2 Introduced by Committee on Corrections and Institutions

3 Date:

4 Subject: Capital construction and state bonding; budget adjustment

5 Statement of purpose: This bill proposes to amend Act 40 of 2011, an act
6 relating to capital construction and state bonding for FY 2012–2013, and to
7 make additional appropriations and policy changes related to capital
8 construction and state bonding.

9 An act relating to capital construction and state bonding budget adjustment

10 It is hereby enacted by the General Assembly of the State of Vermont:

11 Sec. 1. LEGISLATIVE INTENT

12 Damage to state-owned assets and infrastructure caused by Tropical Storm
13 Irene made necessary some of the reallocations and appropriations contained in
14 this act.

15 Sec. 2. Sec. 1 of No. 40 of the Acts of 2011 is amended to read:

16 Sec. 1. LEGISLATIVE INTENT

17 (a) Notwithstanding any other provision of law, this act, unlike previous
18 acts relating to capital construction and state bonding, appropriates capital
19 funds for the next two years. This temporary move to a biennial capital
20 budgeting cycle is designed to accelerate the construction dates of larger

1 projects and thus create jobs for Vermonters sooner than would be possible
2 under a one-year capital budgeting cycle.

3 (b) It is the intent of the general assembly that:

4 (1) ~~this move to a biennial capital budgeting cycle shall apply only to~~
5 ~~FY 2012 and FY 2013. [Repealed]~~

6 (2) ~~any decision to move permanently to a biennial capital budgeting~~
7 ~~cycle shall receive study and consideration at a later date prior to~~
8 ~~implementation. [Repealed]~~

9 (3) of the ~~\$154,739,399~~ \$157,777,602 million authorized by this act, no
10 more than ~~\$92,249,757~~ \$87,952,312 shall be appropriated in the first year of
11 the biennium, and the remainder shall be appropriated in the second year.

13 Sec. 3. Sec. 2 of No. 40 of the Acts of 2011 is amended to read:

14 Sec. 2. STATE BUILDINGS

15 * * *

16 (b) The following sums are appropriated in FY 2012:

17 * * *

18 (4) Statewide, major maintenance. Of this amount, up to \$360,000 may
19 be used for window sills and frames in coordination with the ARRA-funded
20 window replacement project in Waterbury and up to \$270,000 may be used for
21 Vergennes (the former Weeks School) Stormwater Runoff. For the purposes

1 of this act, major maintenance shall mean deferred maintenance, planned
2 capital renewal, and routine maintenance as these terms are defined in the
3 memorandum of explanation of terminology dated April 14, 2011 from BGS to
4 the chairs of the institutions committees: 8,000,000

5 * * *

6 (12) ~~Montpelier, 120 State St., planning and design for building~~
7 ~~renovations:~~ 250,000 [Repealed]

8 * * *

9 (20) ~~Waterbury, wood chip fired boiler facility planning:~~
10 500,000 [Repealed]

11 * * *

12 (c) The following sums are appropriated in FY 2013:

13 * * *

14 (3) Statewide, major maintenance, as that term is defined in
15 subdivision (b)(4) of this section: 7,900,000 6,700,000

16 (4) Statewide, BGS engineering, project management, and architectural
17 project costs. It is the intent of the general assembly to ~~evaluate in the second~~
18 ~~year of the biennium the appropriate amount for future funding of~~ not fund this
19 project in future acts related to capital construction and state bonding:

20 2,428,802 2,433,490

21 * * *

6 420,960

20	<u>(C) To renovate and equip the National Life building in Montpellier</u>	
21	<u>to accommodate state offices as described in Sec. 20 of the 2012 capital budget</u>	
22	adjustment act:	1,000,000

(E) For the purpose of allowing the department of buildings and general services to enter into contractual agreements and complete work on the Waterbury Complex and the mental health system of care as soon as possible, it is the intent that more funds will be appropriated for these projects in a future act relating to capital construction and state bonding.

(f) For the purpose described in subdivision (c)(8) of this section, the speaker of the house shall be the ultimate point of contact and decision-maker for ensuring timely completion of this project.

