The department of health may deny an application for a compassion center if it determines that an applicant's criminal history record indicates that the person's association with a compassion center would pose a demonstrable threat to public safety, and the department of health shall be entitled to receive a criminal history record from the department of public safety for such determination. (3) Each time a compassion center certificate is granted, the decision shall be based on the overall health needs of qualified patients and the safety of the public, including the following factors:

(A) Geographic convenience to patients from throughout the state of Vermont to compassion centers if the applicant were approved.

If location of the related secured facility is different from the location of the compassion center, the department of health shall provide the address of the related secured facility to the department of public safety and to local law enforcement agencies, including sheriffs, of towns where such facilities will be located. However, such information and any other records identifying such location shall be confidential and not subject to public disclosure, except that such information may be disclosed to a law enforcement agency upon request for the purpose of enforcement of this chapter.

(E) The name, address, and date of birth of any person who will be an agent of or employed by the compassion center at its inception, along with a complete set of fingerprints for each such person.

(5) Each time a compassion center registration is granted, the department of health shall notify the department of public safety and provide a copy of its registration. Each time a compassion center registration is revoked or expires, the department of health shall notify the department of public safety. The department of public safety shall track the number of registered patients who have designated each compassion center and issue a monthly written statement to the compassion center, identifying the number of registered patients who have designated that compassion center along with the registry identification numbers of each patient and each patient's designated caregivers, if any.

(6) In addition to the monthly reports, the department of public safety shall also provide written notice to a compassion center which identifies the names and registration identification numbers of a qualifying patient and his or her designated caregivers whenever any of the following events occur:

(A) A qualifying patient designates the compassion center to serve his or her needs under this chapter;

(B) An existing registered patient revokes the designation of the compassion center because he or she has designated a different compassion center instead; or

(C) A registered patient who has designated the compassion center loses his or her status as a registered patient under this chapter.

(7) Except as provided in subdivision (8) of this subsection, the department of public safety shall issue each principal officer, board member, agent, volunteer, and employee of a compassion center a registry identification card or renewal card within 10 days of receipt of the person's name, address, and date of birth and a fee in an amount established by the department of public safety. A person may not serve as principal officer, board member, agent, volunteer, or employee of a compassion center until that person has received a registry identification card issued under this section. Each card shall specify that the cardholder is a principal officer, board member, agent, volunteer, or employee of a compassion center and shall contain the following:

(A) The name, address, and date of birth of the principal officer, board member, agent, volunteer, or employee.

(B) The legal name of the compassion center with which the principal officer, board member, agent, volunteer, or employee is affiliated.

(C) A random identification number that is unique to the cardholder.

(D) The date of issuance and the expiration date of the registry identification card.

(E) A photograph, if the department decides to require one.

(8)(A)(i) Prior to acting on an application, the department of public safety shall obtain a Vermont criminal history record, an out-of-state criminal history record, and a criminal history record from the Federal Bureau of Investigation for each principal officer, board member, agent, volunteer, or employee of a compassion center. Each applicant shall consent to the release of criminal history records to the department on forms substantially similar to the release forms developed by the center pursuant to 20 V.S.A. § 2056c.

(ii) When the department of public safety obtains a criminal history record, the department shall promptly provide a copy of the record to the applicant principal officer, board member, agent, volunteer, or employee, and to the principal officer and board, if the applicant is an agent, volunteer, or employee. The department of public safety shall inform the applicant of the right to appeal the accuracy and completeness of the record pursuant to rules adopted by the department of public safety.

(iii) The department shall comply with all laws regulating the release of criminal history records and the protection of individual privacy. No person shall confirm the existence or nonexistence of criminal history record information to any person who would not be eligible to receive the information pursuant to this subchapter.

(B)(i) The department of public safety shall not issue a registry identification card to any principal officer, board member, agent, volunteer, or employee of a compassion center who has been convicted of a drug-related offense or a violent felony. For purposes of this subchapter, “violent felony” means a listed crime as defined in 13 V.S.A. § 5301(7), or an offense involving sexual exploitation of children in violation of chapter 64 of Title 13.

