(H) Procedures for providing notice to applicants regarding federal law with respect to marijuana.

(2) The department of public safety shall adopt such rules with the goal of protecting against diversion and theft without imposing an undue burden on a registered dispensary or compromising the confidentiality of registered patients and their registered caregivers. Any dispensing records that a registered dispensary is required to keep shall track transactions according to registered patients' and registered caregivers' registry identification numbers, rather than their names, to protect confidentiality.

(b) Within 30 days of the adoption of rules, the department shall begin accepting applications for the operation of dispensaries. Within 365 days of the effective date of this section, the department shall grant registration certificates to four dispensaries, provided at least four applicants apply and meet the requirements of this section. No more than four dispensaries shall hold valid registration certificates at one time. The total statewide number of registered patients who have designated a dispensary shall not exceed 1,000 at any one time. Any time a dispensary registration certificate is revoked, is relinquished, or expires, the department shall accept applications for a new dispensary. (d) Any time one or more dispensary registration applications are being considered, the department of public safety shall solicit input from registered patients and registered caregivers.

(e) Each time a dispensary certificate is granted, the decision shall be based on the overall health needs of qualified patients. The following factors shall weigh heavily in the consideration of an application:

(1) Geographic convenience to patients from throughout the state of

Vermont to a dispensary if the applicant were approved.

(2) The entity's ability to provide an adequate supply to the registered patients in the state.

(3) The entity's ability to demonstrate its board members' experience running a nonprofit organization or business.

(4) The comments, if any, of registered patients and registered caregivers regarding which applicant should be granted a registration certificate.

(6) The sufficiency of the applicant's plans for safety and security, including the proposed location and security devices employed.

(f) The department of public safety may deny an application for a dispensary if it determines that an applicant's criminal history record indicates that the person's association with a dispensary would pose a demonstrable threat to public safety.

(g) After a dispensary is approved but before it begins operations, it shall submit the following to the department of public safety:

(1) The legal name and articles of incorporation of the dispensary.

(2) The physical address of the dispensary.

(h) The governor may suspend the implementation and enforcement of subsection (a) or subsection (b) of this section, or both, if the governor determines that implementation of the suspended subsection is in the interest of justice and public safety.

§ 4474g. DISPENSARY REGISTRY IDENTIFICATION CARD; CRIMINAL BACKGROUND CHECK

(1) The name, address, and date of birth of the person.

(2) The legal name of the dispensary with which the person is affiliated.

(3) A random identification number that is unique to the person.

(4) The date of issuance and the expiration date of the registry identification card.

(5) A photograph of the person.

(b) Prior to acting on an application for a registry identification card, the department of public safety shall obtain with respect to the applicant a Vermont criminal history record, an out-of-state criminal history record, and a criminal history record from the Federal Bureau of Investigation. Each applicant shall consent to the release of criminal history records to the department on forms substantially similar to the release forms developed in accordance with 20 V.S.A. § 2056c.

(c) When the department of public safety obtains a criminal history record, the department shall promptly provide a copy of the record to the applicant and to the principal officer and board of the dispensary if the applicant is to be an employee. The department shall inform the applicant of the right to appeal the accuracy and completeness of the record pursuant to rules adopted by the department.

(d) The department of public safety shall comply with all laws regulating the release of criminal history records and the protection of individual privacy. No person shall confirm the existence or nonexistence of criminal history record information to any person who would not be eligible to receive the information pursuant to this subchapter.

(e) The department of public safety shall not issue a registry identification card to any applicant who has been convicted of a drug-related offense or a violent felony or who has a pending charge for such an offense. For purposes of this subchapter, "violent felony" means a listed crime as defined in 13 V.S.A. § 5301(7) or an offense involving sexual exploitation of children in violation of chapter 64 of Title 13.

