(2) Because the primary assets of ~~technology-based companies~~ sometimes Vermont-based businesses in seed, start-up, and growth stages often consist almost entirely of intellectual property or insufficient tangible assets to support conventional lending, such ~~these~~ companies frequently do ~~may~~ not have access to conventional means of raising capital, such as asset-based bank financing.

(b) To support the growth of ~~technology-based companies~~ Vermont-based businesses in seed, start-up, and growth stages and the resultant creation of ~~high-wage~~ higher wage employment in Vermont, a ~~technology loan program is established under this subchapter~~ the General Assembly hereby creates in this subchapter the Vermont Entrepreneurial Lending Program.

(2) loans up to \$1,000,000.00 in growth-stage companies who do not meet the underwriting criteria of other public and private entrepreneurial financing sources; and

(3) loans to businesses that are unable to access adequate capital resources because the primary assets of these businesses are typically intellectual property or similar nontangible assets.

~~(b) The economic development authority Authority shall establish such adopt regulations, policies, and procedures for the program Program as are necessary to carry out the purposes of this subchapter. The authority's lending criteria shall include consideration of in-state competition and whether a company has made reasonable efforts to secure capital in the private sector~~  
increase the amount of investment funds available to Vermont businesses whose capital requirements are not being met by conventional lending sources.

(c) When considering entrepreneurial lending through the Program, the Authority shall give additional consideration and weight to an application of a business whose business model and practices will have a demonstrable effect in achieving other public policy goals of the State, including:

(1) The business will create jobs in strategic sectors such as the knowledge-based economy, renewable energy, advanced manufacturing, wood products manufacturing, and value-added agricultural processing.

(2) The business is located in a designated downtown, village center, growth center, industrial park, or other significant geographic location recognized by the State.

(3) The business adopts energy and thermal efficiency practices in its operations or otherwise operates in a way that reflects a commitment to green energy principles.

(4) The business will create jobs that pay a livable wage and significant benefits to Vermont employees.

(d) The Authority shall include provisions in the terms of a loan made under the Program to ensure that a loan recipient shall maintain operations within the State for a minimum of five years from the date on which the recipient receives the loan funds from the Authority or shall otherwise be required to repay the outstanding funds in full.

(b) Definitions. ~~For the purposes of~~ As used in this section:

\* \* \*

(4) “Telecommunications facility” means a communications facility that transmits and receives signals to and from a local, State, national, or international network used primarily for two-way communications for commercial, industrial, municipal, county, or State purposes and any

associated support structure that is proposed for construction or installation which is primarily for communications purposes, and any ancillary improvements that are proposed for construction or installation and are primarily intended to serve the communications facilities or support structure. An applicant may seek approval of construction or installation of a telecommunications facility whether or not the telecommunications facility is attached to an existing structure.

(5) “Wireless service” means any commercial mobile radio service, wireless service, common carrier wireless exchange service, cellular service, personal communications service (PCS), specialized mobile radio service, paging service, wireless data service, or public or private radio dispatch service.

\* \* \*

(c) Findings. Before the Public Service Board issues a certificate of public good under this section, it shall find that:

(1) The proposed facility will not have an undue adverse effect on aesthetics, historic sites, air and water purity, the natural environment, and the public health and safety, and the public’s use and enjoyment of the I-89 and I-91 scenic corridors or of any highway that has been designated as a scenic road pursuant to 19 V.S.A. § 2501 or a scenic byway pursuant to 23 U.S.C. § 162, with due consideration having been given to the relevant criteria specified in 10 V.S.A. §§ 1424a(d) and 6086(a)(1) through (8) and (9)(K).

However, with respect to telecommunications facilities of limited size and scope, the Board shall waive all criteria of this subdivision other than 10 V.S.A. § 6086(a)(1)(D)(floodways) and (a)(8)(aesthetics, scenic beauty, historic sites, rare and irreplaceable natural areas; endangered species; necessary wildlife habitat). (B) ~~A~~ a telecommunications facility of limited size and scope shall comply, at a minimum, with the requirements of the Low Risk Site Handbook for Erosion Prevention and Sediment Control issued by the Department of Environmental Conservation, regardless of any provisions in that handbook that limit its applicability.

