3 consumer’s personal data or any personal data;

4 (3) correct inaccuracies in the consumer’s personal data, taking into
5 account the nature of the personal data and the purposes of the processing of
6 the consumer’s personal data;

7 (4) delete personal data provided by, or obtained about, the consumer;

8 (5) obtain a copy of the consumer’s personal data processed by the
9 controller, in a portable and, to the extent technically feasible, readily usable
10 format that allows the consumer to transmit the data to another controller
11 without hindrance, where the processing is carried out by automated means,
12 provided such controller shall not be required to reveal any trade secret; and

13 (6) opt out of the processing of the personal data for purposes of:

14 (A) targeted advertising;

15 (B) the sale of personal data; or

16 (C) profiling in furtherance of solely automated decisions that
17 produce legal or similarly significant effects concerning the consumer.

18 (b)(1) A consumer may exercise rights under this section by submitting a
19 request to a controller using the method that the controller specifies in the
20 privacy notice under section 2419 of this title.

1 (2) A controller shall not require a consumer to create an account for the
2 purpose described in subdivision (1) of this subsection, but the controller may
3 require the consumer to use an account the consumer previously created.

4 (3) A parent or legal guardian may exercise rights under this section on
5 behalf of the parent’s child or on behalf of a child for whom the guardian has
6 legal responsibility. A guardian or conservator may exercise the rights under
7 this section on behalf of a consumer that is subject to a guardianship,
8 conservatorship, or other protective arrangement.

9 (4)(A) A consumer may designate another person to act on the
10 consumer’s behalf as the consumer’s authorized agent for the purpose of
11 exercising the consumer’s rights under subdivision (a)(4) or (a)(6) of this
12 section.

13 (B) The consumer may designate an authorized agent by means of an
14 internet link, browser setting, browser extension, global device setting, or other
15 technology that enables the consumer to exercise the consumer’s rights under
16 subdivision (a)(4) or (a)(6) of this section.

17 (c) Except as otherwise provided in this chapter, a controller shall comply
18 with a request by a consumer to exercise the consumer rights authorized
19 pursuant to this chapter as follows:

20 (1)(A) A controller shall respond to the consumer without undue delay,
21 but not later than 60 days after receipt of the request.

1 (B) The controller may extend the response period by 45 additional
2 days when reasonably necessary, considering the complexity and number of
3 the consumer’s requests, provided the controller informs the consumer of the
4 extension within the initial 45-day response period and of the reason for the
5 extension.

6 (2) If a controller declines to take action regarding the consumer’s
7 request, the controller shall inform the consumer without undue delay, but not
8 later than 45 days after receipt of the request, of the justification for declining
9 to take action and instructions for how to appeal the decision.

10 (3)(A) Information provided in response to a consumer request shall be
11 provided by a controller, free of charge, once per consumer during any 12-
12 month period.

13 (B) If requests from a consumer are manifestly unfounded, excessive,
14 or repetitive, the controller may charge the consumer a reasonable fee to cover
15 the administrative costs of complying with the request or decline to act on the
16 request.

17 (C) The controller bears the burden of demonstrating the manifestly
18 unfounded, excessive, or repetitive nature of the request.

19 (4)(A) If a controller is unable to authenticate a request to exercise any
20 of the rights afforded under subdivisions (a)(1)–(5) of this section using
21 commercially reasonable efforts, the controller shall not be required to comply

1 with a request to initiate an action pursuant to this section and shall provide
2 notice to the consumer that the controller is unable to authenticate the request
3 to exercise the right or rights until the consumer provides additional
4 information reasonably necessary to authenticate the consumer and the
5 consumer’s request to exercise the right or rights.

6 (B) A controller shall not be required to authenticate an opt-out
7 request, but a controller may deny an opt-out request if the controller has a
8 good faith, reasonable, and documented belief that the request is fraudulent.

9 (C) If a controller denies an opt-out request because the controller
10 believes the request is fraudulent, the controller shall send a notice to the
11 person who made the request disclosing that the controller believes the request
12 is fraudulent, why the controller believes the request is fraudulent, and that the
13 controller shall not comply with the request.

14 (5) A controller that has obtained personal data about a consumer from a
15 source other than the consumer shall be deemed in compliance with a
16 consumer’s request to delete the data pursuant to subdivision (a)(4) of this
17 section by:

18 (A) retaining a record of the deletion request and the minimum data
19 necessary for the purpose of ensuring the consumer’s personal data remains
20 deleted from the controller’s records and not using the retained data for any
21 other purpose pursuant to the provisions of this chapter; or

1 (B) opting the consumer out of the processing of the personal data for
2 any purpose except for those exempted pursuant to the provisions of this
3 chapter.

4 (6) A controller may not condition the exercise of a right under this
5 section through:

6 (A) the use of any false, fictitious, fraudulent, or materially
7 misleading statement or representation; or

8 (B) the employment of any dark pattern.

9 (d) A controller shall establish a process by means of which a consumer
10 may appeal the controller’s refusal to take action on a request under
11 subsection (b) of this section. The controller’s process must:

12 (1) Allow a reasonable period of time after the consumer receives the
13 controller’s refusal within which to appeal.

14 (2) Be conspicuously available to the consumer.

15 (3) Be similar to the manner in which a consumer must submit a request
16 under subsection (b) of this section.

17 (4) Require the controller to approve or deny the appeal within 45 days
18 after the date on which the controller received the appeal and to notify the
19 consumer in writing of the controller’s decision and the reasons for the
20 decision. If the controller denies the appeal, the notice must provide or specify

1 information that enables the consumer to contact the Attorney General to
2 submit a complaint.

