Wastewater Operator Certification Program

Two minor comments were received on the Wastewater Treatment Facility Operator Certification Rule and the following changes were incorporated.

Section 5(d) was updated based on Comment #1, which brought to our attention the oversight of intended language.

Sections 4(c), 5(c) and 5(f) were modified to include additional language relating to a recently adopted statute regarding military experience and deployment as it affects professional licensing programs.

Interested parties may refer to the Response Summary for specifics.

Respectfully,

A handwritten signature in cursive script that reads "Carole Fowler".

Carole Fowler
Program Administrator
Wastewater Operator Certification Program