(g)(1) Because of the expense and inefficiency of the distribution of state services following Tropical Storm Irene and because information regarding the modified plan for partial reuse of the Waterbury Complex and new construction as described in subdivision (c)(9)(A) of this section are likely to remain unknown upon passage of this act, the general assembly authorizes the following actions to take place when the legislature is not in session:

1 (A) The department of buildings and general services shall prepare or
2 cause to be prepared a plan for the renovation and replacement of buildings at
3 the Waterbury State Office Complex that is a modified version of the plan
4 known as Option B of the Freeman, French, Freeman report published on
5 March 9, 2012. The modified plan shall accommodate fewer employees but
6 still continue to use quality materials and energy efficient design to decrease
7 long-term maintenance and operating costs. Upon completion of the modified
8 plan, the department shall submit it to the house committee on corrections and
9 institutions, the senate committee on institutions, and the special committee
10 described in this subsection.

11 (B) A special committee consisting of the joint fiscal committee, the
12 chairs of the house committee on corrections and institutions, and the senate
13 committee on institutions (“special committee”) is hereby established. The
14 special committee may meet to review, approve, or alter the modified plan
15 described in this subsection at the next regularly scheduled meeting of the joint
16 fiscal committee or at an emergency meeting called by the chairs of the house
17 committee on corrections and institutions, the senate committee on institutions,
18 and the joint fiscal committee. In making its decision, the special committee
19 shall consider how the proposal impacts the ability of the state to provide
20 services to citizens, the financial consequences to the state of approval or
21 disapproval of the proposal, and potential alternatives available. The special

1 committee shall be entitled to per diem and expenses as provided in 32 V.S.A.
2 § 1010.

3 (C) With approval of the speaker of the house and the president pro
4 tempore, as appropriate, the house committee on corrections and institutions
5 and the senate committee on institutions may meet up to six times when the
6 general assembly is not in session to discuss any significant updates to the
7 planning process for the Waterbury Complex and make recommendations to
8 the special committee described in this subsection. Committee members shall
9 be entitled to receive a per diem and expenses as provided in 2 V.S.A. § 406.

10 (D) The commissioner of buildings and general services shall notify
11 the house committee on corrections and institutions and the senate committee
12 on institutions of significant updates to the planning process for the projects
13 described in subdivision (c)(9) of this section.

14 (E) Notwithstanding 29 V.S.A. §§ 152(a)(6), 165, or 166 or any other
15 provision of law, the commissioner of buildings and general services may
16 lease, sell, lease purchase, subdivide, or donate the following buildings within
17 the Waterbury Complex in their current condition: Ladd, Wasson, Stanley,
18 121 South Main Street, 123 South Main Street, 5 Park Row, 43 Randall Street,
19 and their improvements.

20 (F) The commissioner of buildings and general services may,
21 assuming any required permits are attained, demolish any building in the

1 Waterbury Complex except those named in subdivision (g)(1)(E) of this
2 section; the 1889–1896 early construction buildings, sometimes referred to as
3 the historic bone or spine; the smokestack; Hanks; Weeks; and the public
4 safety headquarters and forensics laboratory and their improvements.

5 (G) Before selecting a heating system for the Waterbury Complex,
6 the department of buildings and general services or designee shall investigate
7 further and consider options to assure the personnel operating costs as well as
8 other life cycle costs have been analyzed. The department or designee shall
9 also conduct a comparative cost effectiveness analysis of producing heat and
10 electricity.

11 (2) To the extent that amounts of potential funding from various sources
12 are not clear upon passage of this act, the legislative intent for funding the
13 capital costs of subdivisions (c)(9) and (g) of this section to the extent
14 practicable is first through insurance funds that may be available for these
15 purposes; second through the Federal Emergency Management Agency
16 (FEMA) funds that may be available for these purposes and any required state
17 match; third, in the case of the 14-bed unit and the six-bed unit described in
18 H.630, through a rate payment with clearly defined terms of services; and last
19 with state capital or general funds. It is also the intent of the general assembly
20 that, notwithstanding 32 V.S.A. §§ 134 and 135, any capital funds expended
21 for projects described in this act that are reimbursed at a later date by insurance

or FEMA shall be reallocated to fund capital projects in a future act relating to capital construction and state bonding.