3 § 2419. DUTIES OF CONTROLLERS

4 (a) A controller shall:

5 (1) specify in the privacy notice described in subsection (d) of this
6 section the express purposes for which the controller is collecting and
7 processing personal data;

8 (2) process personal data only:

9 (A) to provide the services for which the personal data was collected,
10 consistent with the reasonable expectations of the consumer whose personal
11 data is being processed;

12 (B) for another disclosed purpose that is compatible with the context
13 in which the personal data was collected; or

14 (C) for a further disclosed purpose if the controller obtains the
15 consumer's consent;

16 (3) establish, implement, and maintain reasonable administrative,
17 technical, and physical data security practices to protect the confidentiality,
18 integrity, and accessibility of personal data appropriate to the volume and
19 nature of the personal data at issue; and

20 (4) provide an effective mechanism for a consumer to revoke consent to
21 the controller's processing of the consumer's personal data that is at least as

1 easy as the mechanism by which the consumer provided the consumer's
2 consent and, upon revocation of the consent, cease to process the data as soon
3 as practicable, but not later than 60 days after receiving the request.

4 (b) A controller shall not:

5 (1) process sensitive data about a consumer without first obtaining the
6 consumer's consent or, if the controller knows the consumer is a child, without
7 processing the sensitive data in accordance with COPPA;

8 (2)(A) except as provided in subdivision (B) of this subdivision (2),
9 process a consumer's personal data in a manner that discriminates against
10 individuals or otherwise makes unavailable the equal enjoyment of goods or
11 services on the basis of an individual's actual or perceived race, color, sex,
12 sexual orientation or gender identity, physical or mental disability, religion,
13 ancestry, or national origin;

14 (B) subdivision (A) of this subdivision (2) shall not apply to:

15 (i) a private establishment, as that term is used in 42 U.S.C.
16 § 2000a(e) (prohibition against discrimination or segregation in places of
17 public accommodation);

18 (ii) processing for the purpose of a controller's or processor's self-
19 testing to prevent or mitigate unlawful discrimination; or

20 (iii) processing for the purpose of diversifying an applicant,
21 participant, or consumer pool.

1 (3) process a consumer’s personal data for the purposes of targeted
2 advertising, of profiling the consumer in furtherance of decisions that produce
3 legal or similarly significant effects concerning the consumer, or of selling the
4 consumer’s personal data without the consumer’s consent if the controller
5 knows that the consumer is at least 13 years of age and not older than 16 years
6 of age; or

7 (4) discriminate or retaliate against a consumer who exercises a right
8 provided to the consumer under this chapter or refuses to consent to the
9 collection or processing of personal data for a separate product or service,
10 including by:

11 (A) denying goods or services;

12 (B) charging different prices or rates for goods or services; or

13 (C) providing a different level of quality or selection of goods or
14 services to the consumer.

15 (c) Subsections (a) and (b) of this section shall not be construed to:

16 (1) require a controller to provide a good or service that requires
17 personal data from a consumer that the controller does not collect or maintain;
18 or

19 (2) prohibit a controller from offering a different price, rate, level of
20 quality, or selection of goods or services to a consumer, including an offer for
21 no fee or charge, in connection with a consumer’s voluntary participation in a

1 financial incentive program, such as a bona fide loyalty, rewards, premium
2 features, discount, or club card program, provided that the controller may not
3 transfer personal data to a third party as part of the program unless:

4 (A) the transfer is necessary to enable the third party to provide a
5 benefit to which the consumer is entitled; or

6 (B)(i) the terms of the program clearly disclose that personal data
7 will be transferred to the third party or to a category of third parties of which
8 the third party belongs; and

9 (ii) the consumer consents to the transfer.

10 (d)(1) A controller shall provide to consumers a reasonably accessible,
11 clear, and meaningful privacy notice that:

12 (A) lists the categories of personal data, including the categories of
13 sensitive data, that the controller processes;

14 (B) describes the controller’s purposes for processing the personal
15 data;

16 (C) describes how a consumer may exercise the consumer’s rights
17 under this chapter, including how a consumer may appeal a controller’s denial
18 of a consumer’s request under section 2418 of this title;

19 (D) lists all categories of personal data, including the categories of
20 sensitive data, that the controller shares with third parties;

1 (E) describes all categories of third parties with which the controller
2 shares personal data at a level of detail that enables the consumer to understand
3 what type of entity each third party is and, to the extent possible, how each
4 third party may process personal data;

5 (F) specifies an e-mail address or other online method by which a
6 consumer can contact the controller that the controller actively monitors;

7 (G) identifies the controller, including any business name under
8 which the controller registered with the Secretary of State and any assumed
9 business name that the controller uses in this State;

10 (H) provides a clear and conspicuous description of any processing of
11 personal data in which the controller engages for the purposes of targeted
12 advertising, sale of personal data to third parties, or profiling the consumer in
13 furtherance of decisions that produce legal or similarly significant effects
14 concerning the consumer, and a procedure by which the consumer may opt out
15 of this type of processing; and

16 (I) describes the method or methods the controller has established for
17 a consumer to submit a request under subdivision 2418(b)(1) of this title.

18 (2) The privacy notice shall adhere to the accessibility and usability
19 guidelines recommended under 42 U.S.C. chapter 126 (the Americans with
20 Disabilities Act) and 29 U.S.C. 794d (section 508 of the Rehabilitation Act of
21 1973), including ensuring readability for individuals with disabilities across

1 various screen resolutions and devices and employing design practices that
2 facilitate easy comprehension and navigation for all users.

