

## Pathways Vermont and Department of Corrections Housing First Project

Pathways Vermont's Housing First program provides housing and mental health supports to Vermonters who are involved with the Vermont Department of Corrections (DOC) and have serious substance abuse and mental health challenges. Pathways has been a recipient of funding from DOC since July 2010.

### Outcomes

- 85 individuals served by Pathways since 2010
- 17% persons served are women
- 85% have *NOT* returned to long-term incarceration
- Currently serving 45 individuals:
  - 18 individuals in Chittenden county (37 total)
  - 6 individuals in Franklin county (12 total)
  - 15 individuals in Washington county (26)
  - 7 individuals in Windham county (10 total)
- Housing located for all program referrals
  - All housing is scattered-site, independent residences
- 15 clients have maxed with Pathways services
  - 93% remain in the community
  - 7 acquired a permanent housing subsidy
  - 2 moved out-of-state
  - 2 are stably housed paying for their own apartments
  - 4 are precariously housed
- 16 individuals with sexual offenses (14 DOC grant)
  - 2 returned to long-term incarceration
  - 1 maxed and moved out of state
  - 2 referred to another program
  - 11 still working with Pathways and living in the community
- 28 Seriously Functionally Impaired (SFI) clients served *without additional funding*
- 40% of all Pathways' Housing First clients have been involved with corrections

### Community Retention

### Max Out Clients