(ii) The department of public safety shall adopt rules for the issuance of a registry identification card and set forth standards for determining whether an applicant should be denied a registry identification card because his or her criminal history record indicates that the person’s association with a compassion center would pose a demonstrable threat to public safety. The rules shall consider whether a person who has a conviction for an offense not listed in subdivision (B)(i) of this subdivision (c)(8) has been rehabilitated. A conviction for an offense not listed in subdivision (B)(i) of this subdivision (c)(8) shall not automatically disqualify a person for a registry identification card.

(iii) A compassion center may deny a person the opportunity to serve as a board member, agent, volunteer, or employee based on his or her criminal history record.

(C) An applicant who is denied a registry identification card may appeal the department of public safety’s determination in superior court in accordance with Rule 75 of the Vermont Rules of Civil Procedure.

(9) A registration identification card of a principal officer, board member, agent, volunteer, or employee shall expire one year after its issuance or upon the expiration of the registered organization’s registration certificate, whichever occurs first.

Sec. 11. 30 V.S.A. § 8079 is added to read:

§ 8079. BROADBAND ADOPTION PROGRAM

(a) There is established the Vermont broadband adoption program to be administered by the Vermont telecommunications authority for the purposes of accelerating the subscription to and use of broadband Internet access by the public and increasing the sustainability of broadband networks in Vermont, especially in rural and underserved communities. Through this program, the authority shall insure that broadband service is provided to at least 12,000 households and businesses left unserved by private entities.

(b) The authority shall expend monies appropriated to the Vermont broadband adoption program consistent with this section.

(c) For purposes of this section, a “community” shall be a local geographic area of the state defined by the authority and consisting of one or more geographic areas with a defined boundary, including municipalities, telephone exchanges, ZIP codes, or census blocks.

(d) For purposes of this section, “broadband” service shall mean Internet access services which provide download speeds not less than 1.5 megabits per second and upload speeds not less than 200 kilobits per second. Service provided by satellite shall not qualify as “broadband.” In addition, the authority shall give priority to broadband services which meet or exceed the

minimum technical service characteristic objectives established pursuant to section 8077 of this title, and may adopt any new such objectives established pursuant to section 8077 of this title in place of the definition provided in this subsection.

(e) In each fiscal year in which funding is available for the program, the authority shall establish target communities in which it will offer incentives to broadband service providers. In selecting the target communities, the authority shall consider, to the extent possible:

(1) the proportion of homes and businesses in those communities without access to broadband service and without access to broadband service meeting the minimum technical service characteristic objectives established under section 8077 of this title;

(2) the level of adoption of broadband services by residential and business users within the community;

(3) opportunities to leverage or support other sources of federal, state, or local funding for the expansion or adoption of broadband service;

(4) the number of potential new subscribers in each community and the total level of funding available for the program; and

(5) the geographic location of selected communities and whether new target communities would further the goal of bringing broadband services to all regions of the state.

(f) For each target community, the authority shall seek proposals through a competitive process from broadband service providers who agree to improve, expand, or introduce broadband service in the community. The authority shall consider in its selection of broadband service providers the factors used in selecting the target communities, and also the quality of the proposed broadband services and the plans of applicants to market and promote the adoption of its broadband services in the target communities. Based on the number and quality of proposals received, the authority may seek additional proposals, adjust the boundaries of the communities it has defined, or elect to not provide assistance in some target communities.

(g) Broadband service providers that agree to receive assistance under this program for a target community shall within 18 months make broadband service available to all occupied nonseasonal home and business locations within the community at upload and download speeds which shall be specified in a grant agreement with the authority, which shall not be less than speeds commonly offered by the broadband service provider in other areas it serves in the state.