3 (e) The method or methods under subdivision (d)(1)(I) of this section for
4 submitting a consumer’s request to a controller must:

5 (1) take into account the ways in which consumers normally interact
6 with the controller, the need for security and reliability in communications
7 related to the request, and the controller’s ability to authenticate the identity of
8 the consumer that makes the request;

9 (2) provide a clear and conspicuous link to a website where the
10 consumer or an authorized agent may opt out from a controller’s processing of
11 the consumer’s personal data pursuant to subdivision 2418(a)(6) of this title or,
12 solely if the controller does not have a capacity needed for linking to a
13 webpage, provide another method the consumer can use to opt out; and

14 (3) allow a consumer or authorized agent to send a signal to the
15 controller that indicates the consumer’s preference to opt out of the sale of
16 personal data or targeted advertising pursuant to subdivision 2418(a)(6) of this
17 title by means of a platform, technology, or mechanism that:

18 (A) does not unfairly disadvantage another controller;

19 (B) does not use a default setting but instead requires the consumer or
20 authorized agent to make an affirmative, voluntary, and unambiguous choice to
21 opt out;

1 (C) is consumer friendly and easy for an average consumer to use;
2 (D) is as consistent as possible with similar platforms, technologies,
3 or mechanisms required under federal or state laws or regulations; and
4 (E) enables the controller to reasonably determine whether the
5 consumer has made a legitimate request pursuant to subsection 2418(b) of this
6 title to opt out pursuant to subdivision 2418(a)(6) of this title.

7 (f) If a consumer or authorized agent uses a method under subdivision
8 (d)(1)(I) of this section to opt out of a controller’s processing of the
9 consumer’s personal data pursuant to subdivision 2418(a)(6) of this title and
10 the decision conflicts with a consumer’s voluntary participation in a bona fide
11 reward, club card, or loyalty program or a program that provides premium
12 features or discounts in return for the consumer’s consent to the controller’s
13 processing of the consumer’s personal data, the controller may either comply
14 with the request to opt out or notify the consumer of the conflict and ask the
15 consumer to affirm that the consumer intends to withdraw from the bona fide
16 reward, club card, or loyalty program or the program that provides premium
17 features or discounts. If the consumer affirms that the consumer intends to
18 withdraw, the controller shall comply with the request to opt out.

19 § 2420. DUTIES OF CONTROLLERS TO MINORS

20 (a)(1) A controller that offers any online service, product, or feature to a
21 consumer whom the controller **knows** is a minor shall use reasonable care to

1 avoid any heightened risk of harm to minors caused by the online service,
2 product, or feature.

3 (2) In any action brought pursuant to section 2427, there is a rebuttable
4 presumption that a controller used reasonable care as required under this
5 section if the controller complied with this section.

6 (b) Unless a controller has obtained consent in accordance with subsection
7 (c) of this section, a controller that offers any online service, product, or
8 feature to a consumer whom the controller **knows** is a minor shall not:

9 (1) process a minor’s personal data for the purposes of:

10 (A) targeted advertising;

11 (B) the sale of personal data; or

12 (C) profiling in furtherance of any solely automated decisions that
13 produce legal or similarly significant effects concerning the consumer;

14 (2) process a minor’s personal data for any purpose other than:

15 (A) the processing purpose that the controller disclosed at the time
16 the controller collected the minor’s personal data; or

17 (B) a processing purpose that is reasonably necessary for, and
18 compatible with, the processing purpose that the controller disclosed at the
19 time the controller collected the minor’s personal data; or

20 (3) process a minor’s personal data for longer than is reasonably
21 necessary to provide the online service, product, or feature;

1 (4) use any system design feature, except for a service or application that
2 is used by and under the direction of an educational entity, to significantly
3 increase, sustain, or extend a minor’s use of the online service, product, or
4 feature; or

5 (5) collect a minor’s precise geolocation data unless:

6 (A) the minor’s precise geolocation data is reasonably necessary for
7 the controller to provide the online service, product, or feature;

8 (B) the controller only collects the minor’s precise geolocation data
9 for the time necessary to provide the online service, product, or feature; and

10 (C) the controller provides to the minor a signal indicating that the
11 controller is collecting the minor’s precise geolocation data and makes the
12 signal available to the minor for the entire duration of the collection of the
13 minor’s precise geolocation data.

14 (c) A controller shall not engage in the activities described in subsection (b)
15 of this section unless the controller obtains:

16 (1) the minor’s consent; or

17 (2) if the minor is a child, the consent of the minor’s parent or legal
18 guardian.

19 (d) A controller that offers any online service, product, or feature to a
20 consumer whom that controller knows is a minor shall not:

21 (1) employ any dark pattern; or

1 (2) except as provided in subsection (e) of this section, offer any direct
2 messaging apparatus for use by a minor without providing readily accessible
3 and easy-to-use safeguards to limit the ability of an adult to send unsolicited
4 communications to the minor with whom the adult is not connected.

5 (e) Subdivision (d)(2) of this section does not apply to an online service,
6 product, or feature of which the predominant or exclusive function is:

7 (1) e-mail; or

8 (2) direct messaging consisting of text, photographs, or videos that are
9 sent between devices by electronic means, where messages are:

10 (A) shared between the sender and the recipient;

11 (B) only visible to the sender and the recipient; and

12 (C) not posted publicly.

