specialized areas of study related to agriculture, business, engineering, health sciences and sustainability. Its graduates are consistently sought after by some of the country's most innovative employers.

# Special Programs

## For Adults

**Assessment of Prior Learning (APL)** and **Focused Portfolio Development (FPD)** give college credit for students' college-level learning acquired through work, community experience, self-study or other non-college experiences. Over 7,000 Vermonters have taken part in the program; over 95% earn a college degree.

**2012-13 APL Enrollment: 112; FPD Enrollment: 18**

The Johnson State College **External Degree Program (EDP)** helps adult learners with at least 60 credits complete their bachelor's degrees largely in their own community, through a flexible combination of courses offered on weekends, online and in the evening.

**2012-13 EDP Enrollment: 1,353**

## For High School Students

**Introduction to College Studies** helps students develop strategies for college success. The **Dual Enrollment** and **Fast Forward** programs allow high school and technical center students to earn college credit while still in high school. Students with aptitude in the STEM fields (Science, Technology, Engineering, and Math) can simultaneously complete their senior year of high school and freshman year of college through the **Vermont Academy of Science & Technology (VAST)**, dramatically reducing the cost of a degree.

**2013 High School Student Enrollment at the VSC: 1,865**

## For Business & Industry

The **Vermont Manufacturing Extension Center (VMEC)** is a not-for-profit center providing systems and solutions to help manufacturers innovate, plan, perform and grow. VMEC is an affiliate of the nationwide NIST MEP network and has a highly experienced staff of Manufacturing Advisors, Growth Coaches and Innovation Engineering Black Belt experts who provide confidential, hands-on implementation assistance, training, and coaching.

The **Vermont Small Business Development Center (VtSBDC)** is a non-profit partnership of government, education, and business whose mission is to strengthen existing business entities and assist start-ups with high quality, no-cost counseling and affordable training programs.

**Vermont Tech Continuing Education and Workforce Development** designs and delivers workforce education and training for and to employers and individuals throughout Vermont. CEWD helps Vermont businesses meet their workforce and professional development needs, and improve their overall competitiveness and economic performance through a strong combination of regional access, statewide delivery and career-oriented content.

The Lyndon State College **Center for Rural Entrepreneurship** has helped create over 100 jobs in the Northeast Kingdom region, educates local businesses in best business practices, and employs students in relevant, paid learning opportunities. Its NEK Manufacturing Training Program offers comprehensive machinist training for Vermonters. The Center also partners with CCV to provide the **Governor's Career Readiness Certificate** training.

**2012-13 Workforce Education & Training Participants: 7,194**

**Vermont Interactive Technologies (VIT)** gives Vermonters access to distance learning opportunities with 17 classrooms statewide and a variety of mobile technologies. VIT's mission is to support the economic health and development of Vermont citizens by providing the technical infrastructure and operational expertise necessary to deliver education, training and information equally to all areas of Vermont.

**2013 VIT Service Users: 21,594**

## Vermont State Colleges

for the benefit of Vermont