(h) The authority shall provide a broadband service provider selected to

receive assistance for a target community with a grant per new broadband subscriber in the target community. The amount of the grant shall be equal to a monthly refund level established by the authority. Prior to July 1, 2013, the authority shall establish a monthly refund level not exceeding \$20.00 per month. Grants shall be sufficient to provide the monthly refund level for a period of 12 months. The broadband service provider shall apply the amount of the monthly refund level as a credit to the amount owed by a subscriber for service. The authority may require new subscribers to claim the credit on line, which may include initiating one or more on-line transactions with state services offered on line. To the extent possible and consistent with the cost-effective administration of the program, the authority shall limit grants awarded such that they are awarded for subscribers who have not previously had broadband service available in the target community.

(i) Prior to distribution of grant funding, the authority shall seek and obtain a reasonable demonstration that a selected broadband service provider has adequate capital funding available to complete the expansion of service required by subsection (g) of this section.

(j) Broadband service providers that agree to receive assistance under this program shall offer a broadband service on at least one tier of service at a price that shall not exceed the amount of the monthly refund level for one year after the subscriber initiates service. Broadband providers may offer additional tiers of broadband service or bundles of broadband service and other services without limit on price due to participation in this program.

(k) For good cause, if no satisfactory proposals to provide service in a target community are received, the authority may provide partial or full refunds for reasonable nonrecurring charges associated with initiation of service and may either establish for a target community a monthly grant level higher than otherwise allowed by subsection (h) of this section, or modify the price limitations of subsection (j) of this section, or both. In no case shall the monthly refund level exceed the price of the lowest tier of broadband service offered in a target community.

(l) During any quarter it receives assistance under this program, a broadband service provider shall provide information regarding broadband service availability, adoption, speed, and price to the entity selected by the National Telecommunications and Information Administration to receive funding for broadband data collection in Vermont under the state broadband data and development grant program established under the American Recovery and Reinvestment Act of 2009, Pub.L. No. 111-5 and the Broadband Data Improvement Act of 2008, P.L. No. 110-385.

(m) The authority may use up to 10 percent of the funds appropriated to the program to provide financial incentives for new subscribers in target

communities to conduct transactions with state government on line instead of in person or in paper form, not to exceed \$50.00 per new subscriber. Notwithstanding any other provision of this section, the authority may use up to 50 percent of the funds appropriated to the program to provide any state match which may be required if Congress extends the federal telephone lifeline program to include broadband service, or if Congress enacts any other program to provide financial assistance for low income consumers of broadband service as it may be defined under federal law. If the authority acts pursuant to this subsection, it shall send notice to the commissioner of public service, the speaker of the house, and the president pro tempore of the senate. Upon receipt of such notice, the commissioner of public service shall make a recommendation to the general assembly within six months regarding changes to Vermont statutes or rules regarding the telephone lifeline program and changes which may be required to provide ongoing support for a similar program for broadband.

(n) Of the funds appropriated to the broadband adoption program, the authority may use up to five percent for administration of the funds received.

(o) On or before January 1, 2011, the authority shall submit a report to the house committee on commerce and community development and the senate committee on economic development, housing and general affairs that details the progress it has made in reaching the goals of the broadband adoption program established by this section, specifically in terms of reaching the 12,000 unserved Vermonters.

* * * Agreements Pertaining to Telecommunications Facilities * * *

Sec. 12. 30 V.S.A. § 8079 is added to read:

§ 8079. AGREEMENTS; TELECOMMUNICATIONS FACILITIES

In awarding loans or grants to entities as permitted under subdivision § 8062(a)(6) of this title, the authority shall develop terms and conditions applicable to agreements covering telecommunications infrastructure that ensure payments accrue in reasonable installments and at reasonable intervals, particularly with respect to the time period commencing after an agreement is entered into but before the telecommunications facility that is the subject of the agreement is ready for commercial use.

* * * Farm-to-Plate Investment Program * * *

Sec. 13. FARM-TO-PLATE INVESTMENT PROGRAM

The funds received pursuant to Sec. 7(b) of this act shall be used to further the initiatives of the farm-to-plate investment program established in 10 V.S.A. § 330 and support entities that will enhance the production, storage, processing, and distribution infrastructure of the Vermont food system. The

funds shall be competitively awarded by the program director, in consultation with the secretary of agriculture, food and markets and the Vermont sustainable agriculture council, in the form of grants to nonprofit farmers' markets and like entities that are ready to implement their business plans or expand their existing operations to provide additional capacity and services within the food system. The funds also may be used for the coordination and implementation of the recommendations contained in the strategic plan of the farm-to-plate investment program.

