1	H.630
2	Introduced by Committee on Human Services
3	Date:
4	Subject: Health; mental health; system of care
5	Statement of purpose: This bill proposes to strengthen Vermont's existing
6	mental health system and to create new treatment opportunities for individuals
7	with mental health conditions.

8 An act relating to reforming Vermont's mental health system 9 It is hereby enacted by the General Assembly of the State of Vermont: 10 Sec. 1. PURPOSE 11 (a) This the intent of the general assembly to strengthen Vermont's existing mental health case system by offering a continuum of community and peer 12 services, as well as a range of acute inpatient beds throughout the state. This 13 system of care shall be designed to provide flexible and recovery-oriented 14 15 treatment opportunities and to ensure that the mental health needs of 16 Vermonters are served. 17 (b) It is also the intent of the general assembly that the agency of human services fully integrate all mental health services with all substance abuse, 18 public health, and health care reform initiatives, consistent with the goals of 19 20 parity.

1	Sec. 2. PRINCIPLES FOR MENTAL HEALTH CARE REFORM
2	The general assembly adopts the following principles as a framework for
3	reforming the mental health care system in Vermont:
4	(1) The state of Vermont shall meet the needs of individuals with mental
5	health conditions, and the state's mental health system shall reflect excellence,
6	best practices, and the highest standards of care.
	(1) The state of Vermont shall meet the needs of individuals with mental
	health conditions, including the needs of individuals in the custody of the
	commissioner of corrections, and the state's mental health system shall reflect
	excellence, best practices, and the highest standards of care.
7	(2) Long-term planning shall book beyond the foreseeable future and
8	present needs of the mental health community. Programs shall be designed to
9	be responsive to changes over time in levels and types of needs, service
10	delivery practices, and sources of funding.
11	(3) Vermont's mental health system shall provide a coordinated
12	continuum of care by the department of mental health, designated hospitals,
13	designated agencies, and community and peer partners to ensure that
14	individuals with mental health conditions receive care in the most integrated
15	and least restrictive settings available. Individuals' treatment choices shall be
16	honored to the extent possible.

	(3) Vermont's mental health system shall provide a coordinated
	continuum of care by the departments of mental health and of corrections,
	designated hospitals, designated agencies, and community and peer partners
	to ensure that individuals with mental health conditions receive care in the
	most integrated and least restrictive settings available. Individuals' treatment
	choices shall be hypored to the extent possible.
	(4) The mental health system shall be integrated into the overall health
	care system, including the location of any new inpatient psychiatric facilities
	adjacent to or incorporated with a medical hospital.
	(5) Vermont's mental health system shall be geographically and
	financially accessible. Resources shall be distributed based on demographics
)	and geography to increase the likelihood of treatment as close to home as
,	possible. All ranges of services shall be available to individuals who need
8	them, regardless of individuals' ability to pay.
)	(6) The state's mental health system shall ensure that the legal rights of
)	individuals with mental health conditions are protected.
	(7) Oversight and accountability shall be built into all aspects of the
	mental health system.
3	(8) Vermont's mental health system shall be adequately funded and
ļ	financially sustainable to the same degree as other health services.

8	Sec. 4. 18 V.S.A. § 7209 is added to read:
9	<u>§ 7209. CLINICAL RESOURCE MANAGEMENT AND OVERSIGHT</u>
10	The commissioner of mental health, in consultation with health care
11	providers as defined in section 9432 of this title, including designated
12	hospitals, designated agencies, consumers, and other stakeholders, shall design
13	and implement a clinical resource management system that ensures the highest
14	quality of care and facilitates long-term, sustained recovery for individuals in
15	the custody of the commissioner.
16	(1) For the purpose of coordinating the movement of individuals across
17	the continuum of care to the most appropriate services, the clinical resource
18	management system shall:
19	(A) ensure that all individuals in the care and custody of the
20	commissioner receive the highest quality and least restrictive care necessary;

# BILL AS PASSED THE HOUSE AND SENATEH.6302012Page 7 of 96

1	(B) develop a process for receiving direct patient input on treatment
2	opportunities and the location of services;
3	(C) use state-employed clinical resource management coordinators to
4	work collaboratively with community partners, including designated agencies,
5	hospitals, consumers, and peer groups, to ensure access to services for
6	individuals in mental health crisis. Clinical resource management coordinators
7	or their designees shall be available 24 hours a day, seven days a week to assist
8	emergency service clinicians in the field to access necessary services;
9	(D) use an electronic bed board to track in real time the availability
10	of bed resources across the continuum of care;
11	(E) use specific level-of-care descriptions, including admission,
12	continuing stay, and discharge criteria, and a mechanism for ongoing
13	assessment of service needs at all levels of care;
14	(F) specify protocols for medical clearance, bed location,
15	transportation, information sharing, census management, and discharge or
16	transition planning;
17	(G) coordinate transportation resources so that individuals may
18	access the least restrictive mode of transport consistent with safety needs;
19	(H) ensure that to the extent patients' protected health information
20	pertaining to any identifiable person that is otherwise confidential by state or
21	federal law is used within the clinical resource management system, the health

1	information exchange privacy standards and protocols as described in
2	subsection 9351(e) of this title shall be followed; and
3	(I) review the options for the use of ambulance transport, with
4	security as needed, as the least restrictive mode of transport consistent with
5	safety needs required pursuant to section 7511 of this title.
6	(2) For the purpose of maintaining the integrity and effectiveness of the
7	clinical resource management system, the department of mental health shall:
8	(A) require a devignated team of clinical staff to review the treatment
9	received and clinical progress made by individuals within the commissioner's
10	<u>custody;</u>
11	(B) coordinate care across the mental and physical health care
12	systems, as well as ensuring coordination within the agency of human services,
13	particularly the department of corrections and the department of health's
14	alcohol and drug abuse programs;
15	(C) coordinate service delivery with Vermont's Blueprint for Health
16	and health care reform initiatives, including the health information exchange as
17	defined in section 9352 of this title and the health benefit exchange as defined
18	<u>in 33 V.S.A. § 1803;</u>
19	(D) use quality indicators, manageable data requirements, and quality
20	improvement processes to monitor, evaluate, and continually improve the

