

# Journal of the Senate

THURSDAY, FEBRUARY 6, 2014

In the absence of the President (who was Acting Governor in the absence of the Governor) the Senate was called to order by the President *pro tempore*.

## Devotional Exercises

Devotional exercises were conducted by the Reverend Paul Chandler of East Hardwick.

## Bill Referred to Committee on Finance

### S. 247.

Senate bill of the following title, appearing on the Calendar for notice, and affecting the revenue of the state, under the rule was referred to the Committee on Finance:

An act relating to the regulation of medical marijuana dispensaries.

## Third Reading Ordered

### S. 215.

Senator Snelling, for the Committee on Natural Resources and Energy, to which was referred Senate bill entitled:

An act relating to administering, implementing, and financing water quality improvement in Vermont.

Reported that the bill ought to pass.

Thereupon, the bill was read the second time by title only pursuant to Rule 43, and third reading of the bill was ordered.

## Proposal of Amendment; Third Reading Ordered

### H. 526.

Senator Snelling, for the Committee on Natural Resources and Energy, to which was referred House bill entitled:

An act relating to the establishment of lake shoreland protection standards.

Reported recommending that the Senate propose to the House to amend the bill by striking out all after the enacting clause and inserting in lieu thereof the following:

---

Sec. 1. LEGISLATIVE FINDINGS AND LEGISLATIVE INTENT

The General Assembly finds and declares that:

(1) Clean water is essential in Vermont's quality of life.

(2) Preserving, protecting, and restoring the water quality of all lakes, ponds, rivers, and streams are necessary for the clean water, recreation, economic opportunity, wildlife habitat, and ecological value that such waters provide.

(3) Currently, there are multiple pressures on the protection of the water quality of the State's surface waters.

(4) The State has responded to the multiple pressures on water quality by implementing regulatory programs for stormwater, wastewater, and agricultural runoff, but water quality issues remain that need addressing.

(5) Vermont's lakes are among the State's most valuable and fragile economic and natural resources, and the protection of naturally vegetated shorelands adjacent to lakes is necessary to prevent water quality degradation, maintain healthy habitat, and promote flood resilience.

(6) Naturally vegetated shorelands and implementation of best management practices in lands adjacent to lakes function to:

(A) intercept and infiltrate surface water runoff, wastewater, and groundwater flows from upland sources;

(B) remove or minimize the effects of nutrients, sediment, organic matter, pesticides, and other pollutants;

(C) moderate the temperature of shallow water habitat;

(D) maintain the conditions that sustain the full support of aquatic biota, wildlife, and aquatic habitat uses; and

(E) promote stability and flood resilience by protecting shoreline banks from erosion.

(7) Healthy lakes and adjacent shorelands:

(A) support Vermont's tourism economy and promote widespread recreational opportunities, including swimming, boating, fishing, and hunting;

(B) support property values and tax base; and

(C) reduce human health risks.

(8) According to the Agency of Natural Resources Water Quality Remediation, Implementation, and Funding Report in 2013, review of the

development, protection, and stabilization of shorelands is necessary because of the importance of shorelands to the health of lakes.

(9) A lake or pond of more than 10 acres is located in 184 of the State's 251 municipalities. However, only 48 municipalities have shoreland zoning that requires vegetative cover. Scientifically based standards for impervious surface and cleared area adjacent to lakes are necessary to protect and maintain the integrity of water quality and aquatic and shoreland habitat, while also allowing for reasonable development of shorelands.

(10) The shorelands of the state owned by private persons remain private property, and this act does not extend the common-law public trust doctrine to private shoreland that is not currently public trust land. The State has an interest in protecting lakes and adjacent shorelands in a manner that respects existing rights of property owners to control access to land they own in lake shorelands, and the regulation of the creation of new impervious surface or cleared area in the shoreland areas should not and does not affect the ability of property owners to control access to their lands.

(11) In order to fulfill the State's role as trustee of its waters and promote public health, safety, and the general welfare, it is in the public interest for the General Assembly to establish lake shoreland protection standards for impervious surface and cleared area in the shorelands adjacent to the State's lakes.

Sec. 2. 10 V.S.A. chapter 49A is added to read:

CHAPTER 49A. LAKE SHORELAND PROTECTION STANDARDS

§ 1441. PURPOSE

The purposes of this chapter shall be to:

(1) provide clear and adaptable standards for the creation of impervious surface or cleared area in lands adjacent to lakes;

(2) prevent degradation of water quality in lakes and preserve natural stability of shoreline;

(3) protect aquatic biota and protect habitat for wildlife and aquatic life;

(4) mitigate, minimize, and manage any impact of new impervious surface and new cleared area on the lakes of the State;

(5) mitigate the damage that floods and erosion cause to development, structures, and other resources in the lands adjacent to lakes;

(6) accommodate creation of cleared areas and impervious surfaces in protected shoreland areas in a manner that allows for reasonable development of existing parcels;

(7) protect shoreland owners' access to, views of, and use of the State's lakes; and

(8) preserve and further the economic benefits and values of lakes and their adjacent shorelands.

#### § 1442. DEFINITIONS

As used in this chapter:

(1) "Agency" means the Agency of Natural Resources.

(2) "Best management practices" means approved activities, maintenance procedures, and other practices to prevent or reduce the effects of impervious surface or cleared area on water quality and natural resources.

