#### § 2150. REMOVING NAMES FROM CHECKLIST

(a)(1) When a voter from one ~~town~~ political subdivision becomes a resident of another ~~town~~ political subdivision and is placed on the checklist there, the ~~town~~ clerk shall ~~send one copy of the voter registration application form or other official notice to~~ notify the clerk of the ~~town~~ political subdivision where the voter was formerly a resident by submitting the notification electronically within the statewide voter checklist system or by mailing to that clerk a copy of the voter registration application form or other official notice, and that clerk shall strike the voter's name from the checklist of that ~~town~~ political subdivision. ~~Likewise, when~~

(2) When a town clerk receives a copy of the death certificate of a voter, public notice of the death of a voter, or official notice from the ~~department of motor vehicles~~ Department of Motor Vehicles that a voter has authorized his or her address to be changed for voting purposes, the clerk shall strike the voter's name from the checklist.

(3) A town clerk shall also strike from the checklist the name of any voter who files a written request that his or her name be stricken.

(b) The board of civil authority at any time may consider the eligibility of persons on the checklist whom the board believes may be deceased, may have moved from the municipality, or may be registered in another place and may remove names of persons no longer qualified to vote. However, the board shall not remove any name from the checklist except in accordance with the procedures in subsection (d) of this section, and any systematic program for

(c) In addition to any actions it takes under subsections (a) and (b) of this section, by September 15 of each odd-numbered year the board of civil authority shall review the most recent checklist name by name and consider, for each person whose name appears on the checklist, whether that person is still qualified to vote. In every case where the board of civil authority is unable to determine under subdivisions (d)(1) and (2) of this section that a person is still qualified to vote, the board of civil authority or, upon request of the board, the town clerk shall send a written notice to the person and take appropriate action as provided in subdivisions (d)(3) through (5) of this section. The intent is that when this process is completed there will have been some confirmation or indication of continued eligibility for each person whose name remains on the updated checklist.

(d) Except as provided in subsection (a) of this section, a board of civil authority shall only remove a name from the checklist in accordance with the following procedure:

(1) If the board of civil authority is satisfied that a voter whose eligibility is being considered is still qualified to vote in the municipality, the voter's name shall remain on the checklist, and no further action shall be taken.

(2) If the board of civil authority does not immediately know that the voter is still qualified to vote in the municipality, the board shall attempt to determine with certainty what the true status of the voter's eligibility is. The board of civil authority may consider and rely upon official and unofficial public records and documents, including ~~but not limited to~~, telephone directories, city directories, newspapers, death certificates, obituary (or other public notice of death), tax records, and any checklist or checklists showing persons who voted in any election within the last four years. The board of civil authority may also designate one or more persons to attempt to contact the voter personally. Any voter whom the board of civil authority finds through such inquiry to be eligible to remain on the checklist shall be retained without further action being taken. The name of any voter proven to be deceased shall be removed from the checklist.

(3) If after conducting its inquiry the board of civil authority or town clerk is unable to locate a voter whose name is on the checklist, or if the inquiry reveals facts indicating that the voter may no longer be eligible to vote in the municipality, the board of civil authority or, upon request of the board, the town clerk shall send a written notice to the voter. The notice shall be sent by first class mail to the most recent known address of the voter asking the voter to verify his or her current eligibility to vote in the municipality. The

notice shall be sent with the required United States Postal Service language for requesting change of address information. Enclosed with the notice shall be a postage paid pre-addressed return form on which the voter may reply swearing or affirming the voter's current place of residence as the municipality in question or alternatively consenting to the removal of the voter's name. The notice required by this subsection shall also include the following:

(A) A statement informing the voter that if the voter has not changed his or her residence, or if the voter has changed his or her residence but the change was within the area covered by the checklist, the voter should return the form to the town clerk's office on or before the date upon which the checklist is closed under section 2144 of this title. The statement shall also inform the voter that if he or she fails to return the form as provided in this subdivision, written affirmation of the voter's address shall be required before the voter is permitted to vote.

(B) Information concerning how the voter can register to vote in another state or another municipality within this ~~state~~ State.

(4) If the voter confirms in writing that the voter has changed his or her residence to a place outside the area covered by the checklist, the board of civil authority shall remove the voter's name from the checklist.

(5) In the case of voters who failed to respond to the notice sent pursuant to subdivision (3) of this subsection, the board of civil authority shall remove the voter's name from the checklist on the day after the second general election following the date of such notice, if the voter has not voted or appeared to vote in an election since the notice was sent or has not otherwise demonstrated his or her eligibility to remain on the checklist.

One team shall be designated as the presiding officer observer team, which shall perform only the functions established under this section for that team.

(5) The board of civil authority shall use fresh seals, manila tags, tally sheets, double-check sheets, summary sheets for each polling place, master lists for the entire election to be recounted, and other appropriate material provided by the Secretary of State.

(3) For each polling place, the number of containers shall be counted and recorded on the master list.

(4) Before opening, each container shall be inspected, and if no tag is present, replacement manila tags shall be affixed, specifying the date of election and the name of town and polling place. The caller and observer, each acting independently, shall examine the checklist and determine how many voters voted at the polling place, repeating the process until they agree on a number or until they agree to disagree on a number.

