# AMENDMENT TO S. 247 TO BE OFFERED BY SENATORS NITKA AND SEARS

Senators Nitka and Sears move that the bill be amended by striking out all after the enacting clause and inserting in lieu thereof the following:

# Sec. 1. FINDINGS

The general assembly finds that:

(1) According to a 2009 article in the American Journal of Public Health, bisphenol A (BPA) is a synthetic estrogen that was originally considered for use in managing challenging pregnancies. Low-dose exposure to BPA has been linked to breast cancer, prostate cancer, recurrent miscarriages, early onset puberty, reduced sperm count, delayed development, heart disease, diabetes, and obesity.

(2) According to a 2006 article in the journal *Environmental Research*, over 90 percent of the more than 100 government-funded studies of low-dose exposure to BPA have demonstrated adverse health effects.

(3) According to the Centers for Disease Control and Prevention, more than 90 percent of Americans have detectable levels of BPA in their bodies, and children have higher concentrations of BPA in their bodies than do adolescents or adults.

(4) According to Frederick vom Saal, professor of biological sciences at the University of Missouri–Columbia, approximately seven billion pounds of BPA is produced globally each year for use in baby bottles, dental sealants, compact discs, water bottles, food cans, and a wide variety of other items.

(5) According to the nonprofit organization Environment and Human Health, Inc., BPA is one of the most frequently detected industrial chemicals in groundwater and is also found in landfill leachate, surface water, sewage, sludge, and treated wastewater discharge.

(6) According to William Hoyle of the North American Metal Packaging Alliance, Inc., at least 53 percent of infants born in Vermont relied on the Women, Infants, and Children (WIC) program in 2009.

(7) According to information provided by the Vermont Public Interest Research Group, alternatives to BPA already exist and the use of BPA should be limited in order to protect the health of the citizens and environment of Vermont.

## Sec. 2. 18 V.S.A. § 1512 is added to read:

#### <u>§ 1512. BISPHENOL A</u>

(a) As used in this section, "child's container or utensil" means an empty baby bottle, spill-proof cup, or reusable utensil intended by the manufacturer primarily for use by a child three years of age or younger.

(b) Beginning July 1, 2010, no person or entity shall manufacture, sell, or distribute in commerce in this state any child's container or utensil that contains bisphenol A.

(c) A violation of this section shall be deemed a violation of the Consumer Fraud Act, chapter 63 of Title 9. The attorney general has the same authority to make rules, conduct civil investigations, enter into assurances of discontinuance, and bring civil actions, and private parties have the same rights and remedies, as provided under subchapter 1 of chapter 63 of Title 9.

# Sec. 3. IMPLEMENTATION IN OTHER JURISDICTIONS AND AVAILABILITY OF ALTERNATIVE CONTAINERS

The department of health, in consultation with interested stakeholders, shall monitor and evaluate the implementation of bans on bisphenol A in consumer products in other states and municipalities, including the impact on those states' Women, Infants, and Children (WIC) programs. The department shall also identify as soon as possible one or more bisphenol A-free containers for use in Vermont's WIC program. No later than January 15, 2012, the department shall report to the house committees on human services and on judiciary and the senate committees on health and welfare and on judiciary its findings and recommendations with respect to expanding the scope of Vermont's bisphenol A ban, the impacts on WIC programs, and the availability of bisphenol A-free containers.

Sec. 11. 30 V.S.A. § 8079 is added to read:

#### § 8079. BROADBAND ADOPTION PROGRAM

(a) There is established the Vermont broadband adoption program to be administered by the Vermont telecommunications authority for the purposes of accelerating the subscription to and use of broadband Internet access by the public and increasing the sustainability of broadband networks in Vermont, especially in rural and underserved communities. Through this program, the authority shall insure that broadband service is provided to at least 12,000 households and businesses left unserved by private entities.

(b) The authority shall expend monies appropriated to the Vermont broadband adoption program consistent with this section.

(c) For purposes of this section, a "community" shall be a local geographic area of the state defined by the authority and consisting of one or more geographic areas with a defined boundary, including municipalities, telephone exchanges, ZIP codes, or census blocks.

(d) For purposes of this section, "broadband" service shall mean Internet access services which provide download speeds not less than 1.5 megabits per second and upload speeds not less than 200 kilobits per second. Service provided by satellite shall not qualify as "broadband." In addition, the authority shall give priority to broadband services which meet or exceed the minimum technical service characteristic objectives established pursuant to section 8077 of this title, and may adopt any new such objectives established pursuant to section 8077 of this title in place of the definition provided in this subsection.

(e) In each fiscal year in which funding is available for the program, the authority shall establish target communities in which it will offer incentives to broadband service providers. In selecting the target communities, the authority shall consider, to the extent possible:

(1) the proportion of homes and businesses in those communities without access to broadband service and without access to broadband service meeting the minimum technical service characteristic objectives established under section 8077 of this title;

(2) the level of adoption of broadband services by residential and business users within the community;

(3) opportunities to leverage or support other sources of federal, state, or local funding for the expansion or adoption of broadband service;

(4) the number of potential new subscribers in each community and the total level of funding available for the program; and

(5) the geographic location of selected communities and whether new target communities would further the goal of bringing broadband services to all regions of the state.

(f) For each target community, the authority shall seek proposals through a competitive process from broadband service providers who agree to improve, expand, or introduce broadband service in the community. The authority shall consider in its selection of broadband service providers the factors used in selecting the target communities, and also the quality of the proposed broadband services and the plans of applicants to market and promote the adoption of its broadband services in the target communities. Based on the number and quality of proposals received, the authority may seek additional proposals, adjust the boundaries of the communities it has defined, or elect to not provide assistance in some target communities.

(g) Broadband service providers that agree to receive assistance under this program for a target community shall within 18 months make broadband service available to all occupied nonseasonal home and business locations within the community at upload and download speeds which shall be specified in a grant agreement with the authority, which shall not be less than speeds commonly offered by the broadband service provider in other areas it serves in the state.