(3) "Cleared area" means an area where existing vegetative cover, soil, tree canopy, or duff is permanently removed or altered. Cleared area shall not mean management of vegetative cover conducted according to the requirements of section 1447 of this title.

(4) "Duff" means leaf litter plus small fragments of plants and organic debris that provide a spongy substrate that absorbs the energy of falling water and allows runoff to infiltrate soil.

(5) "Expansion" means an increase or addition of impervious surface or cleared area.

(6) "Grass lawn" means land maintained in continuous plant coverage of grasses and similar plants that are closely and regularly mowed, including meadow or pasture on nonagricultural land. "Grass lawn" does not include pasture cropland, land used to grow sod, or similar land used for agricultural production.

(7) "Habitable structure" means a permanent assembly of materials built for the support, shelter, or enclosure of persons, animals, goods, or property, including a dwelling, a commercial or industrial building, and driveways, decks, and patios attached or appurtenant to a dwelling or commercial or industrial building. "Habitable structure" shall not mean a motor home, as that term is defined under 32 V.S.A. § 8902, tents, lean-tos, or other temporary structures.

(8) "Impervious surface" means those manmade surfaces, including paved and unpaved roads, parking areas, roofs, driveways, and walkways, from which precipitation runs off rather than infiltrates.

(9) "Lake" means a body of standing water, including a pond or a reservoir, which may have natural or artificial water level control. Private ponds shall not be considered lakes.

(10) "Mean water level" means the mean water level of a lake as defined in the Mean Water Level Rules of the Agency of Natural Resources adopted under 29 V.S.A. § 410.

(11) "Parcel" means a portion of land or a tract of land with defined boundaries created by dividing the land by sale, gift, lease, mortgage, foreclosure, court-ordered partition or decree, or filing of a plat, plan, or deed in the records of the municipality where the act of division occurred.

(12) "Private pond" means a body of standing water that is a natural water body of not more than 20 acres located on property owned by a person or an artificial water body of any size located on property owned by one person. A "private pond" shall include a reservoir specifically constructed for one of the following purposes: snowmaking storage, golf course irrigation, stormwater management, or fire suppression.

(13) "Private road" means a road or street other than a highway, as that term is defined in 19 V.S.A. § 1(12), that is owned by one or more persons and that is used as a means of travel from a highway to more than one parcel of land.

(14) "Project" means an act or activity that results in cleared area or the creation of impervious surface in a protected shoreland area.

(15) "Protected shoreland area" means all land located within 250 feet of the mean water level of a lake that is greater than 10 acres in surface area.

(16) "Secretary" means the Secretary of Natural Resources or the Secretary's duly authorized representative.

(17) "Slope" means the vertical rise divided by the horizontal run of a place expressed as a percentage.

(18) "Stormwater runoff" means precipitation and snowmelt that does not infiltrate into the soil, including material dissolved or suspended in it, but does not include discharges from undisturbed natural terrain or wastes from combined sewer overflows.

(19) "Vegetative cover" means mixed vegetation within the protected shoreland area, consisting of trees, shrubs, groundcover, and duff. "Vegetative cover" shall not mean grass lawns, noxious weeds designated by the Secretary of Agriculture, Food and Markets under 6 V.S.A. chapter 84, or nuisance plants, such as poison ivy and poison oak, designated by the Secretary of Natural Resources.

§ 1443. INDIVIDUAL PERMIT REQUIREMENT FOR IMPERVIOUS SURFACE OR CLEARED AREA IN A PROTECTED SHORELAND AREA

(a) Permit requirement. A person shall not create cleared area or impervious surface in a protected shoreland area without a permit from the Secretary, except for activities authorized to occur without a permit under section 1446 of this title.

(b) Permit issuance. The Secretary shall issue a permit under this section if the proposed impervious surface or cleared area meets the requirements of sections 1444 or 1445 of this title.

(c) Permit process.

(1) A person applying for a permit shall do so on a form provided by the Secretary. The application shall be posted on the Agency's website.

(2) A person applying for a permit shall provide notice, on a form provided by the Secretary, to the municipal clerk of the municipality in which the construction of impervious surface or creation of cleared area is located at the time the application is filed with the Secretary.

(3) The Secretary shall provide an opportunity for written comment, regarding whether an application complies with the requirements of this chapter or any rule adopted by the Secretary, for 30 days following receipt of the application.

(d) Permit condition. A permit issued under this section may include permit conditions, including authorizing a permittee, no more frequently than two times per year, to clear vegetative cover within three feet of both sides of a footpath within the protected shoreland area in order to allow access to the mean water level for maintenance or repair of recreational structures or for other activity approved by the Secretary.

(e) Permit term. Individual permits issued under this section shall be for an indefinite term, provided that the permittee complies with the requirements of the permit and takes no additional action for which an individual permit is required.

(f) Recording. A permit or registration issued under this chapter shall, for the purposes of having the permit or registration run with the land, be recorded in the land records of the municipality in which the impervious surface or cleared area is located.

