

Email received 3/19/15 as Public Comment for the 3/24/15 Public Hearing on Renewable Energy Siting

Dear Katie Pickens, Legislative Council Member,

Below is my position specifically on "Solar Energy Siting"

The application, review and approval processes should be the responsibility of the local Zoning and Development Review Boards. Who is in a better position to know first hand the effects of a "Solar Energy Siting" in their communities. At present the process is completely reversed by having the Vermont Public Service Board make the decisions.

Sincerely yours,
Gerald H. Stagg
