

Committee Secretary Diehl,

I'm writing to you to express my firm opposition to the proposed Burlington Charter changes (H.566, H.567 and H.568) given the direct violation to the Vermont Sportsmen's Bill of Rights (24 VSA 2245). The Sportsmen's Bill of Rights specifically outlines the regulation of firearms to the State level vs. Individual towns or cities. I urge the committee to vote NO to these bills in support of protecting our current Sportsmen's Bill of rights. Thank you for the committee's consideration.

Respectfully,