(2) Then the checklist shall be examined by the tally person and the double-check person, repeating the process until they agree on a number or they agree to disagree on the number.

(3) The results obtained from the two subgroups will be compared and if they do not match, the process shall be repeated until there is agreement among all the members of the team or until team members agree to disagree.

(2) The teams, except the presiding officer observer team and possibly the team which is processing the checklists, shall proceed to their tables and each team shall get from the presiding officer one pile of ballots, one tally sheet, and one double-check sheet per 50 ballots, unless there are more persons per team who serve as double-check persons, in which case, each such person shall be assigned a double-check sheet. If a team spoils a tally sheet or needs to retally, it must turn in the tally sheet in order to get another one.

(3) If one member of the entire team does not agree, that ballot shall be set aside as a questioned ballot and a copy shall be made, which copy shall be clearly marked on its face identifying it as a copy. Such copies shall be placed on the top of the other ballots and shall remain together with the other ballots. Each original ballot deemed questionable shall be attached to a note which identifies it by town, polling place, and bag seal number. The originals of these questionable ballots shall be clipped to the summary sheet for that polling place and returned to the board of civil authority for a final decision by majority vote.

(4) After the board of civil authority has rendered a final decision on a given questionable ballot, it shall be returned to the town clerk who shall keep it in a sealed container for a period of two years.

(5) Write-in votes for preprinted candidates shall be counted as votes for that candidate.

(6) If the tally persons do not agree on the number of votes for a candidate, the ballots shall be retallied until they do agree. Then the team shall notify the presiding officer that it has completed the first recount.

(f) Second tally.

(1) The presiding officer shall attach to the tally and double-check sheets a note which indicates which team members performed which functions in the first recount, and shall provide the team with a new tally sheet and an appropriate number of double-check sheets to match the number of people serving as double-check persons.

(2) The members of the team then shall switch roles, with callers and observers becoming tally persons and double-check persons, as designated by the presiding officer, and the team shall complete a second recount, following the procedures established for the first recount.

(3) When the results of the second recount match those of the first, a note shall be attached to the tally and double-check sheets, indicating which persons provided what functions during the second recount.

(4) Then the team shall take its tally sheets, double-check sheets, and ballots, plus a separate pile of questionable ballots, if any, to the presiding officer.

(5) Team members, in the presence of the presiding officer observer team, shall read the totals to the presiding officer who, in the view of these observers, shall record the totals on the summary sheet for that polling place.

(6) After a team has presented its pile of ballots to the presiding officer, it shall be assigned another pile of ballots, until all of the piles from a particular polling place have been recounted two times.

(g) Completing the tally.

(1) After the totals for a polling place have been listed, the presiding officer shall add them up in the presence of the presiding officer observer team, and shall compare the number with the number of voters who voted at that polling place, according to the number obtained from the team that examined the certified checklist. If these numbers differ, the presiding officer shall note the amount of the difference on the summary sheets for that polling place.

(2) The presiding officer shall return all ballots to the container, seal it, record the seal number on the summary sheet, write "recounted" and specify the date of the recount on the tag, and move it to the other side of the room, making sure that there is never more than one bag open at any one time.

(3) This procedure shall be repeated for each container, until the results from a polling place have been recounted, and then it shall be repeated until the results from all polling places in a town have been recounted.

(4) The presiding officer shall add the totals on each summary sheet, affix the presiding officer's seal, and send the summary sheets for all polling places together with the master list and any questionable ballots to the board of civil authority.

(h) Other rules for conducting the recount.

(1) The presiding officer shall preserve order. If a person, after notice, is persistently disorderly and refuses to withdraw from the premises, the presiding officer may cause the person to be removed from the premises.

(2) The presiding officer shall designate an area within which the recount shall take place. Persons who are not board of civil authority members or appointed impartial election officers shall be permitted to view a recount in progress, but persons not authorized by the presiding officer shall not be permitted within the area designated by the presiding officer.

(3) Candidates and their attorneys shall be given the opportunity to present evidence to the board of civil authority relating to the conduct of the recount. If the board determines that any violations of recount procedures have occurred and that they may have affected the outcome of the recount, a new recount shall be ordered. After such hearings or arguments as may be indicated under the circumstances, the board, within five working days, shall issue a judgment, which shall supersede any certificate of election previously issued and shall return to the town clerk questionable ballots which had been forwarded to the board.

(i) After the recount.

(1)(A) If the recount results in a tie, the board of civil authority shall order a recessed election to be held, within three weeks of the recount, on a date set by the board. The only candidates who shall appear on the ballot at the recessed election shall be those who tied in the previous election. The recessed election shall be considered a separate election for the purpose of voter registration under chapter 43 of this title.

(B) If the recount confirms a tie, as to any public question, no recessed election shall be held, and the question shall be certified not to have passed.

(C) Warnings for a recessed election shall be posted as required by this chapter, except that the warnings shall be posted not less than 10 days

before the recessed election. The conduct of a recessed election shall be as provided in this chapter for local elections.

(2) The town clerk shall send a certified copy of the judgment to the Secretary of State.