(h) The authority shall provide a broadband service provider selected to

receive assistance for a target community with a grant per new broadband subscriber in the target community. The amount of the grant shall be equal to a monthly refund level established by the authority. Prior to July 1, 2013, the authority shall establish a monthly refund level not exceeding \$20.00 per month. Grants shall be sufficient to provide the monthly refund level for a period of 12 months. The broadband service provider shall apply the amount of the monthly refund level as a credit to the amount owed by a subscriber for service. The authority may require new subscribers to claim the credit on line, which may include initiating one or more on-line transactions with state services offered on line. To the extent possible and consistent with the cost-effective administration of the program, the authority shall limit grants awarded such that they are awarded for subscribers who have not previously had broadband service available in the target community.

(i) Prior to distribution of grant funding, the authority shall seek and obtain a reasonable demonstration that a selected broadband service provider has adequate capital funding available to complete the expansion of service required by subsection (g) of this section.

(j) Broadband service providers that agree to receive assistance under this program shall offer a broadband service on at least one tier of service at a price that shall not exceed the amount of the monthly refund level for one year after the subscriber initiates service. Broadband providers may offer additional tiers of broadband service or bundles of broadband service and other services without limit on price due to participation in this program.

(k) For good cause, if no satisfactory proposals to provide service in a target community are received, the authority may provide partial or full refunds for reasonable nonrecurring charges associated with initiation of service and may either establish for a target community a monthly grant level higher than otherwise allowed by subsection (h) of this section, or modify the price limitations of subsection (j) of this section, or both. In no case shall the monthly refund level exceed the price of the lowest tier of broadband service offered in a target community.

(1) During any quarter it receives assistance under this program, a broadband service provider shall provide information regarding broadband service availability, adoption, speed, and price to the entity selected by the National Telecommunications and Information Administration to receive funding for broadband data collection in Vermont under the state broadband data and development grant program established under the American Recovery and Reinvestment Act of 2009, Pub.L. \* \* \* VEDA: Extension of Time for Economic Recovery and Opportunity Program \* \* \*

Sec. 17. Sec. 5.507 of No. 192 of the Acts of the 2007 Adj. Sess. (2008) shall be amended to read:

Sec. 5.507. VEDA – ECONOMIC RECOVERY AND OPPORTUNITY PROGRAM

(a) The state treasurer in consultation with the secretary of administration shall negotiate an agreement to advance up to \$1,250,000 to the Vermont economic development authority ("VEDA") in fiscal year 2009.

(b) In fiscal 2009, a write down of the advance in the amount of \$257,000 shall be made as an estimate of subsidy costs to be incurred by VEDA in 2009. Any difference between the actual subsidy costs incurred by VEDA in any fiscal year 2009 through 2013 shall be adjusted in the following year's

#### write-down amount.

(c) VEDA shall submit the advance agreement to the state treasurer and secretary of administration; said agreement shall include the following:

(1) The agreement shall be structured to allow a structure that allows VEDA flexibility to use the subsidy funds in the most effective way to generate new loan volume as quickly as possible to act as a stimulant to the Vermont economy-; and

(2) Terms terms of repayment or write-down of the advance in years 2010 through 2013 shall be contingent on VEDA's demonstrated use of the advance proceeds, and any interest earned thereon, to offset the revenue lost by VEDA over the same period as a result of subsidies made by VEDA to its borrowers.

(3) The subsidies to VEDA borrowers will be for a maximum of three years from the date of closing of each enrolled loan.

(4) A maximum of \$18 million in VEDA loans can be made under the program over a 24 month period commencing on the effective date of the legislation.

(5) The program will terminate when all VEDA borrowers enrolled in the program have completed their respective three-year subsidy periods.

\* \* \* Recovery Zone Facility Bond (RZFB) Program \* \* \*

#### Sec. 18. RZFB PROGRAM; PUBLIC OUTREACH

(a) The American Recovery and Reinvestment Act of 2009 (ARRA), Pub.L. No. 111-5, allocates authority for the issuance of \$135,000,000.00 of recovery zone facility (private activity) bonds to Vermont, which must be issued before the end of calendar year 2010.

(b) The federal government issued the bonding authorizations to 11 of Vermont's 14 counties; however, in the opinion of the Vermont attorney general, Vermont counties do not have the necessary authority to issue or authorize others to issue facility bonds. ARRA allows the counties to waive their allocations to state government, which they did. In October 2009, the emergency board approved a plan designating the Vermont economic development authority (VEDA) as the entity responsible for issuing the bonds.

(c) The recovery zone facility bond (RZFB) program is designed to aid certain businesses through the issuance of tax-exempt bonds. Tax-exempt bonds traditionally carry lower interest rates than conventional bank loans

because income earned by purchasers of these bonds is exempt from federal and, in some cases, state tax. VEDA is encouraged to take any steps necessary to increase public awareness of the RZFB program.

(d) VEDA is authorized to increase the current \$25,000,000.00 cap per project to \$50,000,000.00.

\* \* \* Recovery Zone Economic Development Bond (RZEDB) Program \* \* \*

# Sec. 19. RZEDB; PUBLIC OUTREACH

(a) The American Recovery and Reinvestment Act of 2009 (ARRA), Pub.L. No. 111-5, allocates authority for the issuance of \$90,000,000.00 of recovery economic development bonds to Vermont. The Vermont municipal bond bank is responsible for issuing the bonds, which must be issued before the end of calendar year 2010.

(b) The recovery zone economic development bonds (RZEDBs) are a category of Build America Bonds (BABs), and sometimes referred to as "super BABs." They reduce by 45 percent the cost of the kind of tax-exempt bonding normally done by towns, counties, school districts, and the state. They may be used to fund capital expenditures for real and personal property; public infrastructure and facilities; and expenditures for job training and education programs.

(c) The Vermont municipal bond bank, in consultation with the Vermont League of Cities and Towns, shall make all reasonable efforts to inform public entities in Vermont about the availability, terms, and conditions of REZDBs to Ensure that Vermont, as a whole, is able to maximize the use of these favorable instruments of economic development.