13 § 2421. DUTIES OF PROCESSORS

14 (a) A processor shall adhere to a controller’s instructions and shall assist
15 the controller in meeting the controller’s obligations under this chapter. In
16 assisting the controller, the processor must:

17 (1) enable the controller to respond to requests from consumers pursuant
18 to subsection 2418(b) of this title by means that:

19 (A) take into account how the processor processes personal data and
20 the information available to the processor; and

1 (B) use appropriate technical and organizational measures to the
2 extent reasonably practicable;

3 (2) adopt administrative, technical, and physical safeguards that are
4 reasonably designed to protect the security and confidentiality of the personal
5 data the processor processes, taking into account how the processor processes
6 the personal data and the information available to the processor; and

7 (3) provide information reasonably necessary for the controller to
8 conduct and document data protection assessments.

9 (b) Processing by a processor must be governed by a contract between the
10 controller and the processor. The contract must:

11 (1) be valid and binding on both parties;

12 (2) set forth clear instructions for processing data, the nature and
13 purpose of the processing, the type of data that is subject to processing, and the
14 duration of the processing;

15 (3) specify the rights and obligations of both parties with respect to the
16 subject matter of the contract;

17 (4) ensure that each person that processes personal data is subject to a
18 duty of confidentiality with respect to the personal data;

19 (5) require the processor to delete the personal data or return the
20 personal data to the controller at the controller’s direction or at the end of the

1 provision of services, unless a law requires the processor to retain the personal
2 data;

3 (6) require the processor to make available to the controller, at the
4 controller’s request, all information the controller needs to verify that the
5 processor has complied with all obligations the processor has under this
6 chapter;

7 (7) require the processor to enter into a subcontract with a person the
8 processor engages to assist with processing personal data on the controller’s
9 behalf and in the subcontract require the subcontractor to meet the processor’s
10 obligations concerning personal data; and

11 (8)(A) allow the controller, the controller’s designee, or a qualified and
12 independent person the processor engages, in accordance with an appropriate
13 and accepted control standard, framework, or procedure, to assess the
14 processor’s policies and technical and organizational measures for complying
15 with the processor’s obligations under this chapter;

16 (B) require the processor to cooperate with the assessment; and

17 (C) at the controller’s request, report the results of the assessment to
18 the controller.

19 (c) This section does not relieve a controller or processor from any liability
20 that accrues under this chapter as a result of the controller’s or processor’s
21 actions in processing personal data.

1 (d)(1) For purposes of determining obligations under this chapter, a person
2 is a controller with respect to processing a set of personal data and is subject to
3 an action under section 2427 of this title to punish a violation of this chapter, if
4 the person:

5 (A) does not adhere to a controller’s instructions to process the
6 personal data; or

7 (B) begins at any point to determine the purposes and means for
8 processing the personal data, alone or in concert with another person.

9 (2) A determination under this subsection is a fact-based determination
10 that must take account of the context in which a set of personal data is
11 processed.

12 (3) A processor that adheres to a controller’s instructions with respect to
13 a specific processing of personal data remains a processor.

14 § 2422. DUTIES OF PROCESSORS TO MINORS

15 (a) A processor shall adhere to the instructions of a controller and shall:

16 (1) assist the controller in meeting the controller’s obligations under
17 sections 2420 and 2424 of this title, taking into account:

18 (A) the nature of the processing;

19 (B) the information available to the processor by appropriate
20 technical and organizational measures; and

1 (C) whether the assistance is reasonably practicable and necessary to
2 assist the controller in meeting its obligations; and

3 (2) provide any information that is necessary to enable the controller to
4 conduct and document data protection assessments pursuant to section 2424 of
5 this title.

6 (b) A contract between a controller and a processor must satisfy the
7 requirements in subsection 2421(b) of this title.

8 (c) Nothing in this section shall be construed to relieve a controller or
9 processor from the liabilities imposed on the controller or processor by virtue
10 of the controller’s or processor’s role in the processing relationship as
11 described in sections 2420 and 2424 of this title.

12 (d) Determining whether a person is acting as a controller or processor with
13 respect to a specific processing of data is a fact-based determination that
14 depends upon the context in which personal data is to be processed. A person
15 that is not limited in the person’s processing of personal data pursuant to a
16 controller’s instructions, or that fails to adhere to the instructions, is a
17 controller and not a processor with respect to a specific processing of data. A
18 processor that continues to adhere to a controller’s instructions with respect to
19 a specific processing of personal data remains a processor. If a processor
20 begins, alone or jointly with others, determining the purposes and means of the
21 processing of personal data, the processor is a controller with respect to the

1 processing and may be subject to an enforcement action under section 2427 of
2 this title.

3 § 2423. DATA PROTECTION ASSESSMENTS FOR PROCESSING

4 ACTIVITIES THAT PRESENT A HEIGHTENED RISK OF HARM
5 TO A CONSUMER

6 (a) A controller shall conduct and document a data protection assessment
7 for each of the controller’s processing activities that presents a heightened risk
8 of harm to a consumer, which, for the purposes of this section, includes:

9 (1) the processing of personal data for the purposes of targeted
10 advertising;

11 (2) the sale of personal data;

12 (3) the processing of personal data for the purposes of profiling, where
13 the profiling presents a reasonably foreseeable risk of:

14 (A) unfair or deceptive treatment of, or unlawful disparate impact on,
15 consumers;

16 (B) financial, physical, or reputational injury to consumers;

17 (C) a physical or other intrusion upon the solitude or seclusion, or the
18 private affairs or concerns, of consumers, where the intrusion would be
19 offensive to a reasonable person; or

20 (D) other substantial injury to consumers; and

21 (4) the processing of sensitive data.

