## Education Spending Has Been Steady for 20 Years

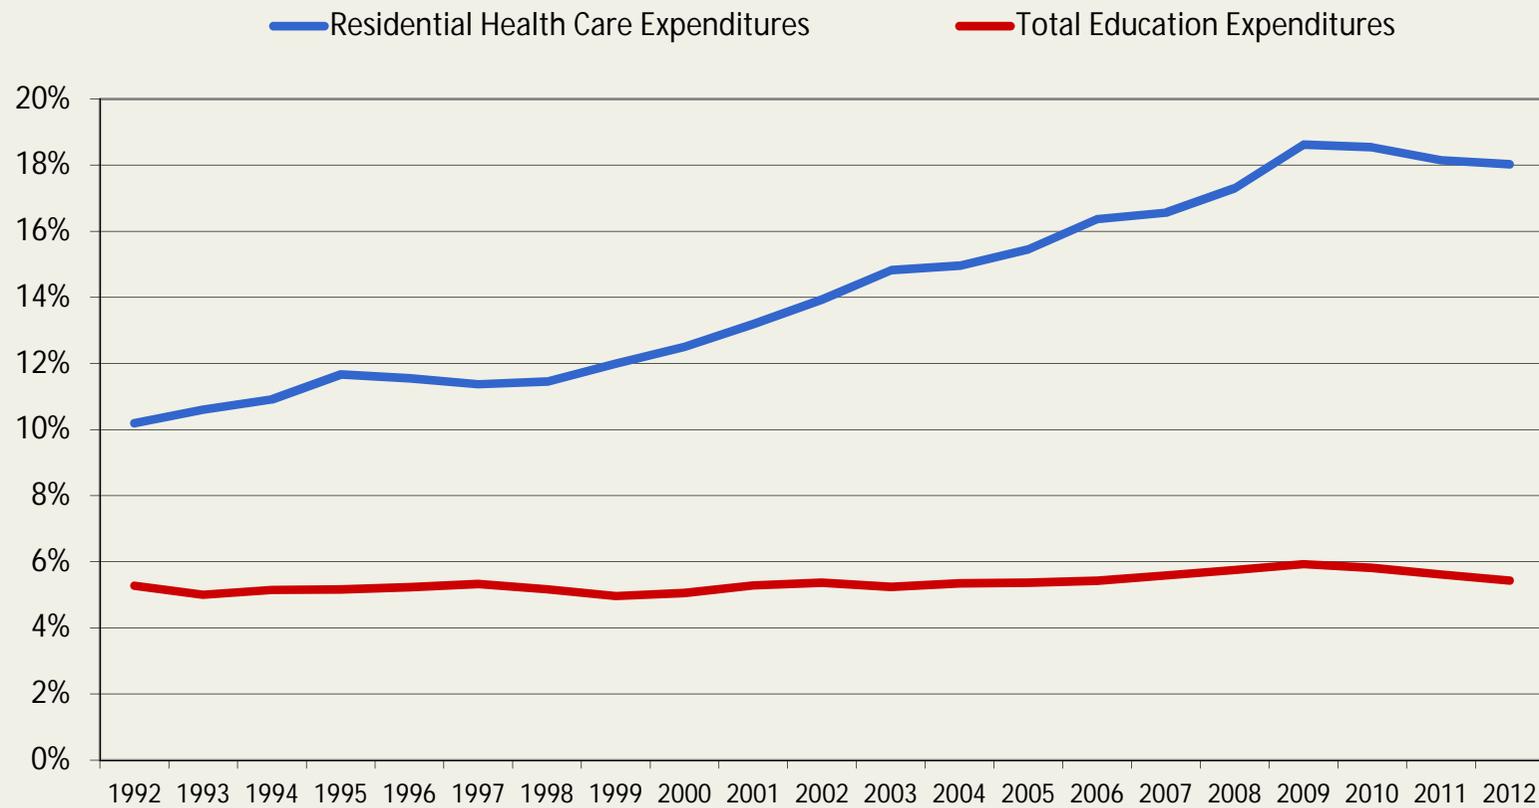

Education expenditures as a percentage of state and local taxes

Data source: U.S. Census, Vermont Public School Finance Data

# Unsustainable vs. Sustainable Growth

Residential health care expenditures and total education expenditures as a percentage of gross state product

Data source: Vermont Agency of Education, Green Mountain Care Board

## General Fund Support for Education Has Shrunk

Education property taxes would be \$100 million less if General Fund support remained at the 2005 level