§ 1444. PERMIT STANDARDS

(a) Permit standards; generally. Except for permits issued under section 1445 of this title, the Secretary shall issue a permit under this chapter if the permit applicant demonstrates that:

(1) cleared area or impervious surface shall be located at least 100 feet from the mean water level, except for a public recreational access when compliance with this subdivision (1) would be inconsistent or in conflict with applicable federal requirements for the management of the parcel;

(2) cleared area or impervious surface within the protected shoreland area shall be located on a site:

(A) with a slope of less than 20 percent; or

(B) that the permit applicant demonstrates will have a stable slope with minimal erosion and minimal negative impacts to water quality;

(3)(A) no more than 20 percent of the protected shoreland area of the parcel shall consist of impervious surface; or

(B) the permit applicant shall demonstrate that best management practices will be used to manage, treat, and control erosion due to stormwater runoff from that portion of impervious surface that exceeds 20 percent of the protected shoreland area;

(4)(A) no more than 40 percent of the protected shoreland area of the parcel shall consist of cleared area, including area cleared for the purposes of creating impervious surface; or

(B) the permit applicant shall demonstrate that best management practices will be used to provide erosion control, bank stability, and wildlife habitat functionally equivalent to that which would be provided by clearing less than 40 percent of the shoreland protection area;

(5) within 100 feet of the mean water level, vegetative cover shall be managed according to the requirements of section 1447 of this title.

(b) Repair of highway or private road. When the repair, emergency repair, or replacement of a private road or highway, as that term is defined in 19 V.S.A. § 1(12), results in the construction, creation, or expansion of impervious surface or cleared area on a property adjacent to the private road or highway, the impervious surface or cleared area constructed or created on the adjacent property shall not be calculated as square footage of impervious surface or cleared area for purposes of permitting or registration under this chapter.

(c) Calculation of area. Under this chapter, the area of constructed, created, or expanded impervious surface or cleared area shall be the square footage as measured on a horizontal plane.

§ 1445. NONCONFORMING PARCELS; PERMIT STANDARDS

(a) Permit for nonconforming parcels. A permit applicant shall comply with the requirements of subsection (b) of this section if the applicant cannot meet the standard required under subdivision 1444(a)(1) of this title on a parcel of land in existence on July 1, 2014, due to one of the following limitations:

(1) parcel size;

(2) the site characteristic or site limitations of the parcel, including presence of highway or rights of way and soil type; or

(3) application of municipal setback requirement in a municipal bylaw adopted on or before July 1, 2014.

(b) Permit standards for nonconforming parcels.

(1) For a parcel on which there is no habitable structure, the cleared area or impervious surface shall be as far as possible from the mean water level, and at a minimum shall be no less than 25 feet from the mean water level.

(2) For a parcel on which a habitable structure is located, the expansion of any portion of the structure within 100 feet of the mean water level shall be on the side of the structure farthest from the lake, unless the Secretary determines that:

(A) expansion on the side of the structure farthest from the lake is not possible due to site characteristics, site limitations, or limitations under a municipal bylaw in existence on July 1, 2014;

(B) expansion on an alternate side of the structure will not negatively impact water quality; and

(C) the structure is not expanded toward the mean water level.

(3) Cleared area or impervious surface within the protected shoreland area shall be located on a site:

(A) with a slope of less than 20 percent; or

(B) that the permit applicant demonstrates will have a stable slope with minimal erosion and minimal negative impacts to water quality.

(4)(A) No more than 20 percent of the protected shoreland area of the parcel shall consist of impervious surface.

(B) The permit applicant shall demonstrate that best management practices will be used to manage, treat, and control erosion due to stormwater runoff from that portion of impervious surface that exceeds 20 percent of the protected shoreland area.

(5)(A) No more than 40 percent of the protected shoreland area of the parcel shall consist of cleared area, including area cleared for the purposes of creating an impervious surface.

(B) The permit applicant shall demonstrate that best management practices will be used to provide erosion control, bank stability, and wildlife habitat functionally equivalent to that which would be provided by clearing less than 40 percent of the protected shoreland area.

(c) Vegetation maintenance on nonconforming parcels. A permit issued under this section for creation of cleared area or impervious surface on a nonconforming parcel shall not require compliance with the requirements of section 1447 for the management of vegetative cover.

(d) Application process. An applicant for a permit under this section shall submit to the Secretary a form that identifies the basis of the nonconformity on the parcel. The Secretary may issue a permit under this section to an applicant who meets the requirements of subsection (b) of this section.

#### § 1446. REGISTERED PROJECTS; EXEMPTIONS FROM PERMITTING

(a)(1) Registered projects. The following projects in a protected shoreland area do not require a permit under section 1444 or 1445 of this title:

(A) The creation of no more than 100 square feet of impervious surface or cleared within 100 feet of the mean water level, provided that:

(i) the owner of the property on which the impervious surface or cleared area is created registers with the Secretary, on a form provided by the Secretary that contains the name of the property owner, the address of the property, and a certification that the project meets the requirements of this subdivision (a)(2);

(ii) the impervious surface or cleared area is located at least 25 feet from the mean water level; and

(iii) vegetative cover in the protected shoreland area shall be managed according to the requirements of section 1447 of this title.

(B) The creation of 500 square feet or less of impervious surface, cleared area, or a combination of impervious surface and cleared area, provided that:

(i) the impervious surface or cleared area is at least 100 feet from the mean water level;

(ii) any proposed cleared area or area within the protected shoreland area where an impervious surface shall be sited has a slope of less than 20 percent;

(iii) after the completion of the project, the protected shoreland area shall consist of no more than 20 percent impervious surface; and

(iv) after the completion of the project, the protected shoreland area shall consist of no more than 40 percent cleared area, including any area cleared for the purposes of creating impervious surface.