1 (b)(1) Data protection assessments conducted pursuant to subsection (a) of
2 this section shall:

3 (A) identify the categories of personal data processed, the purposes
4 for processing the personal data, and whether the personal data is being
5 transferred to third parties; and

6 (B) identify and weigh the benefits that may flow, directly and
7 indirectly, from the processing to the controller, the consumer, other
8 stakeholders, and the public against the potential risks to the consumer
9 associated with the processing, as mitigated by safeguards that can be
10 employed by the controller to reduce the risks.

11 (2) The controller shall factor into any data protection assessment the
12 use of de-identified data and the reasonable expectations of consumers, as well
13 as the context of the processing and the relationship between the controller and
14 the consumer whose personal data will be processed.

15 (c)(1) The Attorney General may require that a controller disclose any data
16 protection assessment that is relevant to an investigation conducted by the
17 Attorney General pursuant to section 2427 of this title, and the controller shall
18 make the data protection assessment available to the Attorney General.

19 (2) The Attorney General may evaluate the data protection assessment
20 for compliance with the responsibilities set forth in this chapter.

1 (3) Data protection assessments shall be confidential and shall be
2 exempt from disclosure and copying under the Public Records Act.

3 (4) To the extent any information contained in a data protection
4 assessment disclosed to the Attorney General includes information subject to
5 attorney-client privilege or work product protection, the disclosure shall not
6 constitute a waiver of the privilege or protection.

7 (d) A single data protection assessment may address a comparable set of
8 processing operations that present a similar heightened risk of harm.

9 (e) If a controller conducts a data protection assessment for the purpose of
10 complying with another applicable law or regulation, the data protection
11 assessment shall be deemed to satisfy the requirements established in this
12 section if the data protection assessment is reasonably similar in scope and
13 effect to the data protection assessment that would otherwise be conducted
14 pursuant to this section.

15 (f) Data protection assessment requirements shall apply to processing
16 activities created or generated after July 1, 2025, and are not retroactive.

17 (g) A controller shall retain for at least five years all data protection
18 assessments the controller conducts under this section.

1 § 2424. DATA PROTECTION ASSESSMENTS FOR ONLINE SERVICES,
2 PRODUCTS, OR FEATURES OFFERED TO MINORS

3 (a) A controller that offers any online service, product, or feature to a
4 consumer whom the controller knows is a minor shall conduct a data
5 protection assessment for the online service product or feature:

6 (1) in a manner that is consistent with the requirements established in
7 section 2423 of this title; and

8 (2) that addresses:

9 (A) the purpose of the online service, product, or feature;

10 (B) the categories of a minor’s personal data that the online service,
11 product, or feature processes;

12 (C) the purposes for which the controller processes a minor’s
13 personal data with respect to the online service, product, or feature; and

14 (D) any heightened risk of harm to a minor that is a reasonably
15 foreseeable result of offering the online service, product, or feature to a minor.

16 (b) A controller that conducts a data protection assessment pursuant to
17 subsection (a) of this section shall review the data protection assessment as
18 necessary to account for any material change to the processing operations of
19 the online service, product, or feature that is the subject of the data protection
20 assessment.

1 (c) If a controller conducts a data protection assessment pursuant to
2 subsection (a) of this section or a data protection assessment review pursuant
3 to subsection (b) of this section and determines that the online service, product,
4 or feature that is the subject of the assessment poses a heightened risk of harm
5 to a minor, the controller shall establish and implement a plan to mitigate or
6 eliminate the heightened risk.

7 (d)(1) The Attorney General may require that a controller disclose any data
8 protection assessment pursuant to subsection (a) of this section that is relevant
9 to an investigation conducted by the Attorney General pursuant to section 2427
10 of this title, and the controller shall make the data protection assessment
11 available to the Attorney General.

12 (2) The Attorney General may evaluate the data protection assessment
13 for compliance with the responsibilities set forth in this chapter.

14 (3) Data protection assessments shall be confidential and shall be
15 exempt from disclosure and copying under the Public Records Act.

16 (4) To the extent any information contained in a data protection
17 assessment disclosed to the Attorney General includes information subject to
18 attorney-client privilege or work product protection, the disclosure shall not
19 constitute a waiver of the privilege or protection.

20 (e) A single data protection assessment may address a comparable set of
21 processing operations that include similar activities.

1 (f) If a controller conducts a data protection assessment for the purpose of
2 complying with another applicable law or regulation, the data protection
3 assessment shall be deemed to satisfy the requirements established in this
4 section if the data protection assessment is reasonably similar in scope and
5 effect to the data protection assessment that would otherwise be conducted
6 pursuant to this section.

7 (g) Data protection assessment requirements shall apply to processing
8 activities created or generated after July 1, 2025, and are not retroactive.

9 (h) A controller that conducts a data protection assessment pursuant to
10 subsection (a) of this section shall maintain documentation concerning the data
11 protection assessment for the longer of:

12 (1) three years after the date on which the processing operations cease;

13 or

14 (2) the date the controller ceases offering the online service, product, or
15 feature.

16 § 2425. DE-IDENTIFIED OR PSEUDONYMOUS DATA

17 (a) A controller in possession of de-identified data shall:

18 (1) take reasonable measures to ensure that the data cannot be used to
19 re-identify an identified or identifiable individual or be associated with an
20 individual or device that identifies or is linked or reasonably linkable to an
21 individual or household;

1 (2) publicly commit to maintaining and using de-identified data without
2 attempting to re-identify the data; and

3 (3) contractually obligate any recipients of the de-identified data to
4 comply with the provisions of this chapter.

