Offered by: Senators McCormack and Sirotkin

Whereas, every eight minutes, one woman in the U.S. loses her battle with lung cancer, and

Whereas, lung cancer is the number one cancer killer of women in the United States, but only one percent of women pay close attention to this important medical statistic, and

Whereas, the number of women dying from lung cancer has nearly doubled over the past 30 years, and

Whereas, in Vermont, one person dies every day due to lung cancer, and

Whereas, advocacy and increased awareness will result in more and better treatments and early detection that will ultimately save lives among people with lung cancer, and

Whereas, the American Lung Association’s LUNG FORCE is a fast-growing initiative intended to make lung cancer an illness of the past, uniting the nation in the fight against lung cancer, and

Whereas, the American Lung Association conducts local educational events that include LUNG FORCE expos and walks or runs, and

Whereas, on April 27, 2016, the American Lung Association held a LUNG FORCE Expo in South Burlington to inform patients, caregivers, and health care providers “about the latest trends, resources and research surrounding lung cancer,” and

Whereas, on June 23, 2016 a LUNG FORCE Walk will take place in Burlington, and

Whereas, nationwide, the week of May 8–14, 2016 is being observed as Women’s Lung Health Week to focus attention on the serious effects of lung cancer on women’s health, now therefore be it

Resolved by the Senate and House of Representatives:

That the General Assembly designates May 8–14, 2016 as Women’s Lung Health Week in Vermont, and be it further

Resolved: That the Secretary of State be directed to send a copy of this resolution to the American Lung Association in Vermont’s Williston office.