(2) Limit on registration per parcel. A person shall not use the registration process under this subsection to create more than a maximum total per parcel of:

(A) 100 square feet of impervious surface or cleared area within 100 feet of the mean water level; and

(B) 500 square feet of impervious surface or cleared area within the protected shoreland area that is at least 100 feet from the mean water level.

(3) Effect of registration. A registration shall take effect 15 days after being filed with the Secretary, unless the Secretary requests that the person registering submit additional information that the Secretary considers necessary or the Secretary notifies the person registering that an individual permit is required.

(4) Term. Registrations shall be for an indefinite term, provided that the person complied with the requirements of this subsection and takes no action for which an individual permit is required.

(b) Exemptions. The following activities in a protected shoreland area do not require a permit under section 1444 or 1445 of this title:

(1) Management of vegetative cover. Management of vegetative cover conducted in compliance with section 1447 of this title.

(2) Removal of vegetation for recreational purposes. The cutting or removal of no more than 250 square feet of the existing vegetation under three feet in height within 100 feet of the protected shoreland area to allow for recreational use in the protected shoreland area, provided that:

(A) the cutting or removal of vegetation occurs at least 25 feet from the mean water level; and

(B) other ground cover, including leaf litter and the forest duff layer, shall not be removed from the area in which cutting occurs.

(3) Maintenance of lawns. The maintenance, but not the enlargement, of lawns, gardens, landscaped areas, and beaches in existence as of July 1, 2014.

(4) Creation of footpaths. The creation of one footpath per parcel with a width of no greater than six feet that provides access to the mean water level. Under this subdivision, a footpath includes stairs, landings, or platforms within the authorized six-foot width.

(5) Construction within footprint. Construction within the footprint of an impervious surface, existing as of July 1, 2014, that does not result in a net increase in the amount of impervious surface on a parcel.

(6) Silvicultural activities. Silvicultural activities in a protected shoreland area if the silvicultural activities are in compliance with:

(A) a forest management plan, approved by the Commissioner of Forests, Parks and Recreation, for the land in the protected shoreland area in which the silvicultural activities occur;

(B) the accepted management practices adopted by the Commissioner of Forests, Parks and Recreation under section 2622 of this title.

(7) Agricultural activities. Agricultural activities on land in agricultural production on July 1, 2014, provided that:

(A) no impervious surface shall be created or expanded in a protected shoreland area except when no alternative outside the protected shoreland area exists, the construction of a best management practice to abate an agricultural water quality issue when the best management practice is approved by the Secretary of Agriculture, Food and Markets under 6 V.S.A. chapter 215; and

(B) the agricultural activities within the protected shoreland area comply with the rules adopted by the Secretary of Agriculture, Food and Markets under 6 V.S.A. chapter 215 regarding agricultural water quality, including accepted agricultural practices, best management practices, medium and small farm operation, and large farm operation; and

(8) Transportation infrastructure and private roads. The maintenance, emergency repair, repair, and replacement of:

(A) Transportation infrastructure by the Vermont Agency of Transportation or by a municipality.

(B) A private road that does not require a permit under section 1264 of this title, provided that emergency repair, repair, and replacement of the private road shall comply with the applicable water quality best management practices approved by the Secretary under 19 V.S.A. § 996 and incorporated

within the Vermont Agency of Transportation town road and bridge standards for controlling stormwater runoff and direct discharges to State waters. The requirement to comply with the water quality best management practices shall apply even if the municipality in which the private road is located has not adopted the town road and bridge standards. Under this subdivision, expansion of a private road in order to allow for passage of emergency vehicles shall be considered repair that does not require a permit under section 1443 of this title.

(9) Railroad activities. Railroad activities and facilities within the jurisdiction of federal law.

(10) Parcel intersected by public highway. The creation or expansion of impervious surface or cleared area on a parcel within the protected shoreland area when the parcel is intersected by a public highway, as that term is defined in 19 V.S.A. § 1, and the impervious surface or cleared area is created or expanded on that portion of the parcel on the side of the highway away from the mean water level.

(11) Wastewater systems and potable water supplies. Installation, maintenance, repair, or replacement of a wastewater system or potable water supply permitted by the Agency of Natural Resources under chapter 64 of this title.

(12) Stormwater treatment. Discharges of stormwater, stormwater treatment facilities or practices, including repair or maintenance, permitted by the Agency of Natural Resources under section 1264 of this title.

(13) Utility projects and utility lines.

(A) The construction of projects that require a certificate of public good under 30 V.S.A. § 248 subject to the Agency of Natural Resources Riparian Buffer Guidance for Act 250 and Section 248 projects.

(B) The routine repair and maintenance of utility lines and structures including vegetation maintenance in utility line corridors, in a protected shoreland area that are subject to 30 V.S.A. § 248, chapter 151 of this title, or a vegetation management plan approved by the Agency in a protected shoreland area. Vegetation management practices in a protected shoreland area shall be performed in accordance with a vegetation management plan approved by the Agency of Natural Resources.

(C) The emergency repair of utility lines and poles in protected shoreland areas, provided that such repair minimizes adverse impacts to vegetation in the protected shoreland area.

(14) Act 250 permit. Projects which have received a permit pursuant to chapter 151 of this title.

(15) Designated downtowns and village centers. Projects in downtowns and village centers designated pursuant to 24 V.S.A. chapter 76A.