5 (b) This section does not prohibit a controller from attempting to re-
6 identify de-identified data solely for the purpose of testing the controller’s
7 methods for de-identifying data.

8 (c) This chapter shall not be construed to require a controller or processor
9 to:

10 (1) re-identify de-identified data; or

11 (2) maintain data in identifiable form, or collect, obtain, retain, or access
12 any data or technology, in order to associate a consumer with personal data in
13 order to authenticate the consumer’s request under subsection 2418(b) of this
14 title; or

15 (3) comply with an authenticated consumer rights request if the
16 controller:

17 (A) is not reasonably capable of associating the request with the
18 personal data or it would be unreasonably burdensome for the controller to
19 associate the request with the personal data;

1 (B) does not use the personal data to recognize or respond to the
2 specific consumer who is the subject of the personal data or associate the
3 personal data with other personal data about the same specific consumer; and

4 (C) does not sell or otherwise voluntarily disclose the personal data
5 to any third party, except as otherwise permitted in this section.

6 (d) The rights afforded under subdivisions 2418(a)(1)–(5) of this title shall
7 not apply to pseudonymous data in cases where the controller is able to
8 demonstrate that any information necessary to identify the consumer is kept
9 separately and is subject to effective technical and organizational controls that
10 prevent the controller from accessing the information.

11 (e) A controller that discloses or transfers pseudonymous data or de-
12 identified data shall exercise reasonable oversight to monitor compliance with
13 any contractual commitments to which the pseudonymous data or de-identified
14 data is subject and shall take appropriate steps to address any breaches of those
15 contractual commitments.

16 § 2426. CONSTRUCTION OF DUTIES OF CONTROLLERS AND
17 PROCESSORS

18 (a) This chapter shall not be construed to restrict a controller’s, processor’s,
19 or consumer health data controller’s ability to:

20 (1) comply with federal, state, or municipal laws, ordinances, or
21 regulations;

1 (2) comply with a civil, criminal, or regulatory inquiry, investigation,
2 subpoena, or summons by federal, state, municipal, or other governmental
3 authorities;

4 (3) cooperate with law enforcement agencies concerning conduct or
5 activity that the controller, processor, or consumer health data controller
6 reasonably and in good faith believes may violate federal, state, or municipal
7 laws, ordinances, or regulations;

8 (4) carry out obligations under a contract under subsection 2421(b) of
9 this title for a federal or State agency or local unit of government;

10 (5) investigate, establish, exercise, prepare for, or defend legal claims;

11 (6) provide a product or service specifically requested by the consumer
12 to whom the personal data pertains;

13 (7) perform under a contract to which a consumer is a party, including
14 fulfilling the terms of a written warranty;

15 (8) take steps at the request of a consumer prior to entering into a
16 contract;

17 (9) take immediate steps to protect an interest that is essential for the life
18 or physical safety of the consumer or another individual, and where the
19 processing cannot be manifestly based on another legal basis;

1 (10) prevent, detect, protect against, or respond to a network security or
2 physical security incident, including an intrusion or trespass, medical alert, or
3 fire alarm;

4 (11) prevent, detect, protect against, or respond to identity theft, fraud,
5 harassment, malicious or deceptive activity, or any criminal activity targeted at
6 or involving the controller or processor or its services, preserve the integrity or
7 security of systems, or investigate, report, or prosecute those responsible for
8 the action;

9 (12) assist another controller, processor, consumer health data
10 controller, or third party with any of the obligations under this chapter; or

11 (13) process personal data for reasons of public interest in the area of
12 public health, community health, or population health, but solely to the extent
13 that the processing is:

14 (A) subject to suitable and specific measures to safeguard the rights
15 of the consumer whose personal data is being processed; and

16 (B) under the responsibility of a professional subject to
17 confidentiality obligations under federal, state, or local law.

18 (b) The obligations imposed on controllers, processors, or consumer health
19 data controllers under this chapter shall not restrict a controller's, processor's,
20 or consumer health data controller's ability to collect, use, or retain data for
21 internal use to:

1 (1) conduct internal research to develop, improve, or repair products,
2 services, or technology;

3 (2) effectuate a product recall; or

4 (3) identify and repair technical errors that impair existing or intended
5 functionality.

6 (c)(1) The obligations imposed on controllers, processors, or consumer
7 health data controllers under this chapter shall not apply where compliance by
8 the controller, processor, or consumer health data controller with this chapter
9 would violate an evidentiary privilege under the laws of this State.

10 (2) This chapter shall not be construed to prevent a controller, processor,
11 or consumer health data controller from providing personal data concerning a
12 consumer to a person covered by an evidentiary privilege under the laws of the
13 State as part of a privileged communication.

14 (d)(1) A controller, processor, or consumer health data controller that
15 discloses personal data to a processor or third-party controller pursuant to this
16 chapter shall not be deemed to have violated this chapter if the processor or
17 third-party controller that receives and processes the personal data violates this
18 chapter, provided, at the time the disclosing controller, processor, or consumer
19 health data controller disclosed the personal data, the disclosing controller,
20 processor, or consumer health data controller did not have actual knowledge
21 that the receiving processor or third-party controller would violate this chapter.

1 (2) A third-party controller or processor receiving personal data from a
2 controller, processor, or consumer health data controller in compliance with
3 this chapter is not in violation of this chapter for the transgressions of the
4 controller, processor, or consumer health data controller from which the third-
5 party controller or processor receives the personal data.