1	outcomes for individuals and the performance of the clinical resource
2	management system;
3	(E) actively engage stakeholders and providers in oversight
4	processes; and
5	(F) provide mechanisms for collaborative dispute resolution.
6	Sec. 5. INTEGRATION OF THE TREATMENT FOR MENTAL HEALTH,
7	SUBSTANCE ABUSE, AND PHYSICAL HEALTH
8	(a) The director of health care reform and the commissioners of mental
9	health, of health, and of Vermont health access and the Green Mountain Care
10	board or designees shall ensure that the redesign of the mental health delivery
11	system established in this act is an integral component of the health care
12	reform efforts established in 3 V.S.A. § 2222a. Specifically, the director,
13	commissioners, and board shall confer on planning efforts necessary to ensure
14	that the following initiatives are coordinated and advanced:
15	(1) any health information technology projects:
16	(2) the integration of health insurance benefits in the Vermont health
17	benefit exchange to the extent feasible under federal law;
18	(3) the integration of coverage under Green Mountain Care;
19	(4) the Blueprint for Health;
20	(5) the reformation of payment systems for health services to the extent
21	allowable under federal law or under federal waivers; and

1	(6) other initiatives as necessary.
2	(b) The department of banking, insurance, securities, and health care
3	administration shall ensure that private payers are educated about their
4	obligation to reimburse providers for less restrictive and less expensive
5	alternatives to hospitalization.
6	Sec. 6. PEER SERVICES
7	The commissioner of mental health is authorized to contract for new peer
8	services and to expand existing programs managed by peers that provide
9	support to individuals living with or recovering from mental illness at an
10	annual estimated cost of \$1,000,000.00. Peer services shall be aimed at
11	helping individuals with mental illness achieve recovery through improved
12	physical and mental health, increased social and community connections and
13	supports, and the avoidance of mental health crises and psychiatric
14	hospitalizations. The commissioner of mental health shall:
15	(1) Establish a warm line or warm lines accessible statewide which shall
16	be staffed at all times to ensure that individuals with a mental health condition
17	have access to peer support;
18	(2) Establish new peer services focused on reducing the need for
19	inpatient services;
20	(3) Improve the quality, infrastructure, and workforce development of
21	peer services; and

1	(4) Develop peer run transportation services.
2	Sec. 7. COMMUNITY SERVICES
3	To improve existing community services and to create new opportunities
4	for community treatment, the commissioner of mental health is authorized to:
5	(1) Improve emergency responses, mobile support teams, noncategorical
6	case management, adult outpatient services, and alternative residential
7	opportunities at designated agencies with an estimated annual cost of
8	<u>\$8,000,000.00.</u>
9	(A) Each designated agency shall provide the scope and category of
10	services most responsive to the needs of designated areas, as determined by the
11	commissioner of mental health.
12	(B) Designated agencies shall work collaboratively with law
13	enforcement officials, local hospitals, and peers to integrate services and
14	expand treatment opportunities for individuals living with or recovering from
15	mental illness.
16	(2) Establish at least four additional short-term crisis beds in designated
17	agencies located within underserved areas of the state with a total estimated
18	annual cost of \$1,000,000.00 for the purpose of preventing or diverting
19	individuals from hospitalization when clinically appropriate.
20	(3) Establish a safe, voluntary five-bed residence with an estimated cost
21	of \$1,000,000.00 for individuals seeking to avoid or reduce reliance on

1	medication or having an initial episode of psychosis. The residence shall be
2	pear supported, unlocked, and noncoercive, and treatment shall be focused on a
3	nontraditional, interpersonal, and psychosocial approach, with minimal use of
4	psychotropic medications to facilitate recovery in individuals seeking an
5	alternative to traditional hospitalization.
6	(4) Provide housing subsidies at an estimated annual cost of
7	\$600,000.00 to individuals living with or recovering from mental illness for
8	the purpose of fostering stable and appropriate living conditions. Receipt of
9	housing subsidies shall not require an agreement to accept certain services as a
10	condition of assistance.
11	Sec. 8. INTENSIVE RESIDENTIAL RECOVERY FACILITIES
12	(a) To support the development of intensive residential recovery facilities,
13	the commissioner of mental health is authorized to establish:
14	(1) Fifteen beds in northwestern Vermont with an estimated annual cost
15	<u>of \$3,200,000.00.</u>
16	(2) Eight beds located in southeastern Vermont with an estimated annual
17	<u>cost of \$2,400,000.00.</u>
18	(3) Eight beds located in either central or southwestern Vermont or both
19	with an estimated annual cost of \$1,700,000.00.
20	(b) Notwithstanding 18 V.S.A. § 9435(b), all facilities funded under
21	subsection (a) of this section shall be subject to the certificate of approval

1	process, which shall take into consideration the recommendations of a panel of
2	stakeholders appointed by the commissioner to review each proposal and
3	conduct a public hearing.
4	Sec. 9. INPATIENT HOSPITAL BEDS
5	(a) To replace the services provided at the Vermont State Hospital, the
6	department of mental health shall oversee the delivery of emergency
7	examination and involutary inpatient treatment services at four acute inpatient
8	hospitals throughout the state:
9	(1) Contingent upon receipt of certificates of need pursuant to 18 V.S.A.
10	chapter 221, subchapter 5, and execution of contracts with the department of
11	mental health that meet the requirements of subdivision (2) of this subsection,
12	a 14-bed unit within the Brattleboro Retreat and a six-bed unit within Rutland
13	Regional Medical Center shall be established.
14	(2) Initial contract terms for the 14-bed unit within the Brattleboro
15	Retreat and the six-bed unit within Rutland Regional Medical Center shall
16	require participation in the no refusal system for at least four years and until
17	the facility has recouped its initial investment. Thereafter, the state shall retain
18	the option to renew its contract. Contracts referenced in subdivision (1) of this
19	subsection shall apply to participating hospitals, notwithstanding their status as
20	designated hospitals, and shall contain the following requirements:

Sec. 37a. REDUCTION IN FORCE OF VERMONT STATE HOSPITAL

## **EMPLOYEES**

(a) Permanent status classified employees who were officially subjected to a reduction in force (RIF) from their positions with the Vermont State Hospital, and who have not been reemployed with the state during the two-year reduction in force reemployment rights period, shall be granted reduction in force reemployment rights, in accordance with the provisions of the applicable collective bargaining agreement, but solely in vacant classified bargaining unit positions at any new state-owned and -operated psychiatric hospital, until the opening of such facility. All other contractual reduction in force reemployment terms and conditions shall apply. (b) Permanent status classified employees who were officially subjected to a NIF from their positions with the Vermont State Hospital, and who have been reemployed with the state during the two-year reduction in force reemployment rights period, shall each be granted one mandatory offer of reemployment, in accordance with the provisions of the applicable collective bargaining agreement, solely to the positions that they occupied at the Vermont State Hospital at the time they were subject to the reduction in force. An employee who accepts the mandatory offer of reemployment shall be transferred in accordance with the provisions of the applicable collective bargaining agreement.