\* \* \* Legislative Priorities for ARRA Funds \* \* \*

#### Sec. 20. LEGISLATIVE PRIORITIES FOR ARRA FUNDS

(2) With respect to passenger rail funds requested by the state, funds for making upgrades to passenger rail service along the western corridor, such as the Ethan Allen Express improvements and extension corridor program. This corridor program consists of track and crossing improvements and a bridge project along the existing Ethan Allen Express Amtrak route as well as an extension of that service from Hoosick, NY to Bennington, from Bennington to Rutland and from Rutland to Burlington. The program will serve to support intercity passenger rail service through the most populous area of the state and further connect vital economic regions of the state to each other and to the state of New York.

(3) Telecommunications projects determined by Vermont's chief technology officer as being consistent with the goals and policies established under chapter 91 of Title 30.

\* \* \* International Trade Agreements: Prior Approval \* \* \*

Sec. 43. 9 V.S.A. chapter 111A is added to read:

# CHAPTER 111A. APPROVAL OF INTERNATIONAL TRADE AGREEMENTS

#### § 4125. FINDINGS AND PURPOSE

The general assembly makes the following findings of fact:

(1) Today's international trade agreements have impacts which extend significantly beyond the bounds of traditional trade matters such as tariffs and quotas. Restrictive government procurement rules, for example, may undermine state purchasing laws and preferences that are designed to promote good jobs and a healthy environment.

(2) Economic development and environmental policies that might be constrained by government procurement provisions in international trade agreements include buy-local laws, recycled-content laws, and renewable energy purchasing requirements. Measures that conflict with obligations in one or more international trade agreements could be challenged as potential barriers to trade.

(3) Currently, the Office of the United States Trade Representative asks state governors, without input from state legislatures, whether they will commit state purchasing to trade rules. States, through their governors, may opt into or out of trade rules dealing with government procurement.

(4) Historically, the general assembly and the governor have worked together to adopt and implement state procurement policies. The decision to consent to the coverage of Vermont under procurement provisions of international trade agreements should also include consultation with the legislative branch.

(5) If new trade rules permit states to opt into or out of trade rules dealing with investment and services, in addition to procurement, then the general assembly intends for the procedures in this chapter to apply to those provisions as well.

# § 4126. DEFINITIONS

As used in this chapter:

(1) "Commission" means the commission on international trade and state sovereignty established in 3 V.S.A. § 23.

(2) "International trade agreement" or "trade agreement" means a trade agreement between the federal government and a foreign country. It does not include a trade agreement between the state and a foreign country to which the federal government is not a party.

# § 4127. APPROVAL OF TRADE AGREEMENTS

(a) If the United States government provides the state with the opportunity to consent to or reject binding the state to a trade agreement, or a provision within a trade agreement, then an official of the state, including the governor, may not bind the state or give consent to the United States government to bind the state in those circumstances, except as provided in this section.

(b) When a communication from the United States trade representative concerning a trade agreement provision is received by the state, the governor shall submit a copy of the communication and the proposed trade agreement, or relevant provisions of the trade agreement, to the chairs of the commission, the president pro tempore of the senate, the speaker of the house of representatives, and the relevant legislative standing committees of jurisdiction.

(c) The commission shall review and analyze the trade agreement and issue a recommendation on the potential impact of the trade agreement to the governor.

(d) Prior to binding the state to the trade agreement, the governor shall consider the commission's recommendation and then shall report his or her intended action on the trade agreement to the members of the emergency board. A majority of the emergency board may request an opportunity to consider the issue at a meeting and make a recommendation to the governor prior to the governor binding the state.

(e) Upon completion of the consultation process provided for in this section, the governor may bind the state to the trade agreement.

Sec. 44. 3 V.S.A. § 23(b) is amended to read:

(b) Membership. There is created a commission on international trade and state sovereignty consisting of:

(1) the chair of the house committee on commerce or his or her designee two legislators appointed by the speaker of the house;

(2) the chair of the senate committee on economic development, housing and general affairs or his or her designee two legislators appointed by the committee on committees;

(3) a representative of a nonprofit environmental organization, appointed by the governor from a list provided by the Vermont Natural Resources Council;

(4) a representative of organized labor, appointed by the governor from a list provided by Vermont AFL-CIO, Vermont NEA, and the Vermont state employees' association;

(5) the secretary of commerce and community development or his or her designee;

(6) the attorney general or his or her designee;

(7) a representative of an exporting Vermont business, appointed by the

governor; and

(8) a representative of a Vermont business actively involved in international trade, appointed by the governor:

(9) the secretary of agriculture or his or her designee;

(10) a representative of a human rights organization, appointed by the governor; and

(11) a representative of a Vermont chamber of commerce, appointed by the governor.

Sec. 45. EFFECTIVE DATE

This act shall take effect on passage.

#### AMENDMENT TO S. 288 TO BE OFFERED BY SENATOR ILLUZZI

Senator Illuzzi, on behalf of the Committee on Economic Development, Housing and General Affairs, recommends that the Senate concur with the House proposal of amendment with further proposals of amendment as follows:

<u>First</u>: In Sec. 1, by striking out subsection (c) (relating to Challenges for Change steps and outcomes) in its entirety.

<u>Second</u>: In Sec. 2, by striking out subsection (a) in its entirety and by inserting in lieu thereof the following:

(a) In fiscal year 2010, \$8,665,000.00 from the state fiscal stabilization fund general services fund that remains available to Vermont under the American Recovery and Reinvestment Act of 2009 (ARRA), Pub.L. No. 111-5, shall be appropriated to the secretary of administration, who is directed to transfer the funds to the department of public safety for the costs of the state police. The secretary of administration is further directed to reduce the general fund appropriation for the state police by \$8,665,000.00. From the general fund, the amount of \$8,665,000.00 is hereby appropriated as prescribed in Secs. 3–10d of this act.

<u>Third</u>: In Sec. 2, by striking out subsection (b) (permitting the secretary of administration to swap general fund funds with SFSF funds) in its entirety and by relettering the remaining subsections accordingly.

<u>Fourth</u>: By striking out Sec. 3 in its entirety and by inserting in lieu thereof the following:

Sec. 3. ENTREPRENEURS' SEED CAPITAL FUND

(a) The amount of \$850,000.00 is appropriated to the entrepreneurs' seed capital fund established under chapter 14A of Title 10.

