

Act No. 84 (H.580). Conservation and land development; property; taxation and fees

An act relating to conservation easements

This act provides that a tax lien shall not affect a conservation right and interest if the tax lien attaches to the subject property after the recording of the conservation right and interest, and that the requirement for a notice of claim every 40 years does not apply either to conservation or preservation rights and interests.

Effective Date: July 1, 2016