Sec. 37b. LEGISLATIVE INTENT

(a) It is the intent of the general assembly that the department of mental health contract with the Brattleboro Retreat for a 14-bed unit and with Rutland Regional Medical Center for a six-bed facility persuant to Sec. 9 (a) of this act.
(b) It is the understanding of the general assembly that the proposal in Sec.
10(c)(2) 9(c)(2) of this act, the Brattleboro Retreat, Rutland Regional Medical Center, and an interim secure residential facility are to temporarily meet the immediate needs of the state.

1 Sec. 38. EFFECTIVE DATES

2 This act shall take effect on passage, except for Sec. 34 which shall ake

3 <u>effect on July 1, 2012.</u>

Sec. 1. PURPOSE

(a) It is the intent of the general assembly to strengthen Vermont's existing mental health care system by offering a continuum of community and peer services, as well as a range of acute inpatient beds throughout the state. This system of care shall be designed to provide flexible and recovery-oriented treatment opportunities and to ensure that the mental health needs of Vermonters are served.

(b) It is also the intent of the general assembly that the agency of human services fully integrate all mental health services with all substance abuse, public health, and health care reform initiatives, consistent with the goals of parity.

Sec. 1a. 18 V.S.A. chapter 174 is added to read:

CHAPTER 174. MENTAL HEALTH SYSTEM OF CARE

<u>§ 7251. PRINCIPLES FOR MENTAL HEALTH CARE REFORM</u>

The general assembly adopts the following principles as a framework for reforming the mental health care system in Vermont:

(1) The state of Vermont shall meet the needs of individuals with mental health conditions, including the needs of individuals in the custody of the commissioner of corrections, and the state's mental health system shall reflect excellence, best practices, and the highest standards of care.

(2) Long-term planning shall look beyond the foreseeable future and present needs of the mental health community. Programs shall be designed to be responsive to changes over time in levels and types of needs, service delivery practices, and sources of funding.

(3) Vermont's mental health system shall provide a coordinated continuum of care by the departments of mental health and of corrections, designated hospitals, designated agencies, and community and peer partners to ensure that individuals with mental health conditions receive care in the most integrated and least restrictive settings available. Individuals' treatment choices shall be honored to the extent possible.

(4) The mental health system shall be integrated into the overall health care system.

(5) Vermont's mental health system shall be geographically and financially accessible. Resources shall be distributed based on demographics and geography to increase the likelihood of treatment as close to the patient's home as possible. All ranges of services shall be available to individuals who need them, regardless of individuals' ability to pay.

(6) The state's mental health system shall ensure that the legal rights of individuals with mental health conditions are protected.

(7) Oversight and accountability shall be built into all aspects of the mental health system.

(8) Vermont's mental health system shall be adequately funded and financially sustainable to the same degree as other health services.

(9) Individuals with a mental health condition who are in the custody of the commissioner of mental health and who receive treatment in an acute inpatient hospital, intensive residential recovery facility, or a secure residential facility shall be afforded at least the same rights and protections as those individuals cared for at the former Vermont State Hospital.

§ 7252. DEFINITIONS

As used in this chapter:

(1) "Adult outpatient services" means flexible services responsive to individuals' preferences, needs, and values that are necessary to stabilize, restore, or improve the level of social functioning and well-being of individuals with mental health conditions, including individual and group treatment, medication management, psychosocial rehabilitation, and case management services.

(2) "Designated agency" means a designated community mental health and developmental disability agency as described in subsection 8907(a) of this <u>title.</u>

(3) "Designated area" means the counties, cities, or towns identified by the department of mental health that are served by a designated agency. (4) "Enhanced programming" means targeted, structured, and specific intensive mental health treatment and psychosocial rehabilitation services for individuals in individualized or group settings.

(5) "Intensive residential recovery facility" means a licensed program under contract with the department of mental health that provides a safe, therapeutic, recovery-oriented residential environment to care for individuals with one or more mental health conditions who need intensive clinical interventions to facilitate recovery in anticipation of returning to the community. This facility shall be for individuals not in need of acute inpatient care and for whom the facility is the least restrictive and most integrated setting.

(6) "Mobile support team" means professional and peer support providers who are able to respond to an individual where he or she is located during a crisis situation.

(7) "Noncategorical case management" means service planning and support activities provided for adults by a qualified mental health provider, regardless of program eligibility criteria or insurance limitations.

(8) "No refusal system" means a system of hospitals and intensive residential recovery facilities under contract with the department of mental health that provide high intensity services, in which the facilities shall admit any individual for care if the individual meets the eligibility criteria established by the commissioner in contract.

(9) "Participating hospital" means a hospital under contract with the department of mental health to participate in the no refusal system.

(10) "Peer" means an individual who has a personal experience of living with a mental health condition or psychiatric disability.

(11) "Peer services" means support services provided by trained peers or peer-managed organizations focused on helping individuals with mental health and other co-occurring conditions to support recovery.

(12) "Psychosocial rehabilitation" means a range of social, educational, occupational, behavioral, and cognitive interventions for increasing the role performance and enhancing the recovery of individuals with serious mental illness, including services that foster long-term recovery and self-sufficiency.

(13) "Recovery-oriented" means a system or services that emphasize the process of change through which individuals improve their health and wellness, live a self-directed life, and strive to reach their full potential.

(14) "Serious bodily injury" means the same as in section 1912 of this title.

(15) "Warm line" means a nonemergency telephone response line operated by trained peers for the purpose of active listening and assistance with problem-solving for persons in need of such support.

§ 7253. CLINICAL RESOURCE MANAGEMENT AND OVERSIGHT

The commissioner of mental health, in consultation with health care providers as defined in section 9432 of this title, including designated hospitals, designated agencies, individuals with mental health conditions, and other stakeholders, shall design and implement a clinical resource management system that ensures the highest quality of care and facilitates long-term, sustained recovery for individuals in the custody of the commissioner.

