Representative Ann Pugh
Chair
House Committee on Human Services
Vermont State House

Dear Representative Pugh and Members of the Committee:

I am writing to offer comments on H.300, as introduced.

The Lake Champlain Regional Chamber of Commerce and its division the Vermont Convention Bureau are interested in the efforts to provide an authorized entity to maintain a stock supply of epinephrine auto-injectors on its premises.

As a result of a survey of our members and the positive feedback provided, we support the intent of this bill.

Thank you for your time and the efforts you are taking to help protect the visitors and citizens of Vermont against potentially life-threatening (severe) allergic reactions.

Sincerely,

A handwritten signature in dark ink, appearing to read "Susan M. Smith".