(f) The department of public safety shall adopt rules for the issuance of a registry identification card and shall set forth standards for determining

whether an applicant should be denied a registry identification card because his or her criminal history record indicates that the person's association with a dispensary would pose a demonstrable threat to public safety. The rules shall consider whether a person who has a conviction for an offense not listed in subsection (e) of this section has been rehabilitated. A conviction for an offense not listed in subsection (e) of this section shall not automatically disqualify a person for a registry identification card. A dispensary may deny a person the opportunity to serve as a board member or an employee based on his or her criminal history record. An applicant who is denied a registry identification card may appeal the department of public safety's determination in superior court in accordance with Rule 75 of the Vermont Rules of Civil Procedure.

(g) A registration identification card of a principal officer, board member, or employee shall expire one year after its issuance or upon the expiration of the registered organization's registration certificate, whichever occurs first.

(c) In addition to the monthly reports, the department of public safety shall provide written notice to a dispensary whenever any of the following events occurs:

(1) A qualifying patient designates the dispensary to serve his or her needs under this subchapter.

(2) An existing registered patient revokes the designation of the dispensary because he or she has designated a different dispensary.

(3) A registered patient who has designated the dispensary loses his or her status as a registered patient under this subchapter.

§ 4474i. CONFIDENTIALITY OF INFORMATION REGARDING DISPENSARIES AND REGISTERED PATIENTS

The confidentiality provisions in section 4474d of this title shall apply to records of all registered patients and registered caregivers within dispensary records in the department of public safety.

(C) Sufficiency of the regulatory and security safeguards contained in this subchapter and adopted by the department of public safety to ensure that access to and use of cultivated marijuana is provided only to cardholders authorized for such purposes.

(b) On or before January 1 of each year, beginning in 2013, the oversight committee shall provide a report to the department of public safety, the house committee on human services, the senate committee on health and welfare, the

house and senate committees on judiciary, and the house and senate committees on government operations on its findings.

§ 4474k. FEES; DISPOSITION

All fees collected by the department of public safety relating to dispensaries and pursuant to this subchapter shall be deposited in the registration fee fund as referenced in section 4474a of this title.

§ 4474l. REGULATION BY MUNICIPALITIES

Nothing in this subchapter shall be construed to prevent a municipality from prohibiting the establishment of a dispensary within its boundaries or from regulating the time, place, and manner of dispensary operation through zoning or other local ordinances.

Sec. 1a. 18 V.S.A. § 4474h(a) is amended to read:

(a) A registered patient may obtain marijuana only from the patient's designated dispensary and may designate only one dispensary. ~~A registered patient and his or her caregiver may not grow marijuana for symptom relief if the patient designates a dispensary~~ If a registered patient designates a dispensary, the patient and his or her caregiver may not grow marijuana or obtain marijuana or marijuana-infused products for symptom relief from any source other than the designated dispensary. The department shall issue a new identification card to the registered patient within 30 days of receiving the notification of change in dispensary. The registered patient's previous identification card shall expire at the time the new identification card takes effect. A registered patient shall submit his or her expired identification card to the department within 30 days of expiration. A registered patient shall not change his or her designated dispensary more than once in any 90-day period.

Sec. 2. DEPARTMENT OF PUBLIC SAFETY; IDENTIFICATION CARDS

The department of public safety shall take measures to improve the quality and security of identification cards required pursuant to chapter 86 of Title 18. The department shall consider the feasibility of a "swipe card" that could be used by law enforcement or a dispensary.

Sec. 2a. REPORT FROM THE DEPARTMENT OF PUBLIC SAFETY

The department of public safety shall report to the general assembly no later than January 1, 2012 on the following:

(1) The actual and projected income and costs for administering this act.

(2) Recommendations for how dispensaries could deliver marijuana to registered patients and their caregivers in a safe manner. Delivery to patients and caregivers is expressly forbidden until the general assembly takes affirmative action to permit delivery.

(3) Whether prohibiting growing marijuana for symptom relief by patients and their caregivers if the patient designates a dispensary interferes with patient access to marijuana for symptom relief and, if so, recommendations for regulating the ability of a patient and a caregiver to grow marijuana at the same time the patient has designated a dispensary.