(b) This appropriation will supplement the \$1,000,000.00 of ARRA funds in the clean energy development fund transferred to the seed capital fund pursuant to Sec. 10f of this act as well as the \$2,150,000.00 appropriated to the fund under No. 54 of the Acts of 2009 and the \$1,000,000.00 in federal funds received by the fund manager, Vermont Center for Emerging Technologies, Inc. (VCET), from the economic development initiative of the United States Department of Housing and Urban Development and pledged as a match to the seed fund. In addition, H.789 of the 2010 legislative session (the big bill) contains an appropriation to VCET; however, these big-bill funds are intended to cover the operational costs of VCET in lieu of funding which will no longer be provided by the University of Vermont.

(c) Equity capital is a major basis upon which lenders make loan decisions. Unfortunately, early stage equity capital remains a vital financing gap for Vermont entrepreneurs, preventing job creation and new tax revenue generation. To accelerate job growth by helping emerging firms get across this funding gap, the entrepreneurs' seed capital fund was initiated last year. The fund manager has already identified 38 firms across Vermont in sectors such as life sciences, agriculture, energy, software, and manufacturing who are now seeking over \$45,000,000.00 in early-stage equity capital with an estimated three-year job creation of nearly 700 jobs. In order to attract high-potential firms and maximize this revolving fund's ability and competitiveness to leverage dollars both from newly available federal and from private sources, the size of the fund must be at least \$5,000,000.00.

(d) The entrepreneurs' seed capital fund is now focused on high-opportunity, value-adding employers rather than more general retail and services sectors, which currently have ample access to financial resources and lenders. In fact, in contrast to events last year, this year Vermont banks have seen dramatic increases in the making of commercial loans, and liquidity and credit in debt form have returned significantly. On the other hand, venture capital investment remains at dramatic lows, down nearly 33 percent in the last year alone.

(e) Vermont's capitalization of the entrepreneurs' seed capital fund represents a one-time investment in financial infrastructure that will revolve for at least 10 years. The seed fund does not require an annual state subsidy.

<u>Fifth</u>: By striking out Sec. 4 (relating to the broadband adoption program) in its entirety and by inserting in lieu thereof the following:

#### Sec. 4. RURAL BROADBAND; VTA

(a) The amount of \$2,850,000.00 is appropriated to the Vermont telecommunications authority (VTA) for the purpose of making broadband services available to at least 10,000 households or businesses in locations where such services are not currently available, as provided in 30 V.S.A. § 8079 as established in Sec. 11 of this act. Of the appropriation made in this subsection, up to \$500,000.00 may be used for upgrades in underserved business districts, as specified in 30 V.S.A. § 8079(e).

(b) No portion of the appropriation made in subsection (a) of this section shall be encumbered or disbursed until a detailed itemization of the specific manner in which the funds shall be spent is presented to and approved by the joint fiscal committee, after obtaining input from the senate committee on economic development, housing and general affairs and the house committee on commerce and economic development.

(c) The appropriation provided in subsection (a) of this section is in addition to the proposed appropriation to the VTA in the fiscal year 2011 capital bill, intended to allow VTA to construct telecommunications infrastructure (towers and fiber-optic cable). Together, these funds will allow the VTA to leverage access to moral obligation bonding as authorized under No. 79 of the Acts of 2007.

(d) Access to telecommunications and broadband services is this era's equivalent to rural electrification in the 1930s. It was viewed at that time as uneconomical, and private electric companies were unwilling to operate lines and distribute electricity in rural areas. Under the authority of the Rural Electrification Act of 1936, the United States Department of Agriculture began making direct loans and loan guarantees to electric utilities to serve customers in rural areas. Rural electrification is now viewed as an achievement that has been a tremendous force for positive social change and social equality in rural areas.

<u>Sixth</u>: By striking out Sec. 5 (relating to the employment training program) in its entirety and by inserting in lieu thereof the following:

#### Sec. 5. VERMONT EMPLOYMENT TRAINING PROGRAM

(a) The amount of \$950,000.00 is appropriated to the department of economic, housing, and community development for grants for the Vermont employment training program established under 10 V.S.A. § 531.

(b) The appropriation provided in subsection (a) of this section, when combined with the proposed fiscal year 2011 \$1,700,000.00 appropriation, will add up to historic high funding for the training program. In fiscal year 2010, \$1,900,000.00 was appropriated to the training program.

(c) The Vermont training program works with businesses and educational institutions to develop programs targeting the manufacturing, health care, information technology, telecommunications, and environmental engineering sectors and can cover up to 50 percent of the cost of training.

<u>Seventh</u>: By striking out Sec. 6 in its entirety and by inserting in lieu thereof the following:

#### Sec. 6. TOURISM AND MARKETING; MEDIA ADVERTISING

(a) The amount of \$300,000.00 is appropriated to the department of tourism and marketing to supplement the fiscal year 2010 \$1,950,000.00 appropriation (later subject to a rescission of \$181,000.00) to increase the frequency of and expand the media buys in the state's key regional markets for Vermont's winter recreation and hospitality operations. The additional media advertising is aimed at increasing the number of visitors that will decide to visit Vermont. Should circumstances require, a portion of the appropriation will be spent to supplement the planned \$600,000.00 spring and summer media advertising campaigns. The \$300,000.00 appropriation made in this subsection also supplements the \$100,000.00 appropriated to the Vermont Convention Bureau, which is attached to the Lake Champlain Regional Chamber of Commerce, in No. 54 of the Acts of 2009.

(b) Particularly during the current recession and at a time when other states, such as Connecticut, are curtailing their travel advertising, Vermont should continue to invest in marketing and tourism and optimize the opportunities to have a positive impact on our hospitality businesses.

Eighth: By adding Sec. 6a to read as follows:

#### Sec. 6a. AGRICULTURE; VERMONT FARMERS

(a) The amount of \$1,000,000.00 is appropriated to the Vermont economic development authority (VEDA) to be used by the Vermont agricultural credit corporation for the Vermont agricultural credit program established under 10 V.S.A. § 374a to assist Vermont farmers with capital to meet operating and related needs. With this appropriation, the agricultural debt consolidation program is expected to leverage \$21,000,000.00 in loan activity.

(b) This appropriation is intended to supplement the \$1,000,000.00 general fund appropriation to VEDA contained in No. 4 of the Acts of 2009 (the budget adjustment act), which was aimed at helping farmers meet spring 2009 operating expenses.

