Subject: DR 16-293; survey of regulations for wind turbine noise

This binder includes a memorandum and two attachments. The memo surveys each state in the United States that has wind turbine noise regulations. For each state, the memo provides key points regarding the regulations, as well as the actual regulations themselves. As an attachment, the binder includes the complete regulations for wind turbine noise in Maine. Also as an attachment, the model amendment for local zoning on wind turbine noise in Massachusetts is included.