(2) Unless there is good cause to find otherwise, substantial deference has been given to the land conservation measures in the plans of the affected municipalities and the recommendations of the municipal legislative bodies and the municipal and regional planning commissions regarding the municipal and regional plans, respectively. Nothing in this section or other provision of law shall prevent a municipal body from basing its recommendations on an ordinance adopted under 24 V.S.A. § 2291(19) or bylaw adopted under 24 V.S.A. chapter 117 by the municipality in which the facility is located.

A rebuttable presumption respecting compliance with the applicable plan shall

be created by a letter from an affected municipal legislative body or municipal planning commission concerning compliance with the municipal plan and by a letter from a regional planning commission concerning compliance with the regional plan.

(3) If the proposed facility relates to the provision of wireless service, the proposed facility reasonably cannot be collocated on or at an existing telecommunications facility, or such collocation would cause an undue adverse effect on aesthetics.

\* \* \*

No less than 45 days prior to filing an application for a certificate of public good under this section, the applicant shall serve written notice of an application to be filed with the Board pursuant to this section to the legislative bodies and municipal and regional planning commissions in the communities in which the applicant proposes to construct or install facilities; the Secretary of Natural Resources; the Secretary of Transportation; the Division for Historic Preservation; the Commissioner of Public Service and its Director for Public Advocacy; the Natural Resources Board if the application concerns a telecommunications facility for which a permit previously has been issued under 10 V.S.A. chapter 151; and the landowners of record of property adjoining the project sites. In addition, at least one copy of each application shall be filed with each of these municipal and regional planning commissions.

(1) Upon motion or otherwise, the Public Service Board shall direct that further public or personal notice be provided if the Board finds that such further notice will not unduly delay consideration of the merits and that additional notice is necessary for fair consideration of the application.

(2) On the request of the municipal legislative body or the planning commission, the applicant shall attend a public meeting with the municipal legislative body or planning commission, or both, within the 45-day notice period before filing an application for a certificate of public good. The notice of intention to discontinue payments shall be filed on forms prescribed by the Commissioner and shall include the date of the proposed discontinuance, the reasons for it, and, if the employee has been out of work for 90 days, a verification that the employer offered vocational rehabilitation screening and services as required under this chapter. All relevant evidence, including evidence that does not support discontinuance in the possession of the employer not already filed, shall be filed with the notice. The liability for the payments shall continue for

seven days after the notice is received by the Commissioner and the employee.

If the claimant disputes the discontinuance, the claimant may file with the Commissioner an objection to the discontinuance and seek an extension of 14 days. The objection to the discontinuance shall be specific as to the reasons and include supporting evidence. A copy of the objection shall be provided to the employer at the time the request is made to the Commissioner.

Those payments shall be made without prejudice to the employer and may be deducted from any amounts due pursuant to section 648 of this title if the Commissioner determines that the discontinuance is warranted or if otherwise ordered by the Commissioner. Every notice shall be reviewed by the Commissioner to determine the sufficiency of the basis for the proposed discontinuance. If, after review of all the evidence in the file, the Commissioner finds that a preponderance of all the evidence in the file does not reasonably support the proposed discontinuance, the Commissioner shall order that payments continue until a hearing is held and a decision is rendered. Prior to a formal hearing, an injured worker may request reinstatement of benefits by providing additional new evidence to the Department that establishes that a preponderance of all evidence now supports the claim. If the Commissioner's decision, after a hearing, is that the employee was not entitled to any or all benefits paid between the discontinuance and the final decision, upon request of the employer, the Commissioner may order that the employee

repay all benefits to which the employee was not entitled. The employer may enforce a repayment order in any court of law having jurisdiction.

Sec. 54a. REPEAL

discontinuance. If, after review of all the evidence in the file, the Commissioner finds that a preponderance of all the evidence in the file does not reasonably support the proposed discontinuance, the Commissioner shall order that payments continue until a hearing is held and a decision is rendered. Prior to a formal hearing, an injured worker may request reinstatement of benefits by providing additional new evidence to the Department that establishes that a preponderance of all evidence now supports the claim. If the Commissioner's decision, after a hearing, is that the employee was not entitled to any or all benefits paid between the discontinuance and the final decision, upon request of the employer, the Commissioner may order that the employee repay all benefits to which the employee was not entitled.
