H.755

SHORT FORM

Introduced by Representatives Sibia of Dover, Baser of Bristol, Burke of
Brattleboro, Carr of Brandon, Parent of St. Albans Town, and
Stuart of Brattleboro

Referred to Committee on

Date:

Subject: Commerce and trade; natural resources; energy and performance
standards

Statement of purpose of bill as introduced: This bill proposes to give statutory
direction to regulators to adopt certain European, Canadian, and U.S. standards
to allow the importation, regulation, and use of high efficiency energy products
including heat pumps, dehumidification, energy recovery, and ventilation
equipment commonly used in high performance buildings.

An act relating to adopting modern performance standards for high
efficiency energy products

It is hereby enacted by the General Assembly of the State of Vermont:
