

Pathways Vermont's Housing First Program

is an evidence-based practice mobile mental health clinic which provides housing and intensive support services to Vermonters who have substance abuse and serious mental health challenges and are chronically homeless or involved with the Department of Corrections (DOC).

Pathways' Housing First program is currently serving 205 people and has capacity to serve 230.

Housing First Program Funding

DMH Services Expansion - additional capacity	\$75,000	Chittenden, Washington	
TOTAL:	\$2,185,000		

Housing First Program Outcomes

Ending Homelessness

- 210+ persons housed
- 85% Housing retention rate
- Housing found for 100% of program participants
- 80,000 nights in apartments NOT in shelters, in prison, on the streets or state-funded hotels
- Partnering with 110+ community landlords

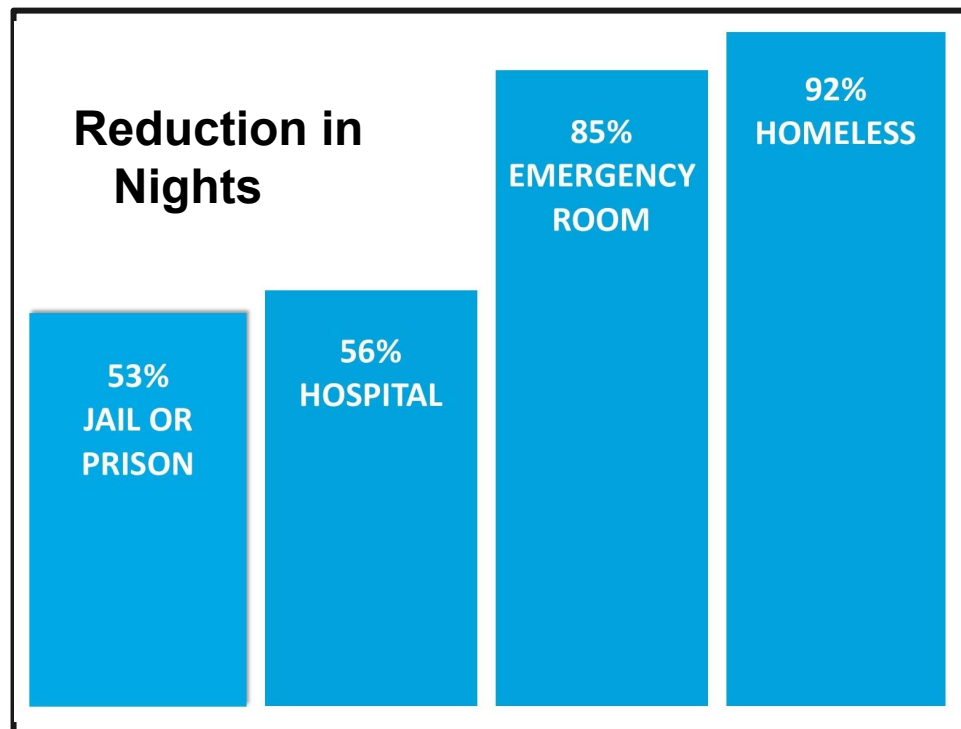

“They have HELPED our state immensely with their programs and have saved my life, directly, when no other services could provide me with the support I needed.”

*“Phae”, Bellows Falls
Housed 17 Months*

Housing First Program Outcomes

Decreasing Institutionalization and Contact with Emergency Services

- Community Retention increased from 18% to 73%
- ½ as many people at emergency rooms
- ½ as many people with hospital admissions
- 1000+ on-call contacts a year

Housing First Program Outcomes

Saving Vermont Money

- In one month of service Pathways saves Vermont:
 - **\$40,000+** in psychiatric hospitalization expenses
 - **\$15,000+** in emergency room visits
 - **\$56,000+** in incarceration expenses

Housing First Program Outcomes

Serving the Unserved and Difficult-to-House

- 75% clients struggle with substance abuse
- No program refusals based on active substance use, criminal history, poor credit, lack of income, repeat hospitalizations or hoarding
- 700 program referrals in 3 years
- 28 Seriously Functionally Impaired (SFI) clients served *without additional funding*
- 650+ monthly in-person, community contacts
- 40+ monthly psychiatrist services

Housing First Program Outcomes

Supporting Self-Sufficiency

- 99.5% maintained or increased income
 - 20 gained employment
 - 29 received or applying for social security benefits
- 98% secured adequate medical insurance
- 90 gained computer literacy skills through Pathways' Computer Project
- Report increases in everyday functioning, perceptions of choice, empowerment and productive activities

“I’m living my
dreams and
completing my
dreams.
It’s a very big
blessing to me.”
-Sid B.

Housing First Program Future