(16) Urban and industrial redevelopment. Construction, creation, or expansion of impervious surface or cleared area within a protected shoreland area, provided that:

(A) the area in which the impervious surface or cleared area will be constructed, created, or expanded is:

(i) urban or industrial in nature;

(ii) contains as of July 1, 2014 impervious surface or cleared area; and

(iii) has been designated by municipal bylaw for redevelopment.

(B) the municipality has adopted a shoreland bylaw or ordinance that:

(i) is at least as stringent as the permitting requirements and exemptions of this chapter; or

(ii) requires best management practices or other controls that are, as determined by the Secretary, functionally equivalent to compliance with the permitting requirements and exemptions of this chapter.

(17) Mosquito control. Where mosquito populations create a public health hazard, as that term is defined in 18 V.S.A. § 2, physical practices or activities approved by the Secretary that create cleared area or remove vegetative cover in order to reduce mosquito breeding habitat, provided that any activity authorized under this subdivision shall comply with the Vermont wetlands rules.

(c) Application of vegetative cover requirements. Activities authorized under subdivisions (b)(2)–(13) of this section shall not be required to comply with the requirements for the management of vegetative cover under section 1447 of this title.

#### § 1447. LAKE SHORELAND VEGETATION PROTECTION STANDARDS

(a) Within 100 feet of the mean water level, cutting of trees is allowed provided that a well-distributed stand of trees and other natural vegetation is maintained. Vegetation management that occurs within the protected shoreland area and that is conducted according to the requirements of this section shall not be counted toward the cleared area on a parcel.

(b) A “well-distributed stand of trees adjacent to a lake” shall be defined as maintaining a minimum rating score of 12, in each 25-foot by 25-foot area

within 100 feet of the mean water level, as determined by the following rating system.

<u>(1) Diameter of tree at 4-1/2 feet above ground level (inches)</u>	<u>Points</u>
<u>2-&lt; 4 in.</u>	<u>1</u>
<u>4-&lt; 8 in.</u>	<u>2</u>
<u>8-&lt; 12 in.</u>	<u>4</u>
<u>12 in. or greater</u>	<u>8</u>

(2) The following shall govern in applying this point system:

(A) 25-foot by 25-foot plots shall be established within 100 feet of the mean water level for vegetation management purposes.

(B) Each successive plot must be adjacent to but not overlap a previous plot.

(C) Any plot not containing the required points must have no vegetative cover removed unless the removal is allowed pursuant to a registration or individual permit.

(D) Any plot containing the required points may have trees removed down to the minimum points allowed.

(E) Existing vegetation under three feet in height and other ground cover, including leaf litter and the forest duff layer, shall not be cut, covered, or removed, except to provide for a footpath or as allowed pursuant to a registration or individual permit.

(F) Pruning of tree branches on the bottom one-third of a tree's height is allowed.

(G) Removal of dead, diseased, or unsafe trees shall be allowed regardless of points.

(c) As used in this section, "other natural vegetation" means retaining existing vegetation under three feet in height and other ground cover and retaining at least five saplings less than two inches in diameter at four and one-half feet above ground level for each 25-foot by 25-foot area. If five saplings do not exist, no woody stems less than two inches in diameter can be removed until five saplings have been planted or rooted in the plot.

#### § 1448. MUNICIPAL DELEGATION

(a) Municipal shoreland bylaws or ordinances. The Secretary may delegate authority to permit the construction, creation, or expansion of impervious

surface or cleared area under this chapter to a municipality that has adopted a shoreland bylaw or ordinance if:

(1) the municipality adopts a bylaw or ordinance regulating construction of impervious surface or creation of cleared area in a protected shoreland area; and

(2) the municipal bylaw or ordinance is at least as stringent as the permitting requirements and exemptions of this chapter, upon a determination by the Secretary that the bylaw or ordinance is functionally equivalent to the requirements under sections 1444, 1445, 1446, and 1447 of this title.

(b) Delegation agreement.

(1) Delegation under subsection (a) of this section shall be by agreement between the Secretary and the delegated municipality. The delegation agreement shall set the terms for revocation of delegation.

(2) Under the delegation agreement, the Secretary and the municipality may agree, in instances where a delegated municipality does not or cannot address noncompliance, that the Secretary, after consultation with the municipality, may institute enforcement proceedings under chapter 201 of this title.

(3) The delegation agreement shall require the municipality to:

(A) have or establish a process for accepting, reviewing, and processing applications and issuing permits for construction of impervious surface or creation of cleared area in protected shoreland areas;

(B) take timely and appropriate enforcement actions;

(C) commit to reporting annually to the Secretary on a form and date determined by the Secretary;

(D) comply with all other requirements of the rules adopted under this chapter; and

(E) cure any defects in such bylaw or ordinance or in the administration or enforcement of such bylaw or ordinance upon notice of a defect from the Secretary.

(4) A municipality that seeks delegation under subsection (a) of this section shall be presumed to satisfy the requirements of this subsection for a permit process and enforcement if the municipality has designated a municipal zoning administrator or other municipal employee or official as responsible for the permitting and enforcement of the construction, creation, or expansion of impervious surface or cleared area within the municipality.