6 (e) This chapter shall not be construed to:

7 (1) impose any obligation on a controller, processor, or consumer health
8 data controller that adversely affects the rights or freedoms of any person,
9 including the rights of any person:

10 (A) to freedom of speech or freedom of the press guaranteed in the
11 First Amendment to the U.S. Constitution; or

12 (B) under 12 V.S.A. § 1615; or

13 (2) apply to any person’s processing of personal data in the course of the
14 person’s purely personal or household activities.

15 (f)(1) Personal data processed by a controller or consumer health data
16 controller pursuant to this section may be processed to the extent that the
17 processing is:

18 (A)(i) reasonably necessary and proportionate to the purposes listed
19 in this section; or

20 (ii) in the case of sensitive data, strictly necessary to the purposes
21 listed in this section; and

1 (B) adequate, relevant, and limited to what is necessary in relation to
2 the specific purposes listed in this section.

3 (2)(A) Personal data collected, used, or retained pursuant to subsection
4 (b) of this section shall, where applicable, take into account the nature and
5 purpose or purposes of the collection, use, or retention.

6 (B) Personal data collected, used, or retained pursuant to subsection
7 (b) of this section shall be subject to reasonable administrative, technical, and
8 physical measures to protect the confidentiality, integrity, and accessibility of
9 the personal data and to reduce reasonably foreseeable risks of harm to
10 consumers relating to the collection, use, or retention of personal data.

11 (g) If a controller or consumer health data controller processes personal
12 data pursuant to an exemption in this section, the controller or consumer health
13 data controller bears the burden of demonstrating that the processing qualifies
14 for the exemption and complies with the requirements in subsection (f) of this
15 section.

16 (h) Processing personal data for the purposes expressly identified in this
17 section shall not solely make a legal entity a controller or consumer health data
18 controller with respect to the processing.

1 § 2427. ENFORCEMENT: PRIVATE RIGHT OF ACTION AND
2 ATTORNEY GENERAL’S POWERS

3 (a)(1) A person who violates this chapter or rules adopted pursuant to this
4 chapter commits an unfair and deceptive act in commerce in violation of
5 section 2453 of this title.

6 (2) Beginning on July 1, 2026, if a consumer who is harmed by a
7 violation of this chapter or rules adopted pursuant to this chapter notifies the
8 controller or processor of the violation and the controller or processor fails to
9 cure the violation within 120 days following receipt of the notice of violation,
10 the consumer may bring an action individually, but not in a representative

18 calendar year derived more than 50 percent of the person’s gross revenue from
19 the sale of personal data.

20 (b)(1) The Attorney General may, prior to initiating any action for a
21 violation of any provision of this chapter, issue a notice of violation to the

1 controller or consumer health data controller if the Attorney General
2 determines that a cure is possible.

3 (2) The Attorney General may, in determining whether to grant a
4 controller, processor, or consumer health data controller the opportunity to
5 cure an alleged violation described in subdivision (1) of this subsection,
6 consider:

7 (A) the number of violations;

8 (B) the size and complexity of the controller, processor, or consumer
9 health data controller;

10 (C) the nature and extent of the controller’s, processor’s, or consumer
11 health data controller’s processing activities;

8 (1) provide any employee or contractor with access to consumer health
9 data unless the employee or contractor is subject to a contractual or statutory
10 duty of confidentiality;

11 (2) provide any processor with access to consumer health data unless the
12 person and processor comply with section 2421 of this title;

13 (3) use a geofence to establish a virtual boundary that is within 1,850
14 feet of any health care facility, mental health facility, or reproductive or sexual
15 health facility for the purpose of identifying, tracking, collecting data from, or
16 sending any notification to a consumer regarding the consumer’s consumer
17 health data; or

18 (4) sell or offer to sell consumer health data without first obtaining the
19 consumer’s consent.

9 available information **to the extent that it is related to a consumer’s business or**
10 **profession.**

11 ~~(2)~~(3) “Business” means a controller, a consumer health data controller ,

9 parties the brokered personal information of a consumer with whom the
10 business does not have a direct relationship.

11 (B) Examples of a direct relationship with a business include if the
12 consumer is a past or present:

13 (i) customer, client, subscriber, user, or registered user of the
14 business’s goods or services;

15 (ii) employee, contractor, or agent of the business;

16 (iii) investor in the business; or

17 (iv) donor to the business.

18 (C) The following activities conducted by a business, and the

15 business.

16 ~~(5)(8)~~(A) “Data broker security breach” means an unauthorized
17 acquisition or a reasonable belief of an unauthorized acquisition of more than

21 unusable by an unauthorized person.

1 (B) “Data broker security breach” does not include good faith but
2 unauthorized acquisition of brokered personal information by an employee or
3 agent of the data broker for a legitimate purpose of the data broker, provided
4 that the brokered personal information is not used for a purpose unrelated to
5 the data broker’s business or subject to further unauthorized disclosure.

6 (C) In determining whether brokered personal information has been
7 acquired or is reasonably believed to have been acquired by a person without
8 valid authorization, a data broker may consider the following factors, among
9 others:

9 one person to another in exchange for consideration. A use of data for the sole

14 that together permit access to an online account.

16 first name or first initial and last name in combination with one or more of the
17 following digital data elements, when the data elements are not encrypted,

19 (II) a health care professional’s medical diagnosis or treatment
20 of the consumer; or

21 (III) a health insurance policy number.

1 (B) “Personally identifiable information” does not mean publicly
2 available information that is lawfully made available to the general public from
3 federal, State, or local government records.

4 ~~(11)~~(14) “Record” means any material on which written, drawn, spoken,
5 visual, or electromagnetic information is recorded or preserved, regardless of
6 physical form or characteristics.