(1) For the purpose of coordinating the movement of individuals across the continuum of care to the most appropriate services, the clinical resource management system shall:

(A) ensure that all individuals in the care and custody of the commissioner receive the highest quality and least restrictive care necessary;

(B) develop a process for receiving direct patient input on treatment opportunities and the location of services;

(C) use state-employed clinical resource management coordinators to work collaboratively with community partners, including designated agencies, hospitals, individuals with mental health conditions, and peer groups, to ensure access to services for individuals in need. Clinical resource management coordinators or their designees shall be available 24 hours a day, seven days a week to assist emergency service clinicians in the field to access necessary services;

(D) use an electronic, web-based bed board to track in real time the availability of bed resources across the continuum of care;

(E) use specific level-of-care descriptions, including admission, continuing stay, and discharge criteria, and a mechanism for ongoing assessment of service needs at all levels of care;

(F) specify protocols for medical clearance, bed location, transportation, information sharing, census management, and discharge or transition planning;

(G) coordinate transportation resources so that individuals may access the least restrictive mode of transport consistent with safety needs;

(H) ensure that to the extent patients' protected health information pertaining to any identifiable person that is otherwise confidential by state or federal law is used within the clinical resource management system, the health information exchange privacy standards and protocols as described in subsection 9351(e) of this title shall be followed; (1) review the options for the use of ambulance transport, with security as needed, as the least restrictive mode of transport consistent with safety needs required pursuant to section 7511 of this title; and

(J) ensure that individuals under the custody of the commissioner being served in designated hospitals, intensive residential recovery facilities, and the secure residential recovery facility shall have access to a mental health patient representative. The patient representative shall advocate for patients and shall also foster communication between patients and health care providers. The department of mental health shall contract with an independent, peer-run organization to staff the full-time equivalent of a patient representative.

(2) For the purpose of maintaining the integrity and effectiveness of the clinical resource management system, the department of mental health shall:

(A) require a designated team of clinical staff to review the treatment received and clinical progress made by individuals within the commissioner's custody;

(B) coordinate care across the mental and physical health care systems as well as ensure coordination within the agency of human services, particularly the department of corrections, the department of health's alcohol and drug abuse programs, and the department of disabilities, aging, and independent living; (C) coordinate service delivery with Vermont's Blueprint for Health and health care reform initiatives, including the health information exchange as defined in section 9352 of this title and the health benefit exchange as defined in 33 V.S.A. § 1803;

(D) use quality indicators, manageable data requirements, and quality improvement processes to monitor, evaluate, and continually improve the outcomes for individuals and the performance of the clinical resource management system;

(E) actively engage stakeholders and providers in oversight processes; and

(F) provide mechanisms for dispute resolution. § 7254. INTEGRATION OF THE TREATMENT FOR MENTAL HEALTH,

SUBSTANCE ABUSE, AND PHYSICAL HEALTH

(a) The director of health care reform and the commissioners of mental health, of health, and of Vermont health access and the Green Mountain Care board or designees shall ensure that the redesign of the mental health delivery system established in this act is an integral component of the health care reform efforts established in 3 V.S.A. § 2222a. Specifically, the director, commissioners, and board shall confer on planning efforts necessary to ensure that the following initiatives are coordinated and advanced:

(1) any health information technology projects;

(2) the integration of health insurance benefits in the Vermont health benefit exchange to the extent feasible under federal law;

(3) the integration of coverage under Green Mountain Care;

(4) the Blueprint for Health;

(5) the reformation of payment systems for health services to the extent

allowable under federal law or under federal waivers; and

(6) other initiatives as necessary.

(b) The department of banking, insurance, securities, and health care administration shall ensure that private payers are educated about their obligation to reimburse providers for less restrictive and less expensive alternatives to hospitalization.

### § 7255. SYSTEM OF CARE

The commissioner of mental health shall coordinate a geographically diverse system and continuum of mental health care throughout the state that shall include at least the following:

(1) comprehensive and coordinated community services, including prevention, to serve children, families, and adults at all stages of mental illness;

(2) peer services, which may include:

(A) a warm line;

(B) peer-provided transportation services;

(C) peer-supported crisis services; and

(D) peer-supported hospital diversion services;

(3) alternative treatment options for individuals seeking to avoid or

reduce reliance on medications;

(4) recovery-oriented housing programs;

(5) intensive residential recovery facilities;

(6) appropriate and adequate psychiatric inpatient capacity for

voluntary patients;

(7) appropriate and adequate psychiatric inpatient capacity for involuntary inpatient treatment services, including patients receiving treatment through court order from a civil or criminal court; and

(8) a secure residential recovery facility.

§ 7256. REPORTING REQUIREMENTS

<u>Notwithstanding 2 V.S.A. § 20(d), the department of mental health shall</u> report annually on or before January 15 to the senate committee on health and welfare and the house committee on human services regarding the extent to which individuals with mental health conditions receive care in the most integrated and least restrictive setting available. The report shall address:

(1) Utilization of services across the continuum of mental health services;

(2) Adequacy of the capacity at each level of care across the continuum of mental health services;

(3) Individual experience of care and satisfaction;

(4) Individual recovery in terms of clinical, social, and legal outcomes; and

(5) Performance of the state's mental health system of care as compared to nationally recognized standards of excellence.

§ 7257. REPORTABLE ADVERSE EVENTS

An acute inpatient hospital, an intensive residential recovery facility, a designated agency, or a secure residential facility shall report to the department of mental health instances of death or serious bodily injury to individuals with a mental health condition in the custody of the commissioner. § 7258. REVIEW OF ADVERSE COMMUNITY EVENTS

The department of mental health shall establish a system that ensures the comprehensive review of a death or serious bodily injury occurring outside an acute inpatient hospital when the individual causing or victimized by the death or serious bodily injury is in the custody of the commissioner or had been in the custody of the commissioner within six months of the event. The department shall review each event for the purpose of determining whether the death or serious bodily injury was the result of inappropriate or inadequate

services within the mental health system and, if so, how the failure shall be

<u>remedied.</u>

Sec. 2. DELETED

Sec. 3. DELETED

Sec. 4. DELETED

Sec. 5. DELETED

Sec. 6. PEER SERVICES

The commissioner of mental health is authorized to contract for new peer services and to expand existing programs managed by peers that provide support to individuals living with or recovering from mental illness. Peer services shall be aimed at helping individuals with mental illness achieve recovery through improved physical and mental health, increased social and community connections and supports, and the avoidance of mental health crises and psychiatric hospitalizations. The commissioner of mental health shall:

(1) Establish a warm line or warm lines accessible statewide which shall be staffed at all times to ensure that individuals with a mental health condition have access to peer support;

(2) Establish new peer services focused on reducing the need for inpatient services;

(3) Improve the quality, infrastructure, and workforce development of peer services; and

(4) Develop peer-run transportation services.

Sec. 7. COMMUNITY SERVICES

<u>To improve existing community services and to create new opportunities for</u> <u>community treatment, the commissioner of mental health is authorized to:</u>

(1) Improve emergency responses, mobile support teams, noncategorical case management, adult outpatient services, and alternative residential opportunities at designated agencies.