§ 1449. COORDINATION OF AGENCY OF NATURAL RESOURCES' PERMITTING OF ACTIVITIES IN PROTECTED SHORELAND AREAS

(a) Coordination of permitting in protected shoreland area. During technical review of a permit application for a wastewater system, potable water supply, stormwater discharge, or stormwater treatment facility that is proposed to be located in a protected shoreland area and that does not require a permit under this chapter, the Agency division issuing the wastewater system, potable water supply, stormwater discharge, or stormwater treatment facility permit shall consult with the Agency's Lakes and Ponds Section regarding practices or activities that could reduce the impact of the proposed activity on the protected shoreland area or water quality of lakes adjacent to the protected shoreland area.

(b) Agency guidance or procedure. The Agency may formalize the consultation process required by this section in a guidance document or internal agency procedure.

(c) Agency lands. All lands held by the Agency within a protected shoreland area shall be managed according to the requirements of this chapter when consistent and not in conflict with applicable federal requirements for the management of a parcel of land held by the Agency.

§ 1450. MUNICIPAL ZONING BYLAW OR ORDINANCE

(a) Construction of impervious surface or creation of cleared area occurring outside protected shoreland areas. Construction of impervious surface or creation of cleared area occurring outside a protected shoreland area shall conform to duly adopted municipal zoning bylaws and applicable municipal ordinances and shall not be subject to regulation by the Secretary of Natural Resources under this chapter.

(b) Existing municipal bylaws and ordinances. The requirements of this chapter are in addition to existing municipal bylaws and ordinances, and proposed construction of impervious surface or creation of cleared area within the protected shoreland area shall comply with all relevant, existing municipal, State, and federal requirements.

§ 1451. RULEMAKING

The Secretary may adopt rules to implement the requirements of this chapter.

Sec. 3. 10 V.S.A. § 8003(a) is amended to read:

(a) The ~~secretary~~ Secretary may take action under this chapter to enforce the following statutes:

\* \* \*

(22) 10 V.S.A. chapter 164A, collection and disposal of mercury-containing lamps; ~~and~~

(23) 24 V.S.A. § 2202a, relating to a municipality's adoption and implementation of a solid waste implementation plan that is consistent with the State Solid Waste Plan; and

(24) 10 V.S.A. chapter 49A, relating to lake shoreland protection standards.

Sec. 4. 10 V.S.A. § 8503 is amended to read:

§ 8503. APPLICABILITY

(a) This chapter shall govern all appeals of an act or decision of the Secretary, excluding enforcement actions under chapters 201 and 211 of this title and rulemaking, under the following authorities and under the rules adopted under those authorities:

(1) The following provisions of this title:

\* \* \*

(R) chapter 32 (flood hazard areas).

(S) chapter 49A (lake shoreland protection standards).

\* \* \*

Sec. 5. 3 V.S.A. § 2822(j)(32) is added to read:

(32) For projects taking place in a protected shoreland area that require a registration or permit under 10 V.S.A. chapter 49A: \$0.50 per square foot of impervious surface or cleared area.

Sec. 6. 10 V.S.A. § 1454 is amended to read:

§ 1454. TRANSPORT OF AQUATIC PLANTS AND AQUATIC NUISANCE SPECIES

(a) No person shall transport an aquatic plant or aquatic plant part, zebra mussels (*Dreissena polymorpha*), quagga mussels (*Dreissena bugensis*), or other aquatic nuisance species identified by the ~~secretary~~ Secretary by rule to or from any Vermont waters on the outside of a vehicle, boat, personal watercraft, trailer, or other equipment. This section shall not restrict proper harvesting or other control activities undertaken for the purpose of eliminating or controlling the growth or propagation of aquatic plants, zebra mussels, quagga mussels, or other aquatic nuisance species.

(b) The ~~secretary~~ Secretary may grant exceptions to persons to allow the transport of aquatic plants, zebra mussels, quagga mussels, or other aquatic nuisance species for scientific or educational purposes. When granting exceptions, the ~~secretary~~ Secretary shall take into consideration both the value of the scientific or educational purpose and the risk to Vermont surface waters posed by the transport and ultimate use of the specimens. A letter from the ~~secretary~~ Secretary authorizing the transport must accompany the specimens during transport.

(c) A violation of this section may be brought by any law enforcement officer, as that term is defined in 23 V.S.A. § 4(11), in the Environmental Division of the Superior Court. When a violation is brought by an enforcement officer other than an environmental enforcement officer employed by the Agency of Natural Resources, the enforcement officer shall submit to the Secretary a copy of the citation for purposes of compliance with the public participation requirements of section 8020 of this title.

#### Sec. 7. TRANSITION

A permit or registration under 10 V.S.A. chapter 49A for the creation of impervious surface or cleared area within a protected shoreland area shall not be required on a parcel of land for a project for which:

(1) all necessary State, local, or federal permits have been obtained prior to the effective date of this act and the permit holder takes no subsequent act that would require a permit or registration under 10 V.S.A. chapter 49A; or

(2) a complete application for all applicable local, State, and federal permits has been submitted on or before the effective date of this act, provided that the applicant does not subsequently file an application for a permit amendment that would require a permit under 10 V.S.A. chapter 49A and substantial construction of the impervious surface or cleared area commences within two years of the date on which all applicable local, State, and federal permits become final.

#### Sec. 8. EFFECTIVE DATE

This act shall take effect July 1, 2014.

And that the bill ought to pass in concurrence with such proposal of amendment.