7 ~~(12)~~(15) “Redaction” means the rendering of data so that the data are
8 unreadable or are truncated so that ~~no~~ not more than the last four digits of the

14 by a data collector.

15 (B) “Security breach” does not include good faith but unauthorized

20 or subject to further unauthorized disclosure.

1 (C) In determining whether personally identifiable information or
2 login credentials have been acquired or is reasonably believed to have been
3 acquired by a person without valid authorization, a data collector may consider
4 the following factors, among others:

5 (i) indications that the information is in the physical possession
6 and control of a person without valid authorization, such as a lost or stolen
7 computer or other device containing information;

8 (ii) indications that the information has been downloaded or
9 copied;

10 (iii) indications that the information was used by an unauthorized
11 person, such as fraudulent accounts opened or instances of identity theft
12 reported; or

11 General as follows:

12 (A)(i) The data broker shall notify the Attorney General of the date of
13 the security breach and the date of discovery of the breach and shall provide a
14 preliminary description of the breach within 14 business days, consistent with
15 the legitimate needs of the law enforcement agency, as provided in
16 subdivisions (3) and (4) of this subsection (b), after the data broker’s discovery
17 of the security breach or when the data broker provides notice to consumers
18 pursuant to this section, whichever is sooner.

19 (ii) If the date of the breach is unknown at the time notice is sent
20 to the Attorney General, the data broker shall send the Attorney General the
21 date of the breach as soon as it is known.

1 (iii) Unless otherwise ordered by a court of this State for good
2 cause shown, a notice provided under this subdivision (2)(A) shall not be
3 disclosed to any person other than the authorized agent or representative of the
4 Attorney General, a State’s Attorney, or another law enforcement officer
5 engaged in legitimate law enforcement activities without the consent of the
6 data broker.

7 (B)(i) When the data broker provides notice of the breach pursuant to
8 subdivision (1) of this subsection (b), the data broker shall notify the Attorney
9 General of the number of Vermont consumers affected, if known to the data
10 broker, and shall provide a copy of the notice provided to consumers under
11 subdivision (1) of this subsection (b).

12 (ii) The data broker may send to the Attorney General a second
13 copy of the consumer notice, from which is redacted the type of brokered
14 personal information that was subject to the breach, that the Attorney General
15 shall use for any public disclosure of the breach.

16 (3) The notice to a consumer required by this subsection shall be
17 delayed upon request of a law enforcement agency. A law enforcement agency
18 may request the delay if it believes that notification may impede a law
19 enforcement investigation or a national or Homeland Security investigation or
20 jeopardize public safety or national or Homeland Security interests. In the
21 event law enforcement makes the request for a delay in a manner other than in

1 writing, the data broker shall document the request contemporaneously in
2 writing and include the name of the law enforcement officer making the
3 request and the officer’s law enforcement agency engaged in the investigation.
4 A law enforcement agency shall promptly notify the data broker in writing
5 when the law enforcement agency no longer believes that notification may
6 impede a law enforcement investigation or a national or Homeland Security
7 investigation, or jeopardize public safety or national or Homeland Security
8 interests. The data broker shall provide notice required by this section without
9 unreasonable delay upon receipt of a written communication, which includes
10 facsimile or electronic communication, from the law enforcement agency
11 withdrawing its request for delay.

12 (4) The notice to a consumer required in subdivision (1) of this
13 subsection shall be clear and conspicuous. A notice to a consumer of a
14 security breach involving brokered personal information shall include a
15 description of each of the following, if known to the data broker:

8 methods:

9 (A) written notice mailed to the consumer’s residence;

11 has a valid e-mail address, if:

12 (i) the data broker’s primary method of communication with the
13 consumer is by electronic means, the electronic notice does not request or
14 contain a hypertext link to a request that the consumer provide personal
15 information, and the electronic notice conspicuously warns consumers not to
16 provide personal information in response to electronic communications
17 regarding security breaches; or

18 (ii) the notice is consistent with the provisions regarding electronic
19 records and signatures for notices in 15 U.S.C. § 7001;

1 (C) telephonic notice, provided that telephonic contact is made
2 directly with each affected consumer and not through a prerecorded message;
3 or

4 (D) notice by publication in a newspaper of statewide circulation in
5 the event the data broker cannot effectuate notice by any other means.

6 (c) Exception.

7 (1) Notice of a security breach pursuant to subsection (b) of this section
8 is not required if the data broker establishes that misuse of brokered personal
9 information is not reasonably possible and the data broker provides notice of
10 the determination that the misuse of the brokered personal information is not
11 reasonably possible pursuant to the requirements of this subsection. If the data
12 broker establishes that misuse of the brokered personal information is not
13 reasonably possible, the data broker shall provide notice of its determination
14 that misuse of the brokered personal information is not reasonably possible and
15 a detailed explanation for said determination to the Vermont Attorney General.
16 The data broker may designate its notice and detailed explanation to the
17 Vermont Attorney General as a trade secret if the notice and detailed
18 explanation meet the definition of trade secret contained in 1 V.S.A.
19 § 317(c)(9).

20 (2) If a data broker established that misuse of brokered personal
21 information was not reasonably possible under subdivision (1) of this

1 subsection and subsequently obtains facts indicating that misuse of the
2 brokered personal information has occurred or is occurring, the data broker
3 shall provide notice of the security breach pursuant to subsection (b) of this
4 section.

5 (d) Waiver. Any waiver of the provisions of this subchapter is contrary to
6 public policy and is void and unenforceable.