(c) Vermont lost more than 100 farms in the last two years alone and thousands in previous years. From January to July, 2009, 33 farms ceased operations. With every working farm that shuts down, Vermont suffers economically, environmentally, and socially.

(d) Based on numbers provided in the Northeast Dairy Herd summary prepared by the Farm Credit System for New England, the cost of dairy production at present exceeds the price farmers are paid for milk. The national dairy crisis in 2009 was caused by a decline in demand for dairy products on the national and international markets due to the global economic crisis. The imbalance in supply and demand caused the price paid to dairy farmers to decline by over 40 percent from 2008. The decline in milk prices has caused Vermont dairy farmers to either go out of business or go severely into debt and has created a great deal of hardship for dairy farmers and related businesses.

<u>Ninth</u>: In Sec. 7, by striking out subsection (a) (relating to the Vermont agricultural credit corporation) in its entirety and, in subsection (b) (relating to the farm-to-plate investment program), by adding a second sentence to read as follows: "This appropriation supplements the \$100,000.00 appropriation made to the program pursuant to No. 54 of the Acts of 2009."

and by relettering the remaining subsections accordingly

Tenth: By adding Sec. 7a to read as follows:

Sec. 7a. FARM-TO-INSTITUTION PARTNERSHIPS

(a) The amount of \$100,000.00 is appropriated to the secretary of agriculture, food and markets for the purpose of providing grants for capital upgrades or the development of programs to support farm-to-institution partnerships which can be used as models for similar partnerships throughout Vermont.

(b) The purpose of the farm-to-institution initiatives is to increase institutional purchases of fresh, locally grown food. The participation of institutional buyers such as hospitals, schools, and businesses will play an important role in stimulating greater local food production and keeping more money in the local economy and will further sustain the key role that agriculture plays in the vibrant past and future of Vermont's economy.

(c) Another significant outcome of farm-to-institution programs is that as small farmers are able to secure contracts with large institutional purchasers, they are more likely to have access to financing. This is particularly true for nondairy farmers who generally do not have as many assets as dairy farmers have, such as land, machinery, and equipment, which can be used as collateral.

<u>Eleventh</u>: By striking out Sec. 8 (relating to the Champlain Bridge closure) in its entirety and by inserting in lieu thereof the following:

Sec. 8. ADDISON COUNTY; CHAMPLAIN BRIDGE CLOSURE; VERMONT JOBS FUND

(a) The amount of \$800,000.00 is appropriated to the Vermont economic development authority (VEDA) to provide interest-rate subsidies through the

Vermont jobs fund established under 10 V.S.A. § 234 and to provide loans to businesses negatively affected by the closure of the Lake Champlain bridge at Crown Point as provided in subsections (b) and (c) of this section.

(b) Addison County; Priority for Funds. For a period of 90 days after the enactment of this act, businesses and nonprofit health care organizations in Addison County that have incurred economic losses as a direct result of the closure of the Lake Champlain bridge at Crown Point may apply to VEDA for loans to assist with maintaining payroll, ordering inventory, and covering operational expenses, including increased expenses resulting from increased travel costs. VEDA shall make the loans from the Vermont jobs fund subject to the following requirements:

(1) The minimum loan issue shall be \$1,000.00; the maximum \$25,000.00.

(2) All applicants must have been in business and operational prior to October 16, 2009.

(3) Interest rates shall be established by the VEDA board of directors, but shall not exceed the current maximum interest rate applicable under the Vermont jobs fund and may be zero.

(c) With respect to loans made under subsection (b) of this section, VEDA shall establish underwriting criteria and standards to ensure that eligible businesses are credit-worthy but for the three-month closure of the Lake Champlain bridge at Crown Point; term limits are based upon individual business circumstances; criteria are established for determining which economic losses qualify as the direct result of the bridge closure; and any other terms and conditions it deems appropriate and necessary to accomplish the purposes of this section.

(d) Any appropriation not used to make loans to eligible Addison County businesses under subsection (b) of this section may be used by VEDA to make loans through the Vermont jobs fund to provide interest-rate subsidies to applicants unless there is a demonstrated financial need.

<u>Twelfth</u>: By striking out Sec. 9 (relating to the Vermont jobs fund) in its entirety and by inserting in lieu thereof the following:

Sec. 9. VEDA; VERMONT JOBS FUND

(a) The amount of \$1,000,000.00 is appropriated to the Vermont economic development authority to provide interest-rate subsidies on loans approved under the Vermont jobs fund established in 10 V.S.A. § 234.

(b) The appropriation made in subsection (a) of this section supplements the \$1,000,000.00 appropriation made to the Vermont jobs fund pursuant to No. 54 of the Acts of 2009. To date, with \$1,400,000.00 in subsidy funding (both state and ARRA funds), VEDA has been able to buy down the interest rate on commercial loans in the aggregate amount of approximately \$17,600,000.00. The proceeds of those loans have generated approximately \$58,000,000.00 of economic activity and from that amount have had a stimulative economic effect of \$28,000,000.00.

<u>Thirteenth</u>: By striking out Sec. 10 (relating to microbusiness programs) in its entirety and by inserting in lieu thereof the following:

# Sec. 10. COMMUNITY CAPITAL OF VERMONT; JOB START LOAN FUND; INDIVIDUAL DEVELOPMENT ACCOUNTS

(a) The amount of \$100,000.00 is appropriated to community capital of Vermont for the job start loan fund to support low- and moderate-income business owners who do not have access to conventional bank loans. Community Capital of Vermont, Inc. is a community-based 501(c)(3) nonprofit serving the entire state of Vermont. Administration of the Vermont job start loan program was transferred from the Vermont economic development authority to Community Capital of Vermont as of May 1, 2008. In addition to financing, Community Capital of Vermont provides postloan technical assistance grants for specialized consulting services in the areas of marketing, financial management, inventory management, and human resources.

(b) The amount of \$73,000.00 is appropriated to the office of economic opportunity within the Vermont department for children and families to be transferred to the individual development account (IDA) program established in 33 V.S.A. § 1123.