Senator Hartwell, for the Committee on Finance, to which the bill was referred, reported recommending that the Senate propose to the House that the bill be amended as recommended by the Committee on Natural Resources and Energy with the following amendments thereto:

First: In Sec. 2, in 10 V.S.A. § 1446, in subdivision (a)(1)(A)(i), by striking out the following: “this subdivision (a)(2)” where it appears and by inserting in lieu thereof the following: this subsection (a) and by striking out subdivision (a)(1)(B) in its entirety and inserting in lieu thereof the following:

(B) The creation of 500 square feet or less of impervious surface, cleared area, or a combination of impervious surface and cleared area, provided that:

(i) the owner of the property on which the impervious surface or cleared area is created registers with the Secretary a form provided by the Secretary that contains the name of the property owner, the address of the property, and a certification that the project meets the requirements of this subsection;

(ii) the impervious surface or cleared area is at least 100 feet from the mean water level;

(iii) any proposed cleared area or area within the protected shoreland area where an impervious surface shall be sited has a slope of less than 20 percent;

(iv) after the completion of the project, the protected shoreland area shall consist of no more than 20 percent impervious surface; and

(v) after the completion of the project, the protected shoreland area shall consist of no more than 40 percent cleared area, including any area cleared for the purposes of creating impervious surface.

Second: By striking out Sec. 5 in its entirety and inserting in lieu thereof a new Sec. 5 to read as follows:

Sec. 5. 3 V.S.A. § 2822(j)(32) is added to read:

(32) For projects taking place in a protected shoreland area that require:

(A) a registration under 10 V.S.A. § 1446: \$100.00.

(B) a permit under 10 V.S.A. §§ 1443, 1444, and 1445: \$125.00 plus \$0.50 per square foot of impervious surface.

Third: By adding a new section to be numbered Sec. 5a to read as follows:

Sec. 5a. REPORT ON COSTS OF LAKE SHORELAND PROTECTION PROGRAM

On or before January 15, 2016, the Secretary of Natural Resources shall submit to the Senate Committee on Finance, the House Committee on Ways and Means, the Senate Committee on Natural Resources and Energy, and the House Committee on Fish, Wildlife and Water Resources a report regarding

the costs to the Agency of Natural Resources of administering the Lake Shoreland Protection Program under 10 V.S.A. chapter 49A. The report shall include:

(1) the number of lake shoreland protection registrations and permits issued by the Agency;

(2) the permit and registration fees collected by the Agency; and

(3) the cost to the Agency of implementing the Lake Shoreland Protection Program.

And that the bill ought to pass in concurrence with such proposals of amendment.

Thereupon, the bill was read the second time by title only pursuant to Rule 43, and the recommendation of proposal of amendment of the Committee on Natural Resources and Energy was amended as recommended by the Committee on Finance.

Thereupon, pending the question, Shall the Senate propose to the House that the bill be amended as recommended by the Committee on Natural Resources and Energy, as amended?, Senator Lyons moved to amend the proposal of amendment of the Committee on Natural Resources and Energy, as amended, in Sec. 2, by adding 10 V.S.A. § 1452 to read as follows:

§ 1452. EDUCATION AND OUTREACH; CITIZEN'S GUIDE

The Secretary shall conduct ongoing education and outreach to assist Vermont citizens with understanding and complying with the requirements of this chapter. The education and outreach activities shall include publication on or before January 1, 2015 of a Citizen's Guide to Shoreland Protection, which shall provide easily understood instructions on the requirements of this chapter, how to apply for a permit or registration, and the activities that are exempt from or otherwise not subject to the requirements of this chapter.

Which was agreed to.

Thereupon, pending the question, Shall the Senate propose to the House that the bill be amended as recommended by the Committee on Natural Resources and Energy, as amended?, Senator Snelling moved to amend the proposal of amendment of the Committee on Natural Resources and Energy, as follows:

First: In Sec. 2, 10 V.S.A. § 1445, by striking out subdivision (b)(2) in its entirety and inserting in lieu thereof the following:

(2) For a parcel on which a habitable structure is located, the expansion of any portion of the structure within 100 feet of the mean water level shall be

on the side of the structure farthest from the lake, unless the Secretary determines that:

(A) expansion on an alternate side of the structure will have an impact on water quality that is equivalent to or less than expansion of the structure on the side farthest from the lake; and

(B) the structure is not expanded toward the mean water level.

Second: In Sec. 2, 10 V.S.A. § 1446, by striking out the following: “protected shoreland area” where it firstly appears in subdivision (b)(2) and inserting in lieu thereof the following: mean water level

Which was agreed to.

Thereupon, the pending question, Shall the Senate propose to the House that the bill be amended as recommended by the Committee on Natural Resources and Energy, as amended?, was agreed to.

Thereupon, third reading of the bill was ordered on a roll call, Yeas 21, Nays 5.

Senator Mullin having demanded the yeas and nays, they were taken and are as follows:

#### **Roll Call**

**Those Senators who voted in the affirmative were:** Ashe, Ayer, Baruth, Bray, Collins, Cummings, Doyle, French, Galbraith, Hartwell, Kitchel, Lyons, MacDonald, Mazza, McCormack, Pollina, Rodgers, Sears, Snelling, Starr, Zuckerman.