Sec. 20. LOCATION OF STATE EMPLOYEES

The general assembly believes that it is in the best interest of the state and its employees for state offices displaced by Tropical Storm Irene to be relocated to permanent locations as soon as possible. It is the intent of the general assembly therefore that the agency of natural resources be relocated to the National Life building in Montpelier. The integration of the agencies of transportation, of natural resources, and of commerce and community development at the National Life building is designed to provide increased efficiencies and quality of services. Notwithstanding this particular relocation, it remains the intent of the general assembly to continue to make prudent investments in building space to meet the facility needs of the state and to shift away from state reliance on leased space in accordance with 29 V.S.A. § 165(b).

Sec. 21. 29 V.S.A. § 165 is amended to read:

§ 165. SPACE ALLOCATION, INVENTORY, AND USE; LEASING

PROPERTY; COMMISSIONER'S PREAPPROVAL REQUIRED

* * *

(c)(1) Notwithstanding any provision of law to the contrary, the commissioner of buildings and general services shall have sole jurisdiction,

1 sole authority and sole responsibility for making space allocations and
2 designating uses in any portions of any building or structure for which the
3 department of buildings and general services leases or pays for operation and
4 maintenance expenses, or for which construction or fit-up was financed
5 through an appropriation to the department of buildings and general services.

6 (2) On or before each January 15 and in accordance with this section,
7 the commissioner shall present to the general assembly a six-year plan for the
8 location of employees.

16 Sec. 23. RESTROOMS IN STATE BUILDINGS

17 By September 15, 2012, all single-occupancy restrooms with an outer door
18 that can be locked by the occupant that are located in any building owned by
19 the state shall be available for use regardless of the gender of the user.

1 Sec. 24. 29 V.S.A. § 157 is added to read:

2 § 157. FACILITIES CONDITION ANALYSIS

3 (a) The commissioner of buildings and general services shall:

4 (1) maintain the condition of buildings and infrastructure under the
5 commissioner's jurisdiction to provide a safe and healthy environment through
6 sustainable practices and judicious capital renewal;

7 (2) conduct a facilities condition analysis each year of 20 percent of the
8 building area and infrastructure under the commissioner's jurisdiction so that
9 within five years all property is assessed. At the end of the five years, the
10 process shall begin again.

11 (3) The analysis conducted pursuant to this subsection shall include the
12 thermal envelope of buildings and a report on the annual energy consumption
13 and energy costs and recommendations for reducing energy consumption.

14 (b) The commissioner may use up to two percent of the funds appropriated
15 to the department of buildings and general services for major maintenance and
16 planning for the purpose described in subsection (a) of this section.

17 Sec. 25. EMPLOYEE SERVICE MEMORIAL

18 (a) The commissioner of buildings and general services, in consultation
19 with the commissioner of human resources and an association representing
20 Vermont state employees, shall develop a plan to honor the services of past,
21 present, and future Vermont state employees with an appropriate memorial.

1 On or before January 15, 2013, the commissioner of buildings and general
2 services shall recommend a future location for an employee service memorial
3 and provide estimated costs to the general assembly.

4 (b) The commissioner of buildings and general services may accept
5 donations for the administration, materials, creation, and maintenance of the
6 service memorial.

7 Sec. 26. PARKING IN THE CAPITOL COMPLEX

8 To reduce parking pressures for state employees in Montpelier and to meet
9 Vermont's energy plan goals of reducing energy use in the transportation
10 sector, the commissioner of buildings and general services shall review
11 existing plans and reports including the Governor's Comprehensive Energy
12 Plan and, in consultation with the agency of transportation, create a parking
13 management program subject to the collective bargaining rights of executive
14 and judiciary employees. The program may include a pilot program designed
15 to encourage employees of the executive, judiciary, and legislative branches of
16 government working in Montpelier to use alternative means of transportation.
17 The parking management program shall not include a reduction in the number
18 of legislative parking spaces or relocation of existing legislative parking
19 spaces. Any capital improvements shall be presented to the general assembly
20 for approval.

