

My name is Melanie Chamberlin. I'm a registered voter in Cambridge VT. I grew up in Vermont and worked in Human Services.

I am so concerned and saddened by the lack of safe housing for Adults with disabilities. Since Brandon Training School closed many years ago this population has been without a safe fulfilling environment to reside and thrive.

How we treat are most vulnerable Vermonters is a reflection on who we are. I'm asking that you fund the proposed legislation to keep this population in their own State.
