

Good morning Denise

it is my understanding that the City of Montpelier is again trying to limit access to Berlin Pond. Please don't let this happen. It is a body of water of the State and we should have access for boating, swimming, fishing and other water sports just like most ponds, lakes, and waterways. Please pass this along to Government Operations and any other body that needs to see this. It is past time to tell the City no. Thank you.