Sec. 13a. 10 V.S.A. § 330(c)(4) is added to read:

(4) The farm-to-plate investment program strategic plan shall also include recommendations regarding measurable outcomes that shall be tracked over the ten-year life of the plan; methods for the ongoing collection of data necessary to track those outcomes; plans for updating the plan as needed; and appropriate methods to track the ongoing economic contribution of the farm and food sector to the Vermont economy.

Sec. 5.507. VEDA – ECONOMIC RECOVERY AND OPPORTUNITY PROGRAM

(a) The state treasurer in consultation with the secretary of administration shall negotiate an agreement to advance up to \$1,250,000 to the Vermont economic development authority (“VEDA”) in fiscal year 2009.

(b) ~~In fiscal 2009, a write down of the advance in the amount of \$257,000 shall be made as an estimate of subsidy costs to be incurred by VEDA in 2009. (e) VEDA shall submit the advance agreement to the state treasurer and secretary of administration; said agreement shall include the following:

~~(3) The subsidies to VEDA borrowers will be for a maximum of three years from the date of closing of each enrolled loan.~~

~~(4) A maximum of \$18 million in VEDA loans can be made under the program over a 24 month period commencing on the effective date of the legislation.~~

* * * Recovery Zone Facility Bond (RZFB) Program * * *

Sec. 18. RZFB PROGRAM; PUBLIC OUTREACH

(a) The American Recovery and Reinvestment Act of 2009 (ARRA), Pub.L. No. 111-5, allocates authority for the issuance of \$135,000,000.00 of recovery zone facility (private activity) bonds to Vermont, which must be issued before the end of calendar year 2010.

(b) The federal government issued the bonding authorizations to 11 of Vermont's 14 counties; however, in the opinion of the Vermont attorney general, Vermont counties do not have the necessary authority to issue or authorize others to issue facility bonds. ARRA allows the counties to waive their allocations to state government, which they did. In October 2009, the emergency board approved a plan designating the Vermont economic development authority (VEDA) as the entity responsible for issuing the bonds.

(c) The recovery zone facility bond (RZFB) program is designed to aid certain businesses through the issuance of tax-exempt bonds. Tax-exempt bonds traditionally carry lower interest rates than conventional bank loans

because income earned by purchasers of these bonds is exempt from federal and, in some cases, state tax. VEDA is encouraged to take any steps necessary to increase public awareness of the RZFB program.

(d) VEDA is authorized to increase the current \$25,000,000.00 cap per project to \$50,000,000.00.

* * * Recovery Zone Economic Development Bond (RZEDB) Program * * *

Sec. 19. RZEDB; PUBLIC OUTREACH

(a) The American Recovery and Reinvestment Act of 2009 (ARRA), Pub.L. No. 111-5, allocates authority for the issuance of \$90,000,000.00 of recovery economic development bonds to Vermont. The Vermont municipal bond bank is responsible for issuing the bonds, which must be issued before the end of calendar year 2010.

(b) The recovery zone economic development bonds (RZEDBs) are a category of Build America Bonds (BABs), and sometimes referred to as “super BABs.” They reduce by 45 percent the cost of the kind of tax-exempt bonding normally done by towns, counties, school districts, and the state. They may be used to fund capital expenditures for real and personal property; public infrastructure and facilities; and expenditures for job training and education programs.

(c) The Vermont municipal bond bank, in consultation with the Vermont League of Cities and Towns, shall make all reasonable efforts to inform public entities in Vermont about the availability, terms, and conditions of REZDBs to Ensure that Vermont, as a whole, is able to maximize the use of these favorable instruments of economic development.