Sec. 2b. JOINT FISCAL OFFICE REPORT

No later than January 15, 2012, the joint fiscal office shall report to the house committee on ways and means and the senate committee on finance regarding the projected costs of administering this act, the projected fee revenue from this act, the feasibility of a sales tax on marijuana sold through registered dispensaries, and any other information that would assist the committees in adopting policies that will encourage the viability of the dispensaries while remaining, at a minimum, revenue neutral to the state.

Sec. 3. SURVEY

(a) By September 1, 2011, the department of public safety shall develop a survey of patients registered to possess and use marijuana for symptom relief and shall send the survey to such patients. The department shall request that patients return the survey by October 1, 2011.

(b) The survey shall make the following inquiries:

(1) Please describe your medical diagnosis and the "debilitating medical condition" that qualifies you to be a registered patient under Vermont law. Please describe the symptoms that are aided by your use of marijuana for symptom relief.

(2) Please describe how much marijuana you typically use in one month for symptom relief and the strain or strains of marijuana that you use or that are particularly helpful in alleviating symptoms of your medical condition.

(3) Would you purchase marijuana for symptom relief from a state-regulated dispensary if it were available to you at an affordable price? How much do you typically spend in one month on marijuana for symptom relief?

(c) The department of public safety shall clearly state on the survey that the information is being gathered solely for the purpose of assessing the needs of registered medical patients in order to facilitate a safer, more reliable means for patients to obtain marijuana for symptom relief. The completed surveys shall remain confidential and shall not be subject to public inspection; however,

summary information shall be available as provided in subsection (d) of this section.

(d) The department of public safety shall summarize the survey responses in a manner that protects the identity of patients, providing information that will assist state decision-makers, the department of public safety, and potential dispensary applicants to better understand the needs of registered patients. This summary shall not be confidential and shall be provided with other information about the medical marijuana registry on the Vermont criminal information website. The department of public safety shall ensure that any patient identifiers are not included in the summary.

(3) Of the approximately $8,900,000.00 in state funds appropriated to the VTA for capital investments since its creation in 2007, approximately $6,400,000.00 has been awarded to fund various telecommunications projects in the state, and about $280,000.00 worth of those projects has been completed to date.

and by renumbering the remaining subdivisions to be numerically correct.

Third: In Sec. 1 (purpose and findings), in subsection (b), by striking out subdivision (11) in its entirety and inserting in lieu thereof the following:

(11) In light of the infusion of federal dollars to build out telecommunications infrastructure in Vermont, the VTA, in coordination with the secretary of administration, needs to reexamine on a continuing basis its role in providing funds and its support for cellular and broadband deployment.

Fourth: In Sec. 1 (purpose and findings), in subsection (b), in subdivision (13), by striking out the second sentence in its entirety

Fifth: In Sec. 1 (purpose and findings), in subsection (b), by striking out subdivision (14) and inserting in lieu thereof:

(14) It is also imperative that Vermont pursue telecommunications infrastructure deployment in a manner consistent with the state's iconic beauty and long-standing principles of historic and environmental stewardship. Notably, Vermont is ranked sixth in the world for "destination stewardship" by the National Geographic Society's Center for Sustainable Destination, as published in the November–December 2009 issue of National Geographic Traveler magazine. Provisions should be enacted that are specifically intended to assure that telecommunications facilities along Vermont's scenic highways are built consistently with this goal.

and by renumbering all subdivisions in subsection (b) to be numerically correct

Sixth: In Sec. 2, 30 V.S.A. § 248a (certificate of public good for communications facilities), in subsection (c) (findings), by striking out subdivision (1) and inserting in lieu thereof:

(1) The proposed facility will not have an undue adverse effect on aesthetics, historic sites, air and water purity, the natural environment, and the public health and safety, and the public's use and enjoyment of the I-89 and I-91 scenic corridors or of any highway that has been designated as a scenic road pursuant to 19 V.S.A. § 2501 or a scenic byway pursuant to 23 U.S.C. § 162, with due consideration having been given to the relevant criteria specified in 10 V.S.A. §§ 1424a(d) and 6086(a)(1) through (8) and (9)(K). However, with respect to telecommunications facilities of limited size and scope, the board shall waive all criteria of this subdivision other than 10 V.S.A. § 6086(a)(1)(D) (floodways) and (a)(8) (aesthetics, scenic beauty, historic

sites, rare and irreplaceable natural areas; endangered species; necessary wildlife habitat). Such waiver shall be on condition that:

(A) The board may determine, pursuant to the procedures described in subdivision (j)(2)(A) of this section, that a petition raises a significant issue with respect to any criterion of this subdivision; and

(B) A telecommunications facility of limited size and scope shall comply, at a minimum, with the requirements of the Low Risk Site Handbook for Erosion Prevention and Sediment Control issued by the department of environmental conservation, regardless of any provisions in that handbook that limit its applicability.

Based on the examination or review, the insurer shall authorize or deny the treatment and notify the department and the injured worker of the decision within 45 days of a request for preauthorization. The commissioner may in his or her sole discretion grant a 10-day extension to the insurer to authorize or deny treatment, and such an extension shall not be subject to appeal.

(b) If the insurer fails to authorize or deny the treatment pursuant to subsection (a) of this section within 14 days of receiving a request, the claimant or health care provider may request that the department issue an order authorizing treatment. (c) If the insurer denies the preauthorization of the treatment pursuant to subdivision (a)(2) or (3) of this section, the commissioner may on his or her own initiative or upon a request by the claimant issue an order authorizing the treatment if he or she finds that the evidence shows that the treatment is reasonable, necessary, and related to the work injury.

Sec. 4. 21 V.S.A. § 655a is added to read:

§ 655a. RELEASE OF RELEVANT MEDICAL RECORDS BY HEALTH CARE PROVIDERS; DEPARTMENT TO OVERSEE RELEASE AND USE OF RELEVANT MEDICAL INFORMATION

(a) Health care providers examining or attending the examination of an injured worker pursuant to this chapter shall provide relevant medical records and reports as requested by the injured worker, the employer, or the department regarding the diagnosis, condition, or treatment of the worker, permanent impairment, or any restrictions or limitations on the worker's ability to work upon receiving a written medical release authorization from the injured worker. The authorization shall be on a form approved by the department. If the relevance of any medical information is disputed, the department shall determine whether the requested medical information is relevant.

(b) Medical information relevant to the specific claim includes a past history of complaints or treatment of a condition similar to that presented in the claim or other conditions related to the same body part. Information that may be requested includes:

(3) Any other relevant provider records contained in the file.

(c) An injured worker shall only be obligated to sign a medical record release authorization approved by the department.

(d) Any medical information received by the employer or the insurance carrier that is found not to be relevant to the claim may not be used to deny or limit a claim. The commissioner may order that specific disclosure requests be denied or rescinded and may make such other interim orders as are appropriate.

(e) Any medical information received in conjunction with a claim shall be used only for the purpose of advancing or defending a claim relating to the

injury or of investigating a claim of false representation or of ensuring compliance with the workers' compensation statutes and rules.

§ 692. PENALTIES; FAILURE TO INSURE; STOP WORK ORDERS

Sec. 32. WORKERS' COMPENSATION; STATE CONTRACTS; COMPLIANCE WITH DAVIS-BACON

(a) The agencies of administration and transportation shall establish procedures to assure that state contracting procedures and contracts are designed to minimize the incidents of miscoding of employees in NCCI job codes and misclassification of the status of workers as independent contractors rather than employees by state contractors on projects with a total project cost of more than $250,000.00 by requiring those contractors to provide, at a minimum, all the following:

* * *

However, in the event the applicable Davis-Bacon wages in any county have not been updated in the previous three years, the minimum state required wage for a state contract subject to Davis-Bacon wages under ARRA shall be that of the Vermont county that has most recently updated its applicable Davis-Bacon wages, provided this provision does not result in the loss of ARRA funds and is not otherwise contrary to federal law. In the event that the most recently updated Davis-Bacon wages cannot be determined due to the simultaneous updating by two or more counties, the agencies may select the minimum state-required wage for a state contract subject to Davis-Bacon wages under ARRA from among those counties.
