8 Subject: Education; tuition; district of residence

9 Statement of purpose: This bill proposes to require a school district to permit a
10 student who moves out of the district during an academic year to complete the
11 academic year under the same terms and conditions as a resident student if the
12 student was a resident student of the school district from the beginning of the
13 academic year through at least December 1 of that year. The bill would permit
14 the district to require the student's custodial parent or guardian to provide or
15 pay for the student's transportation between home and school.

16 An act relating to waiving residency requirements for a student who moves
17 to a new school district in the middle of an academic year