Fourteenth: By adding Sec. 10a to read as follows:

## Sec. 10a. DOWNTOWN TAX CREDIT PROGRAM

(a) The amount of \$100,000.00 shall be transferred to the general fund in fiscal year 2011 to cover the costs of allocating \$100,000.00 worth of tax credits in calendar year 2010 under the downtown and village center program pursuant to 32 V.S.A. § 5930ee, which amount is in addition to the statutory cap of \$1,700,000.00.

(b) Based on the past performance of the downtown tax credit program, the additional \$100,000.00 in tax credits authorized by this act will leverage an estimated \$1,500,000.00 in downtown rehabilitation, as well as enhance Vermont's downtowns and villages.

(c) In the Vermont Statutes Annotated, the annotations under 32 V.S.A. § 5930ee shall reflect the additional \$100,000.00 worth of tax credits authorized in calendar year 2010 pursuant to this section.

Fifteenth: By adding Sec. 10b to read as follows:

Sec. 10b. BTV; AVIATION TECHNICAL TRAINING CENTER

(a) The amount of \$150,000.00 is appropriated to the Burlington International Airport (BTV) to continue the process of planning and designing a new aviation technical training center.

(b) This appropriation supplements the \$1,000,000.00 grant in 2009 to BTV from the National Aeronautics and Space Administration (NASA) for the aviation technology training program, and a contemplated \$1,500,000.00 grant, also from NASA. NASA grants cannot be used for facility construction or planning.

(c) Tenants of the new building will include the technical training center, the Vermont Flight Academy, and the Vermont Technical College, which will support training and education leading to FAA certificates for up to 100 students annually. The current training program can only accommodate about six graduates per year.

(d) BTV shall consult with career centers and adult education directors from all regions of Vermont to develop a plan that ensures the aviation training program is available to students from all geographic regions in Vermont.

Sixteenth: By adding Sec. 10c to read as follows:

Sec. 10c. VERMONT FILM CORPORATION

(a) The amount of \$100,000.00 is appropriated to the Vermont film corporation to continue its work of creating jobs and growing the state's new media and film economy, as described in chapter 26 of Title 10. It is anticipated that the corporation will solicit funds from private sources pursuant to its authority under 10 V.S.A. § 645(3) to cover the remaining balance of its operational and other business expenses.

(b) On or before January 15, 2011, the secretary of commerce and community development and the board of directors of the Vermont film corporation shall submit a recommendation to the senate committee on economic development, housing and general affairs and the house committee on commerce and economic development as to whether the work now done by the film corporation should be assumed by the department of tourism and marketing within the agency of commerce and community development or should remain with the film corporation.

(c) Given its unique blend of creative, cultural, and educational resources, Vermont currently has an opportunity to become a destination for a new media and film industry.

(d) Vermont is home to authors, filmmakers, producers, and young people concentrating their educational and professional development in the emerging

fields of communications, multimedia and film production, graphic and digital design, and the performing arts.

(e) Vermont's natural and seasonal beauty and the charm and character of its towns and regions equal or surpass other potential destinations for the media and film industry, and these strengths position Vermont as an ideal location for filming and producing movies, television, commercials, and other media.

(f) Vermont is home to at least five institutions of higher education that provide one or more degrees or certificate programs in media or film sectors, including Burlington College's cinema studies and film production program; Champlain College's communications and creative media division; the University of Vermont's film and television studies program; Marlboro College's undergraduate programs in media, visual, and performing arts; the Johnson State College program which has produced five films to date exploring the history of various Vermont counties; and Castleton State College's concentrations in communication, mass media, and digital media.

(g) Considering these substantial resources, it is the goal of the general assembly to encourage and promote the development of a strong and dynamic media and film sector within Vermont's creative economy, but no longer to support with general fund dollars the operation of a stand-alone film corporation in and after fiscal year 2012.

<u>Seventeenth</u>: By adding Sec. 10d to read as follows:

Sec. 10d. VTC; PARAMEDIC-LEVEL TRAINING PROGRAM

(a) The amount of \$70,000.00 is appropriated to the Vermont Technical College for the purpose of contributing to the development of a statewide paramedic-level training program.

(b) This appropriation will supplement the \$25,840.00 already committed to the program by Essex Rescue, and the combined amounts will enable the grant recipients to leverage an additional \$503,360.00 of federal funds from the Federal Emergency Management Agency.

(c) Vermont is currently the only state without a statewide paramedic training program. These funds appropriated in this section will initially provide training to 15 students in the northwest region of the state and will contribute to the development of Vermont's first statewide continuing education program for paramedics in Vermont.

Eighteenth: By adding Sec. 10e to read as follows:

Sec. 10e. 18 V.S.A. § 906 is amended to read:

§ 906. EMERGENCY MEDICAL SERVICES DIVISION; RESPONSIBILITIES

To implement the policy of section 901, the department of health shall be responsible for:

\* \* \*

(8) Establishing, by rule, levels of individual certification and application forms for advanced emergency medical care. The commissioner may use the guidelines established by the American College of Surgeons' Board of Regents as a standard or other similar standards, except that a felony conviction shall not necessarily disqualify an applicant. The rules shall also provide that:

(A) An individual may apply for and obtain one or more additional certifications as an emergency medical technician intermediate, paramedic, registered nurse emergency medical technician, or physician assistant emergency medical technician.

(B) An individual licensed or certified by the commissioner as an emergency medical technician or who holds one or more additional certifications shall be able to practice fully within his or her scope of training.

(C) An applicant seeking certification under this section other than an apprentice certification shall be 18 years of age or older. An individual under 18 years of age may enroll in any course necessary for certification and may obtain apprentice certification.

(D) An individual seeking any level of certification shall be required to pass an examination approved by the commissioner for that level of certification.

(E) If there is a hardship imposed on any applicant for a certification under this section because of unusual circumstances, the applicant may apply to the commissioner for a temporary waiver of the certification provisions of this section. The commissioner may for good cause waive one or more of the certification provisions of this section. An applicant who has served as an advanced emergency medical care provider as a member of the United States Armed Forces may be granted a temporary or permanent waiver of the certification provisions to practice in the same area of training and practice as long as the applicant complies with any continuing education and other certification maintenance requirements. (F) No advanced certification shall be required for a student in established advanced training programs leading to certification as an advanced emergency medical care provider, provided that the student is supervised by an individual holding a level of certification for which the student is training and the student is enrolled in an approved training program.