(A) Each designated agency shall provide the scope and category of services most responsive to the needs of designated areas, as determined by the commissioner of mental health.

(B) Designated agencies shall work collaboratively with law enforcement officials, corrections, local hospitals, the department of disabilities, aging, and independent living, and peers to integrate services and expand treatment opportunities for individuals living with or recovering from mental illness.

(2) Contract for at least four additional short-term crisis beds in designated agencies for the purpose of preventing or diverting individuals from hospitalization when clinically appropriate and for the purpose of increasing regional access to crisis beds. (3) Contract for a voluntary five-bed residence for individuals seeking to avoid or reduce reliance on medication or having an initial episode of psychosis. The residence shall be peer supported and noncoercive, and treatment shall be focused on a nontraditional, interpersonal, and psychosocial approach, with minimal use of psychotropic medications to facilitate recovery in individuals seeking an alternative to traditional hospitalization.

(4) Provide housing subsidies to individuals living with or recovering from mental illness for the purpose of fostering stable and appropriate living conditions. If necessary to achieve successful housing outcomes, housing subsidies may be provided without an agreement to accept certain services as a condition of assistance. The department of mental health shall ensure that housing subsidies are monitored and managed in coordination with other relevant community services and supports.

Sec. 8. INTENSIVE RESIDENTIAL RECOVERY FACILITIES

(a) To support the development of intensive residential recovery facilities, the commissioner of mental health is authorized to contract for:

(1) Fifteen beds located in northwestern Vermont;

(2) Eight beds located in southeastern Vermont; and

(3) Eight beds located in either central or southwestern Vermont or both.

(b) Notwithstanding 18 V.S.A. § 9435(b), all facilities contracted for under subsection (a) of this section shall be subject to the certificate of approval process, which shall take into consideration the recommendations of a panel of stakeholders appointed by the commissioner to review each proposal and conduct a public hearing.

### Sec. 9. INPATIENT HOSPITAL BEDS

(a) To replace the services provided at the Vermont State Hospital, the department of mental health shall oversee the delivery of emergency examination and involuntary inpatient treatment services at four acute inpatient hospitals throughout the state:

(1) The department of mental health shall enter into contracts that meet the requirements of subdivision (2) of this subsection with a hospital in southeastern Vermont and a hospital in southwestern Vermont for the establishment of a 14-bed unit and a six-bed unit, respectively, contingent upon receipt by the hospitals of certificates of need pursuant to 18 V.S.A. chapter 221, subchapter 5. Certificate of need applications for the 14-bed unit and the six-bed unit, whether prepared jointly by a hospital and the department or solely by a hospital, shall be reviewed by the commissioner of mental health prior to a certificate of need approval to ensure the architectural and program proposals meet industry standards for quality of care and emotional and physical safety standards and otherwise protect patients' rights. (2) Initial contract terms for the 14-bed unit and the six-bed unit shall require participation in the no refusal system for four years and until the facility has recouped its initial investment. Contracts referenced in subdivision (1) of this subsection shall apply to participating hospitals, notwithstanding their status as designated hospitals, and shall contain the following requirements:

(A) Funding shall be based on the ability to treat patients with high acuity levels;

(B) Units shall be managed as part of a statewide no refusal system;

(C) Reimbursement by the state shall cover reasonable actual costs for enhanced programming and staffing in accordance with Sec. 33b of this act;

(D) Units shall be managed to ensure access to peer supports;

(E) Participating hospitals shall maintain a stakeholder advisory group with nonexclusionary membership to ensure high quality and appropriate levels of care;

(F) The department shall be solely responsible for responding to requests for records concerning the implementation of this contract between the department and the hospital. The hospital and its employees shall cooperate and provide reasonable assistance to the department in producing records that are within the custody of the hospital that are responsive to records requests and that are not confidential by law; and

(G) The state shall retain the option to renew the contract upon expiration of the initial four-year term.

(b)(1)(A) The department of buildings and general services, with broad involvement from the department of mental health and stakeholders, shall design a 25-bed hospital owned and operated by the state in central Vermont and proximate to an existing hospital. Applying the most expeditious methodology possible, the department of buildings and general services shall supervise the construction of the hospital with an expressed goal of completing the project in 24 months. The operations of the hospital shall be under the jurisdiction of the commissioner of mental health.

(B)(i) The general assembly finds that the Centers for Medicare and Medicaid Services (CMS) advised the state of Vermont on March 14, 2012 that:

(1) any newly constructed hospital owned and operated by the state that exceeds 16 beds will be eligible to receive federal matching funds for services rendered at the hospital under the state's current Global Commitment waiver, which is set to expire on December 31, 2013.

(II) although CMS was unable to provide a definitive answer as to whether a new hospital owned and operated by the state with 25 beds would be eligible for federal matching funds after December 31, 2013, the state will be able to cease use of nine beds at that time and amend the hospital's license from 25 beds to 16 beds if the Global Commitment waiver is not renewed or extended and a new waiver is not granted under similar terms and conditions.

(ii) In the event the hospital owned and operated by the state loses or is no longer eligible for federal matching funds after December 31, 2013, the commissioner of mental health shall cease use of nine beds within the time frame set by CMS and reduce the hospital's license from 25 to 16 beds. At that time, the commissioner of mental health shall begin planning for an orderly transition to a 16-bed hospital that shall proceed in a manner that protects the health, safety, and integrity of individuals treated at the state owned and operated hospital. The commissioner's transition plan shall ensure the ninebed deficit in acute inpatient beds be addressed by expanding acute inpatient capacity elsewhere in the state if necessary and that the nine decommissioned beds in the state owned and operated hospital be repurposed in a manner that does not jeopardize federal matching funds for the remaining 16 beds. If the loss or denial of federal matching funds occurs while the general assembly is in session, the commissioner shall notify and seek approval of the transition plan from the senate committees on health and welfare and on institutions and the house committees on human services and on corrections and institutions before proceeding with the transition plan. If the loss or denial of federal matching funds occurs while the general assembly is not in session, the commissioner shall notify and seek approval of the transition plan from a special committee composed of members of the joint fiscal committee and the chairs and vice chairs of the senate committees on health and welfare and on institutions and the house committees on human services and on corrections and institutions before proceeding with the transition plan. The special committee shall be entitled to per diem and expenses as provided in 32 V.S.A. § 1010.

(2) To foster coordination between the judiciary and mental health systems, the hospital owned and operated by the state shall contain:

(A) adequate capacity to accept individuals receiving a court order of hospitalization pursuant to 18 V.S.A. chapter 181; and

(B) a private room used and outfitted for the purpose of judicial proceedings.

(3) The commissioner of buildings and general services may purchase, lease for a period of up to 99 years plus any contracted for renewal options, or enter into a lease-purchase agreement for property in central Vermont for the purpose described in this subsection.

(4) The commissioner of buildings and general services shall inform the chairs and vice chairs of the senate committee on institutions and house committee on corrections and institutions prior to entering into an agreement

pursuant to subdivision (3) of this subsection, upon substantial completion of a design pursuant to this section, prior to the commencement of construction, and when any other substantial step is taken in furtherance of this section.

(c)(1) The commissioner is authorized to contract for seven to 12 involuntary acute inpatient beds at Fletcher Allen Health Care until the hospital owned and operated by the state described in subsection (b) of this section is operational, to cover the increased cost of care; and

(2)(A) If a viable setting is identified by the commissioner and licensed by the department of health, the commissioner is authorized to provide acute inpatient services at a temporary hospital and shall discontinue services at that hospital when the hospital owned and operated by the state described in subsection (b) of this section is operational. The department shall pursue Medicare and Medicaid certification for any such temporary hospital.

(B) If the temporary hospital identified under subdivision (2)(A) of this subsection (c) is located in Morrisville, acute inpatient services shall be discontinued at the facility when the hospital owned and operated by the state described in subsection (b) of this section is operational, but no later than September 1, 2015. At that time, the temporary hospital shall revert to prior permitted uses. The temporary hospital shall be initially licensed for eight acute inpatient beds. Before an expansion of the number of beds at the temporary Morrisville hospital may occur, the department shall confer with the host community to seek permission for such expansion.

(d) To the extent amounts of potential funding from various sources are not clear upon passage of this act, the legislative intent for funding the capital costs of this section to the extent practicable is first through insurance funds that may be available for these purposes; second through the Federal Emergency Management Agency (FEMA) funds that may be available for these purposes and any required state match; third, in the case of the 14-bed unit and the six-bed unit, through a rate payment with clearly defined terms of services; and last with state capital or general funds. It is also the intent of the general assembly that, notwithstanding 32 V.S.A. §§ 134 and 135, any capital funds expended for projects described in this act that are reimbursed at a later date by insurance or FEMA shall be reallocated to fund capital projects in a future act relating to capital construction and state bonding.

Sec. 10. SECURE RESIDENTIAL RECOVERY PROGRAM

(a) The commissioner of mental health is authorized to establish and oversee a secure seven-bed residential facility owned and operated by the state for individuals no longer requiring acute inpatient care, but who remain in need of treatment within a secure setting for an extended period of time. The program shall be the least restrictive and most integrated setting for each of the individual residents. (b) The opening of the facility described in subsection (a) of this section is contingent upon the passage of necessary statutory amendments authorizing judicial orders for commitment to such a facility, which shall parallel or be included in 18 V.S.A. § 7620 (related to applications for continuation of involuntary treatment), and shall include the same level of statutory protections for the legal rights of the residents as provided for individuals at inpatient facilities.

Sec. 23. 18 V.S.A. § 7401 is amended to read:

§ 7401. POWERS AND DUTIES

Except insofar as this part of this title specifically confers certain powers, duties, and functions upon others, the commissioner shall be charged with its administration. The commissioner may:

\* \* \*

(5) supervise the care and treatment of patients at the Retreat in the same manner and with the same authority that he supervises patients at the Vermont State Hospital individuals within his or her custody;

\* \* \*

(16) contract with accredited educational or health care institutions for psychiatric services at the Vermont State Hospital, or its successor in interest;

\* \* \*

\* \* \* Admission Procedures \* \* \*

Sec. 24. 18 V.S.A. § 7511 is amended to read:

§ 7511. TRANSPORTATION

(a) The commissioner shall ensure that all reasonable and appropriate measures consistent with public safety are made to transport or escort a person subject to this chapter to and from any inpatient setting, including escorts within a designated hospital or the Vermont state hospital <u>State</u> <u>Hospital, or its successor in interest</u>, or otherwise being transported under the jurisdiction of the commissioner in any manner which:

(1) prevents physical and psychological trauma;

(2) respects the privacy of the individual; and

(3) represents the least restrictive means necessary for the safety of the patient.

(b) The commissioner shall have the authority to designate the professionals <u>or law enforcement officers</u> who may authorize the method of transport of patients under the commissioner's care and custody.

(c) When a professional <u>or law enforcement officer</u> designated pursuant to subsection (b) of this section decides an individual is in need of secure transport with mechanical restraints, the reasons for such determination shall be documented in writing.

\* \* \*

\* \* \* Care and Treatment \* \* \*

Sec. 25. 18 V.S.A. § 7703 is amended to read:

§7703. TREATMENT

(a) Outpatient or partial hospitalization shall be preferred to inpatient treatment. Emergency involuntary treatment shall be undertaken only when clearly necessary. Involuntary treatment shall be utilized only if voluntary treatment is not possible.

(b) The department shall establish minimum standards for adequate treatment as provided in this section, including requirements that, when possible, psychiatric unit staff be used as the primary source to implement emergency involuntary procedures such as seclusion and restraint.

\* \* \* Transfer of Patients \* \* \*

Sec. 26. 18 V.S.A. § 7901 is amended to read:

§ 7901. INTRASTATE TRANSFERS

The commissioner may authorize the transfer of patients between the Vermont state hospital State Hospital, or its successor in interest, and designated hospitals if the commissioner determines that it would be consistent with the medical needs of the patient to do so. Whenever a patient is transferred, written notice shall be given to the patient's-attorney, legal guardian or agent, if any, spouse, parent, or parents, or, if none be known, to

any other interested party in that order, and any other person with the consent of the patient. In all such transfers, due consideration shall be given to the relationship of the patient to his or her family, legal guardian, or friends, so as to maintain relationships and encourage visits beneficial to the patient. Due consideration shall also be given to the separation of functions and to the divergent purposes of the Vermont state hospital State Hospital, or its successor in interest, and designated hospitals. No patient may be transferred to a correctional institution without the order of a court of competent jurisdiction. No patient may be transferred to a designated hospital outside the no refusal system unless the head of the hospital or his or her designee first accepts the patient.

\* \* \* Support and Expense \* \* \*

*Sec.* 27. 18 *V.S.A.* § 8101(*b*) *is amended to read:* 

(b) The commissioner shall promulgate, pursuant to <u>3 V.S.A.</u> chapter 25 of *Title 3*, regulations which set forth in detail the levels of income, resources, expenses, and family size at which persons are deemed able to pay given amounts for the care and treatment of a patient, and the circumstances, if any, under which the rates of payment so established may be waived or modified. A copy of the payment schedule so promulgated shall be made available in the admissions office and in the office of each supervisor at the state hospital Vermont State Hospital, or its successor in interest.

Sec. 28. 18 V.S.A. § 8105 is amended to read:

# § 8105. COMPUTATION OF CHARGE FOR CARE AND TREATMENT

The charge for the care and treatment of a patient at the Vermont state hospital State Hospital, or its successor in interest, shall be established at least annually by the commissioner. The charge shall reflect the current cost of the care and treatment, including depreciation and overhead, for the Vermont state hospital State Hospital, or its successor in interest. Depreciation shall include but not be limited to costs for the use of the plant and permanent improvements, and overhead shall include but not be limited to costs incurred by other departments and agencies for the operation of the hospital. Accounting principles and practices generally accepted for hospitals shall be followed by the commissioner in establishing the charges.

Sec. 29. 18 V.S.A. § 8010 is amended to read:

#### § 8010. VOLUNTARY PATIENTS; DISCHARGE; DETENTION

(a) If a voluntary patient gives notice in writing to the head of the hospital of a desire to leave the hospital, he or she shall promptly be released unless he or she agreed in writing at the time of his admission that his or her release could be delayed.

(b) In that event and if the head of the hospital determines that the patient is a patient in need of further treatment, the head of the hospital may detain the patient for a period not to exceed four days from receipt of the notice to leave. Before expiration of the four-day period the head of the hospital shall either release the patient or apply to the family division of the superior court in the unit in which the hospital is located for the involuntary admission of the patient. The patient shall remain in the hospital pending the court's determination of the case.

(c) If the patient is under 18 years of age, the notice to leave may be given by the patient or his r her attorney or the person who applied for admission, provided the minor consents thereto. [Repealed.]

# Sec. 33. REPORTS

(a) On or before January 15, 2013, the department of mental health shall report to the senate committee on health and welfare and the house committees on human services and on judiciary on issues and protections relating to decentralizing high intensity inpatient mental health care. The commissioner of mental health shall:

(1) Recommend whether any statutory changes are needed to preserve the rights afforded to patients in the Vermont State Hospital. In so doing, the commissioner shall consider 18 V.S.A. §§ 7705 and 7707, the Vermont Hospital Patient Bill of Rights as provided in 18 V.S.A. § 1852, the settlement order in Doe, et al. v. Miller, et al., docket number S-142-82-Wnc dated May 1984, and other state and federal regulatory and accreditation requirements related to patient rights.

(2) Work with designated hospitals and stakeholders to develop a process to ensure public involvement with policy development relevant to individuals in the care and custody of the commissioner.

(3) Develop consistent definitions and measurement specifications for measures relating to seclusion and restraint and other key indicators, in collaboration with the designated hospitals. The commissioner shall prioritize the use of measures developed by national organizations such as the Joint Commission and the Centers for Medicare and Medicaid Services.

(4) Report on the efficacy of the department of mental health's housing subsidies program on the status of stable housing.

(b) On or before January 15, 2013, the department of mental health shall report to the senate committee on health and welfare and the house committee on human services regarding the department's efforts to date to plan for implementation, quality improvement, and innovation of Vermont's mental health system and how the department recommends that it proceed in its efforts to improve the system. The recommendation shall be based on an assessment of outcome and financial measures focused on at least the following criteria for individuals with a mental health condition: (1) the development of sufficient capacity for inpatient and community psychiatric services and peer supports across the continuum of care;

(2) the support of individuals in accessing the services nearest to their home;

(3) the reduction in emergency department usage and law enforcement intervention;

(4) the reduction in hospital admissions and length of inpatient stays, including any impact on readmissions;

(5) the implementation of quality assessment tools for evaluation of services at all levels, including those needed to measure the effectiveness of the care management system;

(6) the department's use of current financial data to conduct a fiscal analysis of the capital and annual operating costs associated with the plan as enacted; and

(7) individuals' satisfaction with provided services.

(c) Prior to submitting the reports required by subsections (a) and (b) of this section, the department of mental health shall solicit comments from the department's patient representative described in 18 V.S.A. § 7253, Vermont Legal Aid, and Disability Rights Vermont, and shall append any comments received to the respective report. (d) On or before January 15, 2013, the department of mental health shall report to the senate committee on health and welfare and the house committee on human services with a plan for streamlining overlapping state and federal reporting requirements for providers in the mental health system, including recommendations for any statutory changes needed to do so.

(e) A special committee consisting of the members of the joint fiscal committee and the chairs and vice chairs of the senate committee on health and welfare and the house committee on human services, in consultation with the commissioner of mental health shall contract with an independent consultant who has expertise in the field of mental health and psychiatric hospital services to evaluate the structure, services, and financial implications of Vermont's proposed mental health system. The joint fiscal office shall administer the contract for the special committee. The department of mental health shall transfer to the joint fiscal committee one-half the cost of this contract and the joint fiscal committee is authorized to transfer one-half the cost of this contract from the legislative budget to the joint fiscal committee. The independent consultant shall submit a report to the general assembly by December 1, 2012 and shall specifically address:

(1) Whether Vermont's proposed mental health system appropriately serves the needs of individuals with mental health conditions throughout the state and, if any unmet needs are identified, how they may be addressed; (2) The data and evaluation mechanisms necessary to manage and improve the quality of care and outcomes for individuals in Vermont with a mental health condition.

Sec. 33a. RULEMAKING

On or before September 1, 2012, the commissioner of mental health shall initiate a rulemaking process that establishes standards that meet or exceed and are consistent with standards set by the Centers for Medicare and Medicaid Services and the Joint Commission for the use and reporting of the emergency involuntary procedures of seclusion or restraint on individuals within the custody of the commissioner and that require the personnel performing emergency involuntary procedures to receive training and certification on the use of these procedures. Standards established by rule shall be consistent with the recommendations made pursuant to Sec. 33(a)(1) and (3) of this act.

Sec. 33b. COST-BASED REIMBURSEMENT FOR ACUTE HOSPITAL SERVICES

(a) The department of mental health shall ensure that hospitals are paid reasonable actual costs for providing necessary care to persons who otherwise would have been cared for at the Vermont State Hospital as defined by the department. The department shall contract with a third party with experience in psychiatric hospital care and expenses to conduct a comprehensive fiscal review to determine if the department's cost reimbursement methodology reflects reasonable actual costs.

(b) The department of mental health shall report to the joint fiscal committee regarding the fiscal review described in subsection (a) of this section on or before September 1, 2012.

Sec. 34. TRANSFER OF APPROPRIATIONS

To continue the training program established in Sec. 13 of No. 80 of the Acts of the 2003 Adj. Sess. (2004) (amending Sec. 57 of No. 66 of the Acts of 2003), for assisting selected law enforcement officers during the performance of their duties in their interactions with persons exhibiting mental health conditions, \$20,000.00 of the general funds appropriated to the department of mental health for fiscal year 2012 shall be transferred to the office of the attorney general.

(1) The office of the attorney general, in consultation with the Vermont coalition for disability rights and other organizations, shall implement this training program.

(2) By January 15 of each year and until funds are fully expended, the attorney general shall submit to the secretary of administration and the house and senate committees on appropriations a report summarizing how the funds have been used and how the trainings have progressed.

(3) Unexpended funds shall be carried forward and used for the purpose of this section in future years.

Sec. 34a. Sec. 33 of No. 43 of the Acts of 2009 (amending Sec. 124d(e) of No.65 of the Acts of 2007) is amended to read:

(e) For purposes of this section, the council shall cease to exist when the development of the alternatives to the Vermont state hospital is completed, but no later than <u>July September</u> 1, <u>2012</u> <u>2015</u>.

Sec. 37a. REDUCTION IN FORCE OF VERMONT STATE HOSPITAL EMPLOYEES

(a) Permanent status classified employees who were officially subjected to a reduction in force from their positions with the Vermont State Hospital on or after February 6, 2012, whose reemployment rights have not otherwise terminated and who have not been reemployed with the state during the two-year reduction in force reemployment rights period, shall be granted a continuation of their reduction in force reemployment rights, in accordance with the provisions of the applicable collective bargaining agreement, but solely to vacant classified bargaining unit positions at any new state-owned and -operated psychiatric hospital which management intends to fill. All other contractual reduction in force reemployment terms and conditions shall apply. (b) Permanent status classified employees employed by the Vermont State Hospital as of February 6, 2012 who are employed by the state shall, in accordance with the provisions of the applicable collective bargaining agreement, be eligible to receive one mandatory offer of reemployment to any new state-owned and -operated psychiatric hospital, solely to the job classification that they last occupied at the Vermont State Hospital, provided management intends to fill positions within that job classification. An employee who accepts such mandatory offer of reemployment shall be appointed in accordance with the provisions of the applicable collective bargaining agreement. If an employee who accepts a mandatory offer of reemployment fails the associated working test period, he or she shall be separated from employment and granted full reduction in force reemployment rights in accordance with the applicable collective bargaining agreement.

(c)(1) Participating hospitals and designated agencies developing acute inpatient, secure residential, and intensive residential recovery services, as described in Secs. 8–10 of this act, shall provide the department of human resources with a description of the minimum qualifications for those open positions related to the care of individuals with mental health conditions. Participating hospitals and designated agencies shall be encouraged to hire former state employees who meet minimum requirements or have equivalent *experience. The department shall use the most effective method to notify former employees of the Vermont State Hospital of these positions.* 

(2) The general assembly encourages the administration through its contracting process with participating hospitals and designated agencies to provide former employees of the Vermont State Hospital with the opportunity to apply for available positions.

(3) The provisions of this subsection shall not affect any existing collective bargaining agreement.

(d) Subsections (a) and (b) of this section are repealed one year after the opening of any new state-owned and -operated psychiatric hospital.

Sec. 37aa. VERMONT STATE HOSPITAL EMPLOYEE RETIREMENT INCENTIVE

(a) An individual who was employed by the department of mental health as of March 1, 2012, who was employed at the Vermont State Hospital on August 28, 2011, who participates in either the defined benefit or defined contribution plan, and who does not initiate the purchase of any additional service credit after March 1, 2012 shall be eligible for the retirement incentive outlined in subsection (b) of this section if the individual has:

(1) 30 years of creditable retirement service as of April 13, 2012;

(2) five years of creditable retirement service as of April 13, 2012 and is 62 years of age or older on April 13, 2012; or (3) 20 years of creditable retirement service as of April 13, 2012 as a facility employee who provides or who has provided direct security and treatment services as provided in 3 V.S.A. § 459(2)(A) and is 55 years of age or older on April 12, 2012.

(b) If the employee applies for retirement on or before April 13, 2012 for a retirement effective on or before May 1, 2012, the employee shall be entitled to payment by the state of at least 80 percent of the cost of the premium for health insurance coverage offered by the state of Vermont to retirees, provided that the employee continues to meet the eligibility requirements for at least seven years following retirement unless the employee elects the premium reduction option under 3 V.S.A. § 479(e) and:

(1) \$750.00 per complete year of service if the employee has five years of creditable service or more and fewer than 15 years of creditable service; or

(2) \$1,000.00 per complete year of service if the employee has 15 years of creditable service or more.

(c) The cash incentive set forth in subsection (b) of this section shall not exceed \$15,000.00 per employee. The employee shall receive the cash portion of the incentive in two equal payments in fiscal years 2013 and 2014. The first payment shall be made within 90 days of the retirement date. The second payment shall be made within 90 days of the one-year anniversary of the retirement date. The retirement incentive shall not be paid from the Vermont state retirement fund, as outlined in 3 V.S.A. § 473.

(d) No employee who receives the incentive set forth in subsection (b) of this section may return to permanent or limited classified service with the state for at least two full fiscal years from the date of his or her retirement unless the secretary of administration expressly approves otherwise. The joint fiscal committee shall be notified of any employee who received the incentive set forth in subsection (b) of this section and returned to state employment within two years.

(e) An employee who receives the incentive set forth in subsection (b) of this section is not entitled to receive any mandatory reemployment rights to a successor state facility and will not be eligible for any rights under Sec. 37a of this act.

(f) The retirement incentive set forth in subsection (b) of this section shall be treated as a severance payment under 21 V.S.A. § 1344(a)(5)(C) and shall be a disqualifying remuneration.

Sec. 37b. LEGISLATIVE INTENT

(a) It is the intent of the general assembly that the department of mental health contract with the Brattleboro Retreat for a 14-bed unit and with Rutland Regional Medical Center for a six-bed facility pursuant to Sec. 9(a) of this act.

(b) It is the understanding of the general assembly that the proposed temporary hospital in Sec. 9(c)(2) of this act, the Brattleboro Retreat, Rutland Regional Medical Center, and an interim secure residential facility are to

temporarily meet the immediate needs of the state.

Sec. 38. EFFECTIVE DATES

This act shall take effect on passage, except for Sec. 34 of this act which shall take effect on July 1, 2012.