**Those Senators who voted in the negative were:** Benning, McAllister, Mullin, Nitka, Westman.

**Those Senators absent or not voting were:** Campbell (presiding), Flory, Fox (deceased), White.

#### **Bill Passed**

##### **S. 184.**

Senate bill of the following title was read the third time and passed:

An act relating to eyewitness identification policy.

#### **Bill Amended; Bill Passed**

##### **S. 285.**

Senate bill entitled:

An act relating to the furlough of offenders 65 years of age and older.

Was taken up.

Thereupon, pending third reading of the bill, Senator Benning, on behalf of the Committee on Institutions, moved to amend the bill by striking out all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. 28 V.S.A. § 808 is amended to read:

§ 808. FURLOUGHS GRANTED TO OFFENDERS

(a)~~(1)~~ The Department may extend the limits of the place of confinement of an offender at any correctional facility if the offender agrees to comply with such conditions of supervision the Department, in its sole discretion, deems appropriate for that offender's furlough. The Department may authorize furlough for any of the following reasons:

~~(1)~~(A) To visit a critically ill relative.

~~(2)~~(B) To attend the funeral of a relative.

~~(3)~~(C) To obtain medical services.

~~(4)~~(D) To contact prospective employers.

~~(5)~~(E) To secure a suitable residence for use upon discharge.

~~(6)~~(F) To continue the process of reintegration initiated in a correctional facility. The offender may be placed in a program of conditional reentry status by the Department upon the offender's completion of the minimum term of sentence. While on conditional reentry status, the offender shall be required to participate in programs and activities that hold the offender accountable to victims and the community pursuant to section 2a of this title.

(2) The Department may authorize furlough for an offender immediately upon the offender's having served the minimum term of his or her sentence for a qualifying offense if the offender is 65 years of age or older and agrees to comply with such conditions of supervision the Department, in its sole discretion, deems appropriate for that offender's furlough. As used in this subsection, "qualifying offense" means a nonviolent misdemeanor or nonviolent felony, but shall not include any offense for which registration as a sex offender is required pursuant to 13 V.S.A. chapter 167, subchapter 3 or a registry violation subject to the penalties of 13 V.S.A. § 5409.

(b) An offender granted a furlough pursuant to this section may be accompanied by an employee of the Department, in the discretion of the Commissioner, during the period of the offender's furlough. The Department may use electronic monitoring equipment such as global position monitoring, automated voice recognition telephone equipment, and transdermal alcohol

monitoring equipment to enable more effective or efficient supervision of individuals placed on furlough.

(c) The extension of the limits of the place of confinement authorized by this section shall in no way be interpreted as a probation or parole of the offender, but shall constitute solely a permitted extension of the limits of the place of confinement for offenders committed to the custody of the Commissioner.

(d) When any enforcement officer, as defined in 23 V.S.A. § 4, employee of the Department, or correctional officer responsible for supervising an offender believes the offender is in violation of any verbal or written condition of the furlough, the officer or employee may immediately lodge the offender at a correctional facility or orally or in writing deputize any law enforcement officer or agency to arrest and lodge the offender at such a facility. The officer or employee shall subsequently document the reason for taking such action.

(e) The Commissioner may place on medical furlough any offender who is serving a sentence, including an offender who has not yet served the minimum term of the sentence, who is diagnosed as suffering from a terminal or debilitating condition so as to render the offender unlikely to be physically capable of presenting a danger to society. The Commissioner shall develop a policy regarding the application for, standards for eligibility of and supervision of persons on medical furlough. The offender may be released to a hospital, hospice, other licensed inpatient facility, or other housing accommodation deemed suitable by the Commissioner.

(f) While appropriate community housing is an important consideration in release of offenders, the Department of Corrections shall not use lack of housing as the sole factor in denying furlough to offenders who have served at least their minimum sentence for a nonviolent misdemeanor or nonviolent felony provided that public safety and the best interests of the offender will be served by reentering the community on furlough.

(g) Subsections (b)-(f) of this section shall also apply to sections 808a and 808c of this title.

## Sec. 2. EFFECTIVE DATE

This act shall take effect on July 1, 2014.

Which was agreed to.

Thereupon, the bill was read the third time and passed.

---

**Bill Passed****S. 291.**

Senate bill of the following title was read the third time and passed:

An act relating to the establishment of transition units at State correctional facilities.

**Bill Amended; Bill Passed****S. 297.**

Senate bill entitled:

An act relating to the recording of custodial interrogations in homicide and sexual assault cases.

Was taken up.

Thereupon, pending third reading of the bill, Senator Benning moved to amend the bill in Sec. 2, subsection (f) by striking out subdivision (3)(B) in its entirety and relettering the remaining subdivision.

Which was agreed to.

Thereupon, the bill was read the third time and passed.

**Bill Passed in Concurrence with Proposals of Amendment****H. 655.**

House bill of the following title was read the third time and passed in concurrence with proposals of amendment:

An act relating to fiscal year 2014 budget adjustments.

**Message from the House No. 16**

A message was received from the House of Representatives by Ms. Melissa Kucserik, its Second Assistant Clerk, as follows:

Mr. President:

I am directed to inform the Senate that:

The House has passed a House bill of the following title:

**H. 260.** An act relating to insurance notices by electronic means.

In the passage of which the concurrence of the Senate is requested.

**Adjournment**

On motion of Senator Baruth, the Senate adjourned until eleven o'clock and thirty minutes in the morning.