(G) An advanced emergency medical care provider certified under this chapter may render advanced emergency medical care, rescue, and lifesaving services in those areas of training for which the person is certified without limitation on the individual's ability to practice.

Nineteenth: By adding Sec. 10f to read as follows:

Sec. 10f. CEDF; ARRA FUNDS; VERMONT SMALL-SCALE RENEWABLE ENERGY INCENTIVE PROGRAM; ENTREPRENEURS' SEED CAPITAL FUND

The general assembly finds that the Vermont small-scale renewable energy program, 10 V.S.A. § 6523(d)(1)(E)(ii), currently administered by the renewable energy resource center, is expected to receive \$5,275,000.00 in funding in 2010. These funds come from the American Recovery and Reinvestment Act of 2009 (ARRA), Pub.L. No-111-5, and the clean energy development fund established under 10 V.S.A. § 6523. Notwithstanding any other provision of law, the general assembly directs that \$1,000,000.00 of this amount be reallocated from the small-scale renewable energy program to the entrepreneurs' seed capital fund created under 10 V.S.A. § 291 to conduct ARRA-eligible activities related to "clean energy resources" or "emerging energy-efficient technologies" as those terms are defined under 10 V.S.A. § 6523(b)(1) and (4), respectively.

<u>Twentieth</u>: By striking out Sec. 11 (relating to the broadband adoption program) in its entirety and by inserting in lieu thereof the following:

Sec. 11. 30 V.S.A. § 8079 is added to read:

## § 8079. BROADBAND INFRASTRUCTURE; INVESTMENT

(a) To achieve the goals established in subsection 8060(b) of this title, the authority is authorized to invest in broadband infrastructure or contract with retail providers for the purpose of making services available to at least 10,000 households or businesses in target communities where such services are currently unavailable or to upgrade services in underserved business districts, as determined by the authority. For the purposes of this section, target communities shall not be considered unserved if a broadband provider has a legally binding commitment to provide service to those locations or a provider has received a broadband stimulus grant to provide service to those locations.

(b) To accomplish the purpose of this section, the authority shall publish a request for proposals for any or all of the following options for the purpose of providing broadband coverage to 100 percent of Vermont households and businesses within target communities: (1) the construction of physical broadband infrastructure, to be owned by the authority; (2) initiatives by public–private partnerships or retail vendors; or (3) programs that provide financial incentives to consumers, in the form of rebates for up to 18 months, for example, to ensure that providers have a sufficient number of subscribers.

(c) The authority shall review proposals and award contracts based upon the price, quality of services offered, positive experience with infrastructure maintenance, retail service delivery, and other factors determined to be in the public interest by the authority. In selecting target communities, the authority shall consider to the extent possible:

(1) the proportion of homes and businesses in those communities without access to broadband service and without access to broadband service meeting the minimum technical service characteristic objectives established under section 8077 of this title;

(2) the level of adoption of broadband service by residential and business users within the community;

(3) opportunities to leverage or support other sources of federal, state, or local funding for the expansion or adoption of broadband service;

(4) the number of potential new subscribers in each community and the total level of funding available for the program; and

(5) the geographic location of selected communities and whether new target communities would further the goal of bringing broadband service to all regions of the state.

(d) To the extent any funds appropriated by the general assembly are rendered unnecessary for the purpose of reaching unserved Vermonters due to a successful application to the broadband initiatives program under the Rural Utilities Service of the U.S. Department of Agriculture, such funds shall be placed in reserve by the authority to be used first to achieve 100-percent coverage pursuant to chapter 91 of Title 30 and, once that is achieved, to then deliver fiber-quality service to Vermont's public facilities, regional business hubs, and anchor businesses and institutions.

(e) Beginning July 1, 2010, the authority may invest up to \$500,000.00 for upgrades in broadband services in underserved business districts, as defined by the authority.

<u>Twenty-first</u>: In Sec. 13 (relating to the farm-to-plate investment program), in the first sentence, by striking out the reference to "<u>Sec. 7(b)</u>" and by inserting in lieu thereof "<u>Sec. 7(a)</u>"

<u>Twenty-second</u>: By adding Sec. 14a to read as follows:

Sec. 14a. 10 V.S.A. § 531(i) is added to read:

(i)(1) Program Outcomes. The joint fiscal office shall prepare a training program performance report based on the following information submitted to it by the Vermont training program, which is to be collected from each participating employer and then aggregated:

(A) The number of full-time employees six months prior to the training and six months after its completion.

(B) For all existing employees, the median hourly wages prior to and after the training.

(C) The number of "new hires," "upgrades," and "crossovers" deemed eligible for the waivers authorized by statute and the median wages paid to employees in each category upon completion.

(D) A list and description of the benefits required under subdivision (c)(3) of this section for all affected employees, including the number of employees that receive each type of benefit.

(E) The number of employers allowed to pay reduced wages in high unemployment areas of the state, along with the number of affected workers and their median wage.

(2) Upon request by the secretary of commerce and community development, participating employers shall provide the information necessary to conduct the performance report required by this subsection. The secretary, in turn, shall provide such information to the joint fiscal office in a manner agreed upon by the secretary and the joint fiscal office. The secretary and the joint fiscal office shall take measures to ensure that company-specific data and information remain confidential and are not publicly disclosed except in aggregate form. The secretary shall submit to the joint fiscal office any program outcomes, measurement standards, or other evaluative approaches in use by the training program.

(3) The joint fiscal office shall review the information collected pursuant to subdivisions (1) and (2) of this subsection and prepare a training program performance report with recommendations relative to the program. The joint fiscal office shall submit its first training program performance report on or before January 15, 2011, to the senate committee on economic development, housing and general affairs and the house committee on commerce and economic development. A second performance report shall be submitted on or before January 15, 2016. In addition to the information evaluated pursuant to subdivision (1) of this subsection, the second report shall include recommendations as to the following:

(A) whether the outcomes achieved by the program are sufficient to warrant its continued existence.

(B) whether training program outcomes can be improved by legislative or administrative changes.