Sec. 27. 29 V.S.A. § 155(a) is amended to read:

§ 155. HISTORIC PROPERTY STABILIZATION AND
REHABILITATION SPECIAL FUND

(a) There is established a special fund managed by and under the authority and control of the commissioner, comprising net revenue from the sale or lease of underutilized state-owned historic property to be used for the purposes set forth in this section. Any remaining balance at the end of the fiscal year shall be carried forward in the fund; provided, however, that if the fund balance exceeds \$250,000.00 as of November 15 in any year, then the general assembly shall reallocate ~~the excess~~ funds not subject to encumbrances for other purposes in the next enacted capital appropriations bill.

(b) Monies in the fund shall be available to the department for the ~~stabilization or rehabilitation of state-owned historic property pursuant to a program created jointly by the department of buildings and general services and the division for historic preservation of the agency of commerce and community development~~ rehabilitation or stabilization of state-owned historic properties that are authorized by the general assembly to be in the fund program, for payment of costs of historic resource evaluations and archeological investigations, for building assessments related to a potential sale

1 or lease, for one-time fees for easement stewardship and monitoring, and for
2 related one-time expenses.

3 (c) On or before January 15 of each year, the department shall report to the
4 house committee on corrections and institutions and the senate committee on
5 institutions concerning deposits into and disbursements from the fund
6 occurring in the previous calendar year, the properties sold, leased, ~~and~~
7 stabilized, or rehabilitated during that period, and the department's plans for
8 future stabilization or rehabilitation of state-owned historic properties.

10 Sec. 28. 24 V.S.A. 5601(d) is added to read:

11 (d) Notwithstanding 32 V.S.A. § 701a, if, after a board or department
12 awards grant funds under this chapter, the awarded funds remain unexpended
13 and not subject to a grant agreement, the board or department may reallocate
14 the unexpended funds within its grant program within three years of the
15 original award date. Any unexpended funds remaining after this three-year
16 period that are not subject to a grant agreement shall be returned to the
17 capital fund.

1 refer to requests for future fiscal years. The request shall encompass all
2 undertakings that may require state general obligation debt financing,
3 including transportation projects as follows:

4 (1) Activities proposed for funding by general obligation debt financing
5 shall be restricted to tangible capital investments, but may include the
6 planning, and design directly associated with a tangible capital investment.

7 (2) Proposed activities shall be further restricted to those capital
8 expenses allowed under federal laws governing the use of state bond proceeds.

9 (3) The capital budget request shall be segmented by the expected
10 functional life of proposed activities, and thus by a corresponding prudent use
11 of either long-term bond issues with a customary 20-year payback period, or
12 shorter-term bond issues with a lesser payback period.

13 (4) The capital budget shall not include requests for debt financing of
14 state agency operating expenses not directly related to a capital investment as
15 required hereinabove. The latter operating expenses shall be accounted for in
16 the governor's annual general operating budget request.

17 (b) Affordable bond authorization proposal. ~~The~~ In the first year of the
18 biennium the annual capital budget request of the governor shall include a
19 statement of the total amount of new state tax supported general obligation
20 debt the governor considers advisable for the general assembly to authorize for

5 Sec. 32. 32 V.S.A. § 310 is amended to read:

6 § 310. FORM OF ANNUAL CAPITAL BUDGET AND ~~LONG-RANGE~~

7 SIX-YEAR CAPITAL PROGRAM PLAN

8 (a) Each ~~annual~~ biennial capital budget request submitted to the general
9 assembly shall be accompanied by, and placed in the context of, a ~~long-range~~
10 six-year state capital program plan to be prepared, and revised annually, by the
11 governor and adopted by the general assembly. The six-year plan shall include
12 a list of all projects which will be recommended for funding in the current and
13 ensuing five fiscal years. The list shall be prioritized based on critical need,
14 ability to reduce operating costs, and ability to leverage other funds.

15 (b) The ~~annual~~ capital budget request for the following fiscal year shall be
16 presented as the next ~~one-year~~ increment of the ~~long-range~~ six-year plan.

17 Elements of the plan shall include:

18 (1) Assessment and projection of need.

19 (A) Capital needs and projections shall be based upon current and
20 projected statistics on capital inventories and upon state demographic and
21 economic conditions.

1 (B) Capital ~~inventories~~ funding shall be categorized as follows

2 ~~encompass all state financed capital programs, including:~~

3 (i) state buildings, facilities, and land acquisitions;

4 (ii) higher education;

5 (iii) aid to municipalities for education, environmental

6 conservation, including water, sewer, and solid waste projects, and other

7 purposes; and

8 (iv) transportation facilities.