* * * Legislative Priorities for ARRA Funds * * *

Sec. 20. LEGISLATIVE PRIORITIES FOR ARRA FUNDS

With respect to federal funds potentially available to the state of Vermont as competitive funds under the ARRA and in addition to any other legislatively identified priorities established with regard to ARRA funds, the general assembly establishes the following equal priorities as outlined in this section.

(1) Railroad projects determined by the Vermont office of economic stimulus and recovery as being consistent with Vermont’s transportation plan.

(2) With respect to passenger rail funds requested by the state, funds for making upgrades to passenger rail service along the western corridor, such as the Ethan Allen Express improvements and extension corridor program. This corridor program consists of track and crossing improvements and a bridge project along the existing Ethan Allen Express Amtrak route as well as an extension of that service from Hoosick, NY to Bennington, from Bennington

to Rutland and from Rutland to Burlington. The program will serve to support intercity passenger rail service through the most populous area of the state and further connect vital economic regions of the state to each other and to the state of New York.

(3) Telecommunications projects determined by Vermont's chief technology officer as being consistent with the goals and policies established under chapter 91 of Title 30.

Sec. 21. REPEAL; PRIORITIES FOR MUNICIPAL TELECOMMUNICATIONS

Sec. 17(d) of No. 54 of the Acts of 2009 (municipal priorities for municipal communications services) is repealed.

Sec. 22. COORDINATION OF FARM-TO-PLATE, FARM-TO-SCHOOL, AND FARM-TO-INSTITUTIONS PROGRAMS

Sec. 23. 30 V.S.A. § 218(b)(3) is added to read:

* * * International Trade Agreements: Prior Approval * * *

Sec. 43. 9 V.S.A. chapter 111A is added to read:

CHAPTER 111A. APPROVAL OF INTERNATIONAL TRADE AGREEMENTS

§ 4125. FINDINGS AND PURPOSE

The general assembly makes the following findings of fact:

(1) Today's international trade agreements have impacts which extend significantly beyond the bounds of traditional trade matters such as tariffs and quotas. Restrictive government procurement rules, for example, may undermine state purchasing laws and preferences that are designed to promote good jobs and a healthy environment.

(2) Economic development and environmental policies that might be constrained by government procurement provisions in international trade agreements include buy-local laws, recycled-content laws, and renewable energy purchasing requirements. Measures that conflict with obligations in one or more international trade agreements could be challenged as potential barriers to trade.

(3) Currently, the Office of the United States Trade Representative asks state governors, without input from state legislatures, whether they will commit state purchasing to trade rules. States, through their governors, may opt into or out of trade rules dealing with government procurement.

(4) Historically, the general assembly and the governor have worked together to adopt and implement state procurement policies. The decision to consent to the coverage of Vermont under procurement provisions of international trade agreements should also include consultation with the legislative branch.

(5) If new trade rules permit states to opt into or out of trade rules dealing with investment and services, in addition to procurement, then the general assembly intends for the procedures in this chapter to apply to those provisions as well.

§ 4126. DEFINITIONS

As used in this chapter:

(1) "Commission" means the commission on international trade and state sovereignty established in 3 V.S.A. § 23.

(2) "International trade agreement" or "trade agreement" means a trade agreement between the federal government and a foreign country. It does not include a trade agreement between the state and a foreign country to which the federal government is not a party.

§ 4127. APPROVAL OF TRADE AGREEMENTS

(a) If the United States government provides the state with the opportunity to consent to or reject binding the state to a trade agreement, or a provision within a trade agreement, then an official of the state, including the governor, may not bind the state or give consent to the United States government to bind

the state in those circumstances, except as provided in this section.

(b) When a communication from the United States trade representative concerning a trade agreement provision is received by the state, the governor shall submit a copy of the communication and the proposed trade agreement, or relevant provisions of the trade agreement, to the chairs of the commission, the president pro tempore of the senate, the speaker of the house of representatives, and the relevant legislative standing committees of jurisdiction.

(c) The commission shall review and analyze the trade agreement and issue a recommendation on the potential impact of the trade agreement to the governor.

(d) Prior to binding the state to the trade agreement, the governor shall consider the commission's recommendation and then shall report his or her intended action on the trade agreement to the members of the emergency board. A majority of the emergency board may request an opportunity to consider the issue at a meeting and make a recommendation to the governor prior to the governor binding the state.

(e) Upon completion of the consultation process provided for in this section, the governor may bind the state to the trade agreement.

Sec. 44. 3 V.S.A. § 23(b) is amended to read:

(b) Membership. There is created a commission on international trade and state sovereignty consisting of:

(1) ~~the chair of the house committee on commerce or his or her designee~~ two legislators appointed by the speaker of the house;

(2) ~~the chair of the senate committee on economic development, housing and general affairs or his or her designee~~ two legislators appointed by the committee on committees;

(4) a representative of organized labor, appointed by the governor from a list provided by Vermont AFL-CIO, Vermont NEA, and the Vermont state employees' association;

(5) the secretary of commerce and community development or his or her designee;

(6) the attorney general or his or her designee;

(7) a representative of an exporting Vermont business, appointed by the

governor; ~~and~~

(8) a representative of a Vermont business actively involved in international trade, appointed by the governor;

(9) the secretary of agriculture or his or her designee;

(10) a representative of a human rights organization, appointed by the governor; and

(11) a representative of a Vermont chamber of commerce, appointed by the governor.

S. 138.

An act relating to credit card fees.

Reported favorably with recommendation of amendment by Senator Campbell for the Committee on Judiciary.

The Committee recommends that the bill be amended by striking out all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. FINDINGS

(a) While credit card use offers benefits to consumers and merchants, including safety of financial information, convenience, and guaranteed payment to merchants, courts have found that Visa and MasterCard and their member banks have major market power.

(b) Electronic payment system networks, such as those incorporated by Visa and MasterCard, set the level of credit and debit card interchange fees charged by their member banks, even though those banks are supposed to be competitors.

(c) Credit and debit card interchange fees inflate the prices consumers pay for goods and services. Competitors should set their own prices and compete on that basis.

(d) Consumers are increasingly using credit and debit card electronic payment systems to purchase goods and services.

(e) In order to provide the desired convenience to consumers, most merchants must agree to accept credit and debit cards.

(f) Some electronic payment system networks market themselves as currency and promote use of their products as though they were a complete substitution for legal tender.

(g) Due to the market power of the two largest electronic payment system networks, merchants do not have negotiating power with regard to the contract for acceptance of credit and debit cards and the cost of the interchange fees for such acceptance.

(h) Merchants are subject to contracts that allow the electronic payment system networks to change the terms without notice, subject merchants to staggering fines, or reinterpret the rules and hold the merchant responsible.

(i) Merchants have expressed interest in working with customers to give customers the types of pricing options they would like but that are currently blocked by the terms or interpretations of unfair contracts necessary to accept credit and debit cards.

(j) Small businesses in Vermont are often treated as consumers. The protections of this bill are intended to apply to consumers as well as to businesses in Vermont.

fees to be charged by any issuer of its payment cards, agent, processor, or member of the system unless such issuer, agent, or processor is the electronic payment system itself and not a separate legal entity.

§ 2480q. PENALTIES

(a) The following penalties shall apply to violations of this subchapter:

(1) Any electronic payment system found to have violated subsection 2480p(a) or (b) of this subchapter shall reimburse all affected merchants for all chargebacks, fees, and fines collected from affected merchants directly or through any agent, processor, or member of the system during the period of time in which the electronic payment system was in violation and be liable for a civil penalty of \$10,000.00 per chargeback, fee, or fine levied in violation of subsection 2480p(a) or (b) of this subchapter.

(b) These penalties shall not apply to entities acting exclusively as agents, processors, or members that are not electronic payment systems.

§ 2480r. SEVERABILITY

If any provision of this subchapter or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this subchapter which can be given effect without the invalid provision or application, and, to this end, the provisions of this subchapter are severable.