(C) whether continued program performance reports are warranted and, if so, at what frequency and at what level of review.

(4) The joint fiscal office may contract with a consultant to conduct the performance reports required by this subsection. Costs incurred in preparing each report shall be reimbursed from the training program fund up to \$15,000.00.

<u>Twenty-third</u>: By adding Sec. 14b to read as follows:

Sec. 14b. 10 V.S.A. § 531(b)(4) is added to read:

(4) the employer agrees to contribute 50 percent of the overall cost of any training program offered pursuant to this section. <u>Twenty-seventh</u>: By striking out Sec. 43 (relating to the process for international trade agreement recommendations) in its entirety and by inserting in lieu thereof the following:

Sec. 43. 9 V.S.A. chapter 111A is added to read:

## CHAPTER 111A. APPROVAL OF INTERNATIONAL TRADE AGREEMENTS

## § 4125. FINDINGS AND PURPOSE

The general assembly makes the following findings of fact:

(1) Today's international trade agreements have impacts which extend significantly beyond the bounds of traditional trade matters such as tariffs and quotas. Restrictive government procurement rules, for example, may undermine state purchasing laws and preferences that are designed to promote good jobs and a healthy environment.

(2) As the subject matters contained within trade agreements expand, these agreements may impact on areas traditionally governed by the states, including economic development, financial investment, environmental policies, pharmaceutical policy, recreational services, utilities and energy distribution, and agricultural subsidies. The subject matter addressed by trade agreements is constantly evolving into new areas and becomes more likely over time to infringe on state law or policy. (3) Specific examples in one area important to Vermont—state economic development and environmental policies—that might be constrained by government procurement provisions in international trade agreements include buy-local laws, electronic waste recycling laws, and renewable energy purchasing requirements. Measures that conflict with obligations in one or more international trade agreements could be challenged as potential barriers to trade.

(4) Input from states has been essential to the Office of the United States Trade Representative's understanding of state practices that may be impacted by policies in trade agreements. For example, after states protested that language in the Australia-United States trade agreement was ambiguous and created uncertainty as to whether it applied to Medicaid preferred drug lists, the United States specifically clarified in the Korea-United States trade agreement that similar pharmaceutical policies did not apply to Medicaid.

(5) Currently, the Office of the United States Trade Representative asks state governors, without input from state legislatures, whether they will commit state purchasing to trade rules. States, through their governors, may opt into or out of trade rules dealing with government procurement.

(6) Historically, the general assembly and the governor have worked together to adopt and implement state procurement policies. The decision to consent to the coverage of Vermont under procurement provisions of international trade agreements should also include consultation with and agreement by with the legislative branch.

(7) If future trade rules permit states to opt into or out of trade rules dealing with investment and services, in addition to procurement, then the general assembly intends for the procedures in this chapter to apply to those provisions as well.

(8) It is important for the state to provide information and recommendations to Congress and the United States trade representative about the possible impacts of proposed trade agreements on state law and policy.

## <u>§ 4126. DEFINITIONS</u>

As used in this chapter:

(1) "Commission" means the commission on international trade and state sovereignty established in 3 V.S.A. § 23.

(2) "International trade agreement" or "trade agreement" means a trade agreement between the federal government and a foreign country. It does not include a trade agreement between the state and a foreign country to which the federal government is not a party.

## § 4127. APPROVAL OF TRADE AGREEMENTS

(a) Options for binding the state. If the United States government provides the state of Vermont with the opportunity to consent to or reject binding the state to a trade agreement or to a provision within a trade agreement, then the governor may bind the state or give consent to the United States government to bind the state only after consultation with the commission as provided for in subsection (c) of this section.

(b) Recommendations to Congress and the United States Trade Representative. In all other circumstances in which the United States government provides the state with information about a proposed trade agreement, the commission shall make a recommendation to Vermont's delegation to Congress and to the Office of the United States Trade Representative within the time frame requested by the Office of the United States Trade Representative.

(c)(1) Consultation process. When a communication from the United States trade representative regarding a proposed trade agreement is received by the state, the person who receives the communication shall submit a copy of the communication and any proposed trade agreement or relevant provisions of the trade agreement to the chairs of the commission. The chairs may disseminate the information to the chairs of the relevant legislative standing committees of jurisdiction.

(2) The commission shall review and analyze the trade agreement and issue a recommendation on the potential impact of the trade agreement to the appropriate party as described in subsections (a) and (b) of this section within a time frame that will afford Vermont's recommendations due consideration.

<u>Twenty-eighth</u>: By striking out Sec. 44 (relating to membership on the international trade commission) in its entirety and by inserting in lieu thereof the following:

## S.R. 17.

Senate resolution urging Congress to authorize alternative waivers to the 21-year-old minimum drinking age that do not entail federal highway funding penalties for states.

Reported favorably with recommendation of amendment by Senator Miller for the Committee on Economic Development, Housing and General Affairs. The Committee recommends that the resolution be amended by striking out the resolution in its entirety and inserting in lieu thereof the following:

Senate resolution relating to underage drinking.

*Whereas*, in 1984, Congress enacted Public Law 97-364, which in Sec. 101(a) added 23 U.S.C. § 408(f)(6) to the United States Code that established the statutory basis for the federal penalty that withholds ten percent of a state's federal highway funding if the state's drinking age is lower than 21, and

*Whereas*, the current ten percent highway funding penalty prevents an open public debate about the effects of the 21-year-old drinking age as it impacts unlawful, unsupervised consumption of alcohol, and

*Whereas*, given the constitutional authority of states to regulate alcohol within their borders, Congress should work with the states to find solutions to address the growing problem of unsupervised, underage consumption and overconsumption of alcohol, and

*Whereas*, each state has unique qualities and residents that make a one-size-fits-all solution difficult, and each state should have the opportunity to develop a comprehensive program that addresses its unique situation, and *now therefore be it* 

## Resolved by the Senate:

That the Senate of the State of Vermont urges Congress to authorize the states to address the problems associated with underage consumption of alcohol by obtaining waivers from federal law to avoid triggering federal highway funding penalties, *and be it further* 

*Resolved*: That the Secretary of the Senate be directed to send a copy of this resolution to the Vermont Congressional delegation.