9 (C) The capital needs and projections shall be for the current and the
10 ~~next each of the next~~ five fiscal years, with longer-term projections presented
11 for programs with reasonably predictable longer-term needs.

12 (D) Capital needs and projections shall be presented independently of
13 financing requirements or opportunities.

14 (2) Comprehensive cost and financing assessment.

15 (A) Amounts appropriated and expended for the current fiscal year
16 and for the preceding fiscal year shall be indicated for capital programs and for
17 individual projects. The assessment shall indicate further the source of funds
18 for any project which required additional funding and a description of any
19 authorized projects which were delayed.

20 (B) Amounts proposed to be appropriated for the following fiscal
21 year and each of the ~~four~~ five years thereafter shall be indicated for capital

1 programs and for individual projects and shall be revised annually to reflect
2 revised cost estimates and changes made in allocations due to project delays.

3 (C) The capital costs of programs and of individual projects,
4 including funds for the development and evaluation of each project, shall be
5 presented in full, for the entire period of their development.

6 (D) The operating costs, both actual and prospective, of capital
7 programs and of individual projects shall be presented in full, for the entire
8 period of their development and expected useful life.

9 (E) The financial burden and funding opportunities of programs and
10 of individual projects shall be presented in full, including federal, state, and
11 local government shares, and any private participation.

12 (F) Alternative methods of financing capital programs and projects
13 should be described and assessed, including debt financing and use of current
14 revenues.

15 Sec. 33. 32 V.S.A. § 701a is amended to read:

16 § 701a. CAPITAL CONSTRUCTION BILL

17 (a) When the capital budget has been submitted by the governor to the
18 general assembly, it shall immediately be referred to the committee on
19 corrections and institutions which shall proceed to consider the budget request
20 in the context of the ~~long-range~~ six-year capital program plan also submitted
21 by the governor pursuant to sections 309 and 310 of this title. The committee

1 shall also propose to the general assembly a prudent amount of total general
2 obligation bonding for the following fiscal year, for support of the capital
3 budget, in consideration of the recommendation of the capital debt
4 affordability advisory committee pursuant to subchapter 8 of chapter 13 of this
5 title.

6 (b) As soon as possible the committee shall prepare a bill to be known as
7 the "capital construction bill," which shall be introduced for action by the
8 general assembly.

9 (c) ~~The sums appropriated and~~ spending authority authorized by a capital
10 construction act shall be continuing ~~and shall not revert at the end of the fiscal~~
11 ~~year~~ for a period of two years. Any unencumbered funds remaining after this
12 two-year period shall be reported to the general assembly and may be returned
13 to the capital fund.

14 (d) On or before October 15, each entity to which spending authority is
15 authorized by a capital construction act shall submit to the department of
16 buildings and general services a report on the status of each project authorized.
17 The report shall follow the form provided by the department of buildings and
18 general services and shall include details regarding how much of the
19 appropriation has been spent, how much of the appropriation is unencumbered,
20 actual progress in meeting the goals of the project, and any impediments to
21 completing the project on time and on budget. The department may request

1 additional or clarifying information regarding each project. On or before
2 January 15, the department shall present the information collected to the house
3 committee on corrections and institutions and the senate committee on
4 institutions.

5 Sec. 34. 32 V.S.A. § 954 is amended to read:

6 § 954. PROCEEDS

7 (a) The proceeds arising from the sale of such bonds, ~~except~~ inclusive of
8 any premiums, shall be applied to the purposes for which they were authorized
9 and such purposes shall be considered to include the expenses of preparing,
10 issuing, and marketing such bonds and any notes issued under section 955 of
11 this title, and amounts for reserves, but no purchasers of such bonds shall be in
12 any way bound to see to the proper application of the proceeds thereof. The
13 state treasurer shall pay the interest on, principal of, investment return on, and
14 maturity value of such bonds and notes as the same fall due or accrue without
15 further order or authority. ~~Any premium received upon the sale of such bonds~~
16 ~~or notes shall be applied to the payment of the first principal or interest to~~
17 ~~come due thereon.~~ The state treasurer with the approval of the governor, may
18 establish sinking funds, reserve funds, or other special funds of the state as he
19 or she may deem for the best interest of the state. To the extent not otherwise
20 provided, the amount necessary each year to fulfill the maturing principal and
21 interest of, investment return and maturity value of, and sinking fund

1 installments on all such bonds then outstanding shall be included in and made a
2 part of the annual appropriation bill for the expense of state government, and
3 such principal and interest on, investment return and maturity value of, and
4 sinking fund installments on the bonds as may come due before appropriations
5 for the fulfillment thereof have been made shall be fulfilled from the applicable
6 debt service fund.

