Subject: testimony this morning....

Good morning Jeff and Frank,

I am writing to let you know that I am now hearing from AGC/VT contractors. They are concerned about that this bill will increase costs and they are not supportive of it. I did ask them if we could at least support a study on the issue and they agreed to that.

So, at this time, AGC/VT is taking the position that we support a study on the issue so the contractors can be better informed on what the issues are.

Sorry if I am not able to support your efforts on this but I have to do what the contractors are asking for.

Thank you and please continue to keep me in the loop.

Sincerely,

Cathy

Cathleen Lambertson