**NOTICE CALENDAR**

**Second Reading**

**Favorable with Recommendation of Amendment**

**S. 202.**

An act relating to the energy efficiency charge.

**Reported favorably with recommendation of amendment by Senator MacDonald for the Committee on Natural Resources and Energy.**

The Committee recommends that the bill be amended by striking out all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. 30 V.S.A. § 209 is amended to read:

§ 209. JURISDICTION; GENERAL SCOPE

\* \* \*

(d) Energy efficiency.

\* \* \*

(3) Energy efficiency charge; regulated fuels. In addition to its existing authority, the Board may establish by order or rule a volumetric charge to customers for the support of energy efficiency programs that meet the requirements of section 218c of this title. The charge shall be known as the energy efficiency charge, shall be shown separately on each customer's bill, and shall be paid to a fund administrator appointed by the Board and deposited into an Electric Efficiency Fund. When such a charge is shown, notice as to how to obtain information about energy efficiency programs approved under this section shall be provided in a manner directed by the Board. This notice shall include, at a minimum, a toll-free telephone number, and to the extent feasible shall be on the customer's bill and near the energy efficiency charge.

(A) Balances in the Electric Efficiency Fund shall be ratepayer funds, shall be used to support the activities authorized in this subdivision, and shall be carried forward and remain in the Fund at the end of each fiscal year. These monies shall not be available to meet the general obligations of the State. Interest earned shall remain in the Fund. The Board will annually provide the General Assembly with a report detailing the revenues collected and the expenditures made for energy efficiency programs under this section.

(B) The charge established by the Board pursuant to this subdivision (3) shall be in an amount determined by the Board by rule or order that is consistent with the principles of least cost integrated planning as defined in section 218c of this title. As circumstances and programs evolve, the amount

of the charge shall be reviewed for unrealized energy efficiency potential and shall be adjusted as necessary in order to realize all reasonably available, cost-effective energy efficiency savings. In setting the amount of the charge and its allocation, the Board shall determine an appropriate balance among the following objectives; provided, however, that particular emphasis shall be accorded to the first four of these objectives: reducing the size of future power purchases; reducing the generation of greenhouse gases; limiting the need to upgrade the State's transmission and distribution infrastructure; minimizing the costs of electricity; reducing Vermont's total energy expenditures; providing efficiency and conservation as a part of a comprehensive resource supply strategy; providing the opportunity for all Vermonters to participate in efficiency and conservation programs; and the value of targeting efficiency and conservation efforts to locations, markets, or customers where they may provide the greatest value. The Board, by rule or order, shall establish a process by which a customer who pays an average annual energy efficiency charge under this subdivision (3) of at least \$5,000.00 may apply to the Board to self-administer energy efficiency through the use of an energy savings account which shall contain a percentage of the customer's energy efficiency charge payments as determined by the Board. The remaining portion of the charge shall be used for systemwide energy benefits. The Board in its rules or order shall establish criteria for approval of these applications.

(C) The Board may authorize the use of funds raised through an energy efficiency charge on electric ratepayers to reduce the use of fossil fuels for heating by supporting electric technologies that may increase electric consumption, such as air source heat pumps if, after investigation, it finds that deployment of the technology:

(i) will be beneficial to electric ratepayers;

(ii) will result in cost-effective energy savings to the end-user and to the State as a whole;

(iii) will result in a net reduction in greenhouse gas emissions on a life-cycle basis and will not have a detrimental impact on the environment through other means such as release of refrigerants or disposal;

(iv) will be part of a comprehensive energy efficiency and conservation program that meets the requirements of subsections (d)–(g) of this section and that makes support for the technology contingent on the energy performance of the building in which the technology is to be installed. The building's energy performance shall achieve or shall be improved to achieve an energy performance level that is approved by the Board and that is consistent with meeting or exceeding the goals of 10 V.S.A. § 581 (building efficiency);

(v) among the product models of the technology that are suitable for use in Vermont, will employ the product models that are the most efficient available;

(vi) will be promoted in conjunction with demand management strategies offered by the customer's distribution utility to address any increase in peak electric consumption that may be caused by the deployment;

(vii) will be coordinated between the energy efficiency and distribution utilities, consistent with subdivision (f)(5) of this section; and

(viii) will be supported by an appropriate allocation of funds among the funding sources described in this subsection (d) and subsection (e) of this section. In the case of measures used to increase the energy performance of a building in which the technology is to be installed, the Board shall assume installation of the technology in the building and then determine the allocation according to the proportion of the benefits provided to the regulated fuel and unregulated fuel sectors. In this subdivision (viii), "regulated fuel" and "unregulated fuel" shall have the same meaning as under subsection (e) of this section.

\* \* \*

(e) Thermal energy and process fuel efficiency funding.

\* \* \*

(3) In this subsection:

(A) "Efficiency services" includes the establishment of a statewide information clearinghouse under subsection (g) of this section.

(B) "Regulated fuels" means electricity and natural gas delivered by a regulated utility.

(C) "Unregulated fuels" means fuels used by thermal energy and process fuel customers other than electricity and natural gas delivered by a regulated utility.