8 Sec. 35. 32 V.S.A. § 962 is added to read:

9 § 962. PRIVATE USE COMPLIANCE, NOTICE AND APPROVAL

10 Any entity receiving an appropriation financed with proceeds of tax-exempt
11 bonds of the state shall notify and receive approval from the state treasurer and
12 the secretary of administration at least 90 days prior to finalizing an agreement
13 with a nonpublic or for-profit entity to rent, lease, sell, or otherwise dispose of
14 property financed with those proceeds and also shall pay any cost related to
15 compliance with the Internal Revenue Code of 1986, as amended, resulting
16 from disposal of the property. This notification requirement shall not apply if
17 the proceeds were provided, or the property was disposed of, as a grant, or
18 otherwise with no payment or repayment made or required to be made to the
19 state or to the entity.

1 Sec. 36. 32 V.S.A. § 993 is added to read:

2 § 993. PUBLIC APPROVAL, OUT-OF-STATE ISSUERS

3 The governor, in consultation with the state treasurer, shall have exclusive
4 authority to grant any public approval required under Section 147(f)(2) of the
5 Internal Revenue Code of 1986, as amended, pertaining to the proposed
6 issuance of qualified private activity bonds when the purpose of the bonds is to
7 finance or refinance purposes to be located within the state and the bonds are
8 proposed by any issuers of qualified private activity bonds organized under the
9 laws of a jurisdiction other than the state of Vermont. Approval shall not be
10 withheld unless the governor, in consultation with the state treasurer,
11 determines in good faith that the issuance is not financially sound.

13 Sec. 37. JOINT COMMITTEE ON CORRECTIONS OVERSIGHT

14 During the 2012 interim, the joint committee on corrections oversight
15 shall:

16 (1) explore how criminal justice services are being delivered currently
17 in the Northwest quadrant of the state. The committee's work shall include a
18 review of the current facilities in the Northwest quadrant of the state, a
19 determination of whether those facilities have sufficient space for their
20 current populations and provide sufficient supports related to housing,
21 parenting, mental health, substance abuse, trauma, education, and job

1 training, and a recommendation for further action regarding current and
2 future facilities in the Northwest quadrant of the state. In addition to
3 facilities, the committee shall also consider how criminal justice services
4 generally are being delivered in the Northwest quadrant and whether there are
5 any opportunities for improvement or collaboration to reduce the total
6 number of individuals incarcerated. On or before January 15, 2013, the
7 committee shall present its analysis together with any related proposals for
8 legislation to the house and senate committees on judiciary and the house
9 committee on corrections and institutions.

10 (2) monitor the progress of construction and improvements to existing
11 programming at the Chittenden Regional Correctional Facility and determine
12 whether the changes that have been made or any proposed changes to the
13 facility or to programming are sufficient to ensure inmate health, safety, and
14 human dignity.

Sec. 39. INFORMATION TECHNOLOGY INFRASTRUCTURE
NEEDS

In order for state government operations to be effective and efficient, timely and reasonable replacement and upgrading of information technology systems are appropriate and necessary. Over the last decade, capital funds have been used increasingly to pay for these important projects. However, there is not enough capital funding available to meet the existing uses of this fund. Therefore, the secretary of administration, working in collaboration with the state treasurer, shall review the options for funding these projects described in the administration's report titled "Information Technology Infrastructure Needs: A Study of Financing Options" published on January 13, 2011, including a base line appropriation or revolving loan fund. The secretary and treasurer shall present a recommendation of any required statutory changes to the house committee on corrections and institutions and the senate committee on institutions on or before January 15, 2013.
