

S.209

Introduced by Senators Miller and Snelling

Referred to Committee on Health and Welfare

Date: January 3, 2012

Subject: Health; naturopathic physicians; health insurance; Blueprint for

Health; hospitals; health information technology

Statement of purpose: This bill proposes to require health insurers to include naturopathic physicians as primary care providers, include naturopathic physicians as medical homes under the Blueprint for Health, specify that naturopathic physicians may practice independently and without supervision, and allow naturopathic physicians to apply for loans and grants from the state's health information technology fund to enable them to purchase electronic health record programs.

An act relating to naturopathic physicians

It is hereby enacted by the General Assembly of the State of Vermont:

~~Sec. 1. 8 V.S.A. § 4088d(a) is amended to read:~~

~~(a) A health insurance plan shall provide coverage for medically necessary health care services covered by the plan when provided by a naturopathic physician licensed in this state for treatment within the scope of practice described in chapter 81 of Title 26 V.S.A. chapter 81 and shall consider~~

~~naturopathic physicians to be primary care physicians. Health care services~~
provided by naturopathic physicians may be subject to reasonable deductibles,
co-payment and co-insurance amounts, and fee or benefit limits; consistent
with those applicable to other primary care physicians under the plan, as well
as practice parameters, cost-effectiveness and clinical efficacy standards, and
utilization review consistent with any applicable regulations published by the
department of banking, insurance, securities, and health care administration.
Any amounts, limits, standards, and review shall not function to direct
treatment in a manner unfairly discriminative against naturopathic care, and
collectively shall be no more restrictive than those applicable under the same
policy to care or services provided by other primary care physicians, but may
allow for the management of the benefit consistent with variations in practice
patterns and treatment modalities among different types of health care
providers. A health insurance plan may require that the naturopathic
physician's services be provided by a licensed naturopathic physician under
contract with the insurer or shall be covered in a manner consistent with
out-of-network provider reimbursement practices for primary care physicians;
however, this shall not relieve a health insurance plan from compliance with
the applicable Rule 10 network adequacy requirements adopted by the
commissioner. Nothing contained herein shall be construed as impeding or
preventing either the provision or the coverage of health care services by

1 ~~licensed naturopathic physicians, within the lawful scope of naturopathic~~
2 practice, in hospital facilities on a staff or employee basis.

3 Sec. 2. 8 V.S.A. § 4080f is amended to read:

4 § 4080f. CATAMOUNT HEALTH

5 (a) As used in this section:

6 * * *

7 (8) "Primary care" means health services provided by health care
8 professionals specifically trained for and skilled in first-contact and continuing
9 care for individuals with signs, symptoms, or health concerns, not limited by
10 problem origin, organ system, or diagnosis, and shall include prenatal care ~~and~~
11 the treatment of mental illness, and services provided by a naturopathic
12 physician licensed pursuant to 26 V.S.A. chapter 81.

14 Sec. 3. 18 V.S.A. § 704 is amended to read:

15 § 704. MEDICAL HOME

16 (a) Consistent with federal law to ensure federal financial participation, a
17 health care professional providing a patient's medical home shall:

18 * * *

19 (b) To the extent permitted under federal law, a naturopathic physician
20 licensed pursuant to 26 V.S.A. chapter 81 may serve as a patient's medical
21 home. In the event that federal financial participation is unavailable for a

~~patient with a naturopathic physician as a medical home, the director of the~~

Blueprint shall consult with the physician to determine the best course of
action with respect to the patient's care and the physician's compensation.

Sec. 4. 18 V.S.A. § 706(c) is amended to read:

(c)(1) The Blueprint payment reform methodologies shall include
per-person per-month payments to medical home practices by each health
insurer and Medicaid for their attributed patients and for contributions to the
shared costs of operating the community health teams. Per-person per-month
payments to practices shall be based on the official National Committee for
Quality Assurance's Physician Practice Connections - Patient Centered
Medical Home (NCQA PPC-PCMH) score to the extent practicable and shall
be in addition to their normal fee-for-service or other payments.

(2) Consistent with the recommendation of the Blueprint expansion
design and evaluation committee, the director of the Blueprint may implement
changes to the payment amounts or to the payment reform methodologies
described in subdivision (1) of this subsection, including by providing for
enhanced payment to health care professional practices which operate as a
medical home, including naturopathic physicians' practices; payment toward
the shared costs for community health teams; or other payment methodologies
required by the Centers for Medicare and Medicaid Services (CMS) for
participation by Medicaid or Medicare.
